DEAR SIR/MADAM

RE: 17 HOPSON AVENUE

After discussing this application with Lindsay Napier, we have made the following changes:

The front elevation of the existing double storey has retained the vertical wall between the 2 units and windows accordingly. The rear elevation, we have eliminated the top storey so that it has less impact on the height of the building. We believe that with these changes, the front elevation of the double storey has minimal changes and remains as close as possible to the original and now has no effect on the existing streetscape.

Yours Faithfully

G.P. Braum
