NOORDWESTER: 18 Maart 1941. Die waterskaarste wat inwoners van Calvinia die laaste jaar in die aangesig gestaar het, is tans finaal opgelos volgens wat op die stadsraadsvergadering verlede Dinsdag gerapporteer is. Noudat beide boogpate op die plaas wat deur die raad sowat 18 maande gelede gekoop is voorsien is van sentrifugale pompe en die toerusting saam met die enjins laaste week in werking gestel is, blyk dit dat daar vir die teenswoordige altnas oorvloed van water is.

LIEBENBERG OOR DROOGTEHULP

30,5 miljoen nie bestee, teruggegee

KIMBERLEY – Die Demokratiese Alliansie in die Noord-Kaap bly erg bekommerd dat die proses om die Noord-Kaap as droogte-geïstudeerde gebied te verklaar onnodig vertraag word deur die regering, het me. Reinet Liebenberg die party se woordvoerder van Landbou, Landelike Ontwikkeling en Grondhervorming gesê.

Intussen ly boere en plaaswerkers, hulle gesinne en die groter landelike gemeenskap terwyl die ekonomiese krisis wat die land 62 000 direkte en indirekte werksgeleenthede kan kos, voortduur.

'n Gesamentlike vergadering van die Departemente van COGHSTA, Landbou, Landelike Ontwikkeling en Grondhervorming sowel as Omgewing en Natuurbehouding het Dinsdag 3 September 2019 by die wetgewer plaasgevind. Daar is gevind dat 'n gebrek aan leierskap en verantwoordelikheid grootliks die skuld moet kry vir die verswaring van die impak van die droogte. Dit is hierdie gebrek aan dringendheid, veral die onvermoë om hulle van finansiële verslae van vorige droogte uitgawes te voorsien wat die Nasionale Rampbestuur Sentrum vertraag om die droogte as 'n provinsiale ramp te verklaar. Dit is 'n noodsaaklike voorwaarde vir die Premier om die droogte as 'n ramp te verklaar. Daar bestaan dus 'n situasie waar:

1. Die Departement van Landbou nagelaat het om kritieke verslae aan die Provinsiale

Rampbestuur Sentrum voor te lê. Dit sluit in 'n verligtingsstrategie vir die droogte, 'n verslag van uitgawes van vorige droogtehelp wat ontvang is, sowel as 'n verslag oor hoe die departement gereageer het op vroeë waarskuwingstekens.

2. R30,5 miljoen fondse wat vir droogteverligting bedoel is nie gespandeer in die 2018/2019 finansiële boekjaar nie. Die Departement van Omgewingsake het dus 'n oorplasing (roll-over) versoek wat nog nie toegestaan is nie.

3. Twee distrik munisipaliteite, Frances Baard en John Taole Gaetsewe het nie raadsbesluite oor die droogte geneem nie.

4. Die departement van COGHSTA het nog nie 'n rampbestuurplan in plek nie.

5. Die versoek om die verklaring van 'n provinsiale ramp is eers op 26 Julie 2019 aan COGHSTA voorgelê, ten spyte daarvan dat die droogte van die afgelope vyf jaar bestempel kan word as die ergste die afgelope honderd jaar.

Daar is gehoop dat die proses gefinaliseer sal word by die vergadering met die Provinsiale Rampbestuur Sentrum Woensdag 4 September 2019. Die verklaring is nodig sodat die regering fondse kan prioriteiseer aan droogtehelp.
