Hi Sity,

As per the below email all the open cases can be closed. Only the one you messaged me about on SAHRIS remains to be processed.

Kind regards,
Ragna

Good Day Mr van Zuydam,

If the application triggers section 38(1) of the NHRA the application can be submitted in terms of section 38(1) and a decision will be issued in terms of section 38 (4) of the NHRA.

I hope this is in order.

Kind Regards,

Dear Mr. Hine

I would like to follow up on the recommendations on the submission of the application to SAHRA. From the meeting on 2 August 2022 it was concluded that you would give recommendations on the submission of the application relating to the Pit backfilling at Jagersfontein.

SANDRA, if I remember correctly you were going to share your opinion with Mr. Hine.

I will assist the DEO at Jagersfontein Tailings Operation to create a profile for the operations to be used for all future applications and notifications relating to the operations. He will upload all the necessary documents and the application for the Pit once we have clarity on the way forward.

Regards

Good day Mr. Hine and Dr. Redelstorff

Please see below the cases relating to Jagersfontein Tailings Operation. We would appreciate it if you could close all cases relating to the Pit backfilling as we will open a new case for the project with SAHRA. These cases are the 2018, 2019 and 2020 cases as listed below.

The reason for the cases to be closed is that some of them were under incorrect Sections of the NHRA and others cannot continue due to the consultants and/or specialists not being able to upload. Jagersfontein Developments will create their own profile for the submission of all documents, reports and the application itself.

I removed all other cases not relating to the Pit backfilling to prevent any confusion or unnecessary administration.

I trust you will find this in order. Please let me know if you require any additional information.

Regards

Hi Louis

The following 'Heritage Cases' on Jagersfontein mine are currently open/closed on SAHRIS:

<https://sahris.sahra.org.za/cases/jagersfontein-historical-open-pit-mine-free-state> (Status: Case closed – permit refused)

Applicants: Sandra Gore, James Higgo Vorster, Henk van Zuydam, Nicholas Whitcutt

Application Date: 3 September 2012

3 June 2013 – SAHRA issued a conditional approval

24 June 2013 – SAHRA suspends the permit on account of an appeal lodged against their decision

<https://sahris.sahra.org.za/cases/rehabilitation-jagersfontein-pit-through-backfilling> (Status: open)

Application date: 24 January 2018

SAHRA interim comment: 28 February 2018

JD letter to SAHRA re withdrawal of case: 28 June 2019

Take note that the reasons provided in the 'withdrawal' letter are not valid as the open pit is viewed as 'archaeological' and any changes to the open pit accordingly still trigger Section 35 of the NHRA. I.e., this is viewed as an open case.

<https://sahris.sahra.org.za/cases/jagersfontein-open-pit-rehabilitation-through-backfilling> (Status: Studies pending)

Application date: 25 June 2019

Consultant is indicated as Alecia Pienaar. I am not sure if this is linked to Polke's NID below.

<https://sahris.sahra.org.za/cases/nid-proposed-rehabilitation-old-jagersfontein-mine-pit> (Status: open)

Entry opened by Polke Birkholtz on 5 March 2020

SAHRA posted a reply on the 7th of May 2020 – take note that they also requested a palaeontological impact assessment.
