

Notice is hereby given that an application for a **Management Plan** in terms of the **EA Regulations, 2014** (Regulations in terms of Chapter 9 of the National Environmental Management Act, 1998, as amended) will be lodged with the Council of Agricultural and Rural Development (CARD).

**Project Name:** The Proposed PW17 Freeway between the proposed PW5 Freeway and the existing R102

**General Information:** Take note that EA's were already afforded an opportunity to register as EA's during a first round of public participation for the involved section of the freeway. A first draft Scoping Report was also made available to CARD's organs of state, stake holders etc. for comment, but due to the large amount of issues raised during the first round of public participation, it was decided to either withdraw the application of CARD and to compile a revised draft scoping report for the proposed freeway. The advertisement notice represents a repetition of the Scoping Report advertisement notifications. Even though the relevant legislation provides for a 30-day registration period for EA's, Businesses, and occupational issues raised by new EA's throughout the entire EA process (until the submission of the final EA).

**Property Description:** The proposed freeway will however affect the following farms and properties: Farm Tweedfontein 19 JK; Farm Zandvlei 344 JK; Farm Wagonkop 367 JK; Farm Wagenvoort 371 JK; Farm Swaenpoort 373 JK; Farm Grootfontein 394 JK; Farm Donkerfontein 412 JK; Farm Tweedfontein 413 JK; as well as business Holdings No. 1 and 2 on the Farm Tweedfontein 413 JK.

**Using Activities Applied for in terms of NEMA Regulation, 4 December 2014: GMR 193 Using Notice 21 - Activity 12, 19, 21, 24 & 30; GMR 193 Using Notice 21 - Activity 12 & 21 and GMR 193 Using Notice 21 - Activity 4, 12 & 14. (Billed Activities Unchanged will be continued during the application process)**

**Proposed Name:** Council of Agricultural and Rural Development

**Location:** The proposed freeway will however affect the following farms and properties: Farm Tweedfontein 19 JK; Farm Zandvlei 344 JK; Farm Wagonkop 367 JK; Farm Wagenvoort 371 JK; Farm Swaenpoort 373 JK; Farm Grootfontein 394 JK; Farm Donkerfontein 412 JK; Farm Tweedfontein 413 JK; as well as business Holdings No. 1 and 2 on the Farm Tweedfontein 413 JK.

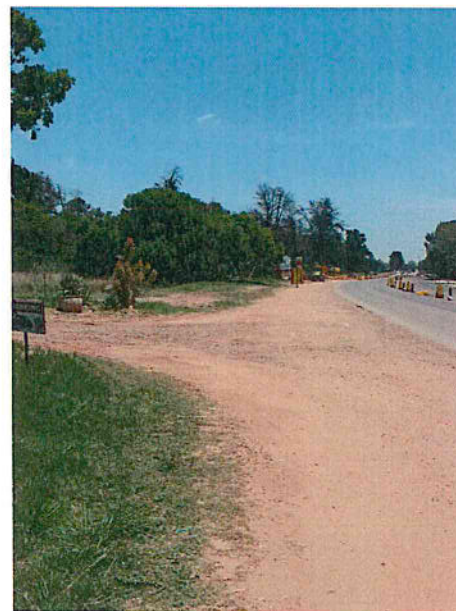

**Notice of this Notice: 17 November 2014 - 10 January 2017 (Excluding 16 December 2014 - 3 January 2017)**

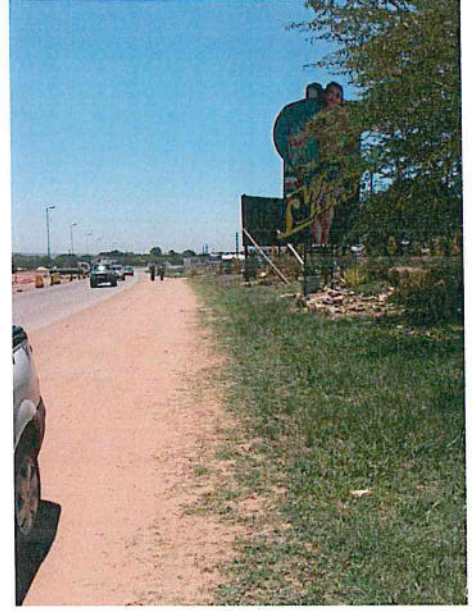

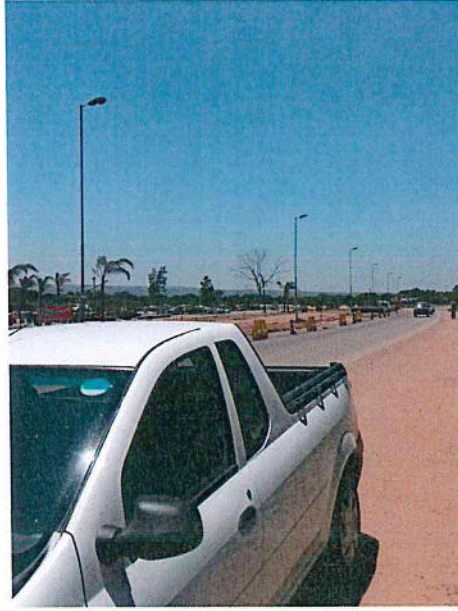

In order to ensure that the proposed freeway project complies with the National Environmental Management Act, 1998, as amended, the Council of Agricultural and Rural Development (CARD) is hereby inviting interested parties to register as EA's for the proposed freeway project. EA's are invited to register with CARD by 10 January 2017. EA's who have registered with CARD will be invited to participate in the EA process. EA's who have not registered with CARD by 10 January 2017 will not be invited to participate in the EA process. EA's who have registered with CARD by 10 January 2017 will be invited to participate in the EA process. EA's who have not registered with CARD by 10 January 2017 will not be invited to participate in the EA process.

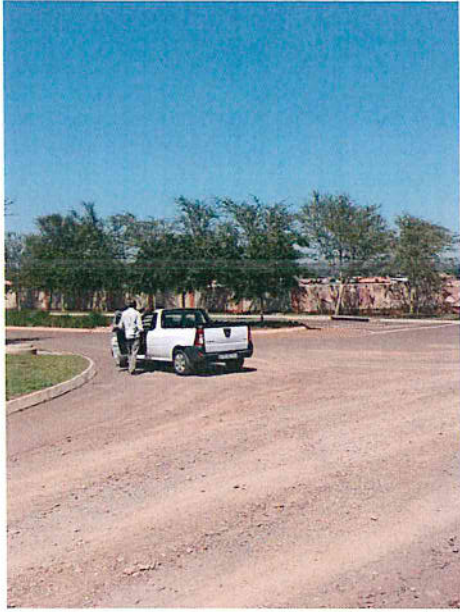

**Registration Information:** EA's who wish to register as EA's for the proposed freeway project should contact the Council of Agricultural and Rural Development (CARD) at the following contact details:

# Project Description

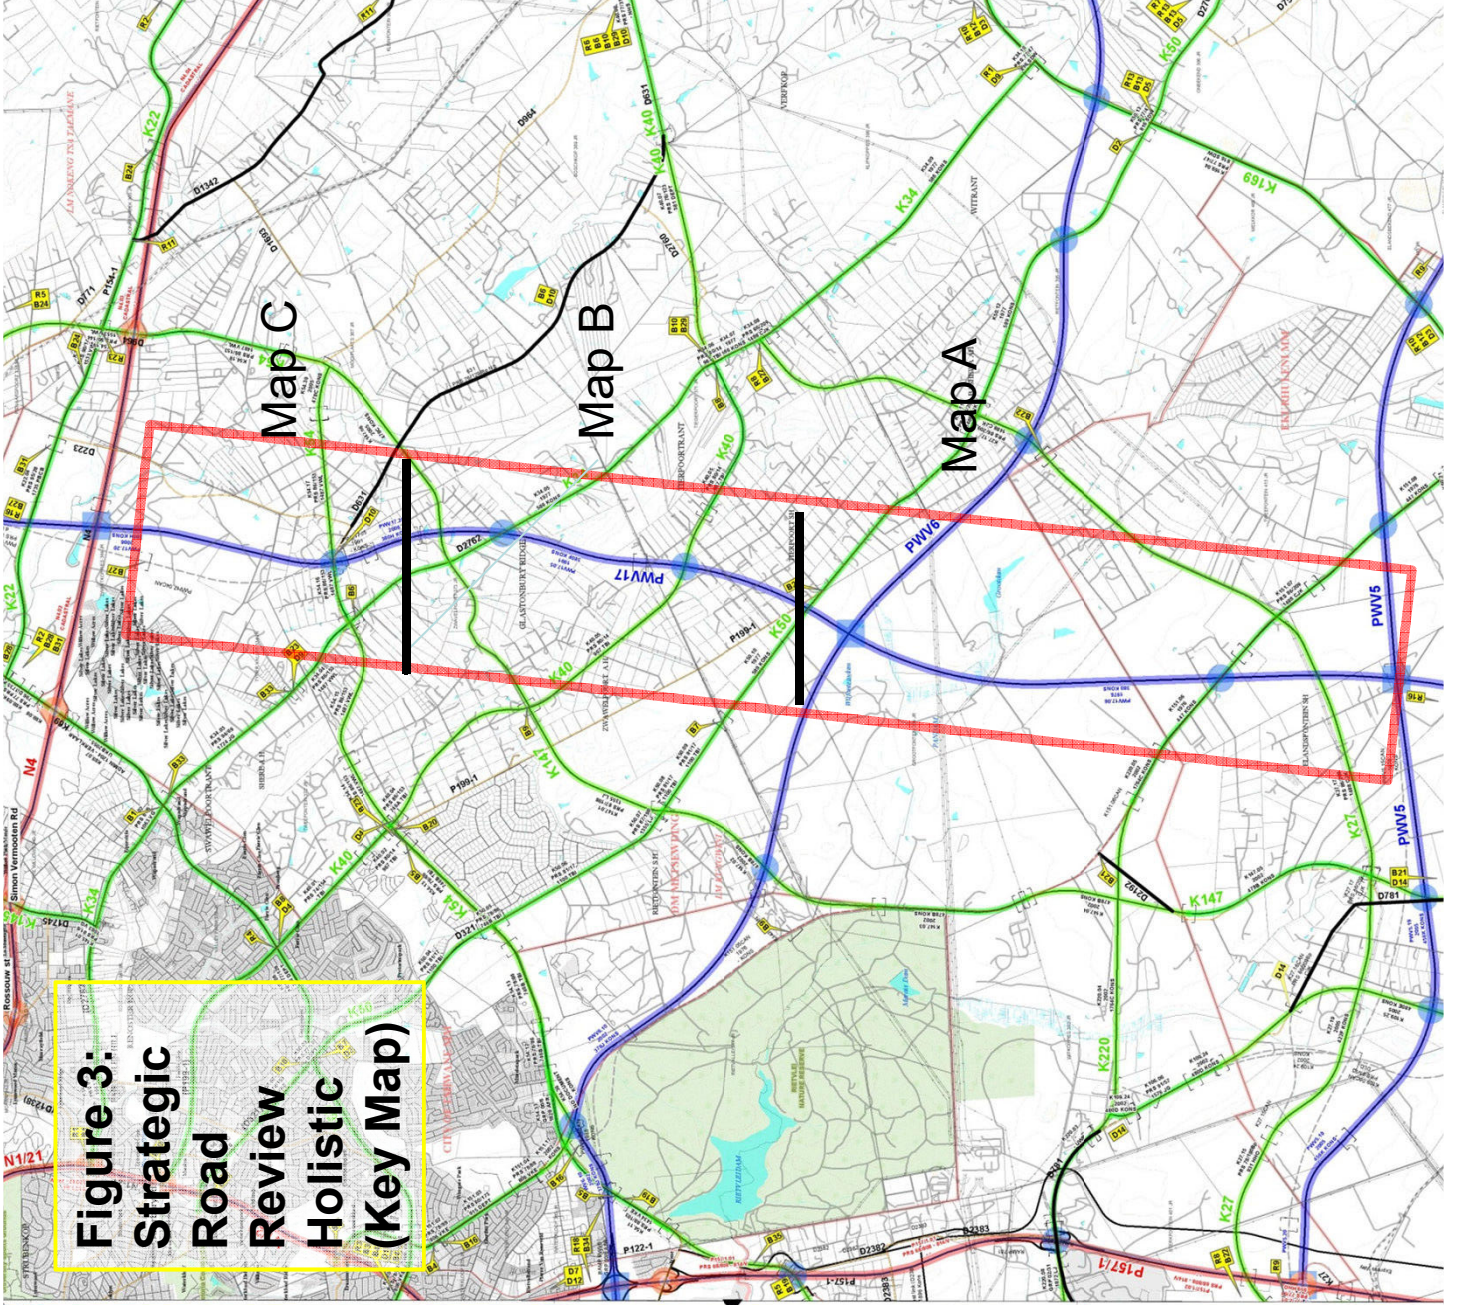

## Role of the Road within the Larger Gauteng Road Network

### System:

- On the Gauteng Road Network Maps since the early 1970's;
- Why is Gauteng involved in the planning of a National Road?;
- Revised network – Strategic Road Review 2010;
- To provide an urban freeway consisting of three (3) lanes in each direction as part of a freight route connecting Heidelberg with Limpopo Province (Long Term); and
- Alleviation of traffic congestion in area and linkage to Midrand and Johannesburg (PWV/K-Route combination) (Shorter/Medium Term).

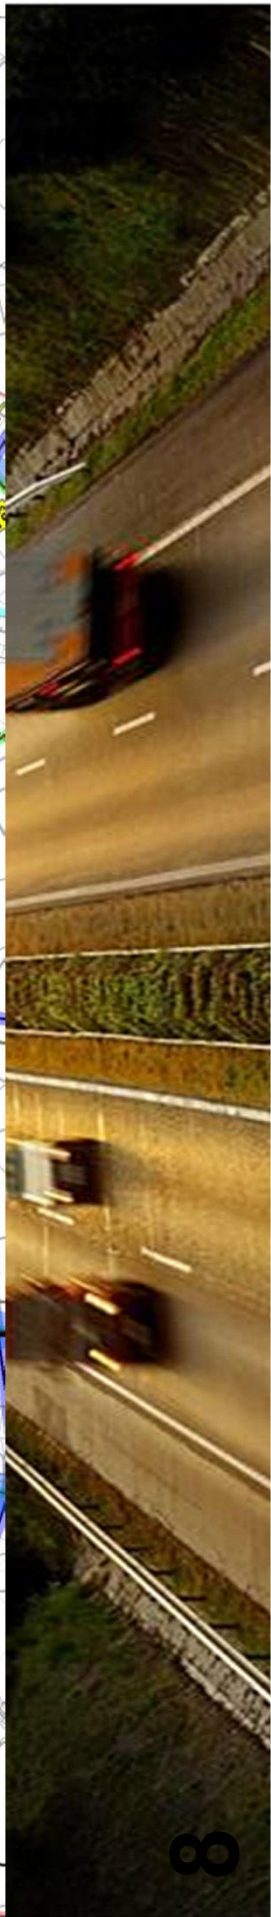

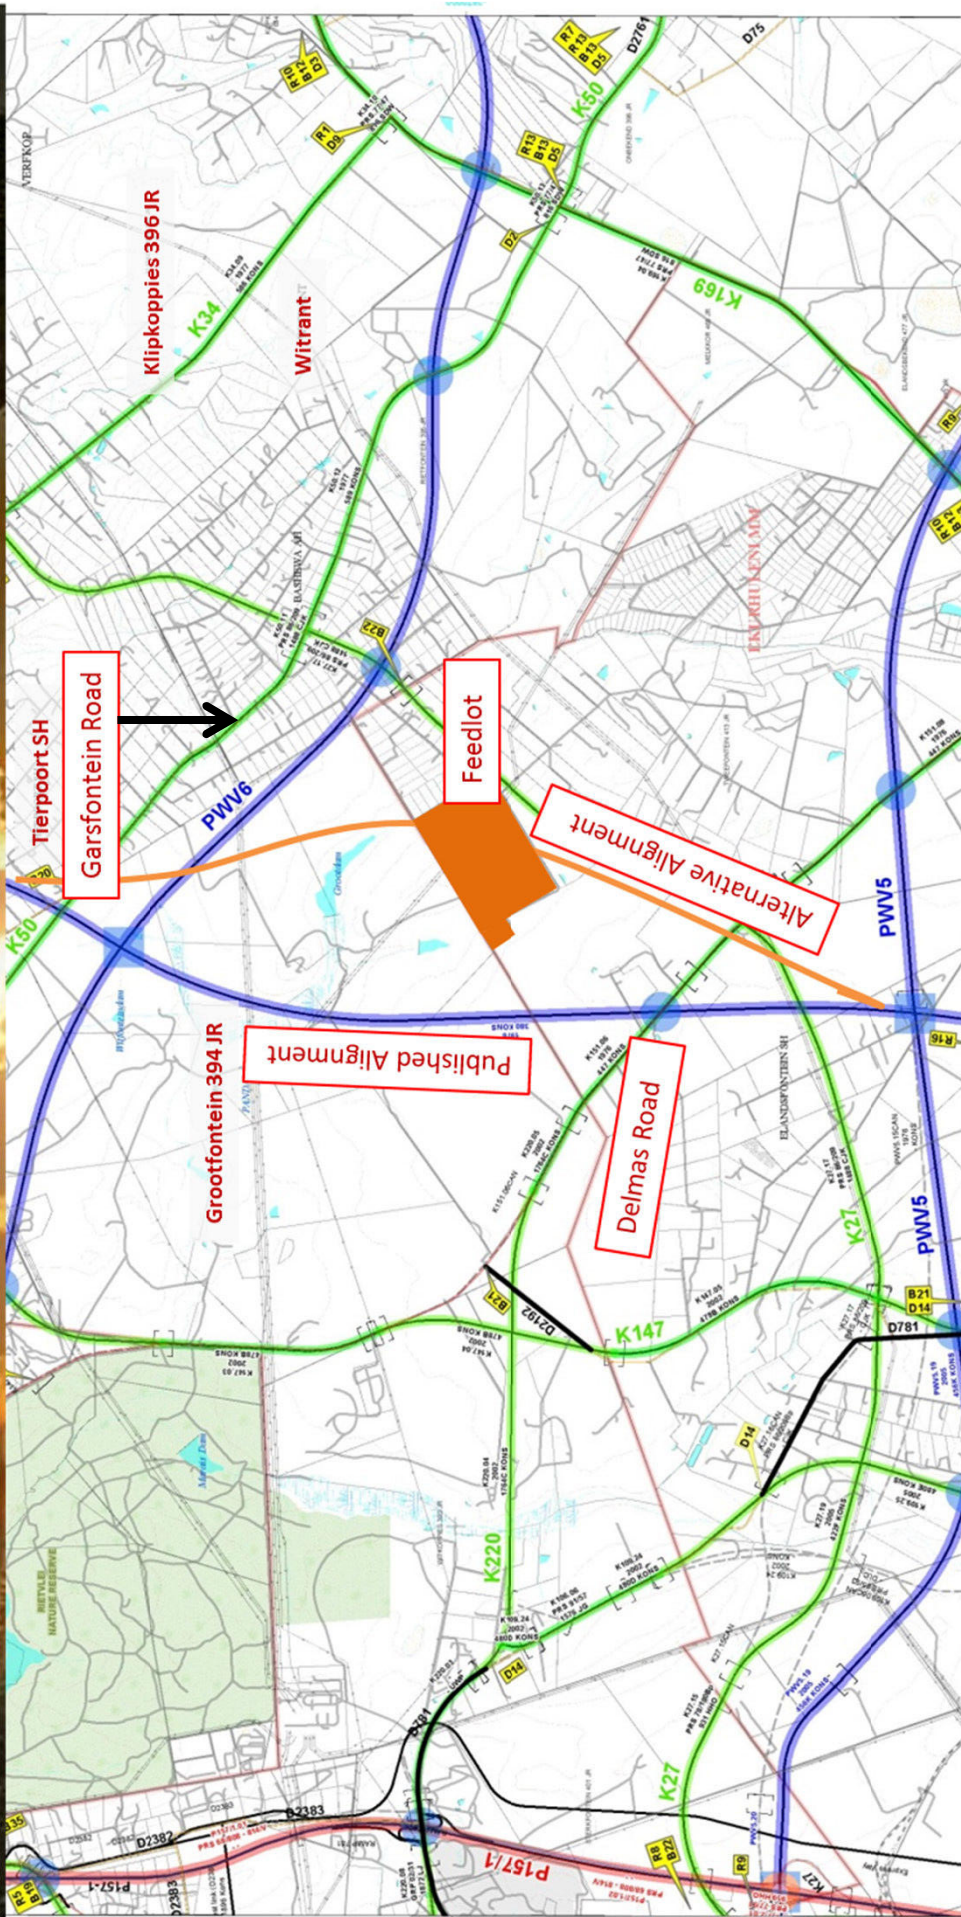

### Description of the involved section of the Road:

- At this stage only a line as well as two alternatives within a 200m corridor . Will be refined during the EIA process.
- Alignment alternatives must be further investigated.
- Various ecological, hydrological and socio-economical issues.
