**IF TODAY IS YOUR BIRTHDAY:**  
A SPLENDID blend of positive influences gets this session off to an optimistic start. Favourable developments in business and finance will raise your spirits and enable you to take a far more expansive view of your long-term prospects.  
**William Smith's Star Guide**

**ARIES: Mar 21 - Apr 21:** Be self-sufficient and resourceful to keep things moving along. Your usual backers and helpers will disappoint you this time around, due to events that are beyond their control. Common sense and grit are your best resources. (083 9140 701)  
**TAURUS: Apr 21 - May 21:** Your current inclination to jump to conclusions could rebound badly on you. A reaction that is rooted in ignorance is the worst kind of response; so take time to study the prevailing issue to make a worthy assessment. (083 9140 702)  
**GEMINI: May 21 - Jun 22:** Examine conditions and proposed actions before actually making your next move because you will almost certainly find that some adjustment is necessary for your personal or business projects. Faulty strategies will be sorely exposed. (083 9140 703)  
**CANCER: Jun 22 - Jul 23:** You have reached the point at which you feel compelled to react vigorously to a companion whose nonsense and fussiness have become unbearable. You have your right to peace and harmony, and should have no qualms in resolving the matter. (083 9140 704)  
**LEO: Jul 23 - Aug 24:** You need to eliminate certain fears and worries or they might become obsessions. You cannot expect to make meaningful progress until you have thrown off all disturbing thoughts. The important thing is that you can do it. (083 9140 705)  
**VIRGO: Aug 24 - Sep 23:** Maintain your will against all obstacles. Do not allow anybody or anything to unsettle your confidence. This is necessary if you hope to attain your ambition - otherwise a surprising development will upset your plans. (083 9140 706)  
**LIBRA: Sep 23 - Oct 23:** A rather difficult period in financial terms - earned income may suddenly fall off or you might be subjected to a costly emergency. For one reason or another, you will struggle to make ends meet. Avoid accumulating debt. (083 9140 707)  
**SCORPIO: Oct 23 - Nov 23:** Doubts, fears and worries are like weeds whereas ideas and ideals can be compared to bright blooms. This is the time to weed your mental garden. Do not let noxious and negative emotions choke your wonderful imagination. (083 9140 708)  
**SAGITTARIUS: Nov 23 - Dec 22:** You are likely to experience adverse conditions on the home front; may struggle to make yourself heard above the noisy squabbling. There is seemingly no place for common sense and you may be obliged to put your suggestions on ice. (083 9140 709)  
**CAPRICORN: Dec 22 - Jan 21:** You are now quite self-centred and egotistical. You may be rejected by people who feel that you are too smart to deal with - so do not be surprised if some rebuffs are forthcoming. Resolve to be more accommodating and less dominating. (083 9140 710)  
**AQUARIUS: Jan 21 - Feb 20:** If you are riding high and feeling low, you are probably pushing yourself too hard or neglecting your health. Be sensible, balance labour and relaxation to achieve your worldly goals and protect your well-being. (083 9140 711)  
**PISCES: Feb 20 - Mar 21:** You will find it hard to plan effectively while all sorts of doubts and fears punctuate your thoughts. Two heads are better than one right now so cultivate communication with someone who can ably assist you in making vital decisions. (083 9140 712)
