18 March 2015

Sir

PROPOSED WATER SUPPLY INFRASTRUCTURE FOR THE FOLLOWING CLUSTERS: TSHAMAHANSI, SEKURUWE, SEEMA, PHAFOLA, MAALA PEREKISI, WITRIVIER & MILLENNIUM PARK

MOGALAKWENA MUNICIPALITY AREA, WATERBERG DISTRICT MUNICIPALITY, LIMPOPO PROVINCE

Your letter dated 23 February 2015 and our telecom on 18 March 2015 refers:

1. The above mentioned project forms part of the Olifants River Water Resources Development Project (ORWRDP). It is driven by the Department Water & Sanitation. The *Water Master Plan* for the Mogalakwena Municipality is to provide potable water to the outlying areas up to the year 2030.
2. The Mogalakwena Municipality is the implementing agent and plans to install the pipelines to the various clusters in different phases according to budget roll-out and water demand by the communities.
3. Costs involved in doing the HIAs will be included as part of the tender documents for the different phases of the pipelines.
4. Thus, HIAs will be conducted for the various pipelines in the above mentioned village clusters at a later stage (in the next few years) but before construction of the pipelines occur.

➤ ***Summarized: HIAs will be conducted for the other village clusters when the municipality decides to construct them. This could occur within the next few years.***

5. Kindly issue your final comment on this project.
6. Enquiries can be directed to the undersigned.

Thank you.

Yours faithfully

Ms. Rioni Combrink
