Dear Thabile,

We do apologise for submitting the Public Participation Plan later than anticipated i.e. not yesterday as communicated per the meeting.

The reason is, we have engaged the services of an independent company (Phelamanga,) to manage the Public Participation Process and requested the review the PP Plan prior to the submission to the Department.

We are currently drafting the minutes of the meeting.

Looking forward to your comments / approval of the attached plans.

Please feel free to contact me should you have any queries.

Kind Regards
