Subject: Tshipi - Alternative Closure and Rehabilitation Project - Additional comments

Hi Humbulani

Please see attached comments received from the South African Heritage Resources Agency (SAHRA) and the Department of Water and Sanitation (DWS). Please note, that these comments were received after the 30 day public review period. We will upload both sets of comments onto SAMRAD. In addition to this, we will also update the Final BAR to include comments and recommendations made by both SAHRA and DWS. We will re-submit the updated Final BAR onto SAMRAD. I will let you know as soon as this is done.

Kind regards

Natasha
