(Gaut 002/18-19/E0201)**

Dear Anél,

With reference to our telephone discussion last week regarding the need for a Focus Group Meeting to present the environmental findings as documented in the Basic Assessment Report that is currently out for review and comment, it was confirmed that if there are no significant environmental impacts associated with this proposed project.

In terms of the above-mentioned confirmation, it was agreed that a Focus Group Meeting is not required.

Your confirmation of this e-mail will be appreciated.

Kind regards,

Dear Stakeholder,

The City of Ekurhuleni Metropolitan Municipality is proposing the development of a 15ML reservoir, 2ML elevated tower, pump station and associated infrastructure to be located within Portion 107 of the Farm Spaarwater 171 (referred to as the project site). The project site is approximately 1.59ha in extent and falls under the jurisdiction of the Ekurhuleni Metropolitan Municipality. The water reservoir will be known as the Masetjaba Reservoir. The existing Masetjaba View Reservoir is located on the same property as the proposed project. Access to the project site can be obtained via the R550 regional road (also known as Springs Road) situated on the northern boundary of the project site.

Please refer to the attached Notification Letter for further information.

A locality map and registration and comment form is also attached for your perusal.

Kind regards,

Dear Mr Skosana,

The City of Ekurhuleni Metropolitan Municipality is proposing the development of a 15ML reservoir, 2ML elevated tower, pump station and associated infrastructure to be located within Portion 107 of the Farm Spaarwater 171 (referred to as the project site). The project site is approximately 1.59ha in extent and falls under the jurisdiction of the Ekurhuleni Metropolitan Municipality. The water reservoir will be known as the Masetjaba Reservoir. The existing Masetjaba View Reservoir is located on the same property as the proposed project. Access to the project site can be obtained via the R550 regional road (also known as Springs Road) situated on the northern boundary of the project site.

Please refer to the attached Notification Letter for further information.

A locality map and registration and comment form is also attached for your perusal.

Dear Mr / Ms Nicolen Venter

**LAND CLAIMS ENQUIRY – PORTION 107 OF THE FARM SPAARWATER 171, REGISTRATION DIVISION IR, GAUTENG**

We refer to your letter dated 22 January 2019.

We confirm that there is an existing land claim against the Property. The claims were lodged as per attached list of claimants.

The claim was lodged in terms of the Restitution of Land Rights Amendment Act, 2014 (Act No 15 of 2014) ("the Amendment Act") which, amongst others, reopened the lodgement of claims for a period of five years.

The validity of the Amendment Act was challenged in the Constitutional Court. The Constitutional Court found the Amendment Act to be invalid because of the failure of Parliament to facilitate public involvement as required by the Constitution. The Amendment Act ceased to be law on 28 July 2016.

The Constitutional Court ordered that the claims that were lodged between 1 July 2014 and 27 July 2016 are validly lodged, but it interdicted the Commission from processing those claims until the Commission has finalised the claims lodged by 31 December 1998 or until Parliament passes a new law providing for the re-opening of lodgement of land claims. Parliament was given until 27 July 2018 to pass such a law.

Parliament has so far not been able to pass new legislation and has instead approached the Constitutional Court for an extension until 29 March 2019. As a result the Commission will, unless directed otherwise by Constitutional Court, not be processing claims lodged between 1 July 2014 until 27 July 2016 until a new Act is passed by Parliament and signed into law by the President

The Commission will contact you directly and communicate widely once we have been granted permission to begin dealing with these claims.

1. Section 11(7) of the Restitution of Land Rights Act provides as follows:

**11 (7) Once a notice has been published in respect of any land -**  
**(a) no person may in an improper manner obstruct the passage of the claim**  
**aA) no person may sell, exchange, donate, lease, subdivide, rezone or develop the land in question without having given the regional land claims commissioner one month's written notice of his or her intention to do so, and, where such notice was not given in respect of**

- (i) any sale, exchange, donation, lease, subdivision or rezoning of land and the Court is satisfied that such sale, exchange, donation, lease, subdivision or rezoning was not done in good faith, the Court may set aside such order it deems fit;**
- (ii) any development of land and the Court is satisfied that such development was not done in good faith, the court may grant any order it deems fit;**

The above section has been misinterpreted to mean that once a claim has been lodged the land owner cannot sell, donate, develop, lease, exchange or donate. While in actual fact it means the land owner cannot do those things listed in (i) above after a notice of claim has been published in a government gazette notice without giving one month notice of your intention to do so to the Regional Land Claims Commissioner having a jurisdiction over such land and/or property.

After the claim has been found to be valid the office must publish a gazette notice of claim first in a government gazette notice, and if anyone wants to do anything listed in (i) above must give a written notice to the RLCC.

**Subject:** Masetjaba Reservoir, Elevated Tower and Associated Infrastructure: Notification of Basic Assessment Process

Dear Stakeholder,

The City of Ekurhuleni Metropolitan Municipality is proposing the development of a 15ML reservoir, 2ML elevated tower, pump station and associated infrastructure to be located within Portion 107 of the Farm Spaarwater 171 (referred to as the project site). The project site is approximately 1.59ha in extent and falls under the jurisdiction of the Ekurhuleni Metropolitan Municipality. The water reservoir will be known as the Masetjaba Reservoir. The existing Masetjaba View Reservoir is located on the same property as the proposed project. Access to the project site can be obtained via the R550 regional road (also known as Springs Road) situated on the northern boundary of the project site.

Please refer to the attached Notification Letter for further information.

A locality map and registration and comment form is also attached for your perusal.

Kind regards,
