### PROPOSED ESTABLISHMENT OF THE HAPPY VALLEY WIND ENERGY FACILITY ON A SITE NORTH-WEST OF HUMANSDORP, EASTERN CAPE

DEA Ref No. 12/12/20/1861

**Project Name:** Happy Valley Wind Energy Facility

**Applicant:** Renewable Energy Investments South Africa

**Proposed Activity:** The establishment of a wind energy facility and associated infrastructure within a broader site of 4.8 km<sup>2</sup> located ~ 9 km north-west of Humansdorp. The proposed facility would have a generating capacity of approximately 30 MW and the following associated infrastructure:

- Up to 15 wind turbines and concrete foundations to support them
- Cabling between the turbines, to be laid underground where practical
- An on-site substation to facilitate the connection between the wind energy facility and the grid
- New overhead power lines to connect to Eskom's existing Melkhout substation
- Internal access roads to each turbine; and
- Workshop area for maintenance and storage.

**Location:** The wind energy facility is proposed on Portion 1 of Farm 810.

In terms of sections 24 and 24D of the National Environmental Management Act (No. 107 of 1998), as read with the EIA Regulations of GN R385 (Regulations 27 - 36) and R387, a Scoping Phase and an EIA Phase are required to be undertaken for the proposed project. The project has been registered with the National Department of Environmental Affairs under Application Reference Number 12/12/20/1861.

In this regard, Savannah Environmental in conjunction with Sustainable Futures ZA is undertaking the required environmental assessment and public participation process. ## VOORGESTELDE OPRIGTING VAN DIE HAPPY VALLEY WINDKRAGAAANLEG OP 'N TERREIN NOORDWES VAN HUMANSDORP IN DIE OOS-KAAPPROVINSIE

DEA Verwysingsnommer 12/12/20/1861

**Projeknaam:** Happy Valley Windkragaanleg

**Applikant:** Renewable Energy Investments Suid-Afrika

**Voorgestelde Aktiwiteit:** Die oprigting van 'n windkragaanleg en gepaardgaande infrastruktuur in 'n breër gebied van 5 km<sup>2</sup>, ~9 km noordwes van Humansdorp. Die voorgestelde aanleg sal oor 'n opwekkingsvermoë van sowat 30 MW en die volgende gepaardgaande infrastruktuur beskik:

- » Tot 15 windturbines en betonfondasies as ondersteuning
- » Kables tussen die turbines, ondergronds waar prakties moontlik
- » 'n Ter plaatse substasie om die konneksie tussen die windkragaanleg en die netwerk te bewerkstellig
- » Nuwe oorhoofse kraglyne om by Eskom se bestaande Melkhout Substasie aan te sluit
- » Interne toegangspaaie na elke turbine
- » 'n Werkswinkelgebied vir instandhouding en berging

**Ligging:** Die windkragaanleg word voorgestel op Gedeelte 1 van Plaas 810.

Ingevolge Artikel 24 en 24D van die Nasionale Wet op Omgewingsbestuur (Wet 107 van 1998), saamgelees met die OIE-regulasies van Staatskennisgewing R385 (Regulasie 27-36) en R387, word verlang dat 'n Bestekopname- en OIE-fase vir die voorgestelde projek onderneem word. Die projek is by die Nasionale Departement Omgewingsake geregistreer onder Aansoekverwysingsnommer **12/12/20/1861**.

In hierdie verband onderneem **Savannah Environmental**, in samewerking met **Sustainable Futures ZA**, die verlangde omgewingsevaluering en openbare deelnameproses. Ten einde meer inligting te bekom en op die projek se databasis te registreer, verstrek asseblief u naam, kontakbesonderhede en belang by die projek aan:

July 2010

Dear Stakeholder

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS:  
PROPOSED HAPPY VALLEY WIND ENERGY FACILITY & ASSOCIATED  
INFRASTRUCTURE ON A SITE NORTH-WEST OF HUMANSDORP,  
EASTERN CAPE  
(DEA Ref No. 12/12/20/1861)**

---

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

---

**Renewable Energy Investments South Africa (Pty) Ltd** (REISA) is proposing the establishment of a commercial wind energy facility and associated infrastructure which will be referred to as the Happy Valley Wind Energy Facility. The wind energy facility is proposed to be established on an identified site which is located approximately 9 km north-west of Humansdorp in the Eastern Cape, within the Kouga Local Municipality.

The wind energy facility is proposed on Portion 1 of Farm 810.

The proposed facility will have a **generating capacity of up to 30 MW** and will be comprised of the following infrastructure:

- » A cluster of up to **15 wind turbines** to be constructed over an area of ~ **5 km<sup>2</sup>** in extent
- » Each turbine will be a **steel tower** (of up to 80m in height), a **nacelle** (gear box) and three **rotor blades** with a rotor diameter of up to 90 m (i.e. each blade up to 45 m in length)
- » **Concrete foundations** to support the turbine towers
- » Underground electrical distribution **cabling** between the turbines
- » An on-site substation with an associated transformer
- » A new overhead power line to connect to Eskom's existing Melkhout substation;
- » **Internal access roads** to each wind turbine within the facility
- » Small office and/or workshop building for maintenance purposes

### **NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

The proposed development is considered to be a listed activity in terms of Government Notices R385 promulgated in terms of the National Environmental Management Act (Act No. 107 of 1998). In terms of this legislation, a Scoping and Environmental Impact Assessment are required to be undertaken for this proposed project.

In this regard, REISA has appointed **Savannah Environmental** to undertake the Environmental Impact Assessment process to identify and assess all potential environmental impacts that might arise as a result of the proposed project. **Sustainable Futures ZA** is assisting Savannah Environmental in the process through the facilitation of the public participation process, which forms part of the overall EIA process. You and/or the organisation/department which you represent have been identified as an Interested and Affected Party (I&AP). Should you have an interest in this project, please register yourself as an I&AP and note your formal comments by sending written correspondence in this regard. All comments received will form part of the Comments and Response Report that will be included in the Scoping and EIA reports which will be submitted to the Department of Environmental Affairs (DEA). By submitting your details and comments to Sustainable Futures ZA, you are ensured that your comments, concerns or queries will be noted.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to the contact person below. This project has been registered with the National Department of Environmental Affairs (DEA), the Competent Authority for this proposed project, under Application Reference Number **12/12/20/1861**.

Comments can be made as written submission via fax, post or e-mail.

Please submit your comments to
<b>Shawn Johnston of Sustainable Futures ZA</b> PO Box 749, Rondebosch, Cape Town, 7701 Fax: 086 510 2537 E-mail: swjohnston@mweb.co.za

Please do not hesitate to contact us should you require additional information and/or clarification regarding the proposed project. Our team welcomes your participation and looks forward to your involvement throughout this process.

Yours sincerely,

Shawn Johnston  
Process Facilitator

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS PUBLIC PARTICIPATION PROCESS**

**PROPOSED ESTABLISHMENT OF THE HAPPY VALLEY WIND ENERGY FACILITY ON A SITE NORTH-WEST OF HUMANSDORP, EASTERN CAPE**  
DEA Ref No. 12/12/20/1861

**Project Name:** Happy Valley Wind Energy Facility  
**Applicant:** Renewable Energy Investments South Africa  
**Proposed Activity:** The establishment of a wind energy facility and associated infrastructure within a broader site of 4.8 km<sup>2</sup> located ~ 9 km north-west of Humansdorp. The proposed facility would have a generating capacity of approximately 30 MW and the following associated infrastructure:  
 > Up to 15 wind turbines and concrete foundations to support them  
 > Cabling between the turbines, to be laid underground where practical  
 > An on-site substation to facilitate the connection between the wind energy facility and the grid  
 > New overhead power lines to connect to Eskom's existing Melkhout substation  
 > Internal access roads to each turbine; and  
 > Workshop area for maintenance and storage.

**Location:** The wind energy facility is proposed on Portion 1 of Farm 810.  
In terms of sections 24 and 24D of the National Environmental Management Act (No. 107 of 1998), as read with the EIA Regulations of GN R305 (Regulations 27 - 36) and R307, a Scoping Phase and an EIA Phase are required to be undertaken for the proposed project. The project has been registered with the National Department of Environmental Affairs under Application Reference Number 12/12/20/1861.

In this regard, **Savannah Environmental** in conjunction with **Sustainable Futures ZA** is undertaking the required environmental assessment and public participation process. To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

**PROPOSED ESTABLISHMENT OF THE DEEP RIVER WIND ENERGY FACILITY ON A SITE WEST OF HUMANSDORP, EASTERN CAPE**  
DEA Ref No. 12/12/20/1863

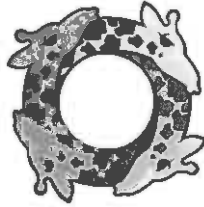

**Project Name:** Deep River Wind Energy Facility  
**Applicant:** Ventusa Energy  
**Proposed Activity:** The establishment of a wind energy facility and associated infrastructure within a broader site of 7 km<sup>2</sup> located ~ 18 km west of Humansdorp. The proposed facility would have a generating capacity of approximately 100 MW and the following associated infrastructure:  
 > Up to 50 wind turbines and concrete foundations to support them  
 > Cabling between the turbines, to be laid underground where practical  
 > An on-site substation to facilitate the connection between the wind energy facility and the grid  
 > New overhead power lines to connect to Eskom's existing Deep River substation (or alternatively Melkhout substation)  
 > Internal access roads to each turbine; and  
 > Workshop area for maintenance and storage.

**Location:** The wind energy facility is proposed on the following farm portions: Portions 4 and 16 of the farm Deep Rivers Mend 350 and Farm 891.  
In terms of sections 24 and 24D of the National Environmental Management Act (No. 107 of 1998), as read with the EIA Regulations of GN R305 (Regulations 27 - 36) and R307, a Scoping Phase and an EIA Phase are required to be undertaken for the proposed project. The project has been registered with the National Department of Environmental Affairs under Application Reference Number 12/12/20/1863.

In this regard, **Savannah Environmental** in conjunction with **Sustainable Futures ZA** is undertaking the required environmental assessment and public participation process. To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

**July 2010**

Dear Stakeholder

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS:  
PROPOSED HAPPY VALLEY WIND ENERGY FACILITY & ASSOCIATED  
INFRASTRUCTURE ON A SITE NORTH-WEST OF HUMANSDORP,  
EASTERN CAPE**

**(DEA Ref No. 12/12/20/1861)**

---

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS AND  
INVITATION TO REVIEW THE DRAFT SCOPING REPORT**

---

**Renewable Energy Investments South Africa (Pty) Ltd (REISA)** is proposing the establishment of a commercial wind energy facility and associated infrastructure which will be referred to as the Happy Valley Wind Energy Facility. The wind energy facility is proposed to be established on an identified site which is located approximately 9 km north-west of Humansdorp in the Eastern Cape, within the Kouga Local Municipality.

The wind energy facility is proposed on Portion 1 of Farm 810. The proposed facility will have a generating capacity of up to 30 MW and will be comprised of the following infrastructure:

## **ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

In terms of the EIA Regulations published in terms of Section 24(5) of the National Environmental Management Act (NEMA, No 107 of 1998), REISA requires authorisation from the National Department of Environmental Affairs (DEA) (in consultation with the Eastern Cape Department of Economic Affairs, Environment and Tourism) for the undertaking of the proposed project. In terms of sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with the EIA Regulations of GN R385 (Regulations 27–36) and R387, a Scoping and EIA are required to be undertaken for this proposed project. In order to obtain authorisation for this project, comprehensive, independent environmental studies must be undertaken in accordance with the EIA Regulations. This project has been registered with National DEA under Application Reference number 12/12/20/1861.

REISA has appointed **Savannah Environmental**, as independent consultants, to undertake a Scoping and Environmental Impact Assessment to identify and assess all potential environmental impacts associated with the proposed project for the area as identified, and propose appropriate mitigation measures in an Environmental Management Plan (EMP). As part of these environmental studies, I&APs will be actively involved through the public involvement process being undertaken by **Sustainable Futures**. You and/or the organisation/department which you represent have been identified as an Interested and Affected Party (I&AP). Should you have an interest in this project, please register yourself as an I&AP and note your formal comments by sending written correspondence in this regard. All comments received will form part of the Comments and Response Report that will be included in the EIA Report which is submitted to the DEA. By submitting your details and comments to Sustainable Futures ZA, you are ensured that your comments, concerns or queries will be noted.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to the contact person below.

### **INVITATION TO REVIEW THE DRAFT SCOPING REPORT**

In accordance with the EIA Regulations, a Draft Scoping Report has been compiled and is now available for public review and comment by Interested and Affected Parties (I&APs) and stakeholders. You are invited to review and comment on the draft report at the following locations:

<b><a href="http://www.savannahSA.com">www.savannahSA.com</a></b>	<b>Humansdorp Library</b>
---	---------------------------

The 30-day period for review is from **05 July 2010 to 03 August 2010**. Please submit written comment to Sustainable Futures ZA no later than 03 August 2010. All comments received will be included in the Final Scoping Report, which will be submitted to DEA (and Eastern Cape DEDEA as commenting authority) for their consideration and decision.

Comments can be made as written submission via fax, post or e-mail.

Please submit your comments to
<b>Shawn Johnston of Sustainable Futures ZA</b> PO Box 749, Rondebosch, Cape Town, 7701 Fax: 086 510 2537 E-mail: <a href="mailto:swjohnston@mweb.co.za">swjohnston@mweb.co.za</a>
The due date for comments on the Draft Scoping Report is <b>03 August 2010</b>

## ***PUBLIC MEETING***

In order to facilitate comments on the draft Scoping Report, a public meeting will be held during the review period. All interested and affected parties are invited to attend a public meeting:

**DATE: 13 July 2010**  
**TIME: 18:00-20:00**  
**VENUE: Kouga Cultural Center in Humansdorp**

The aim of the public meeting is to provide you with more information regarding the proposed project (including technical details, project process and timeframes etc), to provide a summary of the findings of the environmental scoping studies undertaken, to invite comment on the proposed project, and to further discuss possible issues of specific concern to you which may need to be investigated and managed through the EIA process.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the proposed project. Our team welcomes your participation and looks forward to your involvement throughout this process.

Yours sincerely,

Shawn Johnston  
Process Facilitator

# NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS PUBLIC PARTICIPATION PROCESS

## REVISED DRAFT SCOPING REPORT FOR THE HAPPY VALLEY WIND ENERGY FACILITY ON A SITE NEAR HUMANSDORP, EASTERN CAPE

DEA Ref No. 12/12/20/1861

---

**Project Name:** Happy Valley Wind Energy Facility

**Applicant:** Renewable Energy Investments South Africa

**Proposed Activity:** The establishment of a wind energy facility and associated infrastructure on portion 1 and remaining extent of Farm 810 in the Eastern Cape Province, on a site approximately 9 km north-west of Humansdorp.

**Revised Draft Scoping Report available for review:** A revised Draft Scoping Report, which now assesses the following, has been prepared by Savannah Environmental and is now available for public review:

- » Inclusion of Remaining Extent of Farm 810
- » A capacity of up to 20 wind turbines

This report replaces the Draft Scoping Report which was made available for review from 05 July 2010 – 03 August 2010. You are invited to review the revised report at one of the following locations:

- » Humansdorp Library
- » [www.savannahsa.com](http://www.savannahsa.com)

**Public Review Period:** The public review period is **16 November 2010 – 15 December 2010**. Please submit written comment by **15 December 2010**.

To submit written comment on the Draft Scoping Report, please contact **Sustainable Futures ZA**.

**November 2010**

Dear Stakeholder

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS:  
PROPOSED HAPPY VALLEY WIND ENERGY FACILITY & ASSOCIATED  
INFRASTRUCTURE ON A SITE NORTH-WEST OF HUMANSDORP,  
EASTERN CAPE**

**(DEA Ref No. 12/12/20/1861)**

---

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS AND  
INVITATION TO REVIEW THE REVISED DRAFT SCOPING REPORT**

---

**Renewable Energy Investments South Africa (Pty) Ltd** (REISA) is proposing the establishment of a commercial wind energy facility and associated infrastructure which will be referred to as the Happy Valley Wind Energy Facility. The wind energy facility is proposed to be established on an identified site which is located approximately 9 km north-west of Humansdorp in the Eastern Cape, within the Kouga Local Municipality.

Initially, the Draft Scoping Report only considered Portion 1 of Farm 810, however the site extent has now been revised to also include the Remaining Extent of Farm 810, a portion to the northwest of portion 1 of Farm 810. This additional farm portion covers an area of approximately 5 km<sup>2</sup>, which brings the total footprint of the site to approximately 10 km<sup>2</sup>.

Associated with this increase in site extent is also an increase in the maximum number of turbines proposed for the site, from a maximum of 15 turbines proposed initially to a maximum of 20 turbines proposed for the site.

A revised Draft Scoping Report, which now assesses the following, has been prepared by Savannah Environmental and is now available for public review:

- » Inclusion of Remaining Extent of Farm 810
- » A capacity of up to 20 wind turbines

This report replaces the Draft Scoping Report which was made available for review from 05 July 2010 – 03 August 2010.

### ***ENVIRONMENTAL IMPACT ASSESSMENT PROCESS***

In terms of the EIA Regulations published in terms of Section 24(5) of the National Environmental Management Act (NEMA, No 107 of 1998), REISA requires authorisation from the National Department of Environmental Affairs (DEA) (in consultation with the Eastern Cape Department of Economic Affairs, Environment and Tourism) for the undertaking of the proposed project. In terms of sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with the EIA Regulations of GN R385 (Regulations 27–36) and R387, a Scoping and EIA are required to be undertaken for this proposed project. In order to obtain authorisation for this project, comprehensive, independent environmental studies must be undertaken in accordance with the EIA Regulations. This project has been registered with National DEA under Application Reference number 12/12/20/1861.

REISA has appointed **Savannah Environmental**, as independent consultants, to undertake a Scoping and Environmental Impact Assessment to identify and assess all potential environmental impacts associated with the proposed project for the area as identified, and propose appropriate mitigation measures in an Environmental Management Plan (EMP). As part of these environmental studies, I&APs will be actively involved through the public involvement process being undertaken by **Sustainable Futures**. **June 2011**

DEA Reference Number: 12/12/20/1861

Dear Stakeholder

**ENVIRONMENTAL IMPACT ASSESSMENT PROCESS FOR THE  
PROPOSED HAPPY VALLEY WIND ENERGY FACILITY & ASSOCIATED  
INFRASTRUCTURE ON A SITE NORTH-WEST OF HUMANSDORP,  
EASTERN CAPE**

**EIA ANNOUNCEMENT**

Renewable Energy Investments South Africa (Pty) Ltd (REISA) is proposing the establishment of a commercial wind energy facility and associated infrastructure which will be referred to as the Happy Valley Wind Energy Facility. The wind energy facility is proposed to be established on an identified site which is located approximately 9 km north-west of Humansdorp in the Eastern Cape, within the Kouga Local Municipality.

The revised Draft Scoping Report (DSR) that was prepared by **Savannah Environmental**, as the independent environmental assessment practitioner, was made available for public review from **16 November 2010 to 15 December 2010**. The Final Scoping Report (FSR) was submitted to the National Department of Environmental Affairs (DEA) on 3 January 2011 for their review and acceptance.

Based on the above, this letter serves to inform you that the project has now progressed to the Environmental Impact Assessment (EIA) Phase of the EIA process, and Savannah Environmental, together with the specialist team, is currently in the process of undertaking the EIA phase studies and preparing the EIA Report.

As an interested and affected stakeholder you will be notified as to when and where the Draft Environmental Impact Report (DEIR) will be made available. During the Environmental Impact Assessment (EIA) Phase we would like to encourage interested and affected stakeholders to provide any additional comments in order to ensure that all their issues and concerns are incorporated into the environmental impact assessment process.

We thank you for your participation thus far and look forward in receiving additional comments. Should you require any additional information, please contact the public participation office.

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS AND  
INVITATION TO REVIEW THE REVISED DRAFT SCOPING REPORT**

---

**Renewable Energy Investments South Africa (Pty) Ltd** (REISA) is proposing the establishment of a commercial wind energy facility and associated infrastructure which will be referred to as the Happy Valley Wind Energy Facility. The wind energy facility is proposed to be established on an identified site which is located approximately 9 km north-west of Humansdorp in the Eastern Cape, within the Kouga Local Municipality.

***EIA PHASE PUBLIC FEEDBACK MEETING***

All interested and affected parties are invited to attend a public feedback meeting to be held on **17 August 2011, 18h30** at the **Humansdorp Boutique Hotel Conference Centre**

***DRAFT EIA REPORT AVAILABLE FOR REVIEW***

The Draft EIA Report has been made available for public review from 05 August 2011 – 04 September 2011 at the following locations:

» ***www.savannahSA.com***                      » ***Humansdorp Library***

In accordance with the EIA Regulations, a Revised Draft Scoping Report has been compiled and is now available for public review and comment by Interested and

Affected Parties (I&APs) and stakeholders. You are invited to review and comment on the draft report at the following locations:

<a href="http://www.savannahSA.com">www.savannahSA.com</a>	<b>Humansdorp Library</b>
--	---------------------------

The 30-day period for review is from **05 August 2011 – 04 September 2011**. All comments received will be included in the Final EIA Report, which will be submitted to DEA (and Eastern Cape DEDEA as commenting authority) for their consideration and decision.

Comments can be made as written submission via fax, post or e-mail.

Please submit your comments to
<b>Shawn Johnston of Sustainable Futures ZA</b> PO Box 749, Rondebosch, Cape Town, 7701 Fax: 086 510 2537 E-mail: <a href="mailto:swjohnston@mweb.co.za">swjohnston@mweb.co.za</a>

Please do not hesitate to contact us should you require additional information and/or clarification regarding the proposed project. Our team welcomes your participation and looks forward to your involvement throughout this process.

Yours sincerely,

Shawn Johnston  
Process Facilitator

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS  
PUBLIC PARTICIPATION PROCESS  
PROPOSED ESTABLISHMENT OF THE HAPPY VALLEY WIND  
ENERGY FACILITY ON A SITE NORTH-WEST OF  
HUMANSDORP, EASTERN CAPE DEA Ref  
No. 12/12/20/1861**

**Applicant:** Renewable Energy Investments South Africa

**Proposed Activity:** The establishment of a wind energy facility and associated infrastructure within a site located ~ 9 km north-west of Humansdorp. The proposed facility would include:

- up to 20 wind turbines;
- underground cabling linking the wind turbines;
- a substation;
- ~12km long power line linking to the Melkhout Substation
- access roads; and
- workshop / storage area

**Location:** The wind energy facility is proposed on Portion 1 and Remaining Extent of Farm 810.

In terms of sections 24 and 24D of the National Environmental Management Act (No. 107 of 1998), as read with the EIA Regulations of GN R385 (Regulations 27 – 36) and R387, a Scoping Phase and an EIA Phase are required to be undertaken for the proposed project. The project has been registered with the National Department of Environmental Affairs under Application Reference Number 12/12/20/1861.

**EIA PHASE PUBLIC FEEDBACK MEETING**

All interested and affected parties are invited to attend a public feedback meeting to be held on **17 August 2011, 18h30** at the **Humansdorp Boutique Hotel Conference Centre**

**DRAFT EIA REPORT AVAILABLE FOR REVIEW**

The Draft EIA Report has been made available for public review from **05 August 2011 – 04 September 2011** at the following locations:

- » [www.savannahSA.com](http://www.savannahSA.com)                      » Humansdorp Library

**Savannah Environmental** is undertaking the required environmental assessment and public participation process. To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

## NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT PROCESS PUBLIC PARTICIPATION PROCESS PROPOSED ESTABLISHMENT OF THE HAPPY VALLEY WIND ENERGY FACILITY ON A SITE NORTH-WEST OF HUMANSDORP, EASTERN CAPE DEA Ref No. 12/12/20/1861

Applicant: Renewable Energy Investments South Africa  
Proposed Activity: The establishment of a wind energy facility and associated infrastructure within a site located ~9 km north-west of Humansdorp. The proposed facility would include:

- up to 20 wind turbines;
- underground cabling linking the wind turbines;
- a substation;
- ~12km long power line linking to the Melkhout Substation
- access roads; and
- workshop / storage area

Location: The wind energy facility is proposed on Portion 1 and Remaining Extent of Farm 810.

In terms of sections 24 and 24D of the National Environmental Management Act (No. 107 of 1998), as read with the EIA Regulations of GN R385 (Regulations 27-36) and R387, a Scoping Phase and an EIA Phase are required to be undertaken for the proposed project. The project has been registered with the National Department of Environmental Affairs under Application Reference Number 12/12/20/1861.

**EIA PHASE PUBLIC FEEDBACK MEETING**  
All interested and affected parties are invited to attend a public feedback meeting to be held on **17 August 2011, 18h30** at the **Humansdorp Boutique Hotel Conference Centre**

**DRAFT EIA REPORT AVAILABLE FOR REVIEW**  
The Draft EIA Report has been made available for public review from **05 August 2011 04 September 2011** at the following locations:  
» www.savannahSA.com » Humansdorp Library

Savannah Environmental is undertaking the required environmental assessment and public participation process. To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:
