

Appendix E: Public Participation Information

Appendix E1: Site Notice

**NOTICE OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION IN TERMS OF THE
NATIONAL ENVIRONMENTAL MANAGEMENT ACT (NEMA), 1998 (ACT NO. 107 OF 1998)
AS AMENDED FOR THE PROPOSED EAST-WEST LINK ROAD RE-ALIGNMENT, CITY OF
JOHANNESBURG, GAUTENG**

GDARD Ref. GAUT 002/17-18/E2039
Applicant: Steyn City Properties (Pty) Ltd.
Location: The preferred alignment occurs on the Remaining Extent of Farm Diepsloot 388-JR within Ward 96 of the City of Johannesburg Metropolitan Municipality.
The Alternative Alignment occurs on Portion 5 of Farm of Diepsloot 388-JR, the Remaining Extent of Portion 1 of Farm Diepsloot 388-JR and Portion 25 of Farm Nietgedacht 535-JQ.
Co-ordinates: 25°57'25.24"S; 27°58'29.82"E

Description of Development: The development of Porcupine Avenue from the border of Riverside View Extension 35 up to Runnymede Road was authorised by the Gauteng Department of Agriculture and Rural Development (GDARD) on 25 February 2016 (Gaut: 002/15-16/E0053). In addition to above 2016 Authorisation, sections of the road were also authorised as part of separate processes (Gaut: 002/12-13/E0070; Gaut: 006/13-14/E0091 and Gaut: 002/14-15/0022). However, a small section of the authorised alignment (the intersection between 10th Road and Runnymede Road) impacts on the existing Equestrian Centre within Steyn City. It is therefore necessary to redesign this section. The proposed re-alignment involves the bending of the road so that it no longer impacts on Steyn City.

Competent Authority: The site falls within the jurisdiction of the Gauteng Department of Agriculture and Rural Development (GDARD).

National Environmental Management Act (NEMA), 1998 (Act No. 107 of 1998)

The following listed activities are triggered in terms of the EIA Regulations, 2014 (as amended):

Listing Notice 3 of EIA Regulations, 2014

- 4:** The development of a road wider than 4 metres in Gauteng in sites identified as a Critical Biodiversity Area or Ecological Support Area, threatened ecosystems listed in terms of the National Environmental Management Biodiversity Act (Act No 10 of 2004), sensitive areas as identified by an Environmental Management Framework, sites managed as protected areas or declared as a nature reserve or sites designated as nature reserves in terms of municipal Spatial Development Framework.
- 12:** The clearance of an area of 300m² or more of indigenous vegetation in Gauteng within any critically endangered or endangered ecosystem listed in terms of the National Environmental Management Biodiversity Act (Act No 10 of 2004) or within a Critical Biodiversity Area identified in bioregional management plans.

Prism Environmental Management Services has been appointed as the independent Environmental Assessment Practitioner (EAP) responsible for the undertaking of the environmental authorisation and associated public participation process.

Register as an Interested and Affected Party (I&AP):

You are invited to register as an I&AP with your name, contact information and interest in the matter

Comment Period:

The Basic Assessment Report will be available for review and comment for a period of 30 days from the **31 October 2017 to 30 November 2017.**

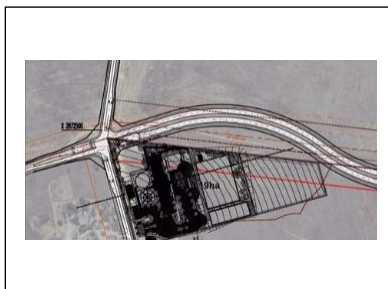

You are invited to register as an I&AP or to provide comments on the Basic Assessment Report by contacting **Prism EMS** at the following details:

Attention: Vanessa Stippel, **Prism Ref No:** 21657- East-West Link, **Tel:** 087 985 0951, **Fax:** 086 601 4800, **E-mail:** prism@prismems.co.za, **Website:** www.prismems.co.za. **Date of Notice:** 30 October 2017.

Appendix E2: Written Notices issued as required in terms of the Regulations

A copy of the Background Information Document (BID) delivered to I&APs via hand delivery or email on 31 October 2017. Proof of delivery will be provided in the final submission of the Basic Assessment Report.

BACKGROUND INFORMATION DOCUMENT

NOTICE OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION IN TERMS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT (NEMA), 1998 (ACT NO. 107 OF 1998) AS AMENDED FOR THE PROPOSED EAST-WEST LINK ROAD RE-ALIGNMENT, CITY OF JOHANNESBURG, GAUTENG.

Purpose of Document

The purpose of this document is to:

- Provide all potential Interested and Affected Parties (I&APs) with information about the proposed application.
- Introduce, explain and initiate the Public Participation Process (PPP) that is prescribed by the relevant legislation.

All I&APs are requested to provide comment on:

- The environmental (bio-physical) and socio-economical environmental and/or considerations and potential impacts.
- The proposed Public Participation Process (PPP) to be followed.
- The proposed application and authorisation process being followed.
- Any other suggestions and/or recommendations.

Location of the Project

The proposed re-alignment will occur on the Remaining Extent of Portion 1 of Farm Diepsloot 388-JR within Ward 96 of the City of Johannesburg Metropolitan Municipality.

In addition, as part of the Environmental Authorisation process, an alternative re-alignment will be assessed. The alternative re-alignment occurs on the Remaining Extent of Portion 1 of Farm Diepsloot 388-JR as well as on Portion 25 of Farm Nietgedacht 535-JQ and Portion 5 of Farm of Diepsloot 388-JR.

Please Note:

The proposed re-alignment will not prevent access to the area known as Porcupine Park. Instead, Steyn City as part of agreements with City of Johannesburg will provide access through an underpass structure which will be constructed along the already authorised East-West Link.

Co-ordinates of the Centre Point of the Proposed Re-alignment:

Latitude: 25°57'25.24"S

Longitude: 27°58'29.82"E

Date of Publication: 31 October 2017

Applicant: Steyn City Properties (Pty) Ltd.

EAP: Prism EMS

GDARD Ref No. GAUT 002/17-18/E2039

Project Description

The development of Porcupine Avenue from the border of Riverside View Extension 35 up to Runnymede Road was authorised by the Gauteng Department of Agriculture and Rural Development (GDARD) on 25 February 2016 (Gaut: 002/15-16/E0053). In addition to this Authorisation, sections of the road were also authorised as part of separate processes (Gaut: 002/12-13/E0070; Gaut: 006/13-14/E0091 and Gaut: 002/14-15/0022) (see **Figure 1** below).

However, a small section of the authorised alignment (the intersection between 10th Road and Runnymede Road) impacts on the existing Equestrian Estate within Steyn City. It is therefore necessary to redesign this section. The proposed re-alignment involves the bending of the road so that it no longer impacts on Steyn City.

The overall East West Link Road will carry high volumes of traffic and it will function as an important link in the greater road network. The aim of the road as a whole is to assist with the distribution and alleviation of traffic in this area of Johannesburg. The road has been planned as a Class 3 Arterial Road and will be managed by Johannesburg Roads Agency (JRA) once constructed.

The proposed re-alignment will have the following classification:

- Class 3 Minor Arterial;
- Dual carriageway road with a road reserve of 32m;
- Design speed of 80km/h;
- Carriageway surface width of 7.0m;
- Lane width of 3.5m; and
- Walkway width of 3.0m.

Two alternative re-alignment options will be assessed as part of the authorisation process:

Proposal/Preferred Alternative (Alternative 3)

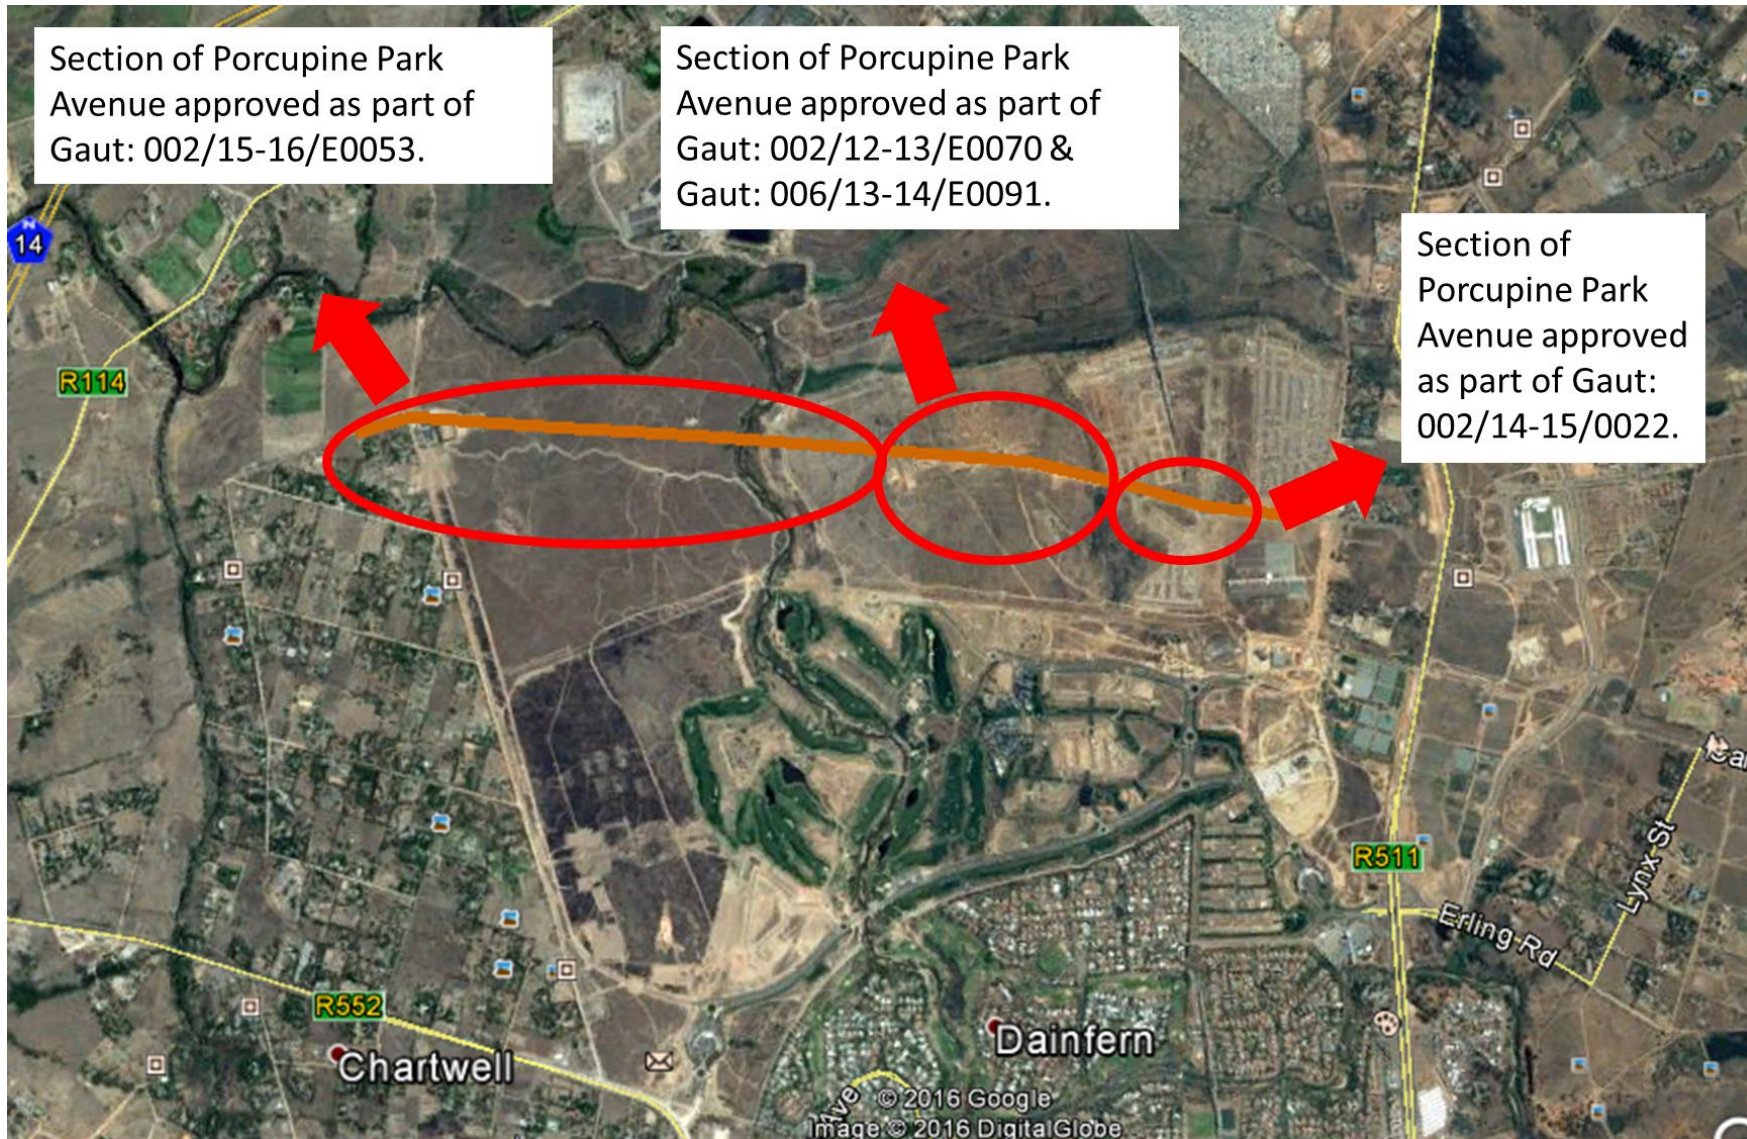

The proposed section that will be re-aligned is the western section of the road which commences east of Runnymede Road and follows in a western direction towards the intersection with the R114 (P39-1/ K52). As part of the preferred re-alignment (**Proposal**), a small section of the road curve northwards so to miss the existing Steyn City Equestrian Centre. It will then curve southwards and joins up with the existing Runnymede Road and 10th Road intersection. From the intersection, it will follow the existing alignment again. An overview of the proposed re-alignment is provided in **Figure 2**.

Alternative 1

With Alternative 1, Porcupine Avenue will be re-aligned east of the Jukskei River on Portion 5 of Farm of Diepsloot 388-JR. It will then run adjacent to the Steyn City boundary (within the Remaining Extent of Portion 1 of Farm Diepsloot 388-JR – i.e. Porcupine Park). It will then cross Runnymede Avenue slightly to the north of the existing Runnymede road and 10th road intersection. From the intersection, the road will curve to the south and then join the existing 10th road. This bend in the road will occur within Portion 25 of Farm Nietgedacht 535-JQ. **Figure 3** shows the extent of the re-alignment in terms of Alternative 1.

Competent Authority:

The competent authority for this environmental authorisation is the Gauteng Department of Agriculture and Rural Development (GDARD).

Section of Porcupine Park Avenue approved as part of Gaut: 002/15-16/E0053.

Section of Porcupine Park Avenue approved as part of Gaut: 002/12-13/E0070 & Gaut: 006/13-14/E0091.

Section of Porcupine Park Avenue approved as part of Gaut: 002/14-15/0022.

Figure 1: Previously Authorised Sections

Environmental Assessment Practitioner: Prism EMS is a multi-disciplinary Environmental Management consulting firm. With a vision encompassing a holistic understanding of integrated environmental management in combination with sustainability, the company prides itself on excellent service and value-added solutions to a range of clients:

Environmental Assessment Practitioner: Vanessa Stippel Pr.Sci.Nat.

Qualification: MSc. Animal, Plant and Environmental Sciences

Experience: 6 years.

Legal Requirements

National Environmental Management Act (NEMA), 1998 (Act No. 107 of 1998): The following listed activities are triggered in terms of the EIA Regulations, 2014:

Listing Notice 3 of the EIA Regulations, 2014

- 4:** The development of a road wider than 4 metres in Gauteng in sites identified as a Critical Biodiversity Area or Ecological Support Area, threatened ecosystems listed in terms of the National Environmental Management Biodiversity Act (Act No 10 of 2004), sensitive areas as identified by an Environmental Management Framework.
- 12:** The clearance of an area of 300m² or more of indigenous vegetation in Gauteng within any critically endangered or endangered ecosystem listed in terms of the National Environmental Management Biodiversity Act (Act No 10 of 2004) or within a Critical Biodiversity Area identified in bioregional management plans.

Be an Integral Part of the Environmental Impact Assessment Process: Public involvement is an essential part of any environmental assessment process. Parties wishing to register as I&APs, who wish to participate by contributing comments, or require additional information, should register and/or submit their contact details and correspondence in writing to Prism EMS, using the attached Comment Sheet. All comments received will be captured, considered and incorporated into the relevant impact assessment reports. Registered I&APs will be notified in due process.

Review of the Basic Assessment Report: A copy of the Basic Assessment Report is available for public review between **31 October 2017 and 30 November 2017**. A copy of the report can be downloaded from the following link: <https://www.dropbox.com/sh/bbx4cggg7ubw8bl/AABk5KPreUd5ieE7m5-l5kAoa?dl=0>. Comments on the Basic Assessment Report must be submitted to Prism EMS at the contact details provided on the Comment Sheet.

Environmental Authorisation and Public Participation Processes

The key objective of Public Participation is to assist stakeholders to identify issues of concern and suggestions for enhanced benefits, and to comment at various phases of the application process. The Public Participation Process is an integral part of the impact assessment and is undertaken in a systematic approach by the Proponent and/or EAP as described below.

➤ Identification of Interested and Affected Parties

- A detailed Interested and Affected Party (I&AP) Database was compiled and included registered I&APs from previous Steyn City projects as well as the original East-West Link Road Approval process.
- The database also includes organs of state that have jurisdiction over the site such as City of Johannesburg, Johannesburg Roads Agency, Johannesburg Water and GDARD.
- In addition, the I&AP database included the affected ward councillor of the area as well as the Chartwell North Estates Home Owners Association and the Chartwell Country Estates Residents Association.

➤ Basic Assessment Phase – Notification of I&APs and Review of the Basic Assessment Report

- Written notification in the form of a Background Information Document (BID) will be emailed to all I&APs on the I&AP Database (where email addresses are available). In addition, a public participation map has been compiled to show all adjacent landowners and hand Delivery of BIDs will then take place where necessary.
- Three site notices will also be placed around the site.
- An advert will be placed in the Star Newspaper.
- The Basic Assessment Report is available for a 30-day review between **31 October 2017 and 30 November 2017**. Copies of the report can be downloaded from the drobox link provided above.
- All comments received during this period will be added to the project Comments and Responses Register.
- Once the public review of the Basic Assessment Report is completed and all comments received have been collated, the Report will be submitted to GDARD for decision making.

➤ Environmental Authorisation Decision and Appeal Phase

- GDARD to make a decision to refuse/grant authorisation within **107 days** of receipt of the Basic Assessment Report.
- GDARD to notify Applicant/EAP of the decision within **5 days** of making a decision.
- EAP/Applicant to notify I&APs within **14 days** receipt of the decision from the GDARD.
- I&APs to appeal the decision within **20 days** of the notification of the decision from the EAP/Applicant.

A visual overview of the process is provided in **Figure 4** below.

**NOTICE OF APPLICATION
FOR ENVIRONMENTAL
AUTHORISATION IN
TERMS OF THE NATIONAL
ENVIRONMENTAL
MANAGEMENT ACT
(NEMA), 1998 (ACT NO. 107
OF 1998) AS AMENDED
FOR THE PROPOSED EAST-
WEST LINK ROAD RE-
ALIGNMENT, CITY OF
JOHANNESBURG,
GAUTENG
IGDARD Ref. No.:
GAUT 002/17-18/E20391**

Applicant: Steyn City Properties (Pty) Ltd.

Location: The preferred re-alignment occurs on the Remaining Extent of Farm Diepsloot 388-JR within Ward 96 of the City of Johannesburg Metropolitan Municipality. The Alternative re-alignment occurs on Portion 5 of Farm of Diepsloot 388-JR, the Remaining Extent of Portion 1 of Farm Diepsloot 388-JR and Portion 25 of Farm Nietgedacht 535-JQ.

Competent Authority: Gauteng Department Agriculture and Rural Development (GDARD)

Listed Activities: In terms of the EIA Regulations, 2014 the following listed activities are triggered under

Listing Notice 3 (GN 985 of 4 December 2014): Activity 4 and Activity 12. These activities are triggered through the need to re-align a small section of the authorised alignment (near the intersection between 10th Road and Runnymede Road) as the authorised alignment impacts on the existing Steyn City Equestrian Centre. The proposed re-alignment involves the bending of the road so that it no longer impacts on the Equestrian Centre.

Prism EMS has been appointed as the independent Environmental Assessment Practitioner responsible for undertaking the environmental authorisation and associated public participation process.

Basic Assessment Report (BAR) Comment Period: The Draft BAR will be available for review from **31 October 2017 to 30 November 2017.**

To register as an Interested and Affected Party, obtain an electronic copy of the report or provide written comments.

Thank you all your information

I can see that you have shown the extension of 10th road through our properties .

I have asked before to WSP, have you checked with ESKOM AS TO THEIR POWERLINES running down 10th road, there will be a 110m wide servitude.

regards

Michael Stockton

Hi Michael,

Thank you for the response and for assisting us with Joe's contact details.

We are in the process of undertaking the environmental authorisation process for the proposed East-West Link Road in the City of Johannesburg, Gauteng. In summary, the approved alignment of the road impacts on the existing Steyn City Equestrian Centre and as such, a small re-alignment is required which involves the bending of the road so that it no longer impacts on Steyn City Equestrian Centre. The proposed re-alignment is shown in **Figure 1** below.

Hi Michael,

Thank you for the information.

We will notify you formally when the official public participation process commences. Unfortunately this is unlikely to be Friday as we have to confirm a few outstanding items.

However, I have added your comments to the Comments and Responses register and will forward it to the technical team for comment so that they can provide a more detailed response.

Kind regards,
