Sensitivity & Layout Map

Legend

- Eskom Power Line (Authorised)
- Main Road
- Perennial River
- Non Perennial River
- FE Kudu Development Area

Layout Plan:

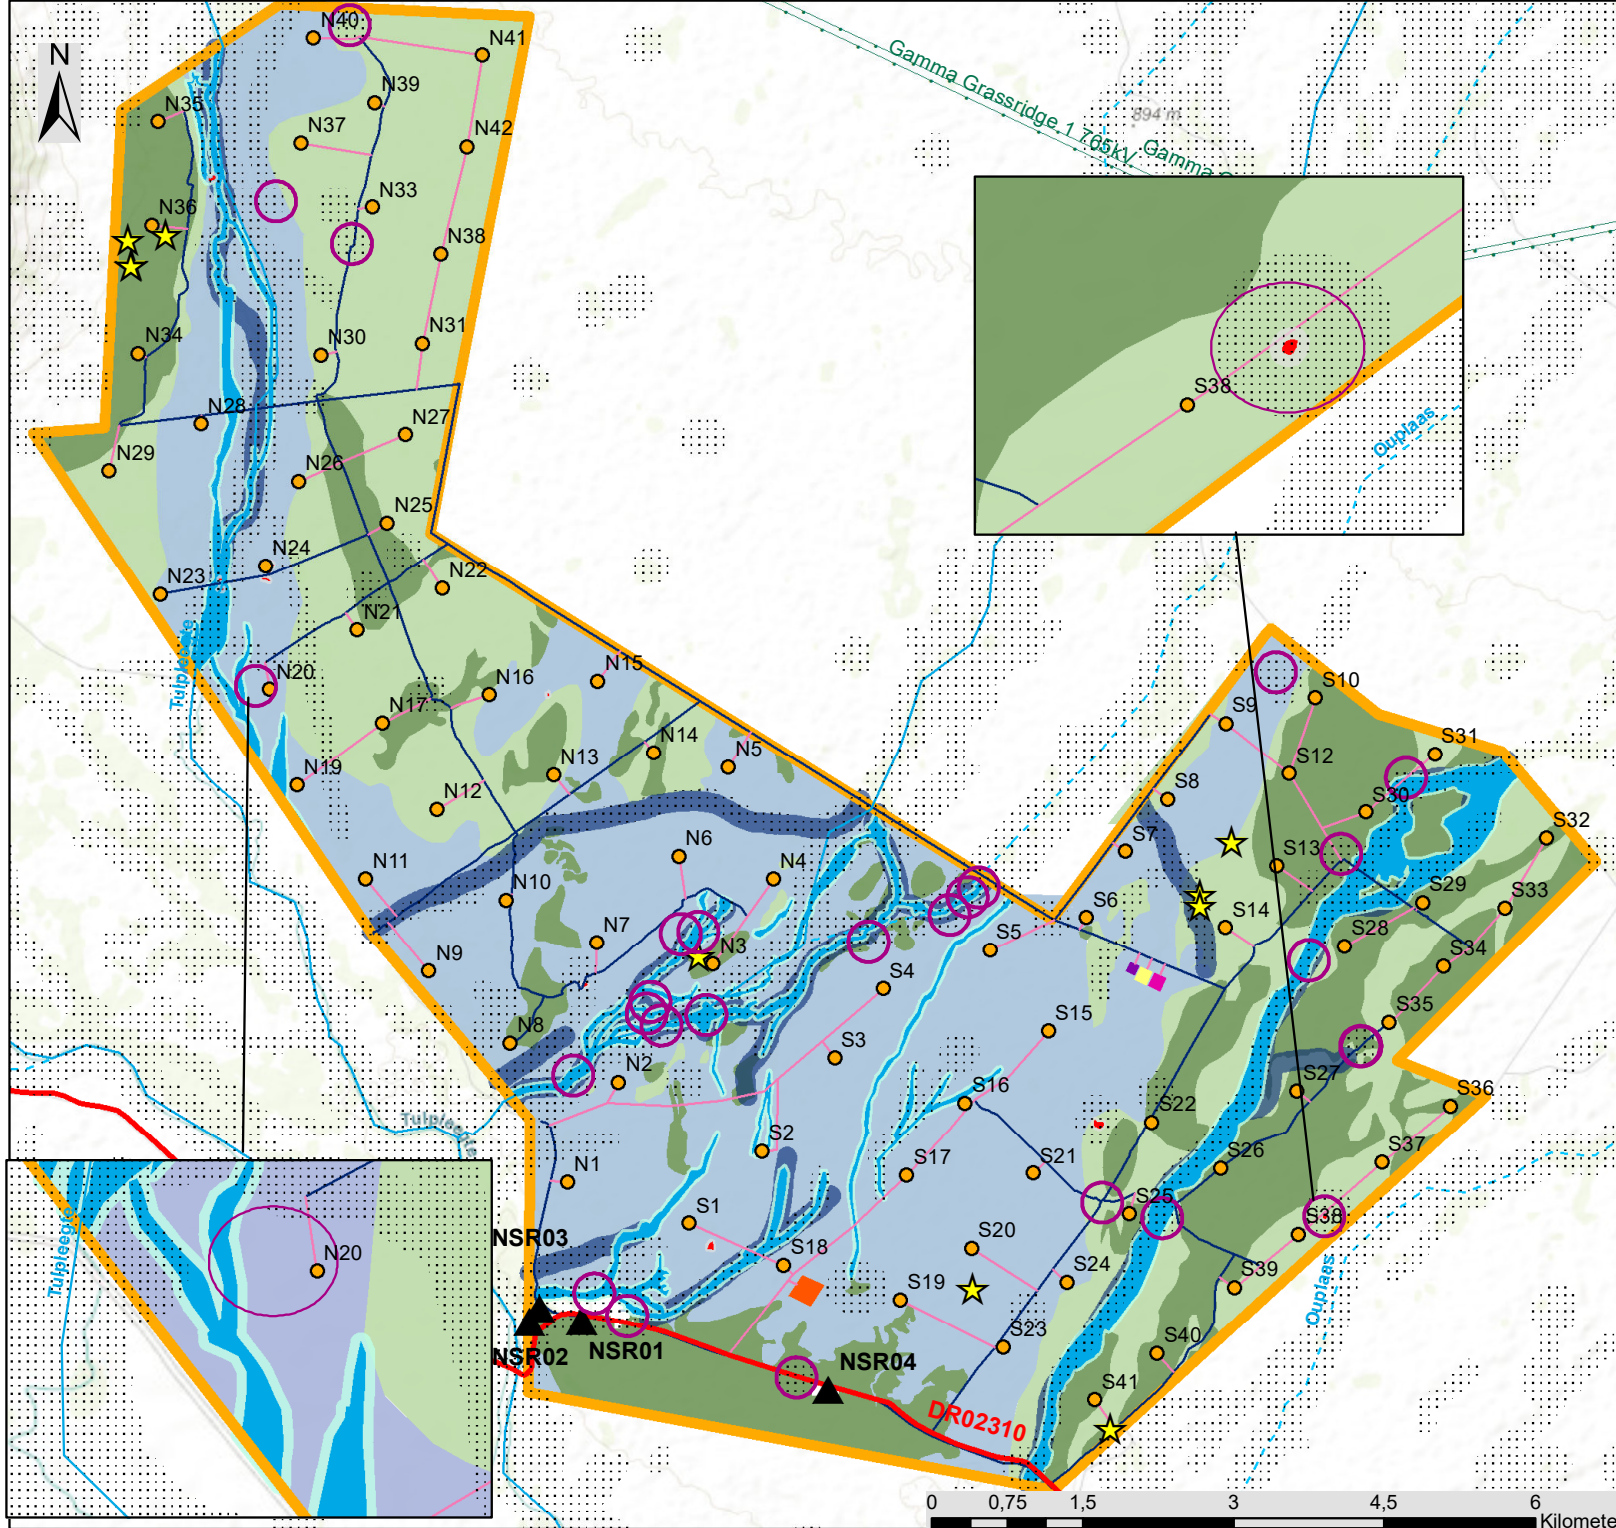

- Turbines
- Main Farm Roads (Existing)
- New Roads
- BESS
- Laydown area
- O&M Building
- On-Site Substation

Environmental Sensitivities

- Palaeontological Resources (Low Heritage Sensitivity)
- Noise Sensitive Receptors
- 200m Dams & Boreholes Buffer (Turbine Exclusion Zones)
- Very High Bat Sensitivity (Turbine Exclusion Zone)
- Vernal Pools of Concern (Very High Aquatic Sensitivity)
- 32m Vernal Pool Buffer (High Aquatic Sensitivity)
- Watercourse (High Ecological Sensitivity)
- 32m Watercourse Buffer (High Aquatic Sensitivity)
- 100m Watercourse Buffer (Turbine Exclusion Zone)
- Alluvial Vegetation (Medium Ecological Sensitivity)
- Karroid Vegetation (Medium Ecological Sensitivity)
- Transitional Vegetation (Medium Ecological Sensitivity)
