FINAL SCOPING REPORT

NOTICE OF SCOPING AND ENVIRONMENTAL IMPACT ASSESSMENT

Oiltanking Grindrod Calulo (Pty) Ltd (OTGC) proposes to construct and operate a Bulk Liquid Handling and Storage Facility in Zone 8 of the Coega Industrial Development Zone (Coega IDZ), Port of Ngqura, Nelson Mandela Bay Municipality (NMBM), Eastern Cape Province. Bulk liquids such as, petrol, diesel, jet fuel, paraffin, fuel oil, chemicals and LPG, with a combined storage capacity of approximately 520 000 m³ will be transported to the Port of Ngqura via ship and be piped to the tank farm for storage, prior to supply to the Southern African market and/or re-exported.

In terms of the National Environmental Management Act (Act no 107 of 1998), as amended (NEMA), and the 2010 EIA regulations published on the 18 June 2010 in Government Gazette 33306 (as amended), Scoping and Environmental Impact Assessment is required as the project includes, amongst others, the following activity listed in GN R 545.

3. "The construction of facilities or infrastructure for the storage, or storage and handling of a dangerous good, where such storage occurs in containers with a combined capacity of more than 500 cubic metres."

Additional listed activities are as follows:

GN R544: Activity 11 (xi); 16 (vi); 18 (i), (iv); 23 (ii) and (24).

GN R545: Activity 5; 6 (i), (ii) and 15.

GN R546: Activity 12 (c); 13 (a) (c) (ii) (ff) (gg); 14 (a) (i) and 16 (iii) (a) (ii) (ff) (ii).

The listed activities require authorisation from the Provincial Department of Economic Development, Environmental Affairs and Tourism (DEDEAT) (Reference Number ECm1/LN2/M/11-57). The CSIR has been appointed by OTGC (the applicant) to undertake the Scoping and Environmental Impact Assessment (EIA) required for the project and Public Process Consultants will manage the public participation component of the EIA.

Available information on the project can be downloaded through www.publicprocess.co.za.
