Dear Mr. Andrew Salomon,

SARHA PERMISSION: PROPOSED CONSTRUCTION OF A BRIDGE OVER THE KAALPLAASSPRUIT FOR THE SOSHANGUVE SOUTH EXT 6 DEVELOPMENT, SITUATED ON PART OF PORTION 279 (A PTN OF PTN 122) AND A PART OF THE REMAINDER OF PORTION 170 (PTN OF PTN 1) OF THE FARM KLIPFONTEIN 268 JR

As per your discussion with Mr. De Wet Both of our offices, Prism EMS is of the opinion that the proposed bridge over the Kaalplaasspruit for the Soshanguve South Ext6 has too small a footprint to affect any heritage resources. The project forms part of the formalisation of a currently informal settlement of no heritage value. Please see accompanying layout proposal.

As requested, we have loaded the Basic Information Document onto the SAHRIS website: <http://www.sahra.org.za/content/proposed-construction-bridge-over-kaalplaasspruit-soshanguve-south-ext-6-development>

Please kindly provide our office with your comments on this project not requiring a specialist heritage study, at your earliest convenience.

We trust you find the above in order, however, should you have any queries please contact the undersigned.

Yours faithfully
