Good Morning,

EIA process noted. Since it is an agricultural zone, and this is just expansion, Madibeng Local Municipality does not have any objection.

Good day,

I support the expansion and related operation of 4 additional broiler poultry houses. I would like to get a mentor or experience in commercial farm like this project.

I am currently in a process to start my own farm production and I believe the heavy feather 2 farm can offer me valuable experience that will help me in my project.

Kind regards
