## 6. PUBLIC PARTICIPATION PROCESS

Public participation is an integral part of the Basic Assessment Process and will include the following components:

### First part of the Public Participation:

The primary purpose of this phase is to give potential interested and affected parties (I&APs) an opportunity to register as an interested or affected party and to submit comments and concerns. These comments and concerns are included in the Basic Assessment Report.

### Comment on the Basic Assessment Report:

The draft Basic Assessment Report will be made available to registered I&APs to provide them with an opportunity to comment, in writing, on this document before it is submitted to the competent authority. All comments received will be included in a comments and response report compiled by the Environmental Assessment Practitioner. This report will describe the issue raised, the date it was raised and by whom, and how the issue will be, or has been dealt with.

Comments received on the draft Basic Assessment Report are included in the final report prior to submission to the Mpumalanga Department of Economic Development, Environment and Tourism (MPDEDET).

**Online Participation:** For online registrations, submission of comments and review of project related documentation
