Dear Ms Seetelo

INTENDED RELOCATION OF THE REMAINS OF 104 GRAVES THAT ARE OLDER THAN 60 YEARS FROM THE FARMS KLIPPLAAT 14 IS AND BOSHMANSFONTEIN 12 IS, MPUMALANGA

BACKGROUND INFORMATION

Our company has been appointed by Glencore South Africa (PTY) Ltd to affect the relocation of 104 graves located in two (2) different cemeteries on the farms Klipplaat 14 IS and Boshmansfontein 12 IS, Mpumalanga. Martins Funerals (Emalahleni) will be responsible for the handling and reburial of the exhumed human remains (Appendix A). Of the 104 graves 9 are known to be older than 60 years and 51 have been unclaimed and therefore assumed to be older than 60 years old as stipulated in the Heritage Act.

DESCRIPTION OF CEMETERIES

The details of these cemeteries and graves are as follows:

- **TOP 2: Latitude: -26.074150 Longitude : 29.157096**
This cemetery contains 78 graves located on the farm Klipplaat 14 IS, near Ogies, Mpumalanga Province (Appendix B). The details of the persons buried here can be found in the attached grave register (Appendix C). Of the 78 graves, 27 have associated next of kin who have requested that we relocate their graves. Of the 78 graves, 51 have been unclaimed, where no next of kin have been identified. The graves will be relocated to the cemeteries as requested by the families. All unclaimed graves will be relocated to Kromdraai with the same dignity as the claimed graves.
- **TOP 14: Latitude: -26.0416399967 Longitude : 29.2028359696**
This cemetery contains a total of 420 graves located on the farm Boshmansfontein 12 IS, near Ogies, Mpumalanga Province (Appendix B). We had previously received permission to relocate 360 graves from this cemetery, which are to be relocated within eMalahleni. However, 26 graves have associated next of kin who have requested that we relocate their graves to cemeteries within five other local municipal cemeteries. The details of the

persons to be relocated outside eMalahleni can be found in the attached grave register (Appendix C). The graves will be relocated to the cemeteries as requested by the families. This application deals with the 26 graves that need to be relocated to cemeteries outside the eMalahleni Local Municipality.

PERMITS AND PERMISSIONS

We have received the following permits and permissions thus far:

- The South African Police Services were informed of the proposed relocation. They will be informed of the date of relocation at least 7 days in advance (Appendix D).
- Local Municipalities for graves to be reburied outside eMalahleni (Appendix E).

We are also in the process of applying for permits and permissions from the following institutions:

- The South African Heritage Resources Agency as required by Section 36 of Act 25 of 1999. (Graves older than 60 years and all graves that were not identified by next of kin)
- The Mpumalanga Provincial Department of Health.

SOCIAL CONSULTATION

The cemeteries are adversely impacted upon by the expansion of coal mining by the Tweefontein Optimisation Project. We have conducted an intensive process of social consultation in order to identify the buried individuals and to obtain requests for exhumation and re-interment from the affected families. This process commenced on Monday, 21 August 2013 with the erection of bilingual (English and isiZulu) site notices at all the cemeteries (Appendix F). Bilingual (isiZulu and English) newspaper notices were published in the Daily Sun on the 18 September 2013 and Witbank News on Friday, 6 September 2013 (Appendix G). Radio notices were aired on SABC Ligwalagwala FM for 7 days from the 19 -20 November 2013 (Appendix H)

The physical social consultation process commenced on Monday, 2 September 2013 and the methodology followed in terms of this consultative process comprised the following:

- Identification of persons who may have resided in the study area by speaking to elderly people who have lived within the surroundings of the study area all their lives.
- During conversations with these individuals leads may have been forthcoming of families or individuals who used to reside within the study area.
- Our social consultant followed up each of the leads, to ascertain whether these individuals could have graves buried within the study area. In some cases preliminary meetings could immediately take place, while in others a preliminary meeting date was scheduled.
- Once families with graves within the study area had been identified, a preliminary meeting took place to introduce the proposed relocation project to the families. This first meeting also aimed to establish where the graves of the particular family are located.
- Once the family representatives with whom the preliminary meeting had been held had discussed the proposed relocation with the remainder of their families, a date was scheduled on which the physical identification of the graves could be undertaken and if the family so wished the proposed request forms could be signed (Appendix I).

- On the identification date the respective family representatives were physically taken to the cemeteries where their graves were buried. The representatives then identified their graves and the respective (unique) grave numbers were recorded by the social consultant. At this point those families willing to sign the request forms were then given the opportunity to do so (Appendix I).

As a result of the social consultation process the following results were achieved:

Of the 104 graves located in these two cemeteries, 53 graves have been positively identified by the affected families and a signed request form for the relocation for each grave has been provided (to be hand delivered as an addendum). For the remaining 51 graves located at the TOP2 cemetery, none of these graves have been positively identified or claimed by next of kin. The low identification rate can be ascribed to the age of the affected cemeteries.

To clarify matters we have allocated the affected graves to the following categories:

Graves older than 100 years (Section 35 of Act 25 of 1999):	None
Graves older than 60 years (Section 36 of Act 25 of 1999):	9
Graves of victims of conflict (Section 36 of Act 25 of 1999):	None
Graves of individuals of royal decent (Section 36 of Act 25 of 1999):	None
Graves younger than 60 years that are located outside a registered cemetery (Ordinance 7 of 1925, Section 36 of Act 25 of 1999, Ordinance 12 of 1980):	27
Graves identified by the next of kin but of which the date of death is presently unknown	17
Presently unknown graves/possible graves (Section 36 of Act 25 of 1999):	51
Total	104

REBURIAL OF REMAINS

As mentioned above, it would be preferred if the unidentified graves be reburied in the closest municipal cemetery, Kromdraai cemetery. According to the wishes of the families, the identified graves must be buried at the following municipal cemeteries (Appendix E):

Name of Cemetery	Responsible Municipality	Number of Graves to be relocated here
Kromdraai Cemetery	eMalahleni Local Municipality	63
Phola Cemetery	eMalahleni Local Municipality	9
Mkhalanyoni Kwaggafontein Cemetery	Thembisile Hani Local Municipality	6

Total No.		104

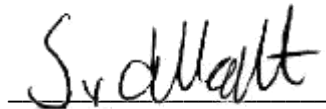

REQUEST

In light of the aforementioned information, we hereby respectfully apply for permission to:

1. Exhume the remains in the 104 affected graves;
2. Rebury the remains in the cemeteries within your jurisdiction, as set out above.

Please do not hesitate to contact me if you need any additional information (my cell phone number is 076-560-4114).

Yours sincerely,

Dear Col. Oosthuizen,

NOTIFICATION OF THE INTENDED RELOCATION OF HUMAN REMAINS – TWEEFONTEIN OPTIMISATION PROJECT, XSTRATA COAL, TWEEFONTEIN COMPLEX.

PROJECT INFORMATION

This communication serves to inform you that our company has been appointed by Glencore South Africa (Pty) Ltd, to effect the relocation of approximately 600 graves affected by mining activities. The graves are located in 10 separate informal cemeteries spread across the farms listed below. We will be assisted on this project by Martins Funeral Undertakers. The public consultation process, to identify next of kin for the graves, commenced in August 2013 and the project is envisaged to be concluded by the end of 2015.

Please be advised that according to the newly promulgated health regulations (published in May 2013), a member of the SAPS must be on site during the exhumation of the remains. We will be in contact with your office to discuss the logistics of this.

LOCATION OF THE GRAVES

The graves, affected by the expansion of mining activities of the Tweefontein Optimisation Project, are located on the following properties that falls under your jurisdiction:

- Farm Boshmansfontein 12 IS
- Portion 1 and 2 of the farm Klipplaats 14 IS

PERMITS AND PERMISSIONS

We intend to apply for a permit and permissions from the following institutions/compliance agencies:

- The South African Heritage Resources Agency (SAHRA) as required by Section 36 of Act 25 of 1999 – Relocation Permit
- The Mpumalanga Provincial Department Health – Relocation Permit
- The Emalahleni Municipality - permission to exhume and rebury
- Any other relevant municipality – permission to rebury human remains as requested by the next of kin.

REBURIAL OF REMAINS

All remains recovered during the relocation exhumation will be reburied in Municipal Cemeteries or traditional areas as requested by the next of kin. Unknown remains will be reburied in the closest municipal cemetery, Kromdraai Cemetery.

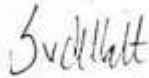

REQUEST

Can you please inform us if your office has any objection to the proposed relocation? If our permit applications are successful we will inform you at least one week in advance of the exhumation date. You will also be supplied with copies of all the relevant permits and permissions as well as a detailed exhumation schedule.

Should you have no objection, please sign in the space provided for this purpose below, alternatively you are welcome to submit a letter to us in this regard.

If you need any further information, please contact Stephany van der Walt on Cell: +27-83-570-1722 Fax: 086 675 8077 or email: stephany@pgsheritage.co.za

Yours sincerely

Dear Madam

**RE: EXHUMATION AND REBURIAL OF THE MORTAL REMAINS REQUEST BY PGS
HERITAGE**

The above subject has reference:

Elias Motsoaledi Local Municipality Social Development Directorate do not object to formal request made by PGS Heritage Solutions on behalf of the client Glencore South Africa (PTY), to conduct exhumation and reburial of the mortal remains of six graves as requested by the dedicated families to be buried within this municipality. It must be noted that, this office have carefully studied the forwarded documents and found that credible information has been supplied within the attached application documents that have led to authorization request.

Although this office permits the abovementioned institution to conduct the aforementioned activities, PGS Heritage Solutions must conduct the below mentioned activities prior or during execution of the above request as indicated below:

1. At times nominated personnel from Martins Funeral Industry must be in position of this letter during exhumation and after reburial of the above mentioned activity. In addition to this, the

nominee must inform Dennenilton SAPS of the intention to conduct reburial.

2. Make payment of R61, 58 for grave reservation, though you are liable privately for grave preparations.
3. Inform Sekhukhune District Environmental Health Practitioners of all your intentions prior reburial.

For more clarity, please do not hesitate to contact this office.
