12 April 2021

Kotulo Tsatsi Energy (Pty)Ltd

2 Michelin Street,

Vanderbijlpark

1900.

For Attention: Mr Attie Botha.

Agreement for Bulk Water Supply Services to the proposed Kotulo Tsatsi Energy PV1 Project.

The Kai ! Garib Local Municipality acknowledges your correspondence detailing your request to provide water to the Kotulo Tsatsi Energy PV1 Project. We understand that it is required of the applicant to provide confirmation that water is available for the proposed project as part of an application for Environmental Authorisation as well as for potential future bidding of the project under the Department of Energy REIPPP Programme.

The Kai ! Garib Local Municipality confirms that we have engaged with the proponent regarding the water allocation of the proposed Kotulo Tsatsi Energy PV1 project (up to 200 MW).

The Kai ! Garib Local Municipality confirms that we obtain water from our purification works located at Lennertsville which has a capacity of 8 500 cubic metres per day. Spare capacity at the works is calculated to be 4 500 cubic metres per day (1.6 million m³ per annum).

The proposed project will require 150 000m³ per annum of water during the construction phase (duration approximately 18 months) and 250 000m³ per annum of water during the operational phase (duration as per the PPA with ESKOM to be signed: minimum 20 years).

We herewith confirm that sufficient water will be provided to the project during both the proposed construction and operational phases.

Yours Sincerely,

M. Clarke

Manager: Electromechanical Services
