

## PROCESS ANNOUNCEMENT

11 October 2019

Dear Stakeholder,

## **BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS**

### **KHUNAB SOLAR DEVELOPMENT CONSISTING OF MCTAGGARTS PV1, MCTAGGARTS PV2, MCTAGGARTS PV3 AND KLIP PUNT PV1 AND THE KHUNAB SOLAR GRID CONNECTION, NORTHERN CAPE**

---

#### **NOTICE OF BASIC ASSESSMENT PROCESSES**

---

The development of four (4) separate 75MW solar photovoltaic (PV) facilities and the associated grid connection solution is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggart PV1, McTaggart PV2, McTaggart PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The grid connection solution to be developed, which will cater for all four solar PV facilities, is known as the Khunab Solar Grid Connection. The facilities are located within the Kai !Garib and the Dawid Kruiper local municipalities of the greater ZF Mgcawu District Municipality.

It is the developer's intention to bid each solar PV facility under the Department of Energy and Mineral Resources Renewable Energy Independent Power Producer Procurement Programme (REIPPPP). The development of the solar PV facilities and the grid connection solution infrastructure will assist in achieving the energy mix as set out in the Integrated Resources Plan (IRP).

The study area is located within Zone 7 of the Renewable Energy Development Zones (REDZ) (also known as the Upington REDZ), and within the Northern Strategic Transmission Corridor.

Each solar PV facility will be constructed as a separate stand-alone project, with a separate project development company (or Special Purpose Vehicle (SPV)) as the applicant for each project. Five separate Applications for Environmental Authorisation will be submitted to DEFF.

The project details for the respective projects are as follows:

<b>Applicant:</b>	<b>Project Name:</b>	<b>Contracted Capacity:</b>	<b>Affected Property:</b>
McTaggarts PV1 (Pty) Ltd	McTaggarts PV1	75MW	Portion 3 of the Farm McTaggarts Camp 453; and Portion 12 of the Farm Klip Punt 452
McTaggarts PV2 (Pty) Ltd	McTaggarts PV2	75MW	Portion 3 of the Farm McTaggarts Camp 453
McTaggarts PV3 (Pty) Ltd	McTaggarts PV3	75MW	Portion 3 of the Farm McTaggarts Camp 453; and Portion 12 of the Farm Klip Punt 452
Klip Punt PV1 (Pty) Ltd	Klip Punt PV1	75MW	Portion 12 of the Farm Klip Punt 452
McTaggarts PV1 (Pty) Ltd	Khunab Solar Grid Connection	Up to 132kV	Portion 3 of the Farm McTaggarts Camp 453; Portion 12 of the Farm Klip Punt 452; and Olyvenhouts Drift Settlement Agricultural Holdings 1080

The development of the solar PV facilities will add new capacity and transmission infrastructure to the national electricity grid network. Infrastructure associated with each solar PV facility will include:

- » Solar PV panels;
- » Centralised inverter stations or string inverters;
- » Cabling between the panels, to be laid underground where practical;
- » An on-site facility substation to facilitate the connection between the solar PV facility to the electricity grid;
- » An access road to the project site with a maximum width of 6m;
- » Internal access roads within the PV panel array area with a maximum width of 5m;
- » A temporary laydown area; and
- » Operation and Maintenance buildings including a gate house and security building, control centre, offices, warehouses, a workshop and visitors centre.

The grid connection solution will include specific grid connection infrastructure to cater for the four individual solar PV facilities. The infrastructure to be developed consists of two collector substations, each including a switching station component, and a single-circuit power line of up to 132kV to connect each solar PV facility to the national grid via the existing Upington Main Transmission Substation (MTS). A 300m wide and 13km long grid connection corridor will be assessed for the implementation of the grid connection infrastructure.

Site-specific studies and assessments will be undertaken through the BA processes in order to delineate areas of potential sensitivity within the surrounding areas and the identified broader study area.

## **BASIC ASSESSMENT PROCESS**

As per the Environmental Impact Assessment Regulations, 2014 published in terms of Section 24(5) of the National Environmental Management Act (NEMA, Act No 107 of 1998), the applicants will require authorisation from the National Department of Environment, Forestry and Fisheries (DEFF) (in consultation with Northern Cape Department of Environment and Nature Conservation (DENC)) for the development of the projects. Due to the location of the broader study area within the REDZ, separate BA processes are required to be undertaken for the McTaggarts PV1, McTaggarts PV2, McTaggarts PV3 and Klip Punt PV1 in accordance with GNR114, as formally gazetted on 16 February 2018. A BA process will also be followed for the grid connection solution as it triggers Listed Activity 11(i) within GN R327 of the EIA Regulations, 2014

(as amended). The applications are required to be supported by comprehensive, independent environmental studies undertaken in accordance with the EIA Regulations, 2014, as amended.

The applicant has appointed Savannah Environmental, as the independent environmental consultant, to undertake the BAs for the projects to identify and assess all potential environmental impacts associated with the projects and recommend appropriate mitigation measures in the Environmental Management Programme (EMPr) for each report. A combined BA and Public Participation Process will be conducted for the five (5) applications. As part of the environmental studies, I&APs will be actively involved through the public involvement process being undertaken by Savannah Environmental.

The Department and/or organisation/company which you represent has been identified as a commenting authority for the proposed projects. In this regard, please can you provide us with the name and contact details of the relevant Official at your Department / Organisation / Company who we need to liaise with regarding these proposed projects. We believe that it would be the same Official at your Department / Organisation / Company who will be submitting written comments on the Basic Assessment Reports, when available for review and comment, as per the Environmental Impact Assessment Regulations, 2014, as amended, Regulations 3(4) and Regulation 19(1)(a).

A background information document, which provides further information on the BA process as well as the nature and extent of the proposed solar PV facilities and grid connection, is attached to this letter and is also available for download from the Savannah Environmental Website:

- Khunab Solar Developments: (<https://www.savannahsa.com/public-documents/energy-generation/>; and
- Khunab Grid Connection: <https://www.savannahsa.com/public-documents/grid-infrastructure/> ).

Should you have an interest in the project, please register yourself as an I&AP by completing and returning the attached stakeholder registration/comment form. By registering on the project database, you will be kept informed of the BA processes being undertaken for the projects and will be provided with an opportunity to provide comment and input.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the project. Our team welcomes your participation and look forward to your involvement throughout this process.

Kind regards

**Nicolene Venter**

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF MCTAGGARTS PV1, MCTAGGARTS PV2, MCTAGGARTS PV3  
AND KLIP PUNT PV1  
AND THE KHUNAB SOLAR GRID CONNECTION, NORTHERN CAPE**

Dear Stakeholder,

The development of four (4) separate 75MW solar photovoltaic (PV) facilities and the associated grid connection solution is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggart PV1, McTaggart PV2, McTaggart PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The grid connection solution to be developed, which will cater for all four solar PV

facilities, is known as the Khunab Solar Grid Connection. The facilities are located within the Kai !Garib and the Dawid Kruiper local municipalities of the greater ZF Mgcau District Municipality.

Savannah Environmental has been appointed to undertake the Basic Assessment Process for the above-mentioned projects.

Please refer to the attached Notification letter and Background Information document for further information regarding these projects.

You are kindly requested to complete the attached Registration and Comment Form to formally register as an Interested and Affected Party (I&AP) to receive further information regarding the above-mentioned proposed projects.

Please do not hesitate to contact us if you have any queries in this regard.

Kind Regards,

t: +27 (0)11 656 3237  
f: +27 (0) 86 684 0547

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

NOTIFICATION OF AVAILABILITY OF BASIC ASSESSMENT  
REPORTS FOR REVIEW & COMMENT

12 November 2019

Dear Interested and Affected Party,

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF McTAGGARTS PV1,  
McTAGGARTS PV2, McTAGGARTS PV3 AND KLIP PUNT PV1 NEAR UPINGTON,  
NORTHERN CAPE PROVINCE**

**NOTICE OF AVAILABILITY OF BASIC ASSESSMENT REPORTS AND INVITATION TO PUBLIC MEETING**

The notification of the development of four (4) separate 75MW Solar Photovoltaic (PV) facilities, distributed on 11 October 2019, has reference. The notification letter was accompanied by the Background Information Document (BID) which provided information regarding these four (4) Basic Assessment (BA) processes. If you had not received these documents, please inform us accordingly. The BID is also available for download from our website (<https://www.savannahsa.com/public-documents/energy-generation/>).

**AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT**

As a registered Interested and Affected Party (I&AP), you are hereby notified that the Basic Assessment Reports (BARs) for the four (4) projects are available for your review and comment from **Wednesday, 13 November 2019** until **Friday, 13 December 2019**. Hard copies of the reports can be viewed at the following libraries:

- Dawid Kruiper Public Library, Cnr Mark & Mutual Streets, Upington
- Keimoes Library Hall, cnr Loop & Kousas Streets, Keimoes

The reports can also be downloaded from Savannah Environmental's website by following the links provided above. On request, a release code will be provided from our Public Participation Office (contact details below) to access and download the reports from the website.

Please submit written comments on the BARs by **Friday, 13 December 2019** via fax, post or email to the contact person below. All comments received during the 30-day review period will be recorded and included in the Final BARs for submission to the Department of Environmental Affairs (DEA) in line with Regulation 44 of the EIA Regulations, 2014, as amended (GN R326).

## INVITATION TO PUBLIC MEETING

This letter also serves to invite you to attend the public meeting to be held as follows:

**DATE:** Thursday, 28 November 2019

**TIME:** 17h00 (registration from 16h30)

**VENUE:** Kalksloot Community Hall, Druwe Street, Olyvenhouts Drift Settlement, Upington

The purpose of the public meeting is to provide the following:

- a brief background of the proposed projects;
- an overview of the Basic Assessment process followed for all four (4) projects;
- a summary of the key environmental findings as documented in the Basic Assessment Reports;
- an opportunity to seek clarity and raise comments; and
- an opportunity to liaise with the project team members.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the project. Our team welcomes your participation and look forward to your involvement throughout this process.

Kind regards

**Nicolene Venter**

Public Participation and Social Consultant

Ms Samantha Ralston-Paton  
Birds & Renewable Energy Manager  
BirdLife South Africa  
Room A3, CBC Building  
Kirstenbosch Botanical Gardens, Rhodes Drive  
CAPE TOWN 7735

Per email: [energy@birdlife.org.za](mailto:energy@birdlife.org.za) / [advocacy@birdlife.org.za](mailto:advocacy@birdlife.org.za) /

Dear Ms Ralston-Paton,

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF McTAGGARTS PV1,  
McTAGGARTS PV2, McTAGGARTS PV3 AND KLIP PUNT PV1 NEAR UPINGTON, NORTHERN CAPE PROVINCE**

---

**NOTICE OF AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT**

---

The development of four (4) separate 75MW solar photovoltaic (PV) facilities and the associated grid connection solution is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggart PV1, McTaggart PV2, McTaggart PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The grid connection solution to be developed, which will cater for all four solar PV facilities, is known as the Khunab Solar Grid Connection. The facilities are located within the Kai !Garib and the Dawid Kruiper local municipalities of the greater ZF Mgcawu District Municipality.

In terms of Regulation 43(2) of the EIA Regulations, 2014, as amended, this letter serves to inform you that the Basic Assessment Reports (BARs) are available for your Organisation's review and written comments, and the Release Code to download the reports, as per agreement, is **XXXXX**.

Please note that BARs review periods are from **Wednesday, 13 November 2019** to **Friday, 13 December 2019** and we are looking forward receiving Agri Northern Cape's written comment/s on the BARs within the 30-day review period but not later than the closing date of the review period, i.e. **Friday, 13 December 2019**.

Kind regards

**Nicolene Venter**

Mr Elias Ntoba  
Municipal Manager  
Dawid Kruiper Local Municipality  
Civic Centre  
Mutual Street  
UPINGTON 8801

**By Courier**

Dear Mr Ntoba,

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF McTAGGARTS PV1,  
McTAGGARTS PV2, McTAGGARTS PV3 AND KLIP PUNT PV1 NEAR UPINGTON, NORTHERN CAPE PROVINCE**

---

**NOTICE OF AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT**

---

The development of four (4) separate 75MW solar photovoltaic (PV) facilities and the associated grid connection solution is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggart PV1, McTaggart PV2, McTaggart PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The grid connection solution to be developed, which will cater for all four solar PV facilities, is known as the Khunab Solar Grid Connection. The facilities are located within the Kai !Garib and the Dawid Kruiper local municipalities of the greater ZF Mgcawu District Municipality.

In terms of Regulation 43(2) of the EIA Regulations, 2014, as amended, this letter serves to inform you that the Basic Assessment Reports (BARs) are available for your Municipality's review and written comments, and CDs containing the BARs are included in this envelope.

Please note that BARs review periods are from **Wednesday, 13 November 2019** to **Friday, 13 December 2019** and we are looking forward receiving Agri Northern Cape's written comment/s on the BARs within the 30-day review period but not later than the closing date of the review period, i.e. **Friday, 13 December 2019**.

Kind regards

**Nicolene Venter**

The development of four (4) separate 75MW solar photovoltaic (PV) facilities and the associated grid connection solution is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggart PV1, McTaggart PV2, McTaggart PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The grid connection solution to be developed, which will cater for all four solar PV facilities, is known as the Khunab Solar Grid Connection. The facilities are located within the Kai !Garib and the Dawid Kruiper local municipalities of the greater ZF Mgcawu District Municipality.

In terms of Regulation 43(2) of the EIA Regulations, 2014, as amended, this letter serves to inform you that the Basic Assessment Reports (BARs) are available for your Company's review and written comments, and a CD containing the BARs is included in this envelope.

Please note that BARs review periods are from **Wednesday, 13 November 2019** to **Friday, 13 December 2019** and we are looking forward receiving Agri Northern Cape's written comment/s on the BARs within the 30-day review period but not later than the closing date of the review period, i.e. **Friday, 13 December 2019**.

Kind regards

BELLEVILLE 7530

**By Courier**

Dear Ms Abrahams,

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF McTAGGARTS PV1,  
McTAGGARTS PV2, McTAGGARTS PV3 AND KLIP PUNT PV1 NEAR UPINGTON, NORTHERN CAPE PROVINCE**

---

**NOTICE OF AVAILABILITY OF BASIC ASSESSMENT REPORTS FOR REVIEW AND COMMENT**

---

The development of four (4) separate 75MW solar photovoltaic (PV) facilities and the associated grid connection solution is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggart PV1, McTaggart PV2, McTaggart PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The grid connection solution to be developed, which will cater for all four solar PV facilities, is known as the Khunab Solar Grid Connection. The facilities are located within the Kai !Garib and the Dawid Kruiper local municipalities of the greater ZF Mgcawu District Municipality.

In terms of Regulation 43(2) of the EIA Regulations, 2014, as amended, this letter serves to inform you that the Basic Assessment Reports (BARs) are available for your Department's review and written comments, and CDs containing the BARs is included in this envelope.

Please note that BARs review periods are from **Wednesday, 13 November 2019** to **Friday, 13 December 2019** and we are looking forward receiving Agri Northern Cape's written comment/s on the BARs within the 30-day review period but not later than the closing date of the review period, i.e. **Friday, 13 December 2019**.

Kind regards

**CaseHeader**    LocationInfo    Admin

**Status:** Pending & Under Assessment

**HeritageAuthority(s):** SAHRA  
NSKB

**Case Type:** Section 38 (8) - Statutory Comment Required

**ProposalDescription:**

**Applicant:** McTaggarts PV3 (PTY) Ltd The development of four (4) separate solar photovoltaic (PV) facilities, each with a contracted capacity of up to 75MW located ~20km south-west of Upington within the Upington Renewable Energy Development Zone (or REDZ 7). The projects are located in the Kai !Garib Local Municipality and within the ZF Mgcawu District Municipality in the Northern Cape. The Dawid Kruiper Local Municipality is located directly to the east.

**ApplicationDate:** Tuesday, December 3, 2019 - 07:30

**CaseID:** 14645

**Applicants:** McTaggarts PV2 (PTY) Ltd

**Consultants/Experts:** Reuben Maroga

## Khunab Solar Development: McTaggarts PV3

### Development of McTaggarts PV3 Solar Photovoltaic (PV) Facility Near Uppington, Northern Cape Province

**Project Name:** McTaggarts PV3

**Applicant:** McTaggarts PV3 (Pty) Ltd

**Proposed Activity:** The development of a photovoltaic (PV) solar facility with a contracted capacity of up to 75MW. The development footprint will be approximately 218ha and will include the following infrastructure:

- Solar PV panels;
- Centralised inverter stations or string inverters;
- Cabling between the panels, to be laid underground where practical;
- An on-site facility substation to facilitate the connection between the solar PV facility to the electricity grid;
- An access road to the project site with a maximum width of 6m;
- Internal access roads within the PV panel array area with a maximum width of 5m;
- A temporary laydown area; and
- Operation and Maintenance buildings including a gate house and security building, control centre, offices, warehouses, a workshop and visitors centre.

**Location:** The PV facility will be located on Portion 3 of the Farm McTaggarts Camp 453 and Portion 12 of the Farm Klip Punt 452 within the Kal JGarib Local Municipality of the greater ZF Mgcawu District Municipality, Northern Cape Province. The broader study area for McTaggarts PV3 borders the Dawid Kruijer Local Municipality to the east.

**Basic Assessment Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998) and Government Notice R114, as read with Government Notices R324 - R327, as amended, a Basic Impact Assessment is required for the development of McTaggarts PV3. Savannah Environmental (Pty) Ltd is undertaking the required Basic Assessment and Public Participation Process for the project.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF MCTAGGARIS PV1,  
MCTAGGARIS PV2, MCTAGGARIS PV3 AND KUP PUNT PV1, NORTHERN CAPE PROVINCE**

Dear Stakeholder and Interested and Affected Party,

With reference to the attached notification letter sent on Wednesday, 13 November 2019, and the e-mail notification below, this e-mail serves to inform you that the comment period for the Basic Assessment Reports (BARs) is ending on **Friday, 13 December 2019**. As you may recall, the review and comment period for the BARs was from Wednesday, 13 November 2019 to Friday, 13 December 2019.

Thank you to those Stakeholders and Interested and Affected Parties who submitted their written comments and those who had not yet submitted written comments, we kindly request that you do so before or on **Friday, 13 December 2019**.

Kind regards,

Kind Regards,

**Optional Attendees:** Ronald Baloyi

Dear Ordain,

I believe that Ronald Baloyi contacted you regarding our FGM scheduled for Wednesday, 13 November 2019, that due to unforeseen circumstances the meeting had to be postponed.

Would you please be so kind as to confirm that **Thursday, 28 November 2019** would be a suitable date to hold the FGM.

Looking forward to hear from you.

Kind regards,

Nicolene Venter

\*\*\*\*\*

Dear Ordain,

Thank you for taking my call this afternoon.

As discussed, we would like to meet with you, as Environmental Officer, Environmental Impact Management, to:

- Present a brief overview of the 4 x Solar Development PVs and Grid Connection Solution; and
- Present a summary of key environmental findings as documented in the BARs; and
- Respond to any questions and/or comments you may have

Ordain, it would also be appreciated if you will extend this invitation to your colleague in the Biodiversity Section, responsible for this study area.

Attached is the Background Information Document providing information on the four (4) Solar Developments and the Grid Connection Solution and I also attached the relevant KMZ files to assist the DENC with the location of the proposed Developments.

Please do not hesitate to contact us should you have any queries.

Looking forward hearing from you.

**Subject:** KHUNAB SOLAR DEVELOPMENTS AND GRID CONNECTION: Notification of Basic Assessment Process

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF MCTAGGARTS PV1, MCTAGGARTS PV2, MCTAGGARTS PV3  
AND KLIP PUNT PV1**

**AND THE KHUNAB SOLAR GRID CONNECTION, NORTHERN CAPE**

Dear Interested and Affected Party,

The development of four (4) separate 75MW solar photovoltaic (PV) facilities and the associated grid connection solution is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggarts PV1, McTaggarts PV2, McTaggarts PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The grid connection solution to be developed, which will cater for all four solar PV facilities, is known as the Khunab Solar Grid Connection. The facilities are located within the Kai !Garib and the Dawid Kruiper local municipalities of the greater ZF Mgcawu District Municipality.

Savannah Environmental has been appointed to undertake the Basic Assessment Process for the above-mentioned projects.

Please refer to the attached Notification letter and Background Information document for further information regarding these projects.

You are kindly requested to complete the attached Registration and Comment Form to formally register as an Interested and Affected Party (I&AP) to receive further information regarding the above-mentioned proposed projects.

Please do not hesitate to contact us if you have any queries in this regards.

Kind regards,

**Nicolene Venter**

Dear Ms Cloete,

I omitted to attach the following documents which will provide you with background information regarding the proposed four (4) photovoltaic projects:

- Notification letter announcing the projects – this letter was sent to all Kai !Garib Officials on the project database
  - This letter was distributed with the Background Information Document (see attached) – English and Afrikaans
- Notification of the availability of the Basic Assessment Reports sent to Mr Isaak de Waal, Municipal Manager, Kai !Garib

I hope to hear from you soon.

Kind regards,

**Nicolene Venter**

**Cc:** Reuben Maroga <reuben@savannahsa.com>  
**Subject:** Request for Meeting: Thursday, 28 November 2019 @ 10h00  
**Importance:** High

Dear Ms Cloete,

Following up on my telephone discussion this afternoon with Valeria Springbok, Personal Assistant to the Municipal Manager, regarding our request below.

As informed, Kai !Garib Local Municipality Officials are attending to other commitments on Friday, 29 November 2019 and as such a Focus Group Meeting (FGM) at Kai !Garib Municipal Offices is unfortunately not possible. We would like to enquire whether Ms Cloete, Local Economic Development Manager, would be available to attend the Focus Group Meeting (FGM) that is taking place at Dawid Kruiper Local Municipality on:

- **Date:** Thursday, 28 November 2019

- **Time:** 10h00
- **Venue:** Dawid Kruiper Local Municipality Chambers

If available, it would be appreciated if Ms Cloete can extend this invitation to the following Kai !Garib Local Municipal Official, but also at the discretion of the Municipal Manager:

- Cllr D Fienies (Ward 8 – Also the Speaker)
- Integrated Development Planning Department
- Land Use & Infrastructure Department
- Town Planning
- Electrical Department
- Engineering Department
- Water and Sanitation Department
- Waste Department
- Environmental Department

Officials are welcome to nominate a colleague to attend the meeting should they not be available to attend.

Ms Cloete, I will contact your Office tomorrow morning to discuss our request.

Kind regards,

## Nicolene Venter

# SAHRIS

[MyDashboard](#) [Explore](#) [Create](#) [Calendar](#) [Maps](#) [Help](#)

A message has been sent to [natasha.higgitt](#).

SAHRIS Case ID 14645 and 14590

Between you and [natasha.higgitt](#)

[natasha.higgitt](#) 8:16 am

Good morning,

I have noted two new cases on SAHRIS from this profile.

Case ID 14645 - I note that the Public Review period is from the 13 November to the 13 December 2019. As the application has only been submitted today, 3 December 2019, as per the NEMA EIA regulations, SAHRA has 30 days in which to provide comment. Additionally, the 15 December to the 5 January are to be excluded from the Public Review period as per NEMA regulations.

Case ID 14590 - I note that the application was created on the 19 November 2019, however, the status of the case was only changed to SUBMITTED today the 3 December 2019.

Thus, SAHRA will provide comments on both of these cases before the 24 January 2020. SAHRA recommends that you apply for an extension of the EA process in terms of section 19(1)b of the NEMA regulations in order for SAHRA to provide comment.

Please acknowledge receipt of this message and confirm the process going forward. This message is kept on permanent record linked to the case tracker of the cases.

Kind regards,  
Natasha Higgitt

**KHUNAB SOLAR DEVELOPMENT CONSISTING OF MCTAGGARTS PV1,  
MCTAGGARTS PV2, MCTAGGARTS PV3 AND KLIP PUNT PV1, NORTHERN CAPE PROVINCE**

Dear Stakeholder and Interested and Affected Party,

The development of four (4) separate 75MW solar photovoltaic (PV) facilities is proposed approximately 20km south-west of Upington in the Northern Cape Province. The four solar PV facilities, known as McTaggart PV1, McTaggart PV2, McTaggart PV3 and Klip Punt PV1, are located to the north of the existing Khi Solar One facility. The facilities are located within the Kai !Garib Local Municipality of the greater ZF Mgcawu District Municipality.

This e-mail serves to inform you, as a registered Interested and Affected Party (I&AP), that in terms of the National Environmental Management Act (No 107 of 1998) (NEMA) and the Environmental Impact Assessment Regulations, 2014, as amended, that the Basic Assessment Reports (BARs) for the above-mentioned four solar PV facilities are available for your review and comment.

The review and comment period is from **Wednesday, 13 November 2019** until **Friday, 13 December 2019**. Hard copies of the reports can be viewed at the following libraries:

- Dawid Kruijer Public Library, Cnr Mark & Mutual Streets, Upington
- Keimoes Library Hall, Cnr Loop & Kousas Street, Keimoes

The reports can also be downloaded from Savannah Environmental's website: <https://www.savannahsa.com/public-documents/energy-generation/>.

Please refer to the attached letter for further details in this regard.
