Appendix 5B: Proof of Notification

EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

BACKGROUND INFORMATION DOCUMENT

APRIL 2018

PREPARED FOR: ESKOM HOLDINGS SOC (PTY) LTD

Environmental, Social and OHS Consultants

P.O. Box 1673
Sunninghill
2157
South Africa

147 Bram Fisher Drive
Ferndale
2194
South Africa

Tel: +27 11 781 1730
Fax: +27 11 781 1731
www.nemai.co.za

1 PURPOSE OF THE BACKGROUND INFORMATION DOCUMENT

The purpose of the Background Information Document (BID) is as follows:

1. It serves to provide an overview of the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela;
2. It provides an outline of the Scoping and Environmental Impact Assessment (EIA) Process that will be undertaken for the project; and
3. It grants the opportunity to be registered as an Interested and Affected Party (IAP) and allows for comments to be made on the proposed project (refer to attached Reply Form).

The purpose of the EIA is to identify and evaluate potential impacts, to recommend measures to avoid or reduce negative impacts and to enhance positive impacts.

2 PROJECT OVERVIEW

2.1 Project Background

Nemai Consulting was appointed by Eskom in 2009 to undertake the EIA as part of the 2006 EIA Regulations for the following projects:

1. Construction of the Rockdale B Substation (now referred to as Emkhiweni Substation), with 2x500MVA 400/132kV transformers; and
2. Construction of the Rockdale B to Wolwekraal 400kV line (now referred to as the Emkhiweni Substation to Silimela 400kV line).

The projects were authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela 400kV line). Eskom has decided to proceed with the construction of Emkhiweni-Silimela 400kV line (which is approximately 80kms) however the previous Record of Decision (RoD) has lapsed. Therefore Nemai Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017). Eskom was not able to proceed with construction within the ROD timeframes as a result of the lack of funding for the project.

The proposed project is associated with the transmission network and its associated substations in the Mpumalanga and Limpopo Provinces.

2.2 Project Location

The proposed activity entails the construction of a 400kV power line from the Middelburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Wolwekraal Substation, which is situated approximately 13km to the southeast of Marble Hall (Limpopo Province)

on the Farm Loskop Noord No. 12 JS and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation within Mpumalanga. Refer to **Figures 1** and **2** for locality maps. The proposed development falls within the Steve Tshwete Local Municipality (LM), Elias Motsoaledi LM and Ephraim Mogale LM.

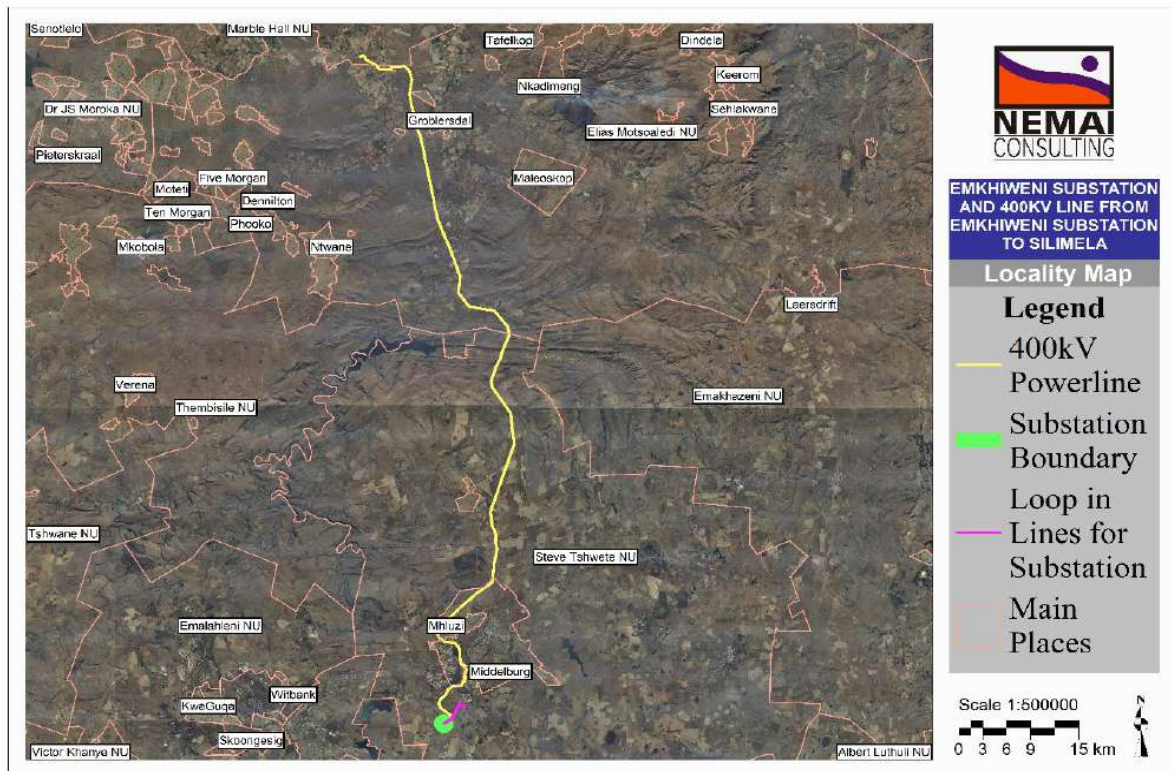

Figure 1: Locality map

Figure 2: 1:250 000 Topographical map

3 ENVIRONMENTAL LEGAL FRAMEWORK

3.1 Scoping and EIA Process

Eskom Holdings SOC (Pty) Ltd has appointed Nema Consulting as the Independent Environmental Consultant to conduct the Scoping and EIA Process for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela.

The proposed project requires environmental authorisation in terms of the EIA Regulations of 2014 (as amended) that were promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) from the Competent Authority, i.e. the Department of Environmental Affairs (DEA). Activities listed in Government Notice (GN) No. R. 983, GN No. R. 984 and GN No. R. 985 of the 2014 EIA Regulations, as amended (07 April 2017) are associated with the proposed development, which therefore triggers a Scoping and EIA Process.

The Scoping Report will contain details of the assessment conducted and include all comments from IAPs. A draft copy of the Scoping Report will be made available for public review, prior to finalisation and submission to DEA. Only **registered** IAPs will continue to be notified of the Scoping and EIA process.

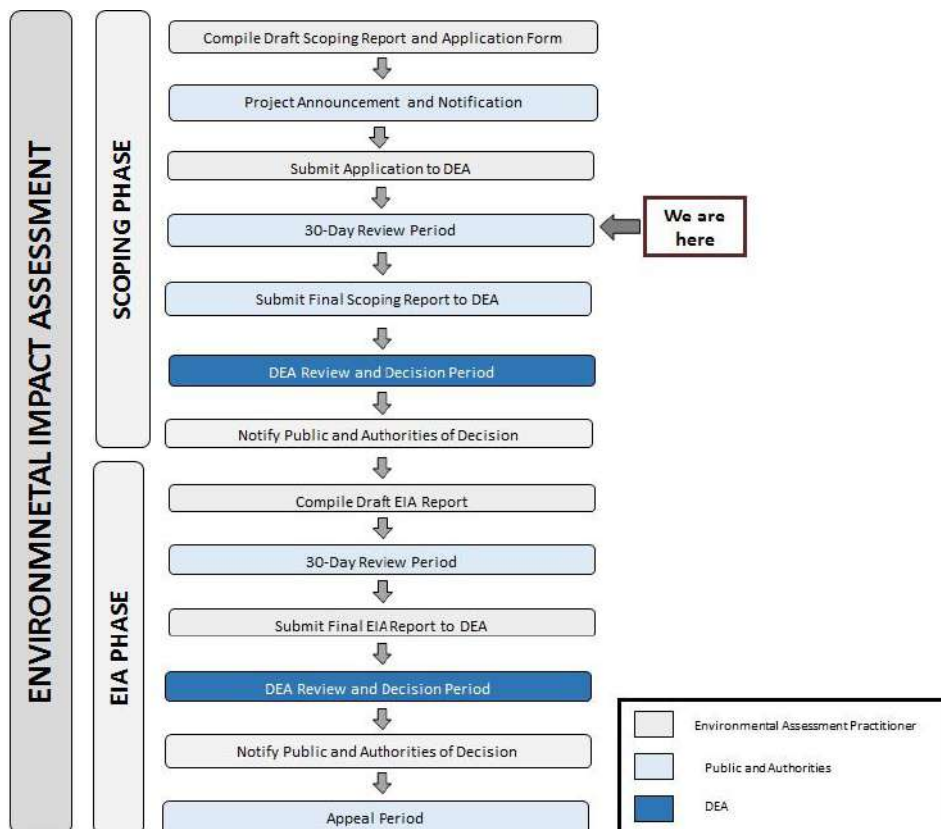

Figure 3: Scoping and EIA Process

4 PUBLIC PARTICIPATION

A Public Participation Process will be conducted in terms of Chapter 6 of GN No. 982 of the 2014 EIA Regulations, as amended (07 April 2017) of the NEMA.

The Public Participation Process will involve the following:

1. Site notices will be erected at prominent points in and around the study area;
2. BIDs will be distributed to potential IAPs;
3. Notices regarding the project will be e-mailed or faxed to the councillors in the area and possible stakeholders (including authorities and state departments); and
4. Notices will be placed in regional and local newspapers.

IAPs are encouraged to participate in the process in order for concerns to be addressed and included in the Scoping Report. This notice serves to notify all IAPs of the proposed development. IAPs are to review and comment on the draft documents which will be lodged at the following places for review from **16 April 2018 to 17 May 2018:**

Table 1: Location of the Draft Scoping Report for Public Review

| No. | Location | Address | Telephone No. |

NOTICE OF THE SCOPING AND ENVIRONMENTAL IMPACT ASSESSMENT PROCESS FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

Notice is hereby given of a Scoping and Environmental Impact Assessment (EIA) for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela in terms of the EIA Regulations of 2014 (as amended on 07 April 2017) published in Government Notice (GN) No. R982 in terms of the National Environmental Management Act (Act No. 107 of 1998) (NEMA).

BACKGROUND

Eskom Holdings SOC (Pty) Ltd has appointed Nemai Consulting to undertake the Scoping and EIA Process for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela. The project was previously authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela 400kV line). Eskom has decided to proceed with however the previous Record of Decision (RoD) has lapsed. Therefore Nemai Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017).

The proposed activity entails the construction of a 400kV power line approximately 80km in length from the Middelburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Wolwekraal Substation, which is situated approximately 13km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation within Mpumalanga.

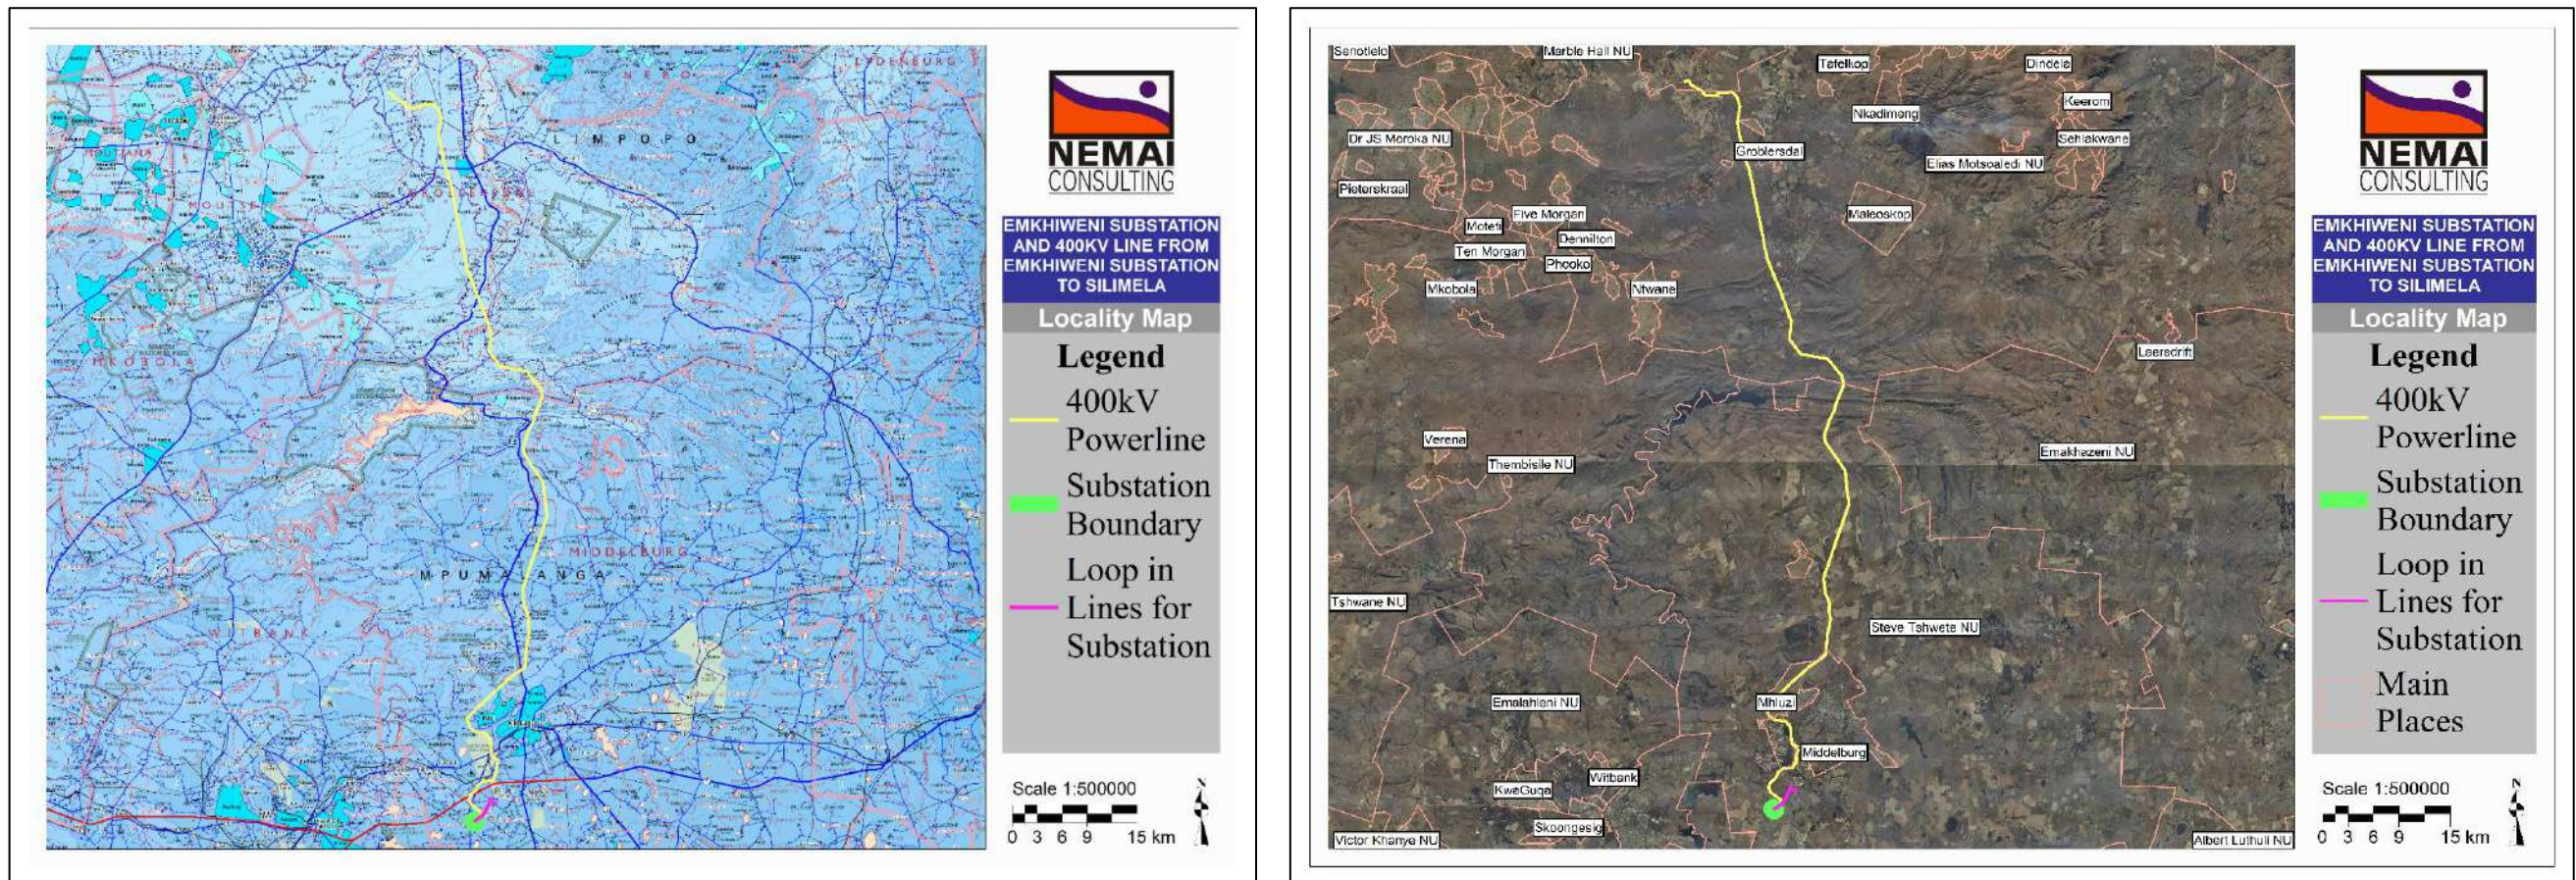

Figure 1: Locality maps

APPLICATION FOR ENVIRONMENTAL AUTHORISATION

The project requires authorisation in terms of NEMA (Act No. 107 of 1998), which will be undertaken in accordance with the EIA Regulations, 2014 (GN No. R.982), as amended (07 April 2017).

The proposed project requires environmental authorisation in terms of the EIA Regulations of 2014 (as amended) that were promulgated in terms of NEMA from the Competent Authority, i.e. the Department of Environmental Affairs (DEA). A Scoping and EIA Process is triggered as Listed Activities from GN No. R 983 (Listing Notice 1), GN No. R. 984 (Listing Notice 2) and GN No. R 985 (Listing Notice 3) are associated with the project. The Scoping Report will contain the details of the assessment conducted and include all comments from Interested and Affected Parties (IAPs), project design and potential impacts that have been identified.

A draft copy of the Scoping Report has been made available for public review, prior to finalisation and submission of the Scoping Report to DEA.

PUBLIC PARTICIPATION

IAPs are encouraged to participate in the process in order for concerns to be addressed and included in the Scoping Report. IAPs are granted the opportunity to review and comment on the Scoping Report for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela. Copies of the Draft Scoping Report and will be lodged at the following locations from **16 April 2018 to 17 May 2018**:

| No. | Location | Address | Telephone No. |
|-----|----------------------------|--|---------------|
| 1. | Eastdene Public Library | Verdoorn Street, Middelburg | 013 249 7275 |
| 2. | Groblersdal Public Library | 2 Grobler Street, Legolaneng, Groblersdal, Limpopo | 013 262 3056 |

Only **registered** IAPs will continue to be notified of the process as it unfolds such as dates of public meetings. All comments (issues and concerns) will be incorporated into a Comments and Responses Report which will be included in the Final Scoping Report to be submitted to the DEA. The closing date to submit comments and concerns is the **17 May 2018**. Please submit your name, contact information and comment regarding the proposed development, by means of e-mail, fax or post to the consultant below at Nema Consulting:

applied to the Ba-Phalaborwa Municipality for the Removal of Restrictive title conditions and simultaneous amendment of the town-planning scheme known as the Ba-Phalaborwa Land Use Management Scheme, 2008 by the rezoning of the property described above, situated in Swift Avenue, Phalaborwa X8, from "Residential 1" to "Special" for Guest House and Residential 1 (Annexure 166). Particulars of the application will lie for inspection during normal office hours at the office of the Municipal Manager, Ba-Phalaborwa Municipal Offices, Phalaborwa for a period of 30 days from 13 April 2018 (the date of the first publication of the notice). Objections to or representations in respect of the applications must be lodged with or made in writing to the Municipal Manager at the above address or at P/Bag X01020 Phalaborwa 1390 within a period of 30 days from 13 April 2018. Address of authorised agent: Omniplan Town Planners, PO Box 2071, TZANEEN, 0850, Tel No (015) 307 1041. Ref No: J158. LB014662

Substation and 400kV Line from Emkhiweni Substation to Silimela. The project was previously authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela 400kV line). Eskom has decided to proceed with however the previous Record of Decision (RoD) has lapsed. Therefore Nema Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017). The proposed activity entails the construction of a 400kV power line approximately 80km in length from the Middelburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation within Mpumalanga. Notice is hereby given of a Scoping and EIA Process in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) in accordance with the 2014 Environmental Impact Assessment (EIA) Regulations, as amended (07 April 2017). This notice serves to notify all Interested and Affected Parties (IAPs) of the proposed development. IAPs are encouraged to review and comment on the Draft Scoping Report. The draft documents are available for review from 16 April 2018 to 17 May 2018 at the Eastdene Public Library (Verdoorn Street, Middelburg; 013 249 7275) and Groblersdal Public Library (2 Grobler

Street, Legolaneng, Groblersdal, Limpopo; 013 262 3056). Any comments or concerns must be submitted to Kristy Robertson by 17 May 2018 via telephone (011 781 1730), fax (011 781 1731), email (kristy@nema.co.za) or post (PO Box 1673 Sunninghill, 2157). A public meeting will be organised on request and details will only be circulated to registered IAPs. All issues and concerns will be incorporated into a Comments and Response Report which will be updated continuously and included in the final reports submitted to the Department of Environmental Affairs (DEA). PM008977

NOTICE OF SCOPING AND ENVIRONMENTAL IMPACT ASSESSMENT PROCESS FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

Eskom Holdings SOC (Pty) Ltd has appointed Nemaal Consulting to undertake the Scoping and EIA Process for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela. The project was previously authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela

400kV line). Eskom has decided to proceed with however the previous Record of Decision (RoD) has lapsed. Therefore Nemaal Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017). The proposed activity entails the construction of a 400kV power line approximately 80km in length from the Middelburg area in the south to the Marble Hall/Wolvkraal area in the north. The proposed line originates at the Wolvakraal Substation, which is situated approximately 13km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation within Mpumalanga. Notice is hereby given of a Scoping and EIA Process in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) in accordance with the 2014 Environmental Impact Assessment (EIA) Regulations, as amended (07 April 2017). This notice serves to notify all Interested and Affected Parties (IAPs) of the proposed development. IAPs are encouraged to review and comment on the Draft Scoping Report. The draft documents are available for review from 16 April 2018 to 17 May 2018 at the Eastdene Public Library (Verdoorn Street, Middelburg; 013 249 7275) and Groblersdal Public

Library (2 Grobler Street, Legolalaneng, Groblersdal, Limpopo; 013 262 3056).
Any comments or concerns must be submitted to Kristy Robertson by 17 May 2018 via telephone. (011 781 1730), fax (011 781 1731), email (kristy@nemaal.co.za) or post (PO Box 1673 Sunninghill, 2157). A public meeting will be organised on request and details will only be circulated to registered IAPs. All issues and concerns will be incorporated into a Comments and Response Report which will be updated continuously and included in the final reports submitted to the Department of Environmental Affairs (DEA). POLOKWANE / PERSKEBULT DORPSBEPLANNINGSKEMA, 2007 WYSIGINGSKEMA 12 KENNISGEWING VIR HERSONERING VAN "RESIDENSIEEL 1" TOT "SPECIALE" VIR OORNACHTIGE VERBLIF EN SY SUBSERVIANT

GEBRUIK AS PER BYLAE.
Ek, Timothy Tshilidzi Mudzielwana van Fulwana Planning Consultants, synde die gemagtigde agent van die geregistreerde eienaars van Erf 61 Bendor, Dorpsgebied Registrasie Afdeling LS, Limpopo Provinsie, gee hiermee ingevolge Artikel 56 (1) (b) (i) van die Ordonnansie op Dorpsbeplanning en Dorpe (Ordonnansie 15 van 1986), kennis dat ek by die Polokwane Plaaslike Munisipaliteit aansoek gedoen het om die wysiging van die Dorpsbeplanningskema, bekend as die Polokwane / Perskebult Dorpsbeplanningskema, 2007, deur die hersonering van die eiendom hierbo beskryf vanaf "Residensieel 1" na "Spesiaal" vir 'n oornag akkommodasie.

Die aansoek en die betrokke dokumente lê ter insae gedurende gewone kantoorure by die kantoor van die Stadsbeplanner, eerste verdieping, kamer 125, Burgersentrum, en Polokwane Munisipaliteit vir 'n tydperk van 28 dae vanaf 6 April 2018.

Besware en / of kommentaar of vertoe ten opsigte van die aansoek moet binne 28 dae vanaf 6 April 2018 skriftelik by of tot die Munisipale Bestuurder by bovermelde adres of by Posbus 111, Polokwane, 0700, ingedien of gerig word.

AMENDMENT OF POLOKWANE/PERSKEBULT TOWN PLANNING SCHEME, 2016 (AMENDMENT SCHEME 44)

We, Hannes Lerm and Associates being the authorized agent of the owners of Erf 83 situated at No. 8 Braam Drive, Bendor, hereby give notice in terms of Section 56(1)(b) (i) of the Town-Planning and Townships Ordinance, 1986 (Ordinance 15 of 1986) read together with Section 28 and 41 of Spatial Planning and Land Use Management Act 2013 (Act 16 of 2013), that we have applied to the Polokwane Municipality for the amendment of the Polokwane/Perskebult Town-Planning Scheme, 2016, by rezoning the property from "Residential 1" to "Residential 2" with a further consent application made in terms of Clause 33 of the town planning scheme to relax the density from "31units per hectare" to "44 units per hectare" in order to develop six (6) dwelling Units. Particulars of the application will lie for inspection during normal office hours at the office of the Town Planners, second floor, west wing, Civic Centre, Landdros Maré Street, Polokwane for a period of 28 days from 6 April 2018. Objections to or representations in respect of the applications must be lodged with or made in writing within a period of 28 days from 6 April 2018 to the Manager: Spatial Planning and Land Use Management at the above address or at P.O. Box 111, Polokwane, 0700.

NOTICE OF SCOPING AND ENVIRONMENTAL IMPACT ASSESSMENT PROCESS FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

Eskom Holdings SOC (Pty) Ltd has appointed Nema Consulting to undertake the Scoping and EIA Process for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela. The project was previously authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela 400kV line). Eskom has decided to proceed with however the previous Record of Decision (RoD) has lapsed. Therefore Nema Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017). The proposed activity entails the construction of a 400kV power line approximately 80 km in length from the Middleburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Wolwekraal Substation, which is situated approximately 13 km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation within Mpumalanga.

Notice is hereby given of a Scoping and EIA Process in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) in accordance with the 2014 Environmental Impact Assessment (EIA) Regulations, as amended (07 April 2017). This notice serves to notify all Interested and Affected Parties (IAPs) of the proposed development. IAPs are encouraged to review and comment on the Draft Scoping Report. The draft documents are available for review from 16 April 2018 to 17 May 2018 at the Eastdene Public Library (Verdoorn Street, Middelburg; 013 249 7275) and Groblersdal Public Library (2 Grobler Street, Legolaaneg, Groblersdal, Limpopo; 013 262 3056).

Any comments or concerns must be submitted to Kristy Robertson by 17 May 2018 via telephone (011 781 1730), fax (011 781 1731), email (kristyr@nema.co.za) or post (P.O. Box 1673 Sunninghill, 2157). A public meeting will be organised on request and details will only be circulated to registered IAPs. All issues and concerns will be incorporated into a Com-

ments and Response Report which will be updated continuously and included in the final reports submitted to the Department of Environmental Affairs (DEA).

IN THE HIGH COURT OF SOUTH AFRICA, KWAZULU NATAL LOCAL DIVISION, DURBAN
Case No:D3240/201
DEVINA REDDY
1st Applicant

And **DESIGAN CHELLAN**
2nd Applicant

Be pleased to take notice that the above named Applicants intend to make application to the above Honourable Court on 28 May 2018 at 10H00 or soon thereafter as counsel may be heard, for an order in the following terms:

1. That the applicants be and are hereby granted leave to change their matrimonial property system from one in Community of Property to one Out of Community of Property in terms of the Notarial Contract annexed to the First Applicant's Founding Affidavit marked "B"
2. That the new matrimonial property system shall be effective from the date of registration of the said Notarial Contract.

3. That the change of the parties' matrimonial property system shall not prejudice the rights of creditors of either of the parties whose claims arose before the registration of the said Notarial Contract, whether their claims lie against the parties or their joint estate.
4. That the Registrar of Deeds, KwaZulu-Natal be and is hereby authorised to register the said Notarial Contract.

5. That the Registrar of Deeds, KwaZulu-Natal is authorised to endorse the Title Deed of the property situate at 13, 66th Avenue, Umhlatuzana Township, Chatsworth, KwaZulu-Natal, that the First Applicant is entitled to deal with the aforesaid property as if she has taken formal transfer of the second Applicants share in and to the aforesaid property in her name.

Notice further that this application and the post-nuptial contract which applicants propose to register are available for inspection at the offices of the Registrar of the Court and at the offices of Applicants Attorney.

Be pleased to take notice further that the affidavits of **DEVINA REDDY** and **DESIGAN CHELLAN** together with annexures thereto will be used in support of this application and are available for inspection at the offices of the Registrar of this Court at Dullah Omar Grove, Durban, and at the offices of the Applicant's Attorneys, KRN Attorneys per: K Reddy, 23 Princess Alice Avenue, Glenwood, Durban, Tel: 031 2051083, 083 781 0687, email: Keshnie.Reddy@krmattorney.co.za

NOTICE OF SCOPING AND ENVIRONMENTAL IMPACT ASSESSMENT PROCESS FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

Eskom Holdings SOC (Pty) Ltd has appointed Nema Consulting to undertake the Scoping and EIA Process for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela. The project was previously authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela 400kV line). Eskom has decided to proceed with however the previous Record of Decision (RoD) has lapsed. Therefore Nema Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017). The proposed activity entails the construction of a 400kV power line approximately 80km in length from the Middleburg area in the north to the Marble Hall/Wolvkraal area in the north. The proposed line originates at the Wolvakraal Substation, which is situated approximately 13km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation within Mpumalanga.

Notice is hereby given of a Scoping and EIA Process in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) in accordance with the 2014 Environmental Impact Assessment (EIA) Regulations, as amended (07 April 2017). This notice serves to notify all Interested and Affected Parties (IAPs) of the proposed development. IAPs are encouraged to review and comment on the Draft Scoping Report. The draft documents are available for review from 16 April 2018 to 17 May 2018 at the Eastdene Public Library (Verdoorn Street, Middleburg, 013 249 7275) and Groblersdal Public Library (2 Grobler Street, Logolaganeng, Groblersdal, Limpopo; 013 262 3056).

Any comments or concerns must be submitted to Kristy Robertson by 17 May 2018 via telephone (0117811730), fax (0117811731), email (kristyr@nema.co.za) or post (PO Box 1673 Sunninghill, 2157). A public meeting will be organised on request and details will only be circulated to registered IAPs. All issues and concerns will be incorporated into a Comments and Response Report which will be updated continuously and included in the final reports submitted to the Department of Environmental Affairs (DEA).

JOHANNESBURG SOCIAL HOUSING COMPANY

Horangi Dojang is derde!

Horangi Dojang Taekwon-Do Grobtersdal se leerlinge het deelgeneem in die ITFSA 4th Byongae Open Taekwon-Do 2018 kompetisie wat in Johannesburg, Gauteng, van tien tot en met 12 April 2018 plaasgevind het. Horangi Dojang het algeheel uitstekende prestasie geïnkasie. Die uitset is soos volg:

Gerhard du Plessis ontvang 'n silwer (Sparring) en goud (Patterns), WJ du Plessis ontvang 'n brons (Patterns), Heleen Moyoy ontvang 'n brons (Sparring) en goud (Patterns), Heni van der Merwe ontvang silwer (Patterns), Cobus van der Merwe ontvang brons (Sparring), Alphus Maboya, Milton Stylianou en Donovan du Plessis ontvang silwer (Sparring) en brons (Patterns), Mikwanazi ontvang silwer (Sparring) en goud (Special Technique), BSB Andreas Stylianou (Sparring), Hussain Zahidi ontvang silwer (Sparring) en goud (Sparring), Hummond Moyoy ontvang goud (Sparring), Branden Makeke ontvang silwer (Sparring), Branden Makeke ontvang

Voor: Gerhard du Plessis, Heleen Moyoy, WJ du Plessis, Heni van der Merwe en Cobus van der Merwe. Agter: Alphus Maboya, Branden Makeke, Hummond Moyoy, Hussain Zahidi, BSB Andreas Stylianou, Katlego Mikwanazi, Milton Stylianou en Donovan du Plessis.

Nelus wen Bierbeker

Loskop rugby het vyfjaar 'n gedissiplineerde span en dis duidelik dat Nicolaas Mallinson wil die bytrocke goed in die ligat vertoon. Die Vallet-manne het se agterlyn het skitterend by hul voorsteer. Vaalwater Vrydag 24-0 kom wen.

Die man van die wedstryd toekennings het aan Gert Swart (heleer) gegaan wat triffant was op die verdediging en aanval. Naaste aan die pen op vier en 13 is Kobus Seymour en op agt en 17 is Sarel Schoeman. Nelus Potgieter is die wenner vir die tweede plek op 'n tittel van 72 punte.

Loskop tokse is tops

Loskop oerfen Dinsdae en Donderdae om 19:00 en alle blangstelligende word uitgenooi om saam te oelan. Die volgende wedstryd is tuis vandag (Vrydag) teen Nylsstrom en Noordelikes en die hekke maak om 18:00.

Die agterlyers van Loskop Rugbyklub wens vir "Berties" en "Bullit" geluk dat hul eerste op vaalwater was, dis voortwaer 'n prisaaste. Wat eger teen hul guns tel is die feit dat hul albei laat aankom vir opwarming.

Berties het sy tokse vergeet en is so angstig om te speel dat hy toe opswaer met net kouse aan. Die spreekwoord se gewoonlik "Boots on, game on".

Berties wys toe vir almal hoe ernstig hy is oor die wedstryd en druk 'n mooi drie, dis mos nou karakter!

Hyundai Borgdag om die draai

Loskop Rugbyklub het 24-0 gewen teen Vaalwater.

Grobtersdal Choiklub het 'n besige maandprogram en bied elke Woensdag en Saterdag 'n kompetisie aan.

Saterdag, 14 April, bied die klub 'n Bonus Bogy kompetisie aan.

Wensdag, 18 April, vind die Hyundai IPS Borgdag plaas. Saterdag, 21 April, bied die klub die Agtergate Stabford Kompetisie aan.

Wensdag, 25 April, vind die Tata Grobtersdal Borgdag plaas. Grobtersdal Choiklub moet die publik om gerus aan die kompetisie deel te neem. Vir meer inligting kan Jaco Kotze gekontak word by 082 789 9168.

Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela: Public Review Period for Draft Scoping Report

Dear Commenting Authorities

Eskom have proposed a 400kV powerline which runs from the Marble Hall/Wolwekraal area (Limpopo Province) to the Middelburg area (Mpumalanga Province), where the line terminates at the proposed Emkhiweni Substation. Kindly find the attached **Background Information Document (BID)** for more details on the proposed development currently in its Scoping Phase.

Nemai Consulting are undertaking the public participation process for the proposed development as per Government Notice 982 of the Environmental Impact Assessment (EIA) Regulations of 2014, in terms of the National Environmental Management Act (Act No. 107 of 1998).

The Draft Scoping Report is available for a 30-day public review period from 16 April 2018 to 17 May 2018 (electronic copy available on <http://www.nemai.co.za/documents.html>). Interested and Affected Parties (IAPs) are encouraged to provide comments. In order to ensure that you are identified as an IAP, please submit your name and contact information by means of e-mail, fax or post as soon as possible to the contact person provided below.

Kind Regards,

Kristy Robertson

Dear Sir/ Madam

ACKNOWLEDGEMENT OF RECEIPT OF THE NEW APPLICATION FOR ENVIRONMENTAL AUTHORISATION (ENVIRONMENTAL IMPACT ASSESSMENT PROCESS) AND SCOPING REPORT FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA, MPUMALANGA PROVINCE

The Department confirms having received the Application for Environmental Authorisation and Draft Scoping Report for the abovementioned project on 13 April 2018. You have submitted these documents to comply with the Environmental Impact Assessment (EIA) Regulations, 2014, as amended.

Please take note of Regulation 40(3) of the EIA Regulations, 2014, as amended, which states that potential Interested & Affected Parties, including the Competent Authority, may be provided with an opportunity to comment on reports and plans contemplated in Regulation 40(1) of the EIA Regulations, 2014, as amended, prior to the submission of an application but must be provided an opportunity to comment on such reports once an application has been submitted to the Competent Authority.

Note that in terms of Regulation 45 of the EIA Regulations, 2014, as amended, this application will lapse if the applicant fails to meet any of the time-frames prescribed in terms of these Regulations, unless an extension has been granted by the Department in terms of Regulation 3(7) of the EIA Regulations, 2014, as amended.

All documentation delivered to the physical address contained in this form must be delivered during the official Departmental Officer Hours which are available on the Departmental Website (https://www.environment.gov.za/contacts/national_office). No faxed and e-mailed applications; applications delivered to Security or applications placed in the Departmental Tender Box will be accepted.

Kindly note, that you have not attached **original** signed documentation under **Appendix 8 and 9** of the application form and are required to submit this in **hard copy** to our offices. For future reference, please ensure that the application form is placed at the front of all new applications submitted to the Department and not as an appendix within the document.

You are hereby reminded of Section 24F of the National Environmental Management Act, Act No. 107 of 1998, as amended, that no activity may commence prior to an Environmental Authorisation being granted by the Department.

Kindly quote the abovementioned reference number in any future correspondence in respect of the application.

Yours sincerely

Mr Sabelo Malaza

Chief Director: Integrated Environmental Authorisations

Department of Environmental Affairs

Letter signed by: Ms Azrah Essop

FOR ATTENTION : Kristy Robertson

COMMENTS ON CONSTRUCTION OF 400KV POWER LINE FROM MIDDLEBURG AREA IN THE SOUTH TO THE MARBLE HALL/WOLWEKRAAL AREA IN THE NORTH, THIRTEEN KILOMETRES TO THE SOUTH-EAST OF MARBLE HALL (LIMPOPO PROVINCE) ON THE FARM LOSKOP NOORD 12 JS, SITUATED IN EPHRAIM MOGALE LOCAL MUNICIPALITY.

This refers to your letter with project number 106743.

The proposed project should adhere to the regulations of Conservation of Agricultural Resources Act 43 of 1983, (CARA) with special attention to the following:

- (1) **Regulation 7 : Utilization and Protection of vleis, marshes, water sponges and water courses.**
 - Except on authority of a written permission by the executive officer, no land user shall:-
 - (a) drain or cultivate any vlei, marsh or water sponge or a portion thereof on his farm unit or
 - (b) cultivate any land on his farm unit within the flood area of a water course or within 10 metres horizontally outside the flood area of a water course.
- (2) **Regulation 8 : Regulating of the flow pattern of run-off water.**
 - No land user shall in any manner whatsoever divert any run-off water from a water course on his farm unit to any other water course, except on authority of a written permission by the executive officer.

The applicant's should also note that **High and medium potential agricultural soils** should be identified and no disturbance on those soils should occur without written permission from this office.

The directorate has no objection against the proposed project on the above mentioned farm provided the above stated conditions and other provisions of the regulations of the Act are adhered to.

Yours truly,

for EXECUTIVE OFFICER: (Act 43 of 1983)

RE: Draft scoping report Emkhiweni substation and 400Kv line from Emkhiweni substation to Silimela

We acknowledge and note the receipt of your scoping report regarding eMakhazeni substation and 400kv line from Emkhiweni substation to Silimela Mpumalanga Province.

The MHRA reserves the comments on the above until the receipt of a comprehensive Environment Assessment report which will include the Heritage Impact Assessment (HIA).

Assessments reports must be uploaded on www.sahra.org.za/sahris for comments.

I thank you.

Regards,

B. T. MODUKA

Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela: Public Review Period for Draft Scoping Report

Dear Commenting Authorities

Eskom have proposed a 400kV powerline which runs from the Marble Hall/Wolvakraal area (Limpopo Province) to the Middelburg area (Mpumalanga Province), where the line terminates at the proposed Emkhiweni Substation. Kindly find the attached **Background Information Document (BID)** for more details on the proposed development currently in its Scoping Phase.

Nemai Consulting are undertaking the public participation process for the proposed development as per Government Notice 982 of the Environmental Impact Assessment (EIA) Regulations of 2014, in terms of the National Environmental Management Act (Act No. 107 of 1998).

The Draft Scoping Report is available for a 30-day public review period from 16 April 2018 to 17 May 2018 (electronic copy available on <http://www.nemai.co.za/documents.html>). Interested and Affected Parties (IAPs) are encouraged to provide comments. In order to ensure that you are identified as an IAP, please submit your name and contact information by means of e-mail, fax or post as soon as possible to the contact person provided below.

Kind Regards,

Kristy Robertson

EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

BACKGROUND INFORMATION DOCUMENT

APRIL 2018

PREPARED FOR: ESKOM HOLDINGS SOC (PTY) LTD

Environmental, Social and OHS Consultants

P.O. Box 1673
Sunninghill
2157
South Africa

147 Bram Fisher Drive
Ferndale
2194
South Africa

Tel: +27 11 781 1730
Fax: +27 11 781 1731
www.nemai.co.za

1 PURPOSE OF THE BACKGROUND INFORMATION DOCUMENT

The purpose of the Background Information Document (BID) is as follows:

1. It serves to provide an overview of the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela;
2. It provides an outline of the Scoping and Environmental Impact Assessment (EIA) Process that will be undertaken for the project; and
3. It grants the opportunity to be registered as an Interested and Affected Party (IAP) and allows for comments to be made on the proposed project (refer to attached Reply Form).

The purpose of the EIA is to identify and evaluate potential impacts, to recommend measures to avoid or reduce negative impacts and to enhance positive impacts.

2 PROJECT OVERVIEW

2.1 Project Background

Nemai Consulting was appointed by Eskom in 2009 to undertake the EIA as part of the 2006 EIA Regulations for the following projects:

1. Construction of the Rockdale B Substation (now referred to as Emkhiweni Substation), with 2x500MVA 400/132kV transformers; and
2. Construction of the Rockdale B to Wolwekraal 400kV line (now referred to as the Emkhiweni Substation to Silimela 400kV line).

The projects were authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela 400kV line). Eskom has decided to proceed with the construction of Emkhiweni-Silimela 400kV line (which is approximately 80kms) however the previous Record of Decision (RoD) has lapsed. Therefore Nemai Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017). Eskom was not able to proceed with construction within the ROD timeframes as a result of the lack of funding for the project.

The proposed project is associated with the transmission network and its associated substations in the Mpumalanga and Limpopo Provinces.

2.2 Project Location

The proposed activity entails the construction of a 400kV power line from the Middelburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Wolwekraal Substation, which is situated approximately 13km to the southeast of Marble Hall (Limpopo Province)

on the Farm Loskop Noord No. 12 JS and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation within Mpumalanga. Refer to **Figures 1** and **2** for locality maps. The proposed development falls within the Steve Tshwete Local Municipality (LM), Elias Motsoaledi LM and Ephraim Mogale LM.

Figure 1: Locality map

Figure 2: 1:250 000 Topographical map

3 ENVIRONMENTAL LEGAL FRAMEWORK

3.1 Scoping and EIA Process

Eskom Holdings SOC (Pty) Ltd has appointed Nema Consulting as the Independent Environmental Consultant to conduct the Scoping and EIA Process for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela.

The proposed project requires environmental authorisation in terms of the EIA Regulations of 2014 (as amended) that were promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) from the Competent Authority, i.e. the Department of Environmental Affairs (DEA). Activities listed in Government Notice (GN) No. R. 983, GN No. R. 984 and GN No. R. 985 of the 2014 EIA Regulations, as amended (07 April 2017) are associated with the proposed development, which therefore triggers a Scoping and EIA Process.

The Scoping Report will contain details of the assessment conducted and include all comments from IAPs. A draft copy of the Scoping Report will be made available for public review, prior to finalisation and submission to DEA. Only **registered** IAPs will continue to be notified of the Scoping and EIA process.

Figure 3: Scoping and EIA Process

4 PUBLIC PARTICIPATION

A Public Participation Process will be conducted in terms of Chapter 6 of GN No. 982 of the 2014 EIA Regulations, as amended (07 April 2017) of the NEMA.

The Public Participation Process will involve the following:

1. Site notices will be erected at prominent points in and around the study area;
2. BIDs will be distributed to potential IAPs;
3. Notices regarding the project will be e-mailed or faxed to the councillors in the area and possible stakeholders (including authorities and state departments); and
4. Notices will be placed in regional and local newspapers.

IAPs are encouraged to participate in the process in order for concerns to be addressed and included in the Scoping Report. This notice serves to notify all IAPs of the proposed development. IAPs are to review and comment on the draft documents which will be lodged at the following places for review from **16 April 2018 to 17 May 2018:**

Table 1: Location of the Draft Scoping Report for Public Review

| No. | Location | Address | Telephone No. |
|-----|----------------------------|--|---------------|
| 1. | Eastdene Public Library | Verdoorn St, Middelburg, 1050 | 013 249 7275 |
| 2. | Groblersdal Public Library | 2 Grobler Street, Legolaneng, Groblersdal, Limpopo | 013 262 3056 |

Please complete the Reply Form at the end of the document and submit it to the consultant below at Nemai Consulting:

Contact Person: Kristy Robertson
Tel: (011) 781 1730
Fax: (011) 781 1731
Email: kristyr@nemai.co.za
Postal Address: PO Box 1673, Sunninghill, 2157

All comments (issues and concerns) will be incorporated into a Comments and Responses Report which will be included in the Final Scoping Report to be submitted to DEA.

PER E-MAIL / MAIL

Dear Ms Robertson

COMMENTS ON THE DRAFT SCOPING REPORT FOR PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA, MPUMLANGA PROVINCE

The application form and draft Scoping Report (SR) dated April 2018, received by this Department on 13 April 2018 refers.

This Department has the following comments on the abovementioned application:

- **Alternatives**

- Please provide a description of any identified alternatives for the proposed activity that are feasible and reasonable, including the advantages and disadvantages that the proposed activity or alternatives will have on the environment and on the community that may be affected by the activity as per Appendix 2, (2) (1) (h) (i-xi), of GN R.982 of 2014, as amended.
- Alternatively, you should submit written proof of an investigation and motivation if no reasonable or feasible alternatives exist as per the requirements of Appendix 2, (2) (1) (h) (x).
- Please provide coordinates of both the preferred power line route alternative as well as proposed other alternatives route in degrees, minutes and seconds from the start of the activity, midpoint and the end point of the activity.

- **Impacts Assessment**

This Department requests the EAP to familiarise themselves with the requirements of Appendix 2 of GNR 982 of the EIA Regulations, 2014 (as amended) and ensure that the final SR submitted to this Department for consideration meets the requirements in terms of identifying, assessing and providing mitigation measures of the impacts on the alternatives and preferred site.

- **Maps**

- **A3 Layout map**

- A detailed site layout must be prepared incorporating all the alternatives (preferred and other proposed alternatives). It must be attached as Appendix 3 of the final Scoping Report (FSR). The site or route plans must indicate the following:

- the property boundaries and numbers of all the properties within 50 metres of the site;
 - the current land use as well as the land use zoning of the site and the properties adjoining the site;
 - the exact position of each listed activity applied for (including alternatives);
 - a legend explaining the content on the map; and
 - a north arrow.

- It has been noted that the proposed substation and power lines were authorized in 2011, however, the Environmental Authorisation (EA) lapsed. Therefore, you are requested to show the approved route and substation location on the map, taking into consideration areas where there will be deviation from the approved route.

- **A3 Sensitivity Map**

- The layout/route plan as indicated above must be overlain with a sensitivity map that indicates all the sensitive areas associated with the site, including, but not limited to:

- watercourses;
 - the 1:100 year flood line (where available or where it is required by Department of Water and Sanitation : DWS);
 - ridges;
 - cultural and historical features;
 - areas with indigenous vegetation (even if it is degraded or infested with alien species);
 - critical biodiversity areas;
 - build up areas; and
 - No-go areas (if any).

- The sensitivity map must not only overlay the sensitivity of the preferred site, however; must also include all the identified alternatives and the existing infrastructure.

- **Public Participation Process**

- Please ensure that all issues raised and comments received during the circulation of the SR from registered I&APs and organs of state which have jurisdiction (including this Department's Biodiversity Section) in respect of the proposed activity are adequately addressed in the final SR.
 - Proof of correspondence with the various stakeholders must be included in the final SR, should you be unable to obtain comments, proof of the attempts that were made to obtain comments must be submitted to the Department.
 - The Public Participation Process must be conducted in terms of Regulations 39, 40, 41, 42, 43 & 44 of the EIA Regulations 2014, as amended.

- **General Comments**

- You are further reminded that the final SR to be submitted to this Department must comply with all the requirements in terms of the scope of assessment and content of Scoping reports in accordance with Appendix 2 and Regulation 21(1) of the amended EIA Regulations, 2014.

Further note that in terms of Regulation 45 of the EIA Regulations 2014, this application will lapse if the applicant fails to meet any of the timeframes prescribed in terms of the these Regulations, unless an extension has been granted in terms of Regulation 3(7).

You are hereby reminded of Section 24F of the National Environmental Management Act, Act No 107 of 1998, as amended, that no activity may commence prior to an environmental authorisation being granted by the Department.

Yours faithfully

Mr Sabelo Malaza

Subject: 10643-Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela: Public Review Period of Draft Scoping Report

Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela: Public Review Period for Draft Scoping Report

Dear Commenting Authorities

Eskom have proposed a 400kV powerline which runs from the Marble Hall/Wolwekraal area (Limpopo Province) to the Middelburg area (Mpumalanga Province), where the line terminates at the proposed Emkhiweni Substation. Kindly find the attached **Background Information Document (BID)** for more details on the proposed development currently in its Scoping Phase.

Nema1 Consulting are undertaking the public participation process for the proposed development as per Government Notice 982 of the Environmental Impact Assessment (EIA) Regulations of 2014, in terms of the National Environmental Management Act (Act No. 107 of 1998).

The Draft Scoping Report is available for a 30-day public review period from **16 April 2018 to 17 May 2018** (electronic copy available on <http://www.nema1.co.za/documents.html>). Interested and Affected Parties (IAPs) are encouraged to provide comments. In order to ensure that you are identified as an IAP, please submit your name and contact information by means of e-mail, fax or post as soon as possible to the contact person provided below.

Dear Sir/Madam

ACKNOWLEDGEMENT OF RECEIPT OF THE SCOPING REPORT FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EKHIWENI SUBSTATION TO STIMELA, MPUMALANGA PROVINCE

The Department confirms having received the Final Scoping Report for the abovementioned project on 25 May 2018. You have submitted these documents to comply with the Environmental Impact Assessment Regulations (EIA), 2014, as amended.

Please take note of Regulation 40(3) of the EIA Regulations, 2014, as amended, which states that potential Interested & Affected Parties (I&APs), including the Competent Authority (CA), may be provided with an opportunity to comment on reports and plans contemplated in Regulation 40(1) of the EIA Regulations, 2014, as amended, prior to the submission of an application but must be provided an opportunity to comment on such reports once an application has been submitted to the Competent Authority (CA).

You are hereby reminded of Section 24F of the National Environmental Management Act (NEMA), Act No. 107 of 1998, as amended, that no activity may commence prior to an Environmental Authorisation being granted by the Department.

Kindly quote the abovementioned reference number in any future correspondence in respect of the application.

Yours sincerely

Mr Sabelo Malaza

Dear Sir/Madam

COMMENTS ON THE DRAFT SCOPING REPORT FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA, LIMPOPO AND MPUMALANGA PROVINCE

The draft Scoping Report (DSR) dated April 2018 and received by this Department on 18 April 2018 refers.

After the evaluation of DSR and Plan of Study for EIA submitted for the proposed development, it is recommended that the following be considered during the Final Scoping Report (FSR):

- The cumulative impacts of the area must be assessed and included in the final Scoping phase;
- The final SR must include specialist studies in order to confirm the probability of the availability of certain species and the status of the sensitive ecological feature within the study area such as Avifaunal Impact Assessment, Terrestrial Ecological Impact Assessment and Wetland Delineation Study; and
- The final SR must include at least one A3 regional map of the area, ecological sensitivity map and the locality map illustrating the different alternatives.

The overall biodiversity objective is to minimise loss to biodiversity as possible. Therefore, in order to achieve this objective the above mentioned recommendations must be adhered to.

Yours faithfully

Mr Stanley Tshitwamulomoni

Dear Ms Roberts

APPLICATION FOR ENVIRONMENTAL AUTHORISATION: PROPOSED EMKHWENI SUBSTATION AND 400KV LINE FROM EMKHWENI SUBSTATION TO SILIMELA, MPUMALANGA AND LIMPOPO PROVINCES

The Final Scoping Report (FSR) and Plan of Study for Environmental Impact Assessment dated May 2018 and received by the Department on 25 May 2018 refer.

The Department has evaluated the submitted FSR and the Plan of Study for Environmental Impact Assessment dated May 2018 and is satisfied that the said documents comply with the minimum requirements of the Environmental Impact Assessment (EIA) Regulations, 2014, as amended. The FSR is hereby accepted by the Department in terms of Regulation-22(1) (a) of the EIA regulations, 2014 as amended.

You may proceed with the environmental impact assessment process in accordance with the tasks contemplated in the Plan of Study for Environmental Impact Assessment as required in terms of the EIA Regulations, 2014, as amended.

In addition, the following additional information is required and must be incorporated in the EIAr:

- **Project description**

The Department has noted that the footprint of the substation is stated to be 1km x 1km i.e. *"The proposed Emkhiweni Substation would have a 1km x 1km footprint"*. Please confirm the footprint of the substation and ensure that the footprint is in hectares.

The Department has noted under the scope of work that you may construct access roads and stormwater infrastructure, therefore, you are required to indicate in the draft EIAr if the activities related to aforesaid infrastructure are triggered or not. If triggered, please provide the details in terms of length and width (relevant details).

- **Activities applied for (section 6 of the application form-activities to be authorised)**

The total area to be cleared for activity 27 of GN R983 to be triggered must be included in the project activity description column.

The Department has noted that under activity 28 of GN R983, you have described the development as it falls outside the urban area, however, the sub-activities point out that the site falls inside and outside. Therefore, please ensure that the relevant sub-activity is applied for and submitted with the amended application form when submitting the draft EIAr.

Also ensure that the activity number and its sub-activities applied for are correctly quoted as per the EIA Regulation 2014, as amended.

- **Scope of assessment and content of the Environmental Impact Assessment**

The EIAr must comply with the requirements of Appendix 3 of the EIA Regulations, 2014, as amended.

- **Land use zoning**

It has been noted that the land proposed for the construction of a substation is currently zoned for agriculture, therefore, you are required to provide the zoning certificate to allow the change of land use from agriculture to industrial.

- **Layout, regional and Locality as well as sensitivity Maps**

All available biodiversity Information must be used in the finalisation of the layout map. Existing infrastructure must be used as far as possible. The layout map must indicate the following:

- The location of sensitive environmental features on site e.g. CBAs, heritage sites, wetlands, drainage lines, rivers, streams, protected areas etc. that will be affected by the development and its associated infrastructure;
- Buffer areas;
- All "no-go" areas.

A sensitivity layout plan overlaid by the sensitive features and the buffer zones i.e. wetland, conservation areas, rivers and also the existing infrastructure in the vicinity of the proposed development must be submitted as part of the report for analysis of the effect of the proposed project on the environment. Please ensure all features are clearly indicated on the legend of the sensitivity layout plan.

Please ensure that the Final EIR includes at least one A3 regional map of the area and the locality maps included in the final EIR illustrate the route alternative and site alternative. The maps must be of acceptable quality and as a minimum, have the following attributes:

- Maps are relatable to one another;
- Cardinal points;
- Co-ordinates;
- Legible legends;
- Latest land cover;
- Vegetation types of the study area; and
- A3 size locality map.

- **Public Participation Process (PPP)**

All comments and recommendations made by all stakeholders and Interested and Affected Parties (I&APs) in the draft SR and submitted as part of the final SR must be taken into consideration when preparing the Environmental Impact Assessment report (EIAr) in respect of the proposed development.

You are also required to address all issues raised by Organs of State and I&APs prior to the submission of the EIAr to the Department. Proof of correspondence with the various stakeholders must be included in the

EIAr. Should you be unable to obtain comments, proof should be submitted to the Department of the attempts that were made to obtain comments.

The EAP must, in order to give effect to Regulation 8, give registered I&APs access to, and an opportunity to comment on the report in writing within 30 days before submitting the final EIAr to the Department. The EIAr must also include comments and response report in accordance with Appendix 3 of the EIA Regulations, 2014, as amended and the PPP must be in accordance with Regulation 41 of the EIA Regulations.

- **General comments**

Please note that the Department will undertake a site inspection upon receipt of the draft EIAr for comment.

You are hereby reminded that should the EIAr fail to comply with the requirements of this acceptance letter, the project will be refused in accordance with the EIA Regulations, 2014, as amended.

The applicant is hereby reminded to comply with the requirements of Regulation 45 of the Environmental Impact Assessment Regulations, 2014 published under Government Notice R982 in Government Gazette No. 38282 dated 04 December 2014, as amended ('the EIA Regulations, 2014'), with regard to the time period allowed for complying with the requirements of the Regulations.

Further, it must be reiterated that, should an application for Environmental Authorisation be subject to the provisions of Chapter II, Section 38 of the National Heritage Resources Act, 1999 (Act No. 25 of 1999), then this Department will not be able to make nor issue a decision in terms of your application for Environmental Authorisation pending a letter from the pertinent heritage authority categorically stating that the application fulfils the requirements of the relevant heritage resources authority as described in Chapter II, Section 38(8) of the National Heritage Resources Act, 1999.

You are requested to submit one (02) copy of the Environmental Impact Report (EIR) to the Department and at least three electronic copies (CD) of the complete final report with the hard copy documents.

You are hereby reminded of Section 24F of the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended, that no activity may commence prior to an environmental authorisation being granted by the Department.

Yours sincerely

Mr Sabelo Malaza

Dear Sir/Madam

LAPSING OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION: PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA, MPUMALANGA PROVINCE

The application form with the Draft Scoping Report received by this Department on 13 April 2018 and the Final Scoping Report accepted on the 9 July 2018 refers.

In terms of Regulation 45 of the EIA Regulations, 2014, as amended, an application lapses if the applicant fails to meet any of the time-frames prescribed in terms of these Regulations, unless an extension has been granted in terms of Regulation 3(7) of the EIA Regulations, 2014, as amended.

Please note that you have failed to submit the Draft and Final Environmental Impact Report for the abovementioned application. As such, this Department hereby advises you that the application: 14/12/16/3/3/2/1063 for the proposed Emkhiweni Substation and 400kv line from Emkhiweni Substation to Silimela, Mpumalanga Province, lapsed and the file is accordingly closed.

Please note that should you decide to further pursue the application, a new application for authorisation in terms of the EIA Regulations, 2014, as amended, must be submitted to this Department before such activity/ies may commence.

Yours faithfully

Mr Sabelo Malaza

Attention: Kristy Robertson

SCOPING REPORT FOR THE PROPOSED DEVELOPMENT OF EMKHIWENI SUBSTATION AND 400Kv LINE FROM EMKHIWENI SUBSTATION TO SILIMELA, MPUMALANGA PROVINCE.

This Department acknowledges receipt of the above mentioned report dated 8 May 2018, prepared by Nemai Consulting on behalf of Eskom Holdings SOC Ltd and the comments are as follows:

1. The Applicant shall conduct a preliminary legal assessment to identify all the water use activities associated with the proposed project that will require authorisation by the Department of Water and Sanitation (DWS) and the applicant is hereby referred to Section 22(1) of the National Water Act, 1998 (Act 36 of 1998).
2. Any other water use related activities associated with this project that are not permissible as indicated on Section 22(1) of the National Water Act, 1998 (Act No. 36 of 1998) shall have to be authorised by the DWS prior to such water use activities taking place.
3. **Flood-lines:** The applicant must note that no activities should occur within a 100m or within 1:100 year floodline (whichever is the greatest), unless authorised.
4. **Pollution of groundwater and surface water:** Page 49 of the report outlines that "spillage of construction related material such as fuel, oil, paint and grease and leaks from construction vehicles may pollute both ground and surface water". Pollution of water resources must be avoided by implementing proper water and waste management during the entire life of operation. The mitigation measures and the monitoring plan must be implemented in consultation with the Department.
5. **Stormwater Management:** "it has been indicated on page 16 of the scoping report that the maintenance staff will have to access the lines, routine maintenance and to protect the surrounding land scape from erosion, stormwater infrastructure may be required". Storm water management plan must be implemented to prevent pollution on run-off. The applicant must ensure that stormwater is diverted away from all the working areas and the stormwater leaving the construction areas must not be contaminated by any substance, whether that substance is

NATIONAL DEVELOPMENT PLAN
Our Future - make it work

SCOPING REPORT FOR THE PROPOSED DEVELOPMENT OF EMKHIWENI SUBSTATION AND 400Kv LINE FROM EMKHIWENI SUBSTATION TO SILIMELA, MPUMALANGA PROVINCE.

a solid, liquid, vapour or any combination thereof. The soil must be stabilised in order to prevent the resulting wash downs into any water resource and where possible rehabilitation of the disturbed areas must be done concurrently with the construction activity.

6. **Wetlands and Streams:** According to the scoping Report (page 48) "There are several watercourses within the study area, should proposed line crosses those watercourses. The applicant should note that if wetlands, streams and drainages are to be destructed, the applicant should ensure that mitigation measures are taken to mitigate impacts or alternatively, the applicant should provide another option which will not involve destruction of these watercourses. If the activity is within 500m radius of the watercourse, constitute a Section 21 (c) and (i) water use which requires authorisation in terms of Section 40 of the National Water Act, 1998 (Act 36 of 1998).
7. **Waste:** It is indicated on page 49 of the Report that construction materials including any waste may be dumped in or near water bodies". The applicant should note that waste disposal must take place at a registered and licensed waste disposal facility.
8. **Storage of oil, diesel, hydraulic fluids and grease:** It is recommended that the storage areas for these fluids be bunded with cement and in such a manner that any spillages can be contained and reclaimed without causing any pollution to the ground and surface water resources.
9. **Sanitation:** It is indicated on page 49 of the Report that "chemical toilets will be utilised during Construction". Reasonable measures must be taken to prevent the potential pollution of the ground and surface water resources due to the proposed onsite sanitation facilities.
10. It is indicated on page 49 of the report that "water may be illegally abstracted from water bodies for construction activities such as dust suppression" the applicant should note that taking water from a water source is an activity according to Section 21(a) of the National Water Act, 1998 (Act 36 of 1998). And it has to be applied for.
11. The Applicant is referred to Section 19(1) of the National Water Act, 1998 (Act No. 36 of 1998), and to report any pollution incidents originating from the proposed project to the Regional Office of the Department of Water and Sanitation within 24 hours.

Should you have any queries, kindly contact Ms Thabelo Tshipate on the contact details listed above, alternatively Fax: 012 318 0511 or Email: TshipateT@dws.gov.za.

Yours faithfully,

**EMKHIWENI SUBSTATION AND 400kV LINE FROM EMKHIWENI SUBSTATION TO
SILIMELA: PUBLIC REVIEW PERIOD FOR DRAFT SCOPING REPORT**

Your e-mail sent to us on the 22 March 2018 with regards to the above mentioned subject refers.

The proposed 400kV powerline from Emkhiweni substation to Silimela will not have a negative impact on electrical network for Steve Tshwete Local Municipality.

Hope you will find the above in order. We appreciate you raising the concern with the municipality. We are looking forward to have a fruitful working relation with yourself.

Yours faithfully

Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela: Public Review Period for Draft Scoping Report

Dear Interested and Affected Parties

Eskom have proposed a 400kV powerline which runs from the Marble Hall/Wolwekraal area (Limpopo Province) to the Middelburg area (Mpumalanga Province), where the line terminates at the proposed Emkhiweni Substation. Kindly find the attached **Background Information Document (BID)** for more details on the proposed development currently in its Scoping Phase.

1 PURPOSE OF THE BACKGROUND INFORMATION DOCUMENT

The purpose of the Background Information Document (BID) is as follows:

1. It serves to provide an overview of the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela;
2. It provides an outline of the Scoping and Environmental Impact Assessment (EIA) Process that will be undertaken for the project; and
3. It grants the opportunity to be registered as an Interested and Affected Party (IAP) and allows for comments to be made on the proposed project (refer to attached Reply Form).

The purpose of the EIA is to identify and evaluate potential impacts, to recommend measures to avoid or reduce negative impacts and to enhance positive impacts.

2 PROJECT OVERVIEW

2.1 Project Background

Nemai Consulting was appointed by Eskom in 2009 to undertake the EIA as part of the 2006 EIA Regulations for the following projects:

1. Construction of the Rockdale B Substation (now referred to as Emkhiweni Substation), with 2x500MVA 400/132kV transformers; and
2. Construction of the Rockdale B to Wolwekraal 400kV line (now referred to as the Emkhiweni Substation to Silimela 400kV line).

The projects were authorised in May 2011 (Emkhiweni Substation) and July 2011 (Emkhiweni-Silimela 400kV line). Eskom has decided to proceed with the construction of Emkhiweni-Silimela 400kV line (which is approximately 80kms) however the previous Record of Decision (RoD) has lapsed. Therefore Nemai Consulting are undertaking a new application for Environmental Authorisation (EA) as part of the 2014 EIA Regulations, as amended (07 April 2017). Eskom was not able to proceed with construction within the ROD timeframes as a result of the lack of funding for the project.

The proposed project is associated with the transmission network and its associated substations in the Mpumalanga and Limpopo Provinces.

2.2 Project Location

The proposed activity entails the construction of a 400kV power line from the Middelburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Wolwekraal Substation, which is situated approximately 13km to the southeast of Marble Hall (Limpopo Province)

3 ENVIRONMENTAL LEGAL FRAMEWORK

3.1 Scoping and EIA Process

Eskom Holdings SOC (Pty) Ltd has appointed Nema Consulting as the Independent Environmental Consultant to conduct the Scoping and EIA Process for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela.

The proposed project requires environmental authorisation in terms of the EIA Regulations of 2014 (as amended) that were promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) from the Competent Authority, i.e. the Department of Environmental Affairs (DEA). Activities listed in Government Notice (GN) No. R. 983, GN No. R. 984 and GN No. R. 985 of the 2014 EIA Regulations, as amended (07 April 2017) are associated with the proposed development, which therefore triggers a Scoping and EIA Process.

The Scoping Report will contain details of the assessment conducted and include all comments from IAPs. A draft copy of the Scoping Report will be made available for public review, prior to finalisation and submission to DEA. Only registered IAPs will continue to be notified of the Scoping and EIA process.

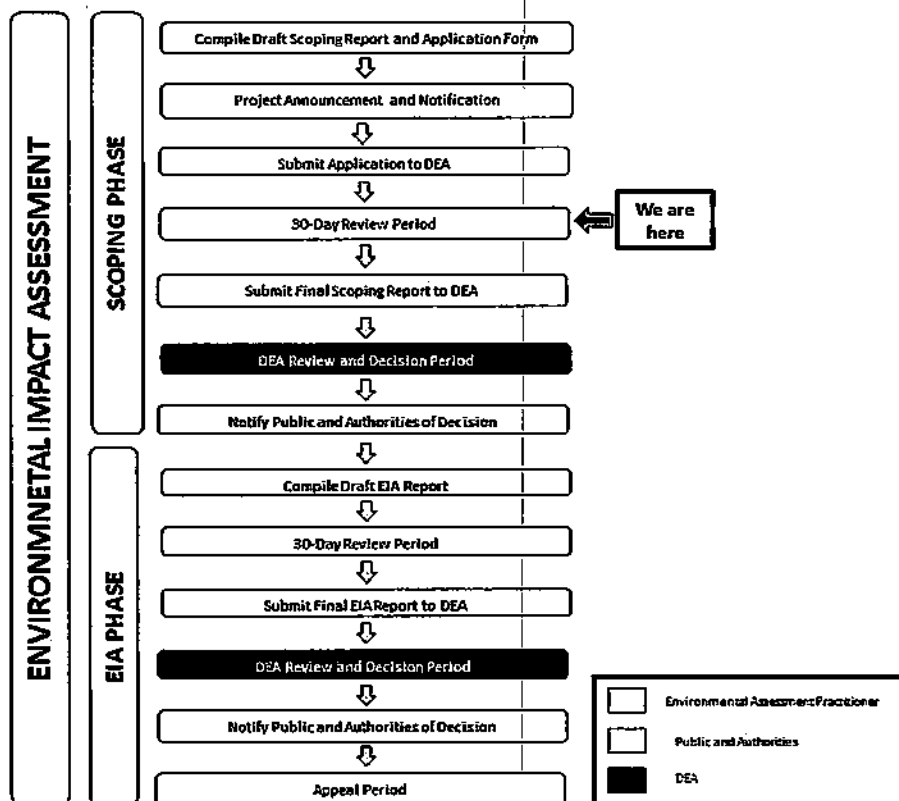

Figure 3: Scoping and EIA Process

4 PUBLIC PARTICIPATION

A Public Participation Process will be conducted in terms of Chapter 6 of GN No. 982 of the 2014 EIA Regulations, as amended (07 April 2017) of the NEMA.

The Public Participation Process will involve the following:

1. Site notices will be erected at prominent points in and around the study area;
2. BIDs will be distributed to potential IAPs;
3. Notices regarding the project will be e-mailed or faxed to the councillors in the area and possible stakeholders (including authorities and state departments); and
4. Notices will be placed in regional and local newspapers.

IAPs are encouraged to participate in the process in order for concerns to be addressed and included in the Scoping Report. This notice serves to notify all IAPs of the proposed development. IAPs are to review and comment on the draft documents which will be lodged at the following places for review from **16 April 2018 to 17 May 2018**:

Table 1: Location of the Draft Scoping Report for Public Review

Kristy

Regarding our telephone conversation about transport for your workers on the project.

I explained to you that I want to buy a vehicle and sign a contract with Eskom to transport their workers.

Please let me know if this is possible.

Thank you.

**KENNISGEWING AANGAANDE DIE OMGEWINGSIMPAKBEPALING-FASE EN DIE HERSIENING VAN DIE
VOORLOPIGE OMGEWINGSIMPAKBEPALINGSVERSLAG VIR DIE VOORGESTELDE EMKHIWENI SUBSTASIE EN
400KV KRAGLYN VANAF EMKHIWENI SUBSTASIE TOT SILIMELA**

Kennisgewing word gegee kragtens die Wet op Nasionale Omgewingsbestuur (Wet Nr. 107 van 1998), ingevolge die 2014 Omgewingsimpakbepalingsregulasies, soos gewysig (07 April 2017), van die voorneme om die Omgewingsimpakbepaling (OIB) Fase uit te voer vir die voorgestelde Emkhiweni Substasie en 400kV kraglyn vanaf Emkhiweni Substasie tot Silimela. Nemai Consulting (Edms.) Bpk. is deur Eskom Holdings SOC (Edms.) Bpk. aangestel as die onafhanklike Omgewingsimpakbepalingspraktisyn om die OIB-Proses te onderneem ingevolge die Wet op Nasionale Omgewingsbestuur.

Die voorgestelde ontwikkeling behels die oprigting van 'n 400kV-kraglyn, ongeveer 80 km vanaf die Middelburg-gebied in die suide tot by die Marble Hall / Wolwekraal-gebied in die noorde. Die voorgestelde kraglyn begin by die Silimela substasie, ongeveer 13 km suidoos van Marble Hall in die Limpopo-provinsie, en hardloop suid-ooswaarts. Die kraglyn eindig by die voorgestelde Emkhiweni-substasie suid van Middelburg in Mpumalanga.

Die Finale Omvangbepalingsverslag is op 09 Julie 2018 deur die Departement van Omgewingsake (DOS) aanvaar, maar die aansoek het op 4 Februarie 2019 verval. Geen verandering in die projek omvang het plaasgevind nie, en die bevindinge van die omvangbepalingsverslag en omgewingskonteks het dus nie verander nie. Ingevolge Regulasie 21 (2) van die 2014-OIB-regulasies, soos gewysig, word alle Belanghebbende en Geaffekteerde Partye hiermee in kennis gestel van die applikant, Eskom Holdings SOC (Edms.) Bpk. se beoogde herindiening van die aansoek vir omgewingsmagtiging, en die voorneme om die OIB-Fase uit te voer.

Geregistreerde Belanghebbende en Geaffekteerde Partye word uitgenooi en aangemoedig om die Konsep-OIB-verslag te hersien en kommentaar te lewer vir 'n 30-dae hersien periode vanaf **18 September 2019** tot **18 Oktober 2019** by die Eastdene Publieke Biblioteek (Verdoorn Straat, Middelburg; 013 249 7275) en Groblersdal Publieke Biblioteek (2 Grobler Straat, Legolaneng, Groblersdal, Limpopo; 013 262 3056). 'n Elektroniese kopie is beskikbaar op die Nemai-webblad. Enige kommentaar, bekommernisse of Belanghebbende en Geaffekteerde Partye-registrasies moet voor **18 Oktober 2019** by Jacqui Davis ingedien word per telefoon (0117811730), faks (0117811731), e-pos (jacquid@nemai.co.za) of per pos (Postbus 1673 Sunninghill, 2157). Twee openbare vergaderings word op **02 Oktober 2019** van 09:00 tot 11:00 in die **Travel Lodge** (067 859 9575) in Middelburg, en van 14:00 tot 16:00 in die **DLU Saal** (0827344337) in Groblersdal gehou. Alle kwessies en bekommernisse sal opgeneem word in 'n Kommentaar en Terugvoeringsverslag wat deurlopend opgedateer sal word en ingesluit sal word in die finale verslag wat by DOS ingedien sal word.

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PHASE AND DRAFT EIA REPORT REVIEW PERIOD FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

Notice is hereby given in terms of the National Environmental Management Act (Act No. 107 of 1998) (NEMA) in accordance with the 2014 Environmental Impact Assessment (EIA) Regulations, as amended (07 April 2017) of the intent to carry out the EIA Phase for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela. Nema Consulting (Pty) Ltd has been appointed by Eskom Holdings SOC (Pty) Ltd as the independent Environmental Assessment Practitioner (EAP) to undertake the EIA Process in terms of the NEMA.

The proposed activity entails the construction of a 400kV power line approximately 80km in length from the Middelburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Silimela Substation, which is situated approximately 13km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation south of Middelburg within Mpumalanga.

The Final Scoping Report was accepted by the Department of Environmental Affairs (DEA) on 09 July 2018, however the application lapsed on 04 February 2019. No change of project scope has taken place, therefore the findings of the Scoping Report and environmental context has not changed. In terms of Regulation 21(2) of the 2014 EIA Regulations, as amended, all Interested and Affected Parties (IAPs) are hereby notified of the Applicant's, Eskom Holdings SOC (Pty) Ltd, intended re-submission of the environmental authorisation application, and intent to carry out the EIA Phase.

Registered IAPs are invited and encouraged to review and comment on the Draft EIA Report for a 30-day review from **18 September 2019** to **18 October 2019** at the Eastdene Public Library (Verdoorn Street, Middelburg; 013 249 7275) and Groblersdal Public Library (2 Grobler Street, Legolaneng, Groblersdal, Limpopo; 013 262 3056). An electronic copy will be available from the Nema website. Any comments, concerns, or IAP registrations must be submitted to Jacqui Davis by **18 October 2019** via telephone (0117811730), fax (0117811731), email (jacquid@nema.co.za) or post (PO Box 1673 Sunninghill, 2157). Two public meetings will be held on **02 October 2019** from 9:00am – 11:00am at the **Travel Lodge** (067 859 9575) in Middelburg, and from 14:00pm – 16:00pm at the **DLU Hall** (0827344337) in Groblersdal. All issues and concerns will be incorporated into a Comments and Response Report which will be updated continuously and included in the final report submitted to DEA.

Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela: Notice of DEA Acceptance of the Final Scoping Report and Eskom's intent of Re-application for Environmental Authorisation and Public Review Period for Draft EIA Report

Dear Interested and Affected Parties

Eskom Holdings SOC (Pty) Ltd have proposed the construction of a 400kV power line approximately 110 km in length from the Middelburg area in the south to the Marble Hall/Wolwekraal area in the north. The proposed line originates at the Silimela Substation, which is situated approximately 13km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation south of Middelburg within Mpumalanga..

The Final Scoping Report was accepted by the Department of Environmental Affairs (DEA) on 09 July 2018, however the application lapsed on 04 February 2019. No change of project scope has taken place, therefore the findings of the Scoping Report and environmental context has not changed. In terms of Regulation 21(2) of the 2014 EIA Regulations, as amended, all interested and Affected Parties (IAPs) are hereby notified of the Applicant's, Eskom's, intended re-submission of the Environmental Authorisation application, and intent to carry out the Environmental Impact Assessment (EIA) Phase.

Nemai Consulting are undertaking the public participation process for the proposed development as per Government Notice 982 of the EIA Regulations of 2014, as amended, in terms of the National Environmental Management Act (Act No. 107 of 1998) (NEMA). The Draft EIA Report is available for a 30-day public review period from **18 September 2019 to 18 October 2019** at the locations tabulated below. In addition, an electronic copy will be available on <http://www.nemai.co.za/documents.html>. In addition, two public meetings will be held on **02 October 2019** from 9:00am – 11:00am at the Travel Lodge (067 859 9575) in Middelburg, and from 14:00pm – 16:00pm at the DLU Hall (0827344337) in Groblersdal.

The proposed line originates at the Silimela Substation, which is situated approximately 13km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation south of Middelburg within Mpumalanga..

The Final Scoping Report was accepted by the Department of Environmental Affairs (DEA) on 09 July 2018, however the application lapsed on 04 February 2019. No change of project scope has taken place, therefore the findings of the Scoping Report and environmental context has not changed. In terms of Regulation 21(2) of the 2014 EIA Regulations, as amended, all Interested and Affected Parties (IAPs) are hereby notified of the Applicant's, Eskom's, intended re-submission of the Environmental Authorisation application, and intent to carry out the Environmental Impact Assessment (EIA) Phase.

Nemai Consulting are undertaking the public participation process for the proposed development as per Government Notice 982 of the EIA Regulations of 2014, as amended, in terms of the National Environmental Management Act (Act No. 107 of 1998) (NEMA).

The Draft EIA Report is available for a 30-day public review period from **18 September 2019 to 18 October 2019** at the Eastdene Public Library (Verdoorn Street, Middelburg; 013 249 7275) and Groblersdal Public Library (2 Grobler Street, Legolaneng, Groblersdal, Limpopo; 013 262 3056). In addition, an electronic copy will be available on <http://www.nemai.co.za/documents.html>). In addition, two public meetings will be held on **02 October 2019** from 9:00am – 11:00am at the Travel Lodge (067 859 9575) in Middelburg, and from 14:00pm – 16:00pm at the DLU Hall (0827344337) in Groblersdal.

Interested and Affected Parties (IAPs) are encouraged to provide comments. In order to ensure that you are identified as an IAP, please submit your name and contact information by means of e-mail, fax or post as soon as possible to the contact person provided below. All issues and concerns will be incorporated into a Comments and Response Report which will be updated continuously and included in the final report submitted to DEA.

Kind Regards,
Jacqui Davis

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PHASE AND DRAFT EIA REPORT REVIEW PERIOD FOR THE PROPOSED EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

Notice is hereby given in terms of the National Environmental Management Act (Act No. 107 of 1998) (NEMA) in accordance with the 2014 Environmental Impact Assessment (EIA) Regulations, as amended (07 April 2017) of the intent to carry out the EIA Phase for the proposed Emkhiweni Substation and 400kV Line from Emkhiweni Substation to Silimela. Nemat Consulting (Pty) Ltd has been appointed by Eskom Holdings SOC (Pty) Ltd as the independent Environmental Assessment Practitioner (EAP) to undertake the EIA Process in terms of the NEMA. The proposed activity entails the construction of a 400kV power line approximately 80km in length from the Middelburg area in the south to the Marble Hall/Motwedkraal area in the north. The proposed line originates at the Silimela Substation, which is situated approximately 13km to the southeast of Marble Hall in Limpopo Province and runs south-eastwards. The line terminates at the proposed Emkhiweni Substation south of Middelburg within Mpumalanga. The Final Scoping Report was accepted by the Department of Environmental Affairs (DEA) on 09 July 2018, however the application lapsed on 04 February 2019. No change of project scope has taken place, therefore the findings of the Scoping Report and environmental context has not changed. In terms of Regulation 21(2) of the 2014 EIA Regulations, as amended, all Interested and Affected Parties (IAPs) are hereby notified of the Applicant's, Eskom Holdings SOC (Pty) Ltd, intended re-submission of the environmental authorisation application, and intent to carry out the EIA Phase. Registered IAPs are invited and encouraged to review and comment on the Draft EIA Report for a 30-day review from 18 September 2019 to 18 October 2019 at the Eastdene Public Library (Verdoorn Street, Middelburg, 013 249 7275) and Groblersdal Public Library (2 Grobler Street, Legolaneeng, Groblersdal, Limpopo, 013 262 3056). An electronic copy will be available from the Nemat website. Any comments, concerns, or IAP registrations must be submitted to Jacqui Davis by 18 October 2019 via telephone (011 781 1730) fax (011 781 1731) email (jodavis@nemat.co.za) or post (PO Box 1873 Sunninghill, 2157). Two public meetings will be held on 02 October 2019 from 9:00am - 11:00am at the Travel Lodge (067 859 9575) in Middelburg, and from 14:00pm - 16:00pm at the DLU Hall (082 734 4337) in Groblersdal. All issues and concerns will be incorporated into Comments and Response Report which will be updated continuously and included in the final report submitted to DEA.

Appendix 5D: Comments and Responses Report (CRR)

EMKHIWENI SUBSTATION AND 400KV LINE FROM EMKHIWENI SUBSTATION TO SILIMELA

Comments and Responses Report

September 2019

Draft

Prepared for: Eskom Holdings (SOC) Ltd

Environmental, Social and OHS Consultants

P.O. Box 1673 147 Bram Fisher Drive Tel: 011 781 1730
Sunninghill Ferndale Fax: 011 781 1731
2157 2194 Email: info@nemai.co.za

1 PURPOSE OF THIS DOCUMENT

This Comments and Responses Report (CRR) summarises the correspondence received by Interested and Affected Parties (IAPs) and Organs of State, completed via the Reply Forms, Comments Sheets, letters, faxes and emails. This report captures all the significant issues and queries raised, any statements that were made, and a record of all IAPs that registered. This report also attempts to address every comment through responses and input provided by the project team.

2 PUBLIC PARTICIPATION – SCOPING PHASE

Nemai Consulting commenced with public notification in April 2018 in which the direct and adjacent landowners, key regulatory authorities, stakeholders and the public were informed of the proposed Emkhiweni Substation and 400KV Line from Emkhiweni Substation to Silimela. An IAP database was developed by identifying any interested and/or affected person which includes the following:

- Directly Adjacent Landowners/Occupiers
- Relevant Organs of State/Authorities, including:
 - DEA
 - Limpopo Department of Economic Development, Environment and Tourism (LEDET)
 - Mpumalanga Department of Economic Development, Environment and Tourism
 - Department of Roads and Transport (Mpumalanga and Limpopo)
 - DAFF – Mpumalanga and Limpopo Regional Office
 - DWS – Mpumalanga and Limpopo Regional Office
 - South African Heritage Resource Authority (SAHRA)
 - Provincial Heritage Resources Authority - Mpumalanga and Limpopo
 - Steve Tshwete, Elias Motsoaledi and Ephraim Mogale LM's
 - Mayor and City Manager
 - Roads and Stormwater
 - Electricity
 - Environmental
 - Ward Councillors
- Other Organs of State that may bear interest in the project
- Stakeholders and the affected service providers affected by the development
- Game Farms in the surrounding area
- Businesses in the surrounding area

IAPs identified in the IAP Database were notified via a Background Information Document (BID). The BID contained a brief overview of the project, a locality map, an overview of how the Scoping and EIA Process works, and the details on how a person can register as an IAP. In order to ensure all other possible IAPs (that were potentially not identified on the database) were notified and informed about the project, site notices were placed around the site area on road intersections fences and newspaper adverts were placed in several local newspapers.

The Draft Scoping Report was made available for the public and authorities to review and provide further comments on during the 30-Day Draft Scoping Report review period which took place from 16 April 2018 to 17 May 2018. The comments received from IAPs during the Draft Scoping Report review period have been considered and included in the Final Scoping Report.

3 PUBLIC PARTICIPATION – EIA PHASE

The CRR is continuously updated throughout the process and thus registered IAPs will have a chance to review this CRR during the 30-Day public and authority review period of the Draft EIA Report from 18 September 2019 to 18 October 2019. Nema Consulting commenced with notification of the Registered IAPs from 13 September 2019 to 16 September 2019, during which time a notice was published in 2 regional newspapers, and 4 local newspapers, and emails and SMS were distributed to contacts on the IAP database. The notification to authorities and IAPs informed parties of the (a) intent to continue with the Draft EIA Phase in terms of Regulation 2(2) of the 2014 EIA Regulations, as amended; (b) Draft EIA review period and where copies of the report could be viewed; and (c) public meetings planned for the review period. The DEA will be provided with the Final EIA Report in which further comments received by registered IAPs during the draft review period, as well as the minutes of the Public Meetings, will be included for the relevant DEA Official to consider when making the decision whether to grant Environmental Authorisation (EA) or not.

4 COMMENTS AND RESPONSES

The CRR has captured all comments received in writing and has captured all action items that have been recorded in minutes of any meetings. The project team have also provided a response to each comment which may provide clarity on a query or may provide a resolution to an issue/concern. IAPs must engage with the EAP if they feel their comments have not been addressed accurately. The CRR for the proposed Emkhiweni Substation and 400KV Line from Emkhiweni Substation to Silimela has been separated into the following main categories, based on comments received:

1. Registration of IAPs;

2. General Enquiries; and
3. Comments from Authorities.

4.1 Registration of IAPs

A record of all IAPs that registered are included in **Table 1** below.

Table 1: Registration of IAPs

| No. | Comment/Query | Raised by | Source and Date | Response |
|------|--|---|------------------------------------|-------------------|
| 1.1. | Registered as an IAP. | Lucas de Clercq Rietfontein Distrik Middelburg | Reply Form 10/04/2018 | Added to Database |
| 1.2. | Registered as an IAP. Refer to Table 2 for further comments. | Danny Private | Email 13/04/2018 | Added to Database |
| 1.3. | Registered as an IAP. | Bernard Enslin SERVITUDEWATCH CC | Email and Reply Form 02/05/2018 | Added to Database |

4.2 General Enquiries

Refer to **Table 2** below for the general enquires raised by registered IAPs.

Table 2: General enquires

| No. | Comment/Query | Raised by | Source and Date | Response |
|-----|--|------------------|---------------------|---|
| 2.1 | I think this is a good idea because I believe the power line would be very useful in future changes and also opening employment opportunities and I would love to know your employment stream for some of us who stay here at Middelburg and have interest in working there in case the construction | Private Danny | Email 13/04/2018 | Thank you for your email. We will include your comments into the Final Report, and I will ensure you are added to the Database. |

| No. | Comment/Query | Raised by | Source and Date | Response |
|-----|--|--|---------------------|--|
| | starts, please feel free to contact me anytime my number is [REDACTED] my name is Danny alternative you can use email address ([REDACTED]) | | | |
| 2.2 | Regarding our telephone conversation about transport for your workers on the project. I explained to you that I want to buy a vehicle and sign a contract with Eskom to transport their workers. Please let me know if this is possible. | Private Sarie Labuschagne | Email 01/06/2018 | Thank you for your email. We will include your comments into the Final Report, and your enquiry will be provided to Eskom. |
| 2.3 | Has EA been given on this project? If not where is the process at this stage. Your assistance will be appreciated. | Registered IAP Bernard Enslin | Email 07/03/2019 | Thank you for your email and enquiry into the process. EA has not been awarded on the project. The Final Scoping Report was accepted by the DEA in July 2018. Due to Specialist studies needing to be updated the project's application lapsed since the Draft EIA could not be submitted within the regulated timeframes. The Specialist studies have been undertaken, and the Draft EIA has been compiled, therefore, in terms of Regulation 21(2) of the 2014 EIA Regulations, as amended (07 April 2017), intends to re-submit the Application for EA from the Draft EIA Phase in September 2019. Upon submission, the Draft EIA will be available for public review for a period of 30 days from 18 September 2019 to 18 October 2019. Two public meetings will be held on 02 October 2019. |

4.3 Comments from Authorities

|-------|---|---|------------------------------|---|
| 3.11. | <p>This Department acknowledges receipt of the above mentioned report dated 8 May 2018, prepared by Nemai Consulting on behalf of Eskom Holdings SOC Ltd and the comments are as follows:</p> <ol style="list-style-type: none"> 1. The Applicant shall conduct a preliminary legal assessment too identify all the water use activities associated with the proposed project that will require authorisation by the Department of Water and Sanitation (DWS) and the applicant is hereby referred to Section 22(1) of the National Water Act, 1998 (Act 36 of 1998). 2. Any other water use related activities associated with this project that area not permissible as indicated on Section 22(1) of the National Water Act, 1998 (Act 36 of 1998) shall have to be authorised by the DWS prior to such water use activities taking place. 3. Flood-lines: The applicant must note that no activities should occur within a 100m or within 1:100 year floodline (whichever is greatest), unless authorised. 4. Pollution of groundwater and surface water: Page 49 of the report outlines that “spillage of construction related material such as fuel, oil, paint and grease and leaks from construction vehicles may pollute both ground and surface water”. Pollution of water resources must be avoided by implementing proper water and waste management during the entire life of operation. The mitigation measures and the monitoring plan must be implemented in consultation with the Department 5. Stormwater Management: “it has been indicated on page 16 of the scoping report that the maintenance staff will have to access the lines, routine maintenance and to protect the surrounding landscape from erosion, stormwater infrastructure may be required”. Stormwater management plan must be implemented to prevent pollution on run-off. The | <p>Mpumalanga Department of Water and Sanitation Ms T Tshipate 0123180512 TshipateT@dw s.gov.za</p> | <p>Letter 11/06/2018</p> | <ol style="list-style-type: none"> 1. The Applicant has obtained a Water Use License for the Emkhiweni Substation and 400kV Line from Emkhiweni substation to Silimela. 2. The Applicant has obtained a Water Use License for the Emkhiweni Substation and 400kV Line from Emkhiweni substation to Silimela. 3. This is noted. 4. Mitigation measures related to pollution of water resources are included in the Environmental Management Programme. A Water Use License has been obtained. 5. This is noted, and the recommended mitigation has been incorporated into the Impact Assessment and EMPr. 6. A Water Use License has been obtained for the project. 7. Waste disposal will take place at a registered and licensed waste disposal facility. 8. This is noted, and the recommended mitigation has been incorporated into the Impact Assessment and EMPr. 9. Reasonable measures will be taken to prevent the potential pollution of the ground and surface water resources due to the proposed onsite sanitation facilities. |

| | <p>signed service agreement with the service provider or local municipality with regard to the disposal of the waste.</p> <p>6. Wetland: On page 48 it is stated that there are several water courses (wetlands) within the study area, namely; Kliprivier. Selonsrivier and Olifantrivier. In terms of NWA, 1998 water resources require full protection from any possible impacts. The applicant shall note that any activity or infrastructure located within 1:100 year flood line of a water resources is a water use activity in terms of section 21 (c) and (i) “impeding or diverting the flow of water in a watercourse; altering the bed, banks, course or characteristics of a watercourse” of the National Water Act, 1998 (Act 36 of 1998) and shall have to be authorised by DWS before commencement of such activity.</p> <p>7. Pollution of underground and surface water: This shall be avoided by the implementing of proper water and waste management plan to prevent hydrocarbons spillages from trucks and seepage into the soil during construction phase. The applicant shall also take note of section 21(g) “disposing of waste in a manner which may detrimentally impact on a water resource” water use of the National Water Act, 1998 (Act 36 of 1998). The applicant shall provide DWS with a copy of signed service agreement with the service provider or local municipality with regard to the disposal of the waste.</p> <p>8. Storage facilities: The applicant shall ensure that fluids are stored and handled properly in a concrete or cement lined surface with berm walls to avoid any seepage into the groundwater resources and also ensure that the design of the storage area is such that any leakages or spillages can be contained.</p> | | | <p>The applicant will provide DWS with the requested information once this information is available.</p> <p>12. This is noted.</p> |

|-----|---|-----------|-----------------|----------|
| | <p>9. The applicant shall provide DWS with a detailed stormwater Management Plan to be implemented on site to prevent or minimize soil erosion.</p> <p>10. Site Rehabilitation: After construction the site needs to be rehabilitated in such a way that it prevents rapid runoff of water that could cause soil erosion. The soil must be stabilised on order to prevent the resulting wash downs into any water resources and where possible rehabilitation of the disturbed areas must be done concurrently with the construction activity.</p> <p>11. General and Hazardous waste management: The applicant shall ensure that domestic waste or any waste generated on site is handled, transported and disposed off at a designated landfill site. Furthermore, if there are spillages of hydrocarbons onto the soil as mentioned on page 46 and 49, the hazardous waste shall be disposed off at waste disposal site permitted to handle such materials. The applicant shall provide DWS with the copy of signed service agreement with the service provider or local municipality with regard to the disposal of the waste.</p> <p>12. The applicant shall note that in terms of section 19(1) of the National Water Act, 1998 (Act 36 of 1998), it is stated that “<i>an owner of land, a person in control of land or a person who occupies or uses the land on which-(a) any activity or process is or was performed or undertaken; or (b) any other situation exists, which causes, has caused or is likely to cause pollution of a water resources must take all reasonable measures to prevent any such pollution from occurring, continuing or recurring</i>”. Any pollution incident(s) originating from the proposed project shall be reported to the Provincial Head of the DWS within 24 hours.</p> | | | |

| No. | Comment/Query | Raised by | Source and Date | Response |
|-----|--|---|-----------------|--|
| | <p>The Department has evaluated the submitted FSR and the Plan of Study for Environmental Impact Assessment dated May 2018 and is satisfied that the said documents comply with the minimum requirements of the Environmental Impact Assessment (EIA) Regulations, 2014, as amended. The FSR is hereby accepted by the Department in terms of Regulation 22(1)(a) of the EIA Regulations, 2014, as amended.</p> <p>You may proceed with the environmental impact assessment process in accordance with the tasks contemplated in the Plan of Study for Environmental Impact Assessment as required in terms of the EIA Regulations, 2014, as amended.</p> <p><u>In addition, the following additional information is required and must be incorporated in the EIAR:</u></p> <ul style="list-style-type: none"> • <u>Project description</u> <p>The Department has noted that the footprint of the substation is stated to be 1kmx1km i.e. "The proposed Emkhiweni Substation would have a 1kmx1km footprint". Please confirm the footprint of the substation and ensure that the footprint is in hectares.</p> <p>The Department has noted under the scope of work that you may construct access roads and stormwater infrastructure, therefore, you are required to indicate in the draft EIAR if the activities related to aforesaid infrastructure are triggered or not. If triggered, please provide the details in terms of length and width (relevant details).</p> <ul style="list-style-type: none"> • <u>Activities applied for (section 6 of the application form-activities to be authorised)</u> | <p>012 399 9387</p> <p>TBooi@environment.gov.za</p> | | <p>All recommended mitigation measures and recommendations have been included in the EIA Report and EMPr (Appendix 7).</p> <p>Additional information requested:</p> <p>a) The footprint of the substation to be cleared during construction will be 600m x 600m (360 000m² or 36ha). The relevant details of the associated infrastructure have been provided under the Scope of Work (Section 7.1.2) and have been assessed and found not to trigger any listed activities. Furthermore, the substation roads and stormwater fall within heavily and moderately modified lands (Mpumalanga Biodiversity Sector Plan2).</p> <p>b) Activity 27 of GN R983, as amended, has been replaced with Activity 15 of GN R984, as amended, after the area to be affected by the construction of the proposed substation was better defined. Under activity 28 of GN R983, as amended, the sub-activity not relevant to the proposed development was removed from the table of listed activities applied for. The numbering and quotation of the listed activities applied for were reviewed, and corrections made where required.</p> |

| No. | Comment/Query | Raised by | Source and Date | Response |
|-----|--|-----------|-----------------|---|
| | <p>The total area to be cleared for activity 27 of GN R983 to be triggered must be included in the project activity description column.</p> <p>The Department has noted that under activity 28 of GN R983, you have described the development as it falls outside the urban area, however, the sub-activities point out that the site falls inside and outside. Therefore, please ensure that the relevant sub-activity is applied for and submitted with the amended application form when submitting the draft EIAR.</p> <p>Also ensure that the activity number and its sub-activities applied for are correctly quoted as per the EIA Regulation 2014, as amended.</p> <ul style="list-style-type: none"> • <u>Scope of assessment and content of the Environmental Impact Assessment</u> <p>The EIAR must comply with the requirements of Appendix 3 of the EIA Regulations, 2014, as amended.</p> <ul style="list-style-type: none"> • <u>Land use zoning</u> <p>It has been noted that the land proposed for the construction of a substation is currently zoned for agriculture, therefore, you are required to provide the zoning certificate to allow the change of land use from agriculture to industrial.</p> <ul style="list-style-type: none"> • <u>Layout, regional and Locality as well as sensitivity Maps</u> <p>All available biodiversity information must be used in the finalisation of the layout map. Existing infrastructure must be used as far as possible. The layout map must indicate the following:</p> <ul style="list-style-type: none"> ○ The location of sensitive environmental features on site e.g. CBAs, heritage sites, wetlands, drainage lines, rivers, streams, protected areas, etc. that will be | | | <p>c) The EIA Report will comply with the requirements of Appendix 3 of the EIA Regulations, 2014, as amended.</p> <p>d) The power line servitude has been registered, and the property for the development of the proposed substation has been acquired. The need for a change in zoning will be investigated with the relevant municipality.</p> <p>e) All available biodiversity information from GIS data available in the public domain (e.g. SANBI) and the available data provided by the relevant Specialists were included in the layout map. A sensitivity layout map is included in the EIA Report (Section 17.1 and under Appendix 3). All maps were drawn to include the listed attributes where applicable.</p> <p>f) Copies of the original comments received from IAPs and organs of state are contained in Appendix 5C. Proof to obtain comments will be available in the Final EIA Report in Appendix 5B. The draft EIA was placed for public review for a 30day period at the same time that the draft EIA report was submitted to the Department.</p> |

|-----|--|-----------|-----------------|---|
| | <p>affected by the development and its associated infrastructure;</p> <ul style="list-style-type: none"> ○ Buffer areas; ○ All “no-go” areas. <p>A sensitivity layout plan overlaid by the sensitive features and buffer zones i.e. wetland, conservation areas, rivers, and also the existing infrastructure in the vicinity of the proposed development must be submitted as part of the report for analysis of the effect of the proposed project on the environment. Please ensure all features are clearly indicated on the legend of the sensitivity layout plan.</p> <p>Please ensure that the Final EIR includes at least one A3 regional map of the area and the locality maps included in the final EIR illustrate the route alternative and site alternative. The maps must be acceptable quality and as a minimum, have the following attributes:</p> <ul style="list-style-type: none"> ○ Maps are relatable to one another; ○ Cardinal points; ○ Co-ordinates; ○ Legible legends; ○ Indicate alternatives; ○ Latest land cover; ○ Vegetation types of the study area; and ○ A3 size locality map. <ul style="list-style-type: none"> ● <u>Public Participation Process (PPP)</u> <p>All comments and recommendations made by all stakeholders and interested and Affected Parties (I&APs) on the Draft SR, and submitted as part of the Final SR, must be taken into consideration when preparing an Environmental Impact Assessment Report (EIR) in respect of the proposed development. You are also required to address all issues</p> | | | <p>Refer to Appendix 5D for the CRR to see all comments received and how they have been addressed.</p> <p>General comments:</p> <p>The findings of the Heritage Impact Assessment (Nzumbululo (Pty) Ltd, 2019) indicated that no heritage resources were found along the proposed development footprint. Therefore, it is not envisioned that permits are required by either Limpopo and Mpumalanga Heritage Agencies or SAHRA at this stage. However, both Provincial Heritage Agencies and SAHRA will be provided the EIA Report and HIA to obtain written comment from them during the 30-day review period of the Draft EIA Report, to be included in the CRR of the FEIR to be submitted to DEA.</p> |
