Subject: SE2897-MUTSHO SOLAR PHOTOVOLTAIC ENERGY FACILITIES AND ASSOCIATED INFRASTRUCTURE: Notification of Environmental Impact Assessment Reports available for review and comment
Attachments: SE2987_Mutsho_PV_EI Ars_Notification_Letter-FINAL.pdf

**MUTSHO SOLAR PHOTOVOLTAIC (PV) ENERGY FACILITIES AND ASSOCIATED INFRASTRUCTURE NEAR MUSINA,
LIMPOPO PROVINCE**
(DFFE Reference Nos.: 14/12/16/3/3/2/2180, 14/12/16/3/3/2/2181, 14/12/16/3/3/2/2182 & 14/12/16/3/3/2/2183)

Dear Stakeholder and Interested & Affected Party,

Mutsho Power (Pty) Ltd proposes the construction and operation of four (4) Solar Photovoltaic (PV) Energy Facilities, each with a contracted capacity of up to 100MW, and Electrical Grid Infrastructure comprising a 132kV onsite substation (for the entire 4 x 100MW project), and a 132kV double circuit overhead power line from the onsite substation to the Nzhelele Substation to enable the connection of the four (4) Solar PV Energy Facilities to the national grid for the evacuation of the generated power. It is the developer's intention to develop the projects in a phased approach (i.e., 100MW at a time).

The four (4) Solar PV Energy Facilities and grid connection infrastructure are proposed on a site located approximately 8km south-west of Mopane and 39km south-west of Musina, within the Musina Local Municipality and the Vhembe District Municipality in the Limpopo Province on Remaining Extent of Farm Vrienden 589 MS..

AVAILABILITY OF ENVIRONMENTAL IMPACT ASSESSMENT REPORTS AND COMMENT

The Environmental Impact Assessment Reports (EI Ars) for each of the renewable energy facilities are available for download, review, and comment on the Savannah Environmental website ([click here](#)). The 30-day review and comment period of the EI Ars is from **Friday, 13 January 2023** until **Monday, 13 February 2023**.

Kindly find attached notification letter which provides you with additional information.

Please do not hesitate to contact us should you require any additional information.

Kind regards,

SAWEA Award for Leading Environmental Consultant on Wind Projects in 2013 & 2015

12 January 2023

Dear Stakeholder and Interested & Affected Party,

**MUTSHO SOLAR PHOTOVOLTAIC (PV) ENERGY FACILITIES AND ASSOCIATED INFRASTRUCTURE NEAR MUSINA,
LIMPOPO PROVINCE
(DFFE Reference Nos.: 14/12/16/3/3/2/2180, 14/12/16/3/3/2/2181, 14/12/16/3/3/2/2182 &
14/12/16/3/3/2/2183)**

NOTICE OF AVAILABILITY OF SCOPING REPORTS FOR REVIEW AND COMMENT

Mutsho Power (Pty) Ltd proposes the construction and operation of four (4) Solar Photovoltaic (PV) Energy Facilities, each with a contracted capacity of up to 100MW, and Electrical Grid Infrastructure comprising a 132kV onsite substation (for the entire 4 x 100MW project), and a 132kV double circuit overhead power line from the onsite substation to the Nzhelele Substation to enable the connection of the four (4) Solar PV Energy Facilities to the national grid for the evacuation of the generated power. It is the developer's intention to develop the projects in a phased approach (i.e., 100MW at a time).

The four (4) Solar PV Energy Facilities and grid connection infrastructure are proposed on a site located approximately 8km south-west of Mopane and 39km south-west of Musina, within the Musina Local Municipality and the Vhembe District Municipality in the Limpopo Province on Remaining Extent of Farm Vrienden 589 MS.

Each Solar PV Energy Facility will be constructed as a separate stand-alone project by a separate Special Purpose Vehicle (SPV) and is therefore assessed through separate Scoping and Environmental Impact Assessment (EIA) processes. A combined four (4) applications for Environmental Authorisation (EA) are therefore currently being pursued.

The grid connection solution associated with the solar PV facilities will be subjected to a separate Basic Assessment (BA) process in order to facilitate handover of this infrastructure to Eskom once constructed. You, as a registered Interested and Affected Party (I&AP) will be notified once the BA Report is available for review and comment.

Due to the proximity of the Solar PV Energy Facilities and their associated grid connection solution to one another, the public participation processes for the projects are being undertaken concurrently, providing the public with an opportunity to understand and provide comment on all the projects.

AVAILABILITY OF ENVIRONMENTAL IMPACT ASSESSMENT REPORTS AND COMMENT

The Environmental Impact Assessment Reports (EIARs) for each of the renewable energy facilities are available for download, review, and comment on the Savannah Environmental website (<https://savannahsa.com/public-documents/energy-generation/mutsho/>). The 30-day review and comment period of the EIARs is from **Friday, 13 January 2023** until **Monday, 13 February 2023**.

The availability of the Basic Assessment Report for the grid connection infrastructure for a 30-day review and comment period will be communicated in due course.

Please submit your written comments on the EIARs by **Monday, 13 February 2023** via our online stakeholder engagement platform (link provided above) or:

- » Telephone: 011 656 3237
- » Mobile: 060 978 8396 (including please call me)
- » Fax: 086 684 0547
- » Post: PO Box 148, Sunninghill, 2157
- » E-mail: publicprocess@savannahsa.com

All comments can be addressed to Nicolene Venter at Savannah Environmental.

All comments received during the review and comment period will be recorded and included in the Final EIARs for submission to the DFFE in line with Regulation 44 of the EIA Regulations, 2014, as amended (GN R326).

We look forward to your participation in the in the process as your valuable contribution to the proposed developments will ensure an inclusive approach and further allow the DFFE to make an informed decision.

Please do not hesitate to contact us should you require additional information and/or clarification regarding the project. Our team welcomes your participation and looks forward to your involvement throughout this process.

Kind regards

Nicolene Venter

To: Savannah Public Process
Subject: RE: SE2897 - MUTSHO SOLAR PHOTOVOLTAIC ENERGY FACILITIES AND ASSOCIATED INFRASTRUCTURE

Good Afternoon

Please note that all development applications are processed via our online portal, the South African Heritage Resources Information System (SAHRIS) found at the following link: <http://sahra.org.za/sahris/>. We do not accept emailed, posted, hardcopy, faxed, website links or DropBox links as official submissions.

Please create an application on SAHRIS and upload all documents pertaining to the Environmental Authorisation Application Process. As per section 24(4)b(iii) of NEMA and section 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA), an assessment of heritage resources must form part of the process and the assessment must comply with section 38(3) of the NHRA.

Once all documents including all appendices are uploaded to the case applications, please ensure that the status of the cases is changed from DRAFT to SUBMITTED. Please ensure that all documents produced as part of the EA process are submitted as part of the application.

Kind Regards,
Nokukhanya

I will be working from home until further notice. Please contact me via email primarily or call me on 0839879817 during business hours.
