1. INTRODUCTION

The Public Participation Process (PPP) for this Draft Scoping Report was undertaken in accordance with Regulation 41 of the EIA regulations, 2014 (as amended in 2017), and the public and relevant authorities and stakeholders were notified on the proposed project.

2. PHASE 1: THIRTY (30) DAY PUBLIC PARTICIPATION PROCESS ON DRAFT SCOPING REPORT

2.1 SITE NOTICES

The site notices were placed in areas easily noticeable to the public on **14 March 2018**. A total of two (2) site notices were placed on the boundaries of the site. Please find attached appendix C1 proof of placement with coordinates of the locations. The on-site notices included a 30 day interested and affected party (I&AP) registration and commenting period.

See Proof of Placement of the notices in **Appendix C1**.

2.2 NEWSPAPER ADVERTISEMENTS

Advertisements were placed in one local newspaper, the Noordkaap Koerant, on **14 March** to notify the public of the Draft Scoping Process of the Secundis Belegings (Pty) Ltd application and to provide an opportunity to register on the I&AP database and raise their comments on the proposed project.

See **Appendix C1** for proof of advertisement placed in the Noordkaap Koerant.

2.3 NOTIFICATION OF STAKEHOLDERS AND I&APs

Stakeholders and I&APs were directly informed on the proposed project via e-mail and they were requested to submit their comments to the Environmental Assessment Practitioner.

Interested & Affected Party Comment Forms were disseminated to all properties adjacent to the proposed development.

See **Appendix C2** for proof of notification.

2.4 NOTIFICATION OF GOVERNMENTAL AND OTHER AUTHORITIES

A number of Authorities and Organs of State were directly informed on the proposed project via e-mail and they were requested to submit their comments to the Environmental Assessment Practitioner.

All the correspondence with Governmental and other Authorities is added in **Appendix C4**.

2.5 COMMENTS AND RESPONSE DURING THE PUBLIC ANNOUNCEMENT OF THE PROJECT

The EIA Regulations, 2014 specify that I&APs must have an opportunity to verify that their issues have been captured, through the inclusion of a Comments and Response Report (CRR) in the Final Scoping Report.

The comments and response report can be found in **Appendix C3**.

2.6 PLACEMENT OF INTERNET / WEBSITE COPY

The Draft Scoping Report was made available on the Eco-Con Environmental website: www.eco-con.co.za. Key Stakeholders and I&APs were informed of the placement of the Draft Scoping Report.

3. PHASE 2: THIRTY (30) DAY PUBLIC PARTICIPATION PROCESS ON IMPACT ASSESSMENT REPORT

3.1 NOTIFICATION OF STAKEHOLDERS AND I&APs

Stakeholders and I&APs were directly informed on the proposed project via e-mail and they were requested to submit their comments to the Environmental Assessment Practitioner on the Impact Assessment Report.

Interested & Affected Parties, landowners and adjacent landowners / occupiers of the land were also invited to comment on the impact assessment report.

See **Appendix E2** for proof of notification. (To be inserted once the 30 day PPP in the IAR is complete)

3.2 NOTIFICATION OF GOVERNMENTAL AND OTHER AUTHORITIES

A number of Authorities and Organs of State were directly informed on the proposed project via e-mail and they were requested to submit their comments to the Environmental Assessment Practitioner on the impact assessment report.

All the correspondence with Governmental and other Authorities is added in **Appendix E4**. (To be inserted once the 30 day PPP in the IAR is complete)

3.3 PLACEMENT OF INTERNET / WEBSITE COPY

The Impact Assessment Report was made available on the Eco-Con Environmental website: www.eco-con.co.za. Key Stakeholders and I&APs were informed of the placement of the Impact Assessment Report.

4. PHASE 3: INCORPORATION OF COMMENTS AND FEEDBACK TO ALL STAKEHOLDER, I&AP'S AND ORGANS OF STATE

After the thirty (30) day public participation period on the scoping report, and the 30 day public participation period on the Impact Assessment report, all comments, feedback and / or questions and concerns were captured in the comments and response report which is attached to **Appendix E3**. The EAP provided feedback to all the comments,

feedback and / or questions and concerns received and addressed as issued in the Final Scoping report and the Impact Assessment Report before submitting to DENC.

5. CONCLUSION

It is concluded that the level of advertising, notification, and the mechanism incorporated in the public participation process, to inform the surrounding land users, I&APs and identified government authorities, were adequate.

6. APPENDICES

Appendix C1: Proof of placement: Advertisements and Site Notices

Appendix C2: Proof of notification to stakeholders

Appendix C3: Comments and Response Report

Appendix C4: Proof of written notification to Governmental and other Authorities.

Appendix C5: List of Registered Interested and Affected Parties

Appendix C1 Proof of Placement: Adverts and Site Notices

Site Notices Placed

Site Notice 1: (28°44'47.89"S; 23°12'16.30"E)

Site Notice 2: (28°45'15.54"S; 23°12'29.65"E)

Dear Stakeholder / Interested and Affected Parties / Organs of State

RE: Secundis Belegings - 135 ha Agricultural development near Griekwastad - 30 day Public Participation Period

Eco-Con Environmental has been appointed by Secundis Belegings (Pty) Ltd. to undertake the Legislative required Scoping and EIA assessment Application process for above mentioned project.

In accordance with Listing Notice 983 of the National Environmental Management Act (Act 107 of 1998) (NEMA) EIA Regulations of December 2014, Eco-Con Environmental is conducting a Public Participation Process to engage with stakeholders / interested and affected parties / organs of state on the matter.

As part of the Public Participation Process, Eco-Con Environmental identified yourself / your organisation as a participant in the process and would like to invite you to act hereto.

Hereby you are given the opportunity to provide us with your comments / concerns and / or questions regarding the proposed project.

Attached to this mail is the Draft Scoping Report. We kindly request you to download the appendices from our website (www.eco-con.co.za/projects) or alternatively, please click on the link: <http://eco-con.co.za/projects/>

The **30 day** public participation period is open from **14 March 2018 to 14 April 2018**. Please ensure your feedback is provided prior to the closure of the participation period.

Once the 30 day Public Participation period is conclude, all comments and feedback will be compiled in a comments and responses report which will be submitted to the Department for review in their decision making process.

If you know of any other individuals or organs of state that should be notified on this process, please provide their contact information as soon as possible so we can contact them.

We look forward to engaging with you further on this matter.

Kind regards

Interim Comment

In terms of Section 38(3), 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Secundis Beleggings (Pty) Ltd.

The company Secundis Beleggings (Pty) Ltd. is proposing to commence with the process of procuring the Remaining Extent of the Farm Reliance No. 347 near the town of Griekwastad in the Northern Cape Province (135ha). The reason for the intended procurement is for establishing fourteen (14) seed potato farming pivots on the farm of natural previously uncultivated land.

Eco-Con Environmental (Pty) Ltd has been appointed by Secundis Beleggings (Pty) Ltd to conduct a Scoping and Environmental Impact Assessment (S&EIA) Process in support of an Environmental Authorisation Application for the proposed cultivation of 135 ha virgin soil for the establishment of 14 seed potato farming pivots and associated water pipelines on Remaining Extent of the Farm Reliance No. 347 near Griekwastad, Northern Cape Province. A draft Scoping Report has been submitted to SAHRA in terms of the National Environmental Management Act, 1998 (NEMA) and the 2017 EIA Regulations.

Dr Lloyd Rossouw of the National Museum in Bloemfontein was appointed to conduct the Heritage Component of the S&EIA process.

Rossouw, L. 2018. Phase 1 Heritage Impact Assessment of proposed installation of new irrigation pivots on the farm Reliance No. 347 near Griekwastad, Northern Cape Province.

The geology mostly likely to be impacted by the proposed project area consists of a thick mantle of aeolian Kalahari sands which are of recent age. No heritage resources were identified within the proposed agriculture area, and the terrain is not considered to be archaeological vulnerable. No recommendations were provided.

Interim Comment

SAHRA Archaeology, Palaeontology and Meteorites (APM) Unit requests that the Scoping Report appendices, the draft EIA and all appendices must be submitted to the case application on SAHRIS so that an informed comment can be issued.

Further comments will be issued upon receipt of the above.

Should you have any further queries, please contact the designated official using the case number quoted

Page No: 1

Interim Comment

In terms of Section 38(3), 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Secundis Beleggings (Pty) Ltd.

The company Secundis Beleggings (Pty) Ltd. is proposing to commence with the process of procuring the Remaining Extent of the Farm Reliance No. 347 near the town of Griekwastad in the Northern Cape Province (135ha). The reason for the intended procurement is for establishing fourteen (14) seed potato farming pivots on the farm of natural previously uncultivated land.

Eco-Con Environmental (Pty) Ltd has been appointed by Secundis Beleggings (Pty) Ltd to conduct a Scoping and Environmental Impact Assessment (S&EIA) Process in support of an Environmental Authorisation Application for the proposed cultivation of 135 ha virgin soil for the establishment of 14 seed potato farming pivots and associated water pipelines on Remaining Extent of the Farm Reliance No. 347 near Griekwastad, Northern Cape Province. A draft Scoping Report has been submitted to SAHRA in terms of the National Environmental Management Act, 1998 (NEMA) and the 2017 EIA Regulations.

Dr Lloyd Rossouw of the National Museum in Bloemfontein was appointed to conduct the Heritage Component of the S&EIA process.

Rossouw, L. 2018. Phase 1 Heritage Impact Assessment of proposed installation of new irrigation pivots on the farm Reliance No. 347 near Griekwastad, Northern Cape Province.

The geology mostly likely to be impacted by the proposed project area consists of a thick mantle of aeolian Kalahari sands which are of recent age. No heritage resources were identified within the proposed agriculture area, and the terrain is not considered to be archaeological vulnerable. No recommendations were provided.

Interim Comment

SAHRA Archaeology, Palaeontology and Meteorites (APM) Unit requests that the Scoping Report appendices, the draft EIA and all appendices must be submitted to the case application on SAHRIS so that an informed comment can be issued.

Further comments will be issued upon receipt of the above.

Should you have any further queries, please contact the designated official using the case number quoted
