Dear Mary,

**RE: EXPORT PERMIT FOR DR ANOTHONY FIORILLO**

Dr Fiorillo has requested specimens for a new display at the Museum of Nature and Science in Texas. I have included a copy of his email giving more background information to his work and the museum. The request is for a 5-year renewable loan. The material will be couriered, most likely by Elliot International.

Please address the permit to Dr Roger Smith, for my attention.

Many thanks.

Yours sincerely,

Hi Sheena,

Thank you for your email. I, and my museum, greatly appreciate the efforts by Roger and yourself to arrange this loan. I have copied this email to Karen Morton, our Collections Manager at the Museum of Nature and Science.

My information is: Dr. Anthony Fiorillo, Curator of Earth Sciences, Museum of Nature and Science, P.O. Box 151469, Dallas, TX, 75315, USA.

My work phone number is: 972-201-0601  
My cell number is: 214-938-0190  
The Museum fax number is: 214-428-4356

The Museum of Nature and Science is an accredited, private, non-profit public museum. Our accreditation is through the American Association of Museums. We have on permanent loan fossil specimens from Southern Methodist University and I am an adjunct Associate Professor in the Huffington Department of Earth Sciences at SMU. We are also a federally recognized repository for fossils collected on public lands in the United States. We have fossils from various agencies such as the US National Park Service, the US Bureau of Land Management, and the US Forest Service.

I will get back to you regarding couriers. We have an account with FedEx, and using that courier we have a street address of Museum of Nature and Science, 3535 Grand Avenue, Dallas, TX 75210, USA. The zip code changes because we are situated at a boundary between mail districts.

Thank you again for your help.
