NOTICE OF ENVIRONMENTAL BASIC ASSESSMENT PROCESS:

PROPOSED CONSTRUCTION OF A 55M LATTICE MAST (TO BE KNOWN AS WILDEBEESTLAAGTE) LOCATED ON PORTION 58 OF THE FARM WILDEBEESTLAAGTE 411 KQ – THABAZIMBI LOCAL MUNICIPALITY, WATERBERG DISTRICT MUNICIPALITY AREA

NOTIFICATION TO INTERESTED & AFFECTED PARTIES – APPLICATION FOR AUTHORIZATION IN TERMS OF SECTION 24(5) OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT NO. 107 OF 1998)

1. As an Interested & Affected Party, notice is hereby given, that Vodacom is applying for Environmental Authorisation in terms of Regulation 326 of the EIA Regulations published in Government Notice No. 40772 of 2017 and Section 24(5) read with section 44 of the National Environmental Management Act, 1998 (Act No. 107 of 1998), for the proposed construction of a base station for reception purposes. Details are listed below:

Project Name: Vodacom Base Station: Wildebeestlaagte

Project Description: Vodacom intends to construct a 55m lattice mast with antennae mounted onto the mast, and container housing associated equipment. The size of the base station (fenced area) in which the mast and associated equipment will be placed will measure 12m x 12m (144m²).

Location: The site is located on Portion 58 of the farm Wildebeestlaagte 411 KQ in the Thabazimbi Local Municipality area. Two mast type alternatives were identified. The preferred mast type is a lattice mast and the second alternative is a monopole structure.

2. The above act requires an Environmental Impact Assessment (Basic Assessment) for the above activity. Such a study is currently being undertaken by Tekplan Environmental (in order to determine whether the proposed activity will result in any significant environmental impacts). The application will be submitted to the Limpopo Department of Economic Development, Environment and Tourism (LEDET) for approval.
3. Vodacom subscribers are placing a great deal of pressure on Vodacom to provide improved cellular coverage/capacity in the area. Vodacom therefore needs to upgrade its infrastructure in the area to ensure a better service to the Vodacom subscribers and to the community in general.
4. Interested and affected parties wishing to comment on the Basic Assessment Report for the proposed activity / development are invited to forward, their written comments (with reasons), to the contact numbers provided below, no later than 30 days after the date of this notice.

NOTICE OF ENVIRONMENTAL BASIC ASSESSMENT PROCESS:

PROPOSED CONSTRUCTION OF A 55M LATTICE MAST (TO BE KNOWN AS WILDEBEESTLAAGTE) LOCATED ON PORTION 58 OF THE FARM WILDEBEESTLAAGTE 411 KQ – THABAZIMBI LOCAL MUNICIPALITY, WATERBERG DISTRICT MUNICIPALITY AREA

NOTIFICATION TO INTERESTED & AFFECTED PARTIES – APPLICATION FOR AUTHORIZATION IN TERMS OF SECTION 24(5) OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT NO. 107 OF 1998)

1. As an Interested & Affected Party, notice is hereby given, that Vodacom is applying for Environmental Authorisation in terms of Regulation 326 of the EIA Regulations published in Government Notice No. 40772 of 2017 and Section 24(5) read with section 44 of the National Environmental Management Act, 1998 (Act No. 107 of 1998), for the proposed construction of a base station for reception purposes. Details are listed below:

Project Name: Vodacom Base Station: Wildebeestlaagte

Project Description: Vodacom intends to construct a 55m lattice mast with antennae mounted onto the mast, and container housing associated equipment. The size of the base station (fenced area) in which the mast and associated equipment will be placed will measure 12m x 12m (144m²).

Location: The site is located on Portion 58 of the farm Wildebeestlaagte 411 KQ in the Thabazimbi Local Municipality area. Two mast type alternatives were identified. The preferred mast type is a lattice mast and the second alternative is a monopole structure.

2. The above act requires an Environmental Impact Assessment (Basic Assessment) for the above activity. Such a study is currently being undertaken by Tekplan Environmental (in order to determine whether the proposed activity will result in any significant environmental impacts). The application will be submitted to the Limpopo Department of Economic Development, Environment and Tourism (LEDET) for approval.
3. Vodacom subscribers are placing a great deal of pressure on Vodacom to provide improved cellular coverage/capacity in the area. Vodacom therefore needs to upgrade its infrastructure in the area to ensure a better service to the Vodacom subscribers and to the community in general.
4. Interested and affected parties wishing to comment on the Basic Assessment Report for the proposed activity / development are invited to forward, their written comments (with reasons), to the contact numbers provided below, no later than 30 days after the date of this notice.
