**SITE NOTICES & NEWSPAPER**  
**ADVERTISEMENTS**

## SITE NOTICES

# NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

## HIGHVELD SOLAR PV FACILITY, STILFONTEIN, NORTH WEST PROVINCE

---

**Applicant:** WKN Windcurrent SA (Pty) Ltd

**Activity:** The development of a solar PV facility with a capacity of up to 240MW and associated infrastructure, including:

- » Solar PV arrays, modules and mounting structures
- » Inverters and transformers
- » Battery Energy Storage System (BESS)
- » On-site facility substation
- » Cabling between the project components
- » Site and internal access roads and fencing around the development area
- » Temporary and permanent laydown areas and O&M buildings.

**Project Location:** on Portions 56, 11, and 10 of Farm Rietfontein 388 as well as Remainder of Farm Rietfontein 3, approximately ~15km north east of Stilfontein within the Klerksdorp REDZ. The site is within the Matlosana Local Municipality and within the Dr Kenneth Kaunda District Municipality, North West Province.

**Basic Assessment Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, and GN R114 (February 2018), a Basic Assessment is to be undertaken for the Solar PV Facility. An application is to be lodged with the Department of Forestry, Fisheries and the Environment (DFFE), as the competent authority.

**Public Participation Process:** Savannah Environmental is the environmental consultant responsible for undertaking the Basic Assessment and Public Participation process in support of the application for EA. To obtain further information on the project and to register on the project database, please submit your name, contact information and interest in the project, in writing, to:

**Nicolene Venter**

## PROCESS NOTICES

## NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

### HIGHVELD SOLAR PV FACILITY GRID CONNECTION, STILFONTEIN, NORTH WEST PROVINCE

---

**Applicant:** WKN Windcurrent SA (Pty) Ltd

**Activity:** Construction and operation of grid connection infrastructure consisting of a Switching Substation and a 132kV power line between the proposed Highveld Solar PV facility and a point of connection on the Hermes DS - Potchefstroom DS 1 132kV Feeder line.

**Project Location:** The grid connection infrastructure will include a substation on the Farm Rietfontein 388, and a power line within a 300m wide and 20km long corridor. The corridor extends between the proposed Highveld Solar PV Facility and a point of connection on the Hermes DS - Potchefstroom DS 1 and Buffels East 1 - Potchefstroom 132kV Feeder lines located east of Khuma and south of the R502. The site is within the Matlosana Local Municipality and within the Dr Kenneth Kaunda District Municipality, North West Province.

**Basic Assessment Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, a Basic Assessment is to be undertaken for the grid connection infrastructure. An application is to be lodged with the Department of Forestry, Fisheries and the Environment (DFFE), as the competent authority.

**Public Participation Process:** Savannah Environmental is the environmental consultant responsible for undertaking the Basic Assessment and Public Participation process in support of the application for EA. To obtain further information on the project and to register on the project database, please submit your name, contact information and interest in the project, in writing, to:

**Nicolene Venter at Savannah Environmental**

P.O. Box 148, Sunninghill, 2157

Tel: 011 656 3237

Mobile: 060 978 8396 (including Please Call Me)

Fax: 086 684 0547

Website: [www.savannahsa.com](http://www.savannahsa.com)

The logo for Savannah Environmental features the word "savannah" in a lowercase, sans-serif font. The letter "a" is red, and the letter "n" is black. Below "savannah" is the word "environmental" in a smaller, lowercase, sans-serif font, with the letter "i" in red.

This notice is **not** for **job applications** but rather an opportunity to **register/comment** on the project.

Should you know of any **vulnerable person** that needs to be informed of and be part of this proposed project, please contact us.

**PROOF OF PROCESS NOTICES** (Date placed: 22 September 2022)

## ADVERTISEMENTS

# NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

## HIGHVELD SOLAR PV FACILITY, STILFONTEIN, NORTH WEST PROVINCE

---

**Applicant:** WKN Windcurrent SA (Pty) Ltd

**Activity:** The development of a solar photovoltaic (PV) facility with a generating capacity of up to 240MW and associated infrastructure, including:

- » Solar PV arrays, modules and mounting structures
- » Inverters and transformers
- » A Battery Energy Storage System (BESS)
- » On-site facility substation
- » Cabling between the project components
- » Site and internal access roads up to 6m in width, where required
- » Temporary and permanent laydown areas and O&M buildings and fencing around the development area.

The Highveld PV Grid Connection is assessed in a separate Basic Assessment Report.

**Project Location:** ~15km north east of the town of Stilfontein within the JB Marks Local Municipality, and within the greater Dr Kenneth Kaunda District Municipality, North West Province. The project falls within the Klerksdorp REDZ on Portions 10, 11, and 56 of Farm Rietfontein 388 as well as the Remainder of Farm Rietfontein 3.

**Basic Assessment Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, a Basic Assessment is to be undertaken for the Solar PV Facility. Savannah Environmental is undertaking the required environmental assessment and public participation process for the project. The application is to be lodged with the Department of Forestry, Fisheries and the Environment (DFFE), as the competent authority.

**Basic Assessment Report available for review & comment:** The Basic Assessment Report is available for download, review & comment from the Savannah Environmental website at [www.savannahsa.com/public-documents/energy-generation/](http://www.savannahsa.com/public-documents/energy-generation/). The 30-day review & comment period for the Basic Assessment Report is from **11 November 2022** to **12 December 2022**. The final day for written comments to be submitted is **12 December 2022**.

To obtain further information and register on the project database and submit comments or queries, please refer to the contact information:

# Nuwe skoolhoof by Driefonteine

**PUBLIC PARTICIPATION PROCESS FOR APPLICATION FOR ENVIRONMENTAL AUTHORISATION FOR:**

- THE PROPOSED DEVELOPMENT OF DOMINION 1 SOLAR PARK AND ASSOCIATED INFRASTRUCTURE LOCATED NEAR KLERKSDORP, NORTH WEST PROVINCE, SOUTH AFRICA
- THE PROPOSED DEVELOPMENT OF DOMINION 2 SOLAR PARK AND ASSOCIATED INFRASTRUCTURE LOCATED NEAR KLERKSDORP, NORTH WEST PROVINCE, SOUTH AFRICA
- THE PROPOSED DEVELOPMENT OF DOMINION 3 SOLAR PARK AND ASSOCIATED INFRASTRUCTURE LOCATED NEAR KLERKSDORP, NORTH WEST PROVINCE, SOUTH AFRICA

**Project Description and Location**  
(DFFE Ref: 2022-04-0011)

**Property Location**

- Dominion 1 Solar Park (RF) Proprietary Limited; located on Wolverand - RE/18/425
- Dominion 2 Solar Park (RF) Proprietary Limited; located on Wolverand - RE/8/425
- Dominion 3 Solar Park (RF) Proprietary Limited; located on Wolverand - RE/31/425; RE/32/425 and RE/11/425

**GPS Location:**

- Dominion 1 location (Middle Point) 26°54'21.65"S, 26°30'35.03"E
- Dominion 2 location (Middle Point) 26°54'20.99"S, 26°31'9.30"E
- Dominion 3 location (Middle Point) 26°53'7.37"S, 26°30'52.51"E

**Project Description:**  
The Dominion Solar PV Cluster 1-3, is intended to establish 3 Photovoltaic Solar Energy Facility (PVSEF) Projects (120MW, 160MW and 100MW respectively), located near Klerksdorp, in the City of Matlosana Local Municipality, within the jurisdiction of the Dr. Kenneth Kaunda District Municipality, North-West Province. The projects are located in the Klerksdorp Renewable Energy Development Zone (REDZ) and the Central Corridor of the Strategic Transmission Corridor (EG), therefore, the proposed projects require Basic Assessment Applications and are seen as priority projects for South Africa's power generation. Each Dominion Solar Park will comprise of Back-to-Back substations (including facility substation, Eskom collector station with feeder bays); Battery Energy Storage Systems (BESS). The BESS capacity at each solar park varies. Access Roads are 8m wide at varying lengths to suite individual solar parks, and an O&M building. The overall energy generation output capacity also varies per solar park. The final interconnection solution for the overhead power line will be dependent on the requirements of Eskom, which is still to be defined and will be included in a separate Basic Assessment Process.

**Project Progress and Participation**

This notification forms part of the public consultation process as required by the NEMA EIA Regulations (2014, as amended) and is taking place as part of the Basic Assessment Process. Terramanzi Group (Pty) Ltd has been appointed to undertake the necessary environmental permitting for the above-mentioned Project.

**Opportunity to Participate:**  
Interested and affected parties ("I&APs") are hereby invited to register as a stakeholder for this Project. I&APs should please use the correct project reference as indicated below when commenting and must provide their comments together with their name, contact details (preferred method of notification, e.g. e-mail address or fax number) and a disclosure of any direct business, financial, personal or other interest which that party may have in the approval or refusal of the application, to the contact persons indicated below, within **30 calendar days** (i.e. the deadline for comments is **13 December 2022**) from the date of this notice (**14 November 2022**) in accordance with the statutory requirements.

**PLEASE NOTE:** The draft Basic Assessment Report will be available electronically at the following website link from **14 November 2022** for comment: <https://bit.ly/3UuJt2E>

Please submit all comments directly to the Environmental Assessment Practitioner (EAP), as follows:

Electronic mail: [comments@terramanzi.co.za](mailto:comments@terramanzi.co.za); or  
Facsimile: 086 558 1213; or  
For Attention (the EAP): Kristen Shaw  
Terramanzi Group Project Reference Numbers:  
Dominion 1 Solar Park: 220303 - 01  
Dominion 2 Solar Park: 220303 - 02  
Dominion 3 Solar Park: 220303 - 03

## Klerksdorp Rekord, Stilfontein - Laerskool Driefonteine se nuwe hoof is aangewys.

Frans Marx (55) het die pos op 31 Oktober aanvaar. Hy sê hy sien uit na die uitdaging. Hy is 'n ou bekende by die skool en is reeds 22 jaar by Laerskool Driefonteine werksaam en was van 2019 departementshoof. Hy handhaaf goeie menseverhoudinge en het 'n positiewe ingesteldheid teenoor leerlinge, kollegas en ouers. Hy het 'n belangstelling in alle sportaktiwiteite en is veral aktief betrokke by rugby en krieket. "Ek glo dat sport en kultuur unieke geleentheid skep om kinders te vorm en op te voed," sê hy. Hy is ook betrokke by leier identifikasiekampe, kultuuraktiwiteite en atletiek. "Ek sien uit na die nuwe taak wat op my wag en om hande te vat met die personeel om die skool nog verder uit te bou." Hy is geskei en het drie kinders.

Frans Marx.

**Laerskool Meiringspark se top akademiese presteerder per graad vir die derde kwartaal is aangewys. Op die foto is Chrisna van Niekerk (gr 4), Leané Smit (gr 7) en Christiaan Jonker (gr 5). Harmione Viljoen (gr 6) was afwesig met die neem van die foto.**

## Top school for robotics, coding

The Robotics team consists of Dylan Shan Mc Carthy, Thabo Molakeng, Lesedi Sethlodi, Tercia Voorby and Mary-Ann Houdman.

**Klerksdorp Record, Klerksdorp - Goue Arend Primary School, one of two schools from the Dr Kenneth Kaunda district, was chosen to be part of a Robotics and Coding initiative from the Department of Education together with the University of Johannesburg in which 20 schools took part.**

Goue Arend was crowned the champions of the competition. The school took first place and brought home the trophy.

Two teachers were trained by the University of Johannesburg to teach Grade 3 and Grade 4 learners about coding and robotics in May this year. They had to choose five learners in each of the respective grades to teach and then held an internal competition at school. The winners of the internal competition competed with twenty other schools in the final that was held in Rustenburg on October 29. For the competition, the teams had to build and code a robot that had to complete various tasks in the fastest time.

**DR. KENNETH KAUNDA DISTRICT MUNICIPALITY INVITATION TO SERVICE PROVIDERS/ SUPPLIERS**

**DR.KENNETH KAUNDA DISTRICT MUNICIPALITY INVITATION TO SUPPLIERS/SERVICE PROVIDERS TO APPLY FOR REGISTRATION OR RE-REGISTRATION FOR THE INCLUSION ON THE MUNICIPALITY'S SUPPLIERS DATABASE**

In terms of the Municipal Supply Chain Management Regulations, 2005 section 14. Lists of accredited prospective providers (1), (a), (ii) 'a Supply Chain Management Policy must at least once a year through newspapers commonly circulating locally, the website and any other appropriate ways, prospective providers of goods or services must be invited to apply for evaluation and listing as accredited prospective providers.'

Documents for the Registration are available from the offices of the Dr Kenneth Kaunda District Municipality at Civic Centre, Patmore Road, Orkney or may be downloaded from our website at [www.kaundadistrict.gov.za](http://www.kaundadistrict.gov.za)

The following certified copies must be returned with the Vendor Application form:-

- \* Company Profile and Registration Certificate'
- \* SARS PIN
- \* CSD Number (MAAA.....)
- \* BBBEE Rating Certificate (If Applicable)
- \* Confirmed Banking Details
- \* VAT Registration Certificate
- \* (Certified) Director's copy of ID and proof of Residence

Failure to submit all required documents may result in non-registration. No faxed or e-mailed applications will be considered.

NB: Registrations/Applications can be dropped at the Dr Kenneth Kaunda District Municipality SCM Office or send to:

Att: The Supply Chain Unit.  
Registration can be posted:  
Private Bag X 5017  
Klerksdorp  
2570

Closing dates for submission of Supplier Registration: 09 December 2022.

For enquiries, please call: Ms L. Veldschoen or Ms T. Sepele @ 018 - 473 8000

**Mr M.J Rathogo**  
Municipal Manager

EXPLORING PROSPERITY

**NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS**

**HIGHVELD SOLAR PV FACILITY, STILFONTEIN, NORTH WEST PROVINCE**

**Applicant:** WKN Windcurrent SA (Pty) Ltd.

**Activity:** The development of a solar photovoltaic (PV) facility with a generating capacity of up to 240MW and associated infrastructure, including:

- » Solar PV arrays, modules and mounting structures
- » Inverters and transformers
- » A Battery Energy Storage System (BESS)
- » On-site facility substation
- » Cabling between the project components
- » Site and internal access roads up to 6m in width, where required
- » Temporary and permanent laydown areas and O&M buildings and fencing around the development area.

The Highveld PV Grid Connection is assessed in a separate Basic Assessment Report.

**Project Location:** ~15km north east of the town of Stilfontein within the JB Marks Local Municipality, and within the greater Dr Kenneth Kaunda District Municipality, North West Province. The project falls within the Klerksdorp REDZ on Portions 10, 11, and 56 of Farm Rietfontein 388 as well as the Remainder of Farm Rietfontein 3.

**Basic Assessment Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 - R327, as amended, a Basic Assessment is to be undertaken for the Solar PV Facility. Savannah Environmental is undertaking the required environmental assessment and public participation process for the project. The application is to be lodged with the Department of Forestry, Fisheries and the Environment (DFFE), as the competent authority.

**Basic Assessment Report available for review & comment:** The Basic Assessment Report is available for download, review & comment from the Savannah Environmental website at [www.savannahsa.com/public-documents/energy-generation/](http://www.savannahsa.com/public-documents/energy-generation/). The 30-day review & comment period for the Basic Assessment Report is from **11 November 2022 to 12 December 2022**. The final day for written comments to be submitted is **12 December 2022**.
