MOTORS SOUTH AFRICA
VACANT POSITION:
3RD YEAR APPRENTICE
A position has become available for an 3rd year apprentice to assist with the repair and servicing of motor vehicles according to factory / distributor standards and specifications, in the most productive way.
Requirements
• Grade 12 (preferably a technical matric) with mathematics and science and motor theory.
• Valid driver's license.
Responsibilities will include, but are not limited to:
• Assist in the repair and servicing of vehicles according to dealer/distributor standards and within the flat rate time allowed.
• Together with journeyman, establish parts required for service / repair to be performed and ensure correct parts are ordered
• Obtain authorization prior to carrying out additional work or dismantling components
• Obtain technical information from journeyman / technician on problem jobs
• Adhere strictly to technical specifications as laid down by manufacturer, or as instructed by journeyman
• Adhere to laid down workshop policies and procedures
• Note the description of all work performed on the back of repair order if required
• Place all used parts in plastic bag, except oil and fuel filters, and place on passenger floor
• All warranty replaced parts to be tagged according to laid down rules, and handed to Warranty Store.
• Ensure all oils and parts used are booked out on repair order
• Ensure vehicle is kept as clean as possible and use all protective items supplied
• Ensure workbay is kept safe, clean and tidy
• Ensure time started and completed are entered on repair order
• Report and faultly and/or broken equipment is reported to journeyman / technician
• Ensure all special tools and equipment are used with utmost care
• To possess a complete set of tools, as per RMI standards, and to maintain them in good working order
If you are interested in this position and meet the minimum requirements please apply by submitting your detailed CV on/before: 11 April 2022
