**NONOTI MOUTH HOUSING PROJECT: K 11110008 Confirmation by Inqaba Trust on the consultation undertaken by Implementing Agent and the Trust in terms of the heritage sites.**

---

**To whom it may concern:**

The applicant through a joint venture between Inqaba Community Trust representing the community and the KwaDukuza Municipality intends to formalise housing and infrastructure for the existing community at Nonoti that had successfully obtained the land and their inheritance through a successful land claim. The Inqaba Community is a disadvantaged community which have endured a lengthy wait for the proposed formalised housing development.

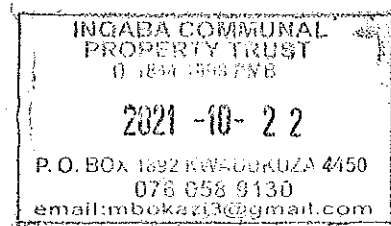

This letter is to confirm that SBN Implementation Trust as the appointed Implementing Agent has consulted with Inqaba Community Trust via on-site inspections on identifying the heritage and cultural sites associated with the Proposed Nonoti Housing and Infrastructure Development.

It is hereby confirmed that no heritage or cultural sites will be affected by the proposed development.

Should you have any queries, please do not hesitate to contact the undersigned.

Yours faithfully
