Dear Zama

The emails below dated 8, 11 and 22 October, have reference.

We had our kick-off meeting with the client (Mulilo Renewable Energy) and it is proposed that the best time to have the pre-app meeting will be after the site visit when more information is available. The specialists will submit First Constraints Maps (obvious no-go areas) and we will then have a better idea of the number of applications, etc.

The following dates are proposed:

- Thursday, 25 Nov any time after 12h00
- Tuesday, 30 Nov between 9h and 11h

However, would it please be possible to approve our PPP plan before the pre-app meeting? We will place all the onsite notices during the site visit, which will be conducted 17 – 19 November. The attached PPP plan is more comprehensive than the Plan submitted via your online system together with the meeting request, so please use the attached for approval.

Thank you in advance!

Kind regards

Susanna Nel
