Dear Sir/Madam

TO WHOM IT MAY CONCERN

CONFIRMATION LETTER FOR RELOCATING THE GRAVE

We as the above mentioned school confirm that a grave relocated from our school premises. The reason is that according to our culture children does not get closer to the grave, as a result they fear to play outside near it since it is in front of the classes where they should be playing.

We therefore give you the mandate to remove it from our premises.

Your favourable consideration will be highly appreciated.

Yours faithfully

N.P. Gumede
