**Attention:**

South African Heritage Resources Agency (SAHRA)  
Ngwao-Boswa Ya/Jwa Kappa Bokone (NBYKB)

**RE : SAHRIS CaseID 6899**

**Samy's Wholesalers Extension, Erf 44500, Kimberley, Sol Plaatje Municipality, Northern Cape**

Herewith notice that development at the study site will proceed. Procedure will include initial rehabilitation of the site, followed by levelling. Levelling will require primarily the northern part of the site to be raised – this portion of the site will be 'built-up', without excavation during this phase, after which foundation excavations, according to the delineation as recorded and reported on in the test excavation reports by APAC will commence. All on-site excavation will be monitored and reported on to SAHRA (and NBYKB) as per the stipulations of the SAHRA BGG Unit Interim and Final Comments, via the SAHRIS portal.

I trust you find the above in order.

Yours faithfully,

**Karen van Ryneveld**
