02 July 2018

Attention: Priyanka Ramfol

Hammarsdale Junction

Dear Priyanka

Please find our pdf version of the Heritage Impact Assessment Report for the Hammarsdale Junction (2008) attached, as requested.

We are of the opinion that the report's validity is still applicable and valid in 2018.

I am on leave until 15 July. Should you urgently require the Amafa response to our report please could you make contact with Ms Wesibe Tshabalala at Amafa's Pietermaritzburg office; as we previously never directly received the Amafa comments, they being directed to the applicant rather than the heritage practitioner. Wezi can be contacted at archaeology@amafapmb.co.za or Telephone 033 3946 543) to enquire about the Council's original decision.

I would be in a position to follow this up for you after my return from leave, if need be.

Yours sincerely

Len van Schalkwyk
Principal Investigator.
