

Details of Public Graves

These graves will need to follow the exhumation procedure as stated in the National Heritage Resources Act (No. 25 of 1999) and the KwaZulu Natal Heritage Act (No. 10 of 1997). This will involve contacting and informing family members where possible. This will need to be conducted by a specialist.

A list of public graves is given in the table below. The specialist should determine if there are any other public graves that are affected.
