Senwabarwana is a small town that is now growing rapidly. The town is still in the process of developing and still struggling in some sectors such as local newspaper companies. There is no local newspaper in area. Therefore the municipality to communicate with members of the community uses social media platforms such as (Facebook, web site) and ward councillors. Communication through our newspaper is through Capricorn review newspaper or Sowetan, which is disturbed in Dendron, which is approximately 20km to Senwabarwana.

Molshe Business Solution advertised their advert for environmental authorisation, water use licence and grave exhumation in the Capricorn Review Newspaper. A public meeting notice was published. The public meeting held regarding the proposed project and the graves that discovered. The findings from the public meeting stipulated that no one is familiar to the graves discovered.

MACHABA JUNIAS
