**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT, BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESSES FOR THE PROPOSED DEVELOPMENT OF THE MUTSHO SOLAR PHOTOVOLTAIC (PV) ENERGY FACILITIES AND ASSOCIATED ELECTRICAL GRID INFRASTRUCTURE NEAR MUSINA, LIMPOPO PROVINCE**

**Applicant:** Mutsho Power (Pty) Ltd.

**Proposed Activity:** Establishment of four (4) Solar Photovoltaic (PV) Energy Facilities, each with a contracted capacity of up to 100MW which will connect to the Nzhelele Substation to enable the connection of the four (4) Solar PV Energy Facilities to the national grid for the evacuation of the generated power. It is the developer's intention to develop the projects in a phased approach (i.e., 100MW at a time). Infrastructure associated with each project includes:

<b>Solar PV Energy Facilities</b>	
<ul style="list-style-type: none"> <li>» Solar PV array comprising PV panels and mounting structures.</li> <li>» Inverters and transformers.</li> <li>» Cabling between the project components.</li> <li>» 33/132kV onsite facility (IPP Portion), including associated equipment and infrastructure – the onsite substation will be completely constructed as part of phase 1 but only equipped for the first 100MW. When such a time comes that the next 100 MW is constructed, the existing substation will be equipped for the additional 100MW generation capacity (i.e., additional transformers, extending the busbars, etc.). This approach will be followed as each 100MW is added.</li> <li>» Battery Energy Storage System (BESS) - In a similar manner to the onsite substation, one BESS will be constructed for the entire 400MW project. # Muthala has big plans for future after winning Khubvi pageant

By Victor Mukwevho

Lutendo Faith Muthala (19) glowed with happiness when she was crowned Miss Khu-

bvi Beauty Queen 2022. The beauty pageant was held at the Living Water Christian Church on Reconciliation Day (16 December).

The beautiful lass from Tshiombo village with the lovely smile thoroughly captivated the crowd each time she walked onto the stage, but the competition was stiff as she competed against other beauties, such as Khubvi-based model Merina Nevhungoni.

Muthala, who is in her final year at the University of Venda studying for a computer science degree, said she only started competing in beauty pageants early in 2022. Her first pageant was the Miss Hangwani Funerals Beauty Pageant. Unfortunately, she did not even make it to the top five. She then competed in the Miss Davhana Beauty Pageant, where she won the Miss Ambassador title.

Muthala has also started her own social campaign, called Restore Your Integrity with Faith, which has already helped more than 2 000 girls around the Vhembe District from poor backgrounds with sanitary towels.

"We are calling on big corporates to join hands with us in helping the thousands of poor girls out there. It is very painful to see them missing school during their menstruation periods. Together, we can make a difference in their lives," she said.

# UAAC pays special tribute to late leader, Vhamusanda Vho-Nduvheni

By Silas Nduvheni

High honour was bestowed on the late well-known traditional leader Vhamusanda Vho-Rembuluwani Nduvheni during the annual Youth Conference of the United African Apostolic Church (UAAC) held at Thengwe Secondary School in Mutale in December.

The UAAC, under the leadership of Archbishop Itani Mureri, organised the customary year-end conference in remembrance of Nduvheni, who had sadly passed away on 14 January 2021.

Nduvheni was one of the longest-serving traditional leaders of the Ha-Rambuda Tribal Council, also having worked with the former Venda Minister of Justice, Thothele John Ratshilumela Rambuda, and he had served as the chairperson of the UAAC's traditional leaders body.

A candle was lit in Nduvheni's memory from the onset of the proceedings and remained burning until the conference was concluded. A token of appreciation for the role he had played in the church and the community at large was handed to the late traditional leader's three wives 'so that the

family could always remember how the church valued his hard work," said Archbishop Mureri.

"He worked under my father, the late Archbishop EMM Mureri, and his ideas and input had helped with the establishment of many branches of the church in, around and outside the country, such as in Zimbabwe, among others. Someone of his calibre can never be replaced," said Mureri.

Mr Eddie Nduvheni, one of the late traditional leader's children, said they were grateful to the UAAC for remembering their father and the good work he had done.
