Dear Mr Mograbi,

### **POTENTIAL PALAEOLOGY OF THE PROPOSED MANGANESE MINE DEVELOPMENT**

SAHRA reviewed the abovementioned letter sent to you in September 2009 and received by SAHRA in October 2010. This forms section O of the Environmental Impact Assessment and Management Programme Report for a manganese mine by Kudumane Manganese Resources (Pty) Ltd.

In the light of what the author explains in the letter, SAHRA requires that a Palaeontological Impact Assessment Phase 1 for the area impacted by the development is undertaken.

Many thanks for your co-operation  
Kind regards

pp Nonofho Ndobochani
