Good Morning Pertunia,

The PPP has been undertaken in accordance with GN R326 of 2014 and a comments and responses report (CRR) will be included in the submission of the final BA Report to your Department for its consideration. However, my query below pertains to comments from your Department which we would need to respond to as the project team in the CRR before submitting the final BA Report. Alternatively, kindly provide confirmation that the Department does not have any comments on the project and the Report.

Your feedback on the above will be greatly appreciated Pertunia.

Best Regards

Hi Portia,

I trust you are well.

We submitted a BA Report via a CD to your office as part of the 30-day public review period for the decommissioning of the Kriel Power Station Asbestos Landfill Site on Friday, 19 July 2019. I just would like to inquire and find out if we are required to submit a hard copy version of the said Report.

Your response on the above will be highly appreciated.

Best Regards
Reuben Maroga
