**Draft Comments and Response Report  
for the Scoping Phase**

**COMMENT AND RESPONSE REPORT-  
FOR THE PROPOSED PWV17 ROAD PROJECT**

Issue	Commentator	Response
<p>Please register my email for information regarding the planned PWV17 Highway.</p>	<p>Maretha Schoeman <a href="mailto:marethamschoe@gmail.com">marethamschoe@gmail.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p>
<p>In the meantime, please indicate if any impact study was done on the birdlife in the affected area.</p>		<p>Please note that we are still at the beginning of the process. All the studies, including an avi-fauna survey will be available in the Environmental Impact Assessment (EIA) Phase.  We will keep you updated regarding the status of the application.</p>
<p>I am from the Bashewa area which is one of the affected areas by the proposed road PWV17. I would like to register as a stakeholder and would like to be involved in the discussion during the public participation process.</p>	<p>Wernich Wessels <a href="mailto:technical@defcon5.co.za">technical@defcon5.co.za</a></p>	<p>As per your request, please find attached the locality maps for the proposed PWV17 Road.  Bokamoso will e-mail an interactive map link to all I&amp;APs and the map link will also be supplied on the Bokamoso website. Maps are also included as part of the Revised Draft Scoping Report. For more detailed drawings you are welcome to contact Bianca/Ane at Bokamoso.  The Please do not hesitate to contact us</p>

if you require any further information.		<p>Thank you for the info. I just have a few questions please.</p> <ol style="list-style-type: none"> <li>1. Is this the only proposed route? Are there any alternatives that are being looked at?</li> <li>2. Regarding the split of the road at Tigerpoort Farm, Grooffontein and then through Bashewa Plot 1 &amp; 2. Is this a split or fork in the road or two different proposed layouts?</li> <li>3. What is the size of the servitude next to the completed tar road? The reason I ask is that we own Bashewa no 25, 24 and 23. No 25 is less than 100m from the proposed road and we did not receive a notification.</li> <li>4. Is there a date set yet for the public participation?</li> </ol>
<ol style="list-style-type: none"> <li>1. Please refer to the attached map which shows the alignment alternatives for the involved section of the Proposed PWV 17. The former PWV Consortium investigated various alignment alternatives during the route determination phase of the proposed freeway. To the north of the Bronberg there is only one alignment alternative and this alternative represents the original published alignment, which has been on the maps for more than 30 years. To the south of the Bronberg there are two alignment alternatives. The western alignment represents the published alignment.  Where the proposed freeway traverses the Bronberg Mountain Range, there are two options. The first option is to align the freeway across the Bronberg and the other alternative is to tunnel the freeway.</li> <li>2. See above.</li> <li>3. Please note that we are currently in the Public Participation phase and we are still identifying Interested and Affected Parties.</li> </ol>		

		<p>Many properties are affected and we use various methods of identifying I&amp;APs.</p> <p>Take note that the new public participation guidelines do not require that all I&amp;APs within 100m of a study area be notified of a road. We however always do more public participation that expected from us, because we believe in a transparent process. We will afford any I&amp;AP to register and supply issues until we close the comment period for the Draft EIA. We prefer to address all issues raised, even if we received the issues outside of the timeframes afforded by the applicable Regulations. You are also welcome to supply names of other parties that are regarded by you as I&amp;APs, we will gladly notify such parties of the proposed road.</p> <p>The period for registering as an I&amp;AP is from 13 November to 15 December. The draft Scoping report will be made available for comment from 19 November 2015 to 8 January 2016.</p> <p>4. You will be notified of all planned meetings and of the availability of reports for comments.</p>
Please could you register me as an Interested and Affected Party, as		Thank you for your response, we have

<p>part of the road lies in my constituency (Ward 100, Ekurhuleni).</p> <p>My contact details are as per my electronic signature below plus my home address of 14 Gibson Road, Hurlyvale, Edenvale, 1609. I have copied other potentially Interested and Affected Parties.</p>	<p>Graham Anthony Keith Gersbach  <a href="mailto:grahamgers@gmail.com">grahamgers@gmail.com</a>  <b>Ward 100</b></p>	<p>registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have included your comments in our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Are you the only Ward Councilor? Are there any other parties from your side that should be included into our public participation process? We will gladly notify such parties if you supply us with the contact details.</p>
<p>Please add me as an Interested Party on the PWV 17 road project.</p>	<p>Leen Freeman  <a href="mailto:leen@icert.co.za">leen@icert.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>Please add my email address to your list of parties who want to receive updates on the progress being made in respect of the road known as PWV17.</p>	<p>Edwin Whittle  <a href="mailto:Edwin@whittle.co.za">Edwin@whittle.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>it always amazes me that people buy properties in an area without enquiring about future developments, etc. and then complain when development of the township, road, airport, power line, whatever, commences. The proposed Road PWV17 is a case in point.</p> <p>Of greater worry to the residents of Bashewa and Grootfontein areas is the PWV6 that runs just south of and parallel to, Garsfontein Road (Road K50). It crosses the PWV17 just east of the Witfontein dam, the K27 that runs from south to north through Bashewa and</p>	<p>Petro Lemmer  <a href="mailto:plommer@lantic.net">plommer@lantic.net</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p>

<p>Garsfontein Road just west of Babsfontein Road (R515 = K169). The PWV17 was planned to link the East Rand with Mamelodi. There is to my knowledge no planned highway that runs south of, and parallel to, the N4. I have maps, updated in 1999, of the 2528CC (Centurion) and 2528CD (Rietvlei Dam) q.d.s. published by the PWV Consortium that shows all existing and planned transportation routes for each q.d.s. The maps are size A0 and available for viewing at my house as I do not have small copies for distribution.</p>	<p>Petro we have been involved in former Environmental Scans and EIA processes for the involved section of the PWV 6. The proposed freeway runs (in a west-east direction to the south of the Bronberg) and to the east of the Rietvlei Dam. The freeway intersects with the proposed PWV 17 in the Farm Grootfontein. The recommendation with the former EIA Process was that the proposed PWV 6 alignment remain on the published alignment, because the impacts of the alternative alignments on the socio-economic environment was extremely high. The construction of that section of the proposed PWV 6 is however not a priority at this stage and it is unlikely that the involved section of the freeway will be constructed within the next 10-15 years.</p>
<p>Please send me the information regarding the proposed development.</p> <p>I picked up a non-registered notice of the above proposed development on our sidewalk plot 242 Swaelijie AH.</p> <ol style="list-style-type: none"> <li>1. I am hereby registering as an Interested and Affected party.</li> <li>2. I know that the notice was NOT supplied or delivered to all interested parties.</li> <li>3. I, as resident of said property, will need more information to be supplied.</li> <li>4. If, at all, this goes ahead, I will have to be reimbursed for replacement value of the property as we run a business from</li> </ol>	<p>JP Uys  <a href="mailto:jp@weiveld.co.za">jp@weiveld.co.za</a></p> <p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p>
<p></p>	<p>Karl le Roux  <a href="mailto:karterou@iafrica.com">karterou@iafrica.com</a></p> <ol style="list-style-type: none"> <li>1. Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</li> <li>2. We use various method to notify I&amp;APs. The distribution of notices by hand is only one way of</li> </ol>

<p>there.</p> <p>Please send relevant info and acknowledge receipt of this mail within this week, as there will be no legal grounds for me after the 15 December 2015.</p>		<p>notifying I&amp;APs. We also use Windeed in order to obtain the contact details of owners.</p> <p>The proposed road is furthermore advertised at various points on and around the site and we also placed newspaper advertisements.</p> <p>Due to accessibility and security reasons it is not always possible to enter properties. In areas where properties cannot be accessed, we place notices in post boxes/ in gate openings etc.</p> <p>You are welcome to list other I&amp;APs in the area that should also be notified. You can also notify us of tenants on your property and we will gladly contact such parties.</p> <p>3. This report represents the Revised Draft Scoping Report for the proposed freeway. The Scoping Report identify the properties that will be affected and the issued identified up to date are also listed. The remainder of the EIA Process is set out in the Plan of Study for EIA, which is Annexed to the Revised Draft Scoping Report.</p> <p>4. GDRT will evaluate the</p>
--	--	---

		<p>properties once the alignment is fixed and once the construction for the proposed road becomes necessary. GDRT will use independent evaluators and you will be remunerated in accordance with the value of the property and your improvements.</p> <p>5. We will not penalise you. This is now November 2016 and we decided to compile a revised Draft Scoping Report for the Proposed PWV 17. We also re-advised the proposed freeway and the revised PWV 17 Draft Scoping Report will be available for review until 31 January 2017.</p>
<p>I was in communication with another Interested Party and they received a letter/notice via you from AECOM. The person there is Anton Jonker, but I have not received any notice from AECOM. It is clear that you have to inform AECOM that I am an interested party before they will send said letter to me as there is no other way that AECOM can know of my existence.</p> <p>I also noticed that AECOM requested value of the property, which you did not do. Please correct these before the 30-day period for response from property owners, terminate.</p>		<p>Bokamoso Environmental was appointed to apply for environmental authorization for the Design and Construction of a section of the proposed PWV17 Freeway located in the City of Tshwane and Ekurhuleni Metropolitan Municipality. The proposed road under consideration represents a section of the larger planned PWV17 freeway.</p> <p>Please note that AECOM does not form part of our project team and that no notification was done via AECOM. It is however possible that AECOM is responsible for a section of the proposed</p>

		<p>PWV17 route which does not form a part of our application for Environmental Authorization. We are currently in the early stages of the first public participation phase (Scoping Phase) and thus do not require information regarding the value of your property.</p> <p>Bokamoso will e-mail an interactive map link to all I&amp;APs and the map link will also be supplied on the Bokamoso website.</p>
<p>Thanks for reaction. I would like to know if you have any indication of when and if this PWV17 will take place. We have a riding school, arenas and stables there and need to expand but this will be silly if we need to move in a year or two.</p>		<p>Many I&amp;APs registered for this process and we have a significant amount of issues to address. We withdrew the original application forms at the department due to the fact that we needed more time to address the issues that were raised. We re-advertised the proposed freeway in November 2016 and the Revised Draft Scoping Report will be available for review until 31 January 2017.</p> <p>WE are only going to submit the Final EIA in middle 2017.</p> <p>The section of the PWV 17 between Garsfontein Road and the N4 is more important than the section of the road to the south of Garsfontein road up to the proposed PWV 5 freeway. The section to the north is most probably within the next 5 – 10-year plan and the section to the south of Garsfontein road is most</p>

		<p>probably within the next 10-20-year plan). The urgency of the road will be determined by the development pressure in the area and the need for the proposed freeway.</p> <p>Please supply more details of your riding school plans. If possible, indicate the locality of your property on a map. You can draw it in by hand and e-mail it to us. We will then list your concern in the Final Scoping Report and we will also investigate the matter in more detail during the EIA Process.</p>
<p>Please register me as an Affected Party in this matter. I am on Portion 156 (Cheetah street), Tigerpoort.</p>	<p>Etienne Steger  <a href="mailto:Etienne.Stieger@standardbank.co.za">Etienne.Stieger@standardbank.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>Would it be possible to obtain all available documents on the proposed development in electronic format?</p>		<p>A Revised Draft Scoping Report is now available for review until 31 January 2017.</p> <p>The report is available on the Bokamoso website and the website address is on the front page of this Revised Draft Scoping Report.</p> <p>The remainder of the documents associated with this application will also be made available to the I&amp;APs on the</p>

<p>I am the current chairman of the Magalies Bronberg Property Owners Association (MBPA) which has interests in the PWV17 project. We have members in Zwartkoppies 364 JR, Mooiplaats 367 JR, Zwavelpoort 373 JR, Tiegervoort 371 JR, Barrosa 742JR and Bashewa. On and adjacent to affected properties.</p> <p>Please register the MBPA as an I&amp;AP for all phases of the project. Also please forward me a copy the public notice for further distribution. The scanned copy I received is not sufficiently clear.</p> <p>The MBPA will also like to publish relevant info and documentation on its website <a href="http://www.mbpanet.com">www.mbpanet.com</a> for general local public consumption.</p> <p>The MBPA scheduled its AGM for 24 November 2015 and will mention the PWV17 project and time line and encourage our members to spread the word.</p> <p>In case you have not yet considered it, please do so. The Bronberg magazine, a local monthly periodical, as always will to run an editorial on local developments. Contact Gerhard Kleijn (082 377 5807) or Angie Kleijn (083 959 1016).</p>	<p>Mike Strange  <a href="mailto:Mike58strange@gmail.com">Mike58strange@gmail.com</a>  <b>Magalies Bronberg Property Owners Association</b></p>	<p>Bokamoso website and you are also welcome to collect an electronic copy of the report from the Bokamoso offices. Just bring one empty CD to exchange for a cd which will include a copy of the report.</p> <p>A hard copy of the document is also available for review at a venue in close proximity of the study area. Juanita De Beer/ Ane Agenbacht at the Bokamoso office will be able to provide the address for the hard copy.</p>
<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>This report represents the Revised Draft Scoping Report for the involved section of the PWV 17. We will appreciate it if you could peruse the document and provide us with your comments by the end of January 2017.</p> <p>Due to the fact that many I&amp;APs registered during the initial PP process, which commenced in 2015, it was decided to rather withdraw the original application at GDARD and to spend more time on</p>		

		<p>data collection and issues identification before we submit another application.</p> <p>The Revised Draft Scoping Report and Application Form for the road application will be submitted to the competent authority before the end of 2016.</p> <p>As mentioned in our newly distributed public notices, we will allow I&amp;APs to register in this process until we submit the final EIA to the delegated authority for consideration. It is very important for us to list, investigate and address all the issues raised, because it will enable us to make informed recommendations regarding the preferred alternatives.</p> <p>Please supply us with the details of other parties that could have an interest in the proposed PWV 17 freeway. We will gladly add such parties to our list of I&amp;APs.</p>
<p>As a resident and landowner of Tigerpoort (Holding 178) I hereby object to the building of a freeway through our community.</p> <p>This is a small community consisting of only smallholdings in a tranquil setting.</p> <p>I own 5 horses and specifically moved to this area to get away from the bustle of the city and be able to keep horses and have some freedom.</p> <p>This road/highway will not only mean the end of our community (and other small communities close to us through which it is planned), but also turn it into an area with 24-hour traffic noise, which is exactly one of the reasons we are staying here, to get away from the traffic and city. I will no longer be able to keep my horses here and will</p>	<p>Lynette Fourie  <a href="mailto:lynette@silvertonboltandnut.co.za">lynette@silvertonboltandnut.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party Member for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Take note that the proposed Freeway was already indicated on the road planning maps of GDRT more than 30 years ago and it is important to consider road planning when purchasing a</p>

<p>either have to move or stall my horses elsewhere which will be a financial burden and inconvenience to ride them. There are many roads connecting the proposed areas already and this road will only be an additional road and is not a necessity to connect areas.</p> <p>Such a road will also create an easy entrance and exit for criminals to our community. The communities through which this planned road runs are very small and do not have many residents, the benefits of such a road to these residents is extremely small.</p> <p>The money spend on this road can rather be used to make the current roads bigger with more lanes etc. than building an entire new road and destroying so many small communities through which it runs. We are also the only area in South Africa which houses the Golden Mole, which is a protected species. I strongly object to this road and do not support it.</p>		<p>property.</p> <p>We will however not ignore your concerns and we will try to mitigate/prevent the potential impacts on your property.</p>
<p>Please register me as an Affected party as this affects my property. Please supply me with all the information you require.</p>	<p>Dirk du Toit <a href="mailto:dirk@bereahigh.co.za">dirk@bereahigh.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>Thank you for sending me these details. How do I go about opposing the construction of this road, it goes through the middle of my property, and will literally destroy my business?</p>	<p>Luis da Costa <a href="mailto:terrinitafarms@gmail.com">terrinitafarms@gmail.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please supply your farm details. This will help us to determine the impacts on your property.</p>

		Please supply more information regarding your business for purpose of the EIA process, because all issue identified will be investigated in more detail during the EIA process.
	Deon Alers <a href="mailto:alercorntelkomsa.net">alercorntelkomsa.net</a>	Thank you for your response, we have registered you as Interested and/or Affected Party for the proposed PWV17 Road Project.

Want to be registered.	Juanita Kruger <a href="mailto:Juanita.kruger@gmail.com">Juanita.kruger@gmail.com</a>	We will keep you updated regarding the process in the future. Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.
Please register me as Interested and/or Affected Parties.		

		<p>We will keep you updated regarding the process in the future.</p>
<p>I have heard of a proposed highway development from one of my consultants (Minnette Le Roux), and from a review of the locality maps that you provided to her (as attached), it would appear that my property falls within the boundaries (100 m buffer) thereto. I further understand that you are the appointed EAP on the project. I have however not formally received any notification letter thereto, and would like to request that:</p> <ol style="list-style-type: none"> <li>You provide me with such notification, and BID of the proposed project.</li> <li>Timeline of the project.</li> <li>Register me as an I&amp;AP, and further provide me with the detail public participation process as will be followed and when the Scoping and EIA documents will be available for review.</li> </ol> <p>My full detail as:          Brian Hayes          Plot 173 of Tiegervoort 371.</p> <p>I have further copied neighbours (note that this is however not a comprehensive list) as also affected:          Jacs – Plot 171 of Tiegervoort 371          Wian – Plot 172 of Tiegervoort 371          Melissa – Plot 161(?) of Tiegervoort 371.</p> <p>I am further concerned that many other directly affected persons within the Tiegervoort area have not yet been notified (from discussions I have had with a number of people in the area) – Has the notification process been completed, and what process are you following for distributing notices, especially to people within the buffer zone?</p>	<p>Brian Hayes  <a href="mailto:brian@shangoni.co.za">brian@shangoni.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Take note that we take various actions to inform I&amp;APs of a road. The EIA PP guidelines no longer require that all property owners within 100m be notified of a development/ road.</p> <p>It is however not our intention to ignore or avoid any affected parties and it will therefore be greatly appreciated if you could supply us with the names and contact details of all other I&amp;APs identified by yourself. We will contact them and register them as I&amp;APs for the PWV 17 EIA process.</p> <p>Is there a representative in the Tiegervoort area? If there is one, please supply us with the contact details of the representative. Bokamoso will then also notify the representative of the proposed freeway.</p> <p>The Revised Draft Scoping Report is now available for review and it will be available for comment until 31 January 2017.</p> <p>We will allow I&amp;APs to register and to supply comments until we submit the</p>

		<p>final EIA to the competent authority and this will only be at approximately June next year. We will keep you updated with the process.</p>
<p>On Behalf of Sabreal Home Developments, thank you for the landowners' notification. We take note of it and will ensure the necessary steps are taken to comply with the notification of our residents within Oukraal Estate.</p> <p>We ask that you please supply us with an electronic copy of the proposed PWV17 Road document so that we may distribute it via email to the affected parties.</p>	<p>Carli Steenberg  <a href="mailto:Carli.Steenberg@sabreal.co.za">Carli.Steenberg@sabreal.co.za</a>  <b>Sabreal Home Developments</b></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>The document represents the Revised Draft Scoping Report for the PWV 17 freeway and it is requested that you alert all the residents of the availability of the report for comment until 31 January 2017.</p> <p>The Scoping Report is an issues report and it is important that you list possible environmental issues that must be addressed during the EIA Phase.</p>
<p>Thank you for your response. Just to confirm, will Bokamoso distribute the email to our residents or what is the process? We have 240 units in Oukraal Apartments, and someone is bound to have queries regarding the development.</p>		<p>Bokamoso complied with the public participation guidelines as supplied in the relevant legislation.</p> <p>You are more than welcome to notify other Interested and/or Affected Parties in the Oukraal Apartments.</p>

		<p>It is impossible to reach all the affected parties via notices and the public participation process allows for more parties to register as soon as they become aware of the application.</p> <p>Developments such as the Oukraal departments usually have representatives and all communicating to the residents are then distributed via such representative. This is often a more effective way of communicating with I&amp;APs.</p> <p>Carli Steenkamp undertook to distribute the communication to the residents.</p>
<p>I'm a resident of the Bashewa Small Holdings, just north-west of Bapsfontein. I saw a notification about a planned "freeway" in our area which will affect us hugely as well as the wetland in the area. Is it possible to provide more information regarding this proposed road?</p>	<p>Henk Botha  <a href="mailto:Henk@akaciahealth.com">Henk@akaciahealth.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please confirm how the freeway will affect you and supply your property details.</p> <p>Also, identify the locality of the wetland referred to, because we want to ensure that we also visit and delineate the wetland referred to.</p> <p>Please supply your comments regarding</p>

		<p>this Revised Draft Scoping Report by 31 January 2016.</p>
<p>Once again, thank you for the details. A question if I may. Is there a projected time that construction on the proposed road will begin and a projected completion time or is it still very much in the planning phase?</p>	<p>Melissa de Kock  <a href="mailto:gdekock@telkomsa.net">gdekock@telkomsa.net</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Unfortunately, it is not possible to provide you with the timeframes for the construction seeing that Bokamoso Environmental has been appointed to conduct the EIA.</p> <p>The section of the PWV 17 between Garsfontein Road and the N4 is more important than the section of the road to the south of Garsfontein road up to the proposed PWV 5 freeway. The section to the north is most probably within the next 5 – 10-year plan and the section to the south of Garsfontein road is most probably within the next 10-20-year plan). The urgency of the road will be determined by the development pressure in the area and the need for the proposed freeway.</p>

<p>Please register me as an Interested and Affected Party for the above mentioned project and notify me of all information that becomes available during the process. Please also send me the Background Information Document as well as a list of the affected Farm Portions, including the portions within 100m of the road.</p>	<p>Blanche Postma  <a href="mailto:blanche@cleanstream.co.za">blanche@cleanstream.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Many I&amp;APs registered for this process and we have a significant amount of issues to address. We withdrew the original application forms at the department due to the fact that we needed more time to address the issues that were raised. We re-advertised the proposed freeway in November 2016 and the Revised Draft Scoping Report will be available for review until 31 January 2017.</p> <p>Please note that we are currently in the Public Participation phase and we are still identifying Interested and Affected Parties. Many properties are affected and we use various methods of identifying I&amp;APs.</p> <p>The Revised Draft Scoping Report incorporates the names of the properties that are affected by the proposed freeway.</p> <p>Also take note that the new public participation guidelines do not require that all I&amp;APs within 100m of a study area be notified of a road. We however always do more public participation that expected from us and we try to notify I&amp;APs within 100m, because we believe in a</p>

--	--	---

Parties. Many properties are affected and we use various methods of identifying I&APs.

The Revised Draft Scoping Report incorporates the names of the properties that are affected by the proposed freeway.

Also take note that the new public participation guidelines do not require that all I&APs within 100m of a study area be notified of a road. We however always do more public participation that expected from us and we try to notify I&APs within 100m, because we believe in a transparent process. We will afford any I&AP to register and supply issues until we close the comment period for the Draft EIA.

We prefer to address all issues raised, even if we received the issues outside of the timeframes afforded by the applicable Regulations. You are also welcome to supply names of other parties that are regarded by you as I&APs, we will gladly notify such parties of the proposed road.

We are planning to submit the Final Scoping Report in February 2017. The Draft EIA will be made available for comment on approximately May 2017 and the Final EIA will be submitted to GDARD after June 2017.

<p>We refer to the attached notice. Cor Investments is the owner of Portion 43 Zwavelpoort and must please be registered as an affected party. Please take note that ABSA bank holds a bond over the property and could become an interested party.</p>	<p>Stef Botha <a href="mailto:stef@quicksand.org.za">stef@quicksand.org.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>I have received the notification. I want to be kept up to date on the proceedings, and will contact you again later. Please confirm whether you own any other land in the area that is affected.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>I want to register as an Interested and Affected Party to the PWV17 Project. Owner of Portion 928 Plaas Grootfontein 394 JR.</p> <p>As per our conversation early today the 20<sup>th</sup> of November 2015, would you please register us and note all our complaints below:</p> <p>I am Charlene Georgiades, co-owner with David Georgiades of the property company (Georges Pad (Pty) Ltd)) the conference and wedding company (Chez Charlene Pty Ltd) the décor company (Class A trading 78 Pty Ltd) and the stable yard all of which are situated on this property.</p> <p>My contact details are: David Georgiades  Cell: 0824453902  Office Number: 012 379 6016 (Hercules Cold Storage Pty Ltd)  Postal address: PO Box 48145, Hercules, 0030</p>	<p>Erms Erasmus  <a href="mailto:erns@realpay.co.za">erns@realpay.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p> <p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p>
	<p>Charlene Georgiades  <a href="mailto:Charlene@chezcharlene.co.za">Charlene@chezcharlene.co.za</a>  <b>Chez Charlene Conference Centre</b></p>	<p>Thank you also for the information supplied regarding your venue.</p> <p>Please supply us with your detailed property description.</p> <p>We will also contact you in order to discuss the impacts of the road on your</p>

<p>Charlene Georgiades  Cell: 0824476080  Office number: 012 802 0791  Postal address: same as above.</p> <p>Information:  Property was acquired in 1980. A significant amount was spent on upgrading the property over the first 20 years. Upgrading of the stable facility, the main house, the staff accommodation, the managers house (which was converted into a four-room guest house when the main venue was built). The main venue was completed at the end of 2006. Subsequent additions were the chapel for the main venue, a second smaller venue, a new guest house for the smaller venue and a smaller chapel for the second venue. A tarred parking area for about 200 vehicles was also done and the main drive which is a double lane industrial paved road from the entrance to the venue also completed in 2006, and the whole property was walled in at that time for security reasons.</p> <p>Paddocks and working arenas for the stable yard were also established for our clients who stable their horses with us. The open areas to the east and west of the two venues are the paddocks.</p> <p>There is only one access onto the property which is off the Mooiplaats gravel road to the east, as you can see on Google Earth.</p> <p>The feed road from that road is my servitude up to the main entrance of the property. The proposed road would effectively cut the property in half making the eastern part, where my boreholes and staff accommodation are situated, inaccessible to me.</p> <p>These boreholes are the only water supply on the property as there is no municipal supply in the area.</p> <p>A conservative valuation was done in 2013 by Spectrum Valuation Services and only the property and buildings were valued at R43 190 000.00. A more recent estimate of the property, buildings</p>		<p>property during the EIA phase.</p>
--	--	---------------------------------------

<p>and businesses valuation was done by Heartly and Associates at the beginning of this year, when Abland showed interest in the whole operation, was in the region of R75 000 000.00.</p> <p>Feel free to contact me or David at the above contact numbers.</p>		
<p>With reference to the notice regarding the alignment of the PWV17 road we confirm that we act on behalf of Jondelle Property Holdings (Pty) Ltd, the registered owner of the Remainder of Portion 1 and Portion 8 of the farm Grootfontein 394 JR.</p> <p>Kindly register the abovementioned owner as Interested and Affected Party and direct all correspondence to the Practice Group (Pty) Ltd as the duty authorized agent.</p>	<p>Conrad Wiehahn  <a href="mailto:Conrad@practicegroup.co.za">Conrad@practicegroup.co.za</a></p>	<p>Thank you for your response, we have registered you as Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>

<p>Please email me updates on the planned route.</p>	<p>Hennie Bothma  <a href="mailto:hennie@electrolee.co.za">hennie@electrolee.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p> <p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p>
<p>We would like to be registered as an I&amp;AP's for this project.</p> <p>We reside on Plot 83 and will be visually affected by the Highway. Miempie, Piet, Koos and Heloise Pieterse.</p> <p>Would you please consider extending the commenting period so that it does not run over the school holidays?</p>	<p>Heloise Pieterse  <a href="mailto:heloiseswanepoel@ymail.com">heloiseswanepoel@ymail.com</a></p>	<p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Please note me as an Interested Party regarding above project.</p> <p>I am the owner of both plot 58 and 28 Tigerpoort.</p>	<p>N van Heerden  <a href="mailto:info@whitealoe.co.za">info@whitealoe.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p>

		<p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>I saw the article in the Bronberger newspaper regarding the proposed PWV17 Road Project. I have reviewed 15 years ago the well-planned pdf map regarding the proposed roads in the area. Do you perhaps have an updated map? I am interested in the road that is between The Wilds and Mooikloof from the Delmas Road through Zwavelpoort until Graham Road.</p> <p>What is the status regarding the Atterbury extension until The Hills?</p>	<p>Reg Barry  <a href="mailto:Reg.barry@ucs-solutions.co.za">Reg.barry@ucs-solutions.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Bokamoso will e-mail an interactive map link to all I&amp;APs and the map link will also be supplied on the Bokamoso website. Maps are also included as part of the Revised Draft Scoping Report. For more detailed drawings, you are welcome to contact Bianca/Ane at Bokamoso.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p> <p>More detailed maps of the proposed road and the interchanges will be made available during the EIA phase. The appointed engineers are currently waiting</p>

		<p>for Bokamoso to identify the issues associated with the proposed alignments.</p> <p>The Environmental Authorization (EA) was issued regarding the proposed Hills Atterbury Road Extension and we have notified all the Interested and/or Affected Parties with a ROD Notice, therefore the appeal process has expired.</p>
<p>Thanks for this. However, are you able to provide details on other planned roads in the region as per my email?</p>		<p>Please note that we are currently in the beginning of the Public Participation process for the first phase (Scoping) of the Environmental Impact Assessment.</p> <p>The information you requested will be included in the Draft Scoping Report that will be made available to all registered Interested and/or Affected Parties (I&amp;APs) for comment.</p> <p>You are also welcome to contact the Bokamoso office or Hatch Goba engineers for more detailed maps of the planned roads in your area.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p> <p>As discussed telephonic with Nadine Duncan, we have registered you as an Interested and/or Affected Party Member for the proposed PWV17 Road Project.</p>
<p>Want to be registered. (Telephonically)</p>	<p>Frik Bezuidenhoudt  <a href="mailto:Frik.bezuidenhoudt@sitaco.za">Frik.bezuidenhoudt@sitaco.za</a></p>

*the Tshwane Maps?*

applies, as published in Government Gazette No. 35769 on 10 October 2012.

Site notices were erected on 10 November 2015 at prominent points on and around the study area. Flyers were distributed on 11 November 2015 to the directly affected properties as well as neighbouring properties, estates and developments that may be affected by the proposed development within 100m radius. Notices regarding the project was emailed to the councillors in the area and possible stakeholders (including local/provincial authorities, SANRAL, Eskom, etc.) in the area. An advertisement was placed in the "Beeld" newspaper on the 13 November 2015. As part of the two phase EIA process, a draft Scoping Report will be compiled and made available to all registered I&APs for a public comment period. All issues and comments received during the public participation process will be captured in an Issues and Response Report (IRR) and will be incorporated into the final Scoping Report. The IRR will form an appendix to the final Scoping Report that will be submitted to the Gauteng Department of Agriculture and Rural Development (GDARD) for approval.

**Translate:**

*Kindly note Bokamoso Environmental did not place the article in the Bronberger; this had been done without our*

knowledge. The answers on your questions will follow underneath:

1. *The red lines on the map are only an indication of where the crossing could be. This is not the real estimated width of the proposed road. Attached please find the public notice of Bokamoso Environmental as well as the maps of the proposed PWV17. Bokamoso will e-mail an interactive map link to all I&APs and the map link will also be supplied on the Bokamoso website. Maps are also included as part of the Revised Draft Scoping Report. For more detailed drawings, you are welcome to contact Bianca/Ane at Bokamoso*  
*We take note.*
2. *We take note.*
3. *This information is unfortunately not available, as the design is in a preliminary phase.*
4. *It is the client's plan to complete the Basic Plan before the end of 2016. We take note.*
5. *The purpose of the Public Participation is to take into consideration all the impacts regarding the layout plan. It is important that all your comments should be sent to Bokamoso Environmental, so that we can compile it together with the Report. In the end the*

		<p><i>Department of Environmental Affairs must approve the Report.</i></p> <p>6. <i>We take note. The numbers on our maps came from Tshwane. It could be that there is updated information available.</i></p>
<p>02/12/2015: Baie dankie vir jou spoedige terugvoer. Ons het nie besef daar gaan vanaf die Boschkop tot op ons voorstoep twee wisselaars wees nie. Gegewe die feit da tons nou al bykans 5 jaar met Gautrans worstel met hulle sogenaamde padmeesterplan [wat reeds in 1976 die lig gesien het], sien ek swarigheid dat dit teen einde 2016 klaar gaan wees.</p> <p>Vir ons as eienaar van Prt 413 op Grahamweg [M6/L34] is hier vele implikasies wat ons nou reeds moet uitklaar en ons wil vra dat u ons daarmee behulpsaam sa wees asseblief. Dit kan nie nog 'n jaar lank wag nie. Gautrans is besig om bo-oor eienaars te loop en is besig om ons eienaars te boelle, want hulle kry net nie klaar nie.</p> <p>Van die implikasies ter sprake is soos volg:</p> <ol style="list-style-type: none"> <li>1. Die afstand tussen die begin van oprit en einde van afrit vanaf die wissellaar en 10.2 km [ons plot] op die Grahamweg [blou stipple pyl] is vir ons baie belangrik. As die Gautrans standard 600 meter tussen interseksies is, dan kan die afstand van die blou stipple seker so in die orde van 700 m beloop. By benadering asseblief!</li> <li>2. By 10.2 km is daar reeds 'n dienspad wat vanaf die Grahamweg in die plote in beweeg, so dit behoort darem seker in gedagte geneem te word sonder om met 'n ander dienspad vorendag te kom en eienaars se grond verder te versnipper, soos reeds in ons geval!</li> <li>3. Omdat ons aansoek om "consent use" gedoen het en dit goedgekeur is, beteken dit da tons nie meer die bestaande ingang op die Grahamweg mag gebruik nie en daarom is dit</li> </ol>	<p>Mathys Lubbe <a href="mailto:thyslubbe@gmail.com">thyslubbe@gmail.com</a></p>	<p>14/12/2015 Nadine: Please find attached below feedback regarding your comments received 2 December 2015:</p> <p><b>Please take note that the design of the proposed PWV17 as indicated on our maps are currently in the Preliminary Design Phase and does not represent the final road layout/location.</b></p> <p>The purpose of the Public Participation Phase of the Environmental Authorisation is to afford stakeholders the opportunity to register as Interested and Affected Parties (I&amp;APs) in the Environmental Impact Assessment (EIA) and to obtain their initial comments on, and contributions to the proposed PWV 17 Freeway Project.</p> <p>The Gauteng Department of Roads and Transport, Department of Water Affairs and Sanitation (DWS), Provincial Government, various other authorities, environmental and technical specialists and stakeholders will work together in the EIA process.</p>

<p>van die uiterste beland da tons wel die bestaande dienspad moet kan benut. Op 'n stadium was dit reeds in beginsele deur Gautrans goedgekeur maar nou is dit seker van die baan af.</p> <p>4. Ons grond het al reeds 'n knou van bykans 1 hektaar weg met die servituut wat daaroor registreer is. Hopelik, wanneer die pad eendag proklameer word, sal ons verneem ons hopelik daarvoor verged word.</p> <p>5. Beteken dit dat nou dat die wissellaar bykans op ons plot is, Grahamweg op daardie punt veel breer gaan wees as die vorige Basic Plan – dis was ongeveer 48 meter. Indien wyer sal dit in die rigting van ons plot wees?</p> <p>Hoop regtig julle kan vir ons 'n goeie aanduiding gee asseblief.</p> <p>Translation:</p> <p>Thank you for your quick response. We did not realise there would be two interchanges from Boschkop to our front porch. Given the fact that we have been struggling with Gautrans for 5 years with their so called road master plan (which has already been released in 1976): I highly doubt that it would be finished by end of 2016.</p> <p>For us as owner of Portion 413 on Graham Road (M6/K34), there are many implications that we already have to clarify and we ask that you assist us in these matters. It cannot wait another year. Gautrans is busy walking over the owners and are busy intimidating us, because they simply are not coming to a conclusion.</p> <p>Some of the implications are as follows:</p> <ol style="list-style-type: none"> <li>1. The distance between the start of the onramp &amp; the end of the off-ramp from the interchange and 10.2km (our plot) on Graham Road (blue dashed line on map) is of great importance to us. If the Gautrans standard is 600m between intersections, then the distance of the blue line is about 700m. By approximation please!</li> </ol>	<p>The EIA consists of two phases, the Scoping Phase and the EIA Phase. These phases will include:</p> <ul style="list-style-type: none"> <li>• Early consultation with a broad range of stakeholders, landowners and communities near the proposed PWV17 freeway;</li> <li>• Technical consultation with local experts and specialists;</li> <li>• Consultation with provincial and local authorities on integrated planning and development strategies;</li> <li>• Assessments by several specialists through the Impact Assessment Phase to assess the potential impacts of the project;</li> <li>• Authority and stakeholder comment at each phase during the EIA process; and</li> <li>• Authority decision-making.</li> </ul> <p>Two reports will be produced through this process, the Scoping Report and the Environmental Impact Report (EIR) accompanied by the Environmental Management Programme (EMPr). These reports will be made available to I&amp;APs for review and comment.</p> <p>Please note that we are currently in the initial phase of the project (Scoping Phase), aimed to gather all comments and concerns from I&amp;APs in order to make an informed decision on the Final Layout and location of the proposed PWV17 Freeway.</p>
--	---

<p>2. At the 10.2km mark there is already a service road that runs from Graham Road to the plots, therefore it should be taken into account, without having to make another service road and cutting up the owner's property any further.</p> <p>3. Because we applied for consent use and received approval, it means that we can no longer use the existing entrance to Graham road and it is therefore of utmost importance that we have continued use of the existing service road. At some point it was already improved in concept by Gautrans, but is probably no longer being pursued.</p> <p>4. Our property has already been decreased by about 1 ha due to the road servitude that was registered on it. Hopefully, when the road is finalised we will be compensated.</p> <p>5. Does the fact that the interchange is almost on our plot mean that Graham road will be greatly widened on this point than was originally planned in the Basic Plan – it was about 48m. if it is to be widened, will that be in the direction of our plot ?</p> <p>I hope you can give us a clear indication</p>	<p>As part of the two-phase EIA process, a draft Scoping Report will be compiled and made available to all registered I&amp;APs for a public comment period. All issues and comments received during the Public Participation Process will be captured in an Issues and Response Report (IRR) and will be incorporated into the final Scoping Report. The IRR will form an appendix to the final Scoping Report that will be submitted to the Gauteng Department of Agriculture and Rural Development (GDARD) for approval.</p> <p>All I&amp;AP's will be contacted regarding any information that will be made available in future.</p> <p>Seeing that the design is only in the preliminary phase, it is very difficult to answer your questions at this stage as it is very technical in nature. We do however take note that the planning and design of the section of road as indicated by yourself is perceived to have an impact on your property. Your concerns will be documented as stated above and submitted to the project's Design Engineers for consideration and included in all documents that require approval from the Gauteng Department of Agriculture and Rural Development.</p> <p>If required at a later stage, we will request that the project engineers contact you in order to answer your questions in more detail.</p>
---	--

		<p>The EIA Report to be compiled for the proposed road will also supply clarity regarding the issues raised in your correspondence. It is still early in the EIA process and it is therefore difficult to answer all the technical questions asked in your correspondence.</p>
<p>14/12/2015: Special cognisance has been taken of the contents of your last paragraph which is rather crucial and of critical importance to us AND all the land owners in the immediate area of the proposed N34 interchange as well as intersections on both sides. We will again in due time put all our arguments and concerns on the table. Just keep us posted all the time. We cannot afford to miss out.</p>	<p>Mathys Lubbe <a href="mailto:thyslubbe@gmail.com">thyslubbe@gmail.com</a></p>	<p>Noted</p>
<p>As discussed a few minutes ago please send me a link to the proposed PWV17.  This need to be a clear indication of the proposal and has the capacity to zoom.</p> <p>I refer to the above-mentioned project to which you are EAP. Could you kindly advise whether I can register as an I&amp;AP with you? I</p>	<p>Ken Lalor <a href="mailto:lalor@telkomsa.net">lalor@telkomsa.net</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project. <p>I got your information from the Bronberger. My inquiry is i.c.w the PWV17 N4 east that links with the Delmas Road. The article in the Bronberger, pp. 10 of the November 2015 edition, it is mentioned that the road could either cross the Tigerpoort 371 JR road or the Grootfontein 394 JR.</p> <p>See attachment. Could you send me the same map that had been published by the Bronberger, by email? The map in the Bronberger is too small to see where the proposed road will go. Rietlei View CE is part of Grootfontein 394 JR and some residents feel uneasy about how this road will cross through Grootfontein 394 JR. Could you provide more information which could be submitted to the resident.</p>	<p>Annelie Buchler  <a href="mailto:owners@rietview.co.za">owners@rietview.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Bokamoso will e-mail an interactive map link to all I&amp;APs and the map link will also be supplied on the Bokamoso website. Maps are also included as part of the Revised Draft Scoping Report. For more detailed drawings, you are welcome to contact Bianca/Ane at Bokamoso.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p>
<p>In Principle, I think we as the Rietlei View Home Owners Association can support the application for the proposed road. Providing that a slipway is provided from Sinovich drive onto the Delmas road since the increase in traffic volumes will make it very difficult for users of Sinovich drive to join the Delmas Road (R50).</p> <p>I act on behalf of ABRINA 3900 NPC (Non Profit Company)(formally an Association incorporated in terms of section 21). ABRINA 3900 NPC (hereinafter referred to as "ABRINA") is the registered owner Portion 61 (a portion of Portion 2) of the Farm Tiegerpoort 371 JR, held by Deed of Transfer No T154467/2006. Although ABRINA had sub divisional diagram SG 3725/2008 compiled and approved by the Surveyor-General in respect Portion 394 (a portion of Portion 61) of the Farm Tiegerpoort 371 JR as will more fully shown by the figure</p>	<p>Carl Dietzsch  <a href="mailto:Carl.dietzsch@gmail.com">Carl.dietzsch@gmail.com</a>  <b>Abrina 3900 NPC</b></p>	<p>Thank you for your response, we have noted your comments on our Issues and Comments Register.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>the Farm Tiegerpoort 371 JR as will more fully shown by the figure</p>		<p>Thank you for your response, we have registered Abrina 3900 NPC as Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process</p>

<p>ABCD EFA on the aforesaid diagram. ABRINA has not yet proceeded and applied for the issue of a Certificate of Registered Title by the Registrar of Deeds.</p> <p>The proposed PWV17 Road will cut across the aforesaid property of ABRINA as indicated on layout map attached hereto and will definitely affect the proprietary rights of ABRINA.</p> <p>We shall be pleased if you will kindly note the interests of ABRINA and register ABRINA 3900 NPC an Interested and Affected Party.</p> <p>Kindly acknowledge receipt hereof.</p>		<p>in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Please register me as an interested and affected party for the proposed PWV17 road. I am the owner of plot 190 Nkwe Road and my contact details are below and want to be included in future correspondence and EIA studies.</p>	<p>Rudi Britz  <a href="mailto:rudi@qualitysolutions.co.za">rudi@qualitysolutions.co.za</a></p>	<p>Thank you for your response, we have registered you as Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>I have read the article in the Bronberger magazine about the above-mentioned project and would like to receive more information on the project since I live on property Tigerpoort 371 which is going to be affected by the project. I would also like to register as interested party since I need to participate in the public participation process. <p>Hope all is well, sorry for the English e-mail, but there are two British people copied into the mail.</p> <p>We got the attached notice at East Rand Polo Club in Bapsfontein; I'm a member at the club. We have no knowledge of what is being planned. Please can you send us the proposed route of the new road you conducting the EIA on, we also would like to know the timing. Need to see how it impacts the club so we can plan possible changes well in advance. Hopefully it doesn't impact us. It takes 2 seasons for a field to establish well, before we can play on the surface, the surface needs irrigation and some sand. We are</p>	<p>Johann du Preez  <a href="mailto:johanndp@moolmangroup.co.za">johanndp@moolmangroup.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Bokamoso will e-mail an interactive map link to all I&amp;APs and the map link will also be supplied on the Bokamoso website. Maps are also included as part of the Revised Draft Scoping Report. For more detailed drawings you are welcome to</p>

<p>therefore obviously concern. Hope you can give us some info.</p>		<p>contact Bianca/Ane at Bokamoso.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>The section of the PWV 17 between Garsfontein Road and the N4 is more important than the section of the road to the south of Garsfontein road up to the proposed PWV 5 freeway. The section to the north is most probably within the next 5 – 10-year plan and the section to the south of Garsfontein road is most probably within the next 10-20-year plan). The urgency of the road will be determined by the development pressure in the area and the need for the proposed freeway.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Your notice dated 13 November 2015 refers.</p> <p>Please note that EDS Engineering Design Services (Pty) Ltd has been appointed by the owners of the Remaining Extent of Portion 24 of the Farm Grootfontein 394 JR as consulting engineers to plan and design services for the proposed Blue Crane Estate.</p> <p>The land-use application was submitted and approved via the Development Facilitation Act. A copy of the approval is appended</p>	<p>Helga Hirst  <a href="mailto:Helga@edseng.co.za">Helga@edseng.co.za</a>  Garnet van der Walt Jnr  <a href="mailto:garnetjnr@edseng.co.za">garnetjnr@edseng.co.za</a>  <b>EDS Engineering Design Services (Pty) Ltd</b>  Garnet van der Walt  <a href="mailto:garnetvdw@icloud.com">garnetvdw@icloud.com</a></p>	<p>Thank you for your response, we have registered EDS Engineering Design Services (Pty) Ltd and Blue Crane Country Estate (Pty) Ltd as Interested and/or Affected Parties for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will</p>

<p>hereto for information. The planned township and the impact of the proposed alternative alignment of the PWV17 must be carefully evaluated as part of the process.</p> <p>Please register the following parties as interested and affected parties:</p> <ol style="list-style-type: none"> <li>Land owners Blue Crane Country Estate (Pty) Ltd Mr. Garnet van der Walt <a href="mailto:garnetvdw@icloud.com">garnetvdw@icloud.com</a> 082 820 0907</li> <li>Consulting Engineers EDS Engineering Design Services (Pty) Ltd Mr. Garnet van der Walt Jnr <a href="mailto:garnetjnr@edseng.co.za">garnetjnr@edseng.co.za</a> 0825653005</li> </ol>	<p><b>Blue Crane Country Estate (Pty) Ltd</b></p>	<p>keep you updated regarding the process in the future.</p> <p>Bokamoso had a follow-up discussion with Mr. Garnet van der Walt of EDS and during the meeting Mr. van der Walt confirmed that the published alignment (the section to the south of the Bronberg Mountain Range) is acceptable. The alternative alignment will cause the destruction of the Blue Crane Country Estate's layout, which is already approved by the relevant authorities. Mr. van der Walt is also a traffic engineer with ample knowledge of the road planning in the area. He also indicated that the proposed alternative alignment will intersect with the proposed PWV 6 at a point where there are major Eskom powerlines and he also indicated that the angles of the proposed PWV6/ PWV17 interchange for the alternative alignment is not acceptable from a geometrical point of view.</p> <p>Mr. van der Walt however indicated that an alternative alignment, more to the east of the current alternative alignment, is regarded as more acceptable. He however mentioned that such an eastern alternative will be outside of the 200m route determination strip and therefore it will be necessary to go through another route determination exercise to add such additional alternative.</p> <p>During the meeting Me. Lizelle Gregory</p>
--	---	--

		<p>explained to Mr. Garnet van der Walt that she assisted with the route determination for the PWV 17 in the area (in ± 2006) and during the route determination exercise another alternative further to the east was considered, but it was not regarded as a suitable alternative, because of the high social impacts (more properties affected) and due to geometrical reasons.</p>
<p>I hereby request to be registered as an Interested and Affected Party (I&amp;AP) to the proposed PWV17 road and would like to be included in any future correspondence, including EIA participation and to voice my concerns. <p>I hereby request to be registered as an Interested and Affected Party (I&amp;AP) to the proposed PWV17 road and would like to be included in any future correspondence, including EIA participation and to voice my concerns. My details are as follows:</p> <p>(a) Name and contact details: Lenie Cilliers Tel: 082 866 3863</p> <p>(b) Owner or tenant: Owner</p> <p>(c) Property of residence: Portion 149 of the farm Tigerpoort 371 JR (149/371).</p> <p>Can you please confirm receipt of this message by reply email?</p>	<p>Lenie Cilliers <a href="mailto:Mlg.cilliers@gmail.com">Mlg.cilliers@gmail.com</a></p>	<p>Thank you for your response, we have registered you as Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>With regards to the letter received and the layout of the proposed plan we hereby note our interest in the regard. The road will directly run through our property being Plot 67 and 68. We currently farm with Kikuyu grass on the approximately 16Ha land. We are totally self-sufficient with 4 strong bore holes and a dam we built to reservoir the water for irrigation purposes. One bore hole supply 45000L per hour. Should the road run on our property it would make an impact to the extent of affected workers etc. however a road close by will also impact the agricultural environment negatively for many reasons.</p> <p>Contact details in this regard is: Rickus Jonker – 083 633 1027 and Veronica Jonker – 072 212 6151</p> <p>Must we forward a formal letter or what is necessary feedback you</p>	<p>Veronica &amp; Rickus Jonker <a href="mailto:info@hugecon.co.za">info@hugecon.co.za</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>

<p>As a resident and landowner in Tigerpoort (Holding 179), I hereby I object to the building of a freeway through our community. This is a small community consisting of only smallholdings in a tranquil setting. I specifically moved to this area to get away from the bustle of the city and be able to keep horses and have some freedom. This road/highway will not only mean the end of our community (and the other small communities close to us through which it is planned), but also turn it into an area with 24 hour traffic noise, which is exactly one of the reasons why we are staying here, to get away from the traffic and city. There are many roads connecting the proposed areas already and this road will only be an additional road and is not a necessity to connect areas.</p> <p>Such a road with also create an easy entrance and exit for criminals</p>	<p>Anna Lennblad <a href="mailto:anna_lennblad@hotmail.com">anna_lennblad@hotmail.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be</p>

<p>to our community. It will also have a very negative impact on the environment. The environment here is fragile and will be totally destroyed by this road, especially during the construction phase. This is particularly bad for the golden mole which is protected species. We are the only area in South Africa where this wonderful animal roams free. The communities through which this planned road runs are very small and do not have many residents. There are no benefits of such a road to the residents in our community. The money spend on this road can rather be used to make the current roads bigger with more lanes etc. than building an entire new road and destroying so many small communities which it runs through. I strongly object to this road.</p>		<p>submitted on 31 January 2017.</p>
<p>Herewith please see information of the affected parties of the newly planned pwv17 road coming through Pretoria East, Tigerpoort.</p> <p>Plot 121 Tigerpoort Victor &amp; Ester Bennett 0763936046 <a href="mailto:ester@urology.co.za">ester@urology.co.za</a></p> <p>Plot 118 Tigerpoort Eugene Minnaar (tenant on plot 118) 0815771857 <a href="mailto:Eugeneminnaar.em@gmail.com">Eugeneminnaar.em@gmail.com</a></p> <p>Nadine Bennett (tenant on plot 118) 0817805197 <a href="mailto:Smilez.bennett@gmail.com">Smilez.bennett@gmail.com</a></p> <p>Hester Vijjoen (owner of plot 118) 0128115197 <a href="mailto:ester@urology.co.za">ester@urology.co.za</a></p>	<p>Nadine Bennett <a href="mailto:Smilez.bennett@gmail.com">Smilez.bennett@gmail.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>

<p>Hereby we would like to register as affected parties to the proposed road which could run through our property, Bashewa Plot 1. We have been living here since 1994 and currently have two households that will be severely affected. We live here because of the safety and quiet, among a wide variety of wild animals still living in their natural environment of grass and wetland of which endangered species such as the Marsh Owl and Bull Frog are present. A highway through this wetland will be catastrophic when climate change is impacting heavily on our planet, we should be saving such places for future generations.</p>	<p>Pauline Mostert  <a href="mailto:sharjah@iafrica.com">sharjah@iafrica.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>

<p>I am already registered as an Interested and/or Affected Party.</p> <p>I would like to know if there is more positive ways regarding the project. I am not against the whole project, but I don't want to make plans to start with development on my property where the proposed road will be constructed in a few years from now.</p>	<p>Karl le Roux  <a href="mailto:Karlrou@iafrica.com">Karlrou@iafrica.com</a></p>	<p>Thank you for your response, we have noted your comments on our Issues and Comments Register.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Thank you for your notification regarding this development. In terms of the National Heritage Resources Act, no 25 of 1999, heritage resources, including archaeological or palaeontological sites over 100 years old, graves older than 60 years, structures older than 60 years are protected. They may not be disturbed without a permit from the relevant heritage resources authority. This means that prior to development it is incumbent on the developer to ensure that a Heritage Impact Assessment is done. This must include the archaeological component (Phase 1) and any other applicable heritage components. Appropriate (Phase 2) mitigation, which involves recording, sampling and dating sites that are to be destroyed, must be done as required.</p>	<p>Andrew Salomon  <a href="mailto:asalomon@sahra.org.za">asalomon@sahra.org.za</a>  <b>Sahra</b></p>	<p>Noted.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>

<p>The quickest process to follow for the archaeological component is to contract an accredited specialist (see the website of the Association of Southern African Professional Archaeologists <a href="http://www.asapa.org.za">www.asapa.org.za</a>) to provide a Phase 1 Archaeological Impact Assessment Report. This must be done before any large development takes place.</p> <p>The Phase 1 Impact Assessment Report will identify the archaeological sites and assess their significance. It should also make recommendations (as indicated in section 38) about the process to be followed. For example, there may need to be a mitigation phase (Phase 2) where the specialist will collect or excavate material and date the site. At the end of the process the heritage authority may give permission for destruction of the sites.</p> <p>Where bedrock is to be affected, or where there are coastal sediments, or marine or river terraces and in potentially fossiliferous superficial deposits, a Palaeontological Desk Top study must be undertaken to assess whether or not the development will impact upon palaeontological resources – or at least a letter of exemption from a Palaeontologist is needed to indicate that this is unnecessary. If the area is deemed sensitive, a full Phase 1 Palaeontological Impact Assessment will be required and if necessary a Phase 2 rescue operation might be necessary. Please note that a nationwide fossil sensitivity map is now available on SAHRIS to assist with this.</p> <p>If the property is very small or disturbed and there is no significant site the heritage specialist may choose to send a letter to the heritage authority to indicate that there is no necessity for any further assessment.</p> <p>Any other heritage resources that may be impacted such as built structures over 60 years old, sites of cultural significance associated with oral histories, burial grounds and graves, graves of victims of conflict, and cultural landscapes or views must also be assessed.</p>		

<p>Thank you for taking my call earlier. As mentioned I am interested in buying a plot in the Tiegerpoort area and I was informed that your company is the firm to contact. Can you please register me so that I can have the details related to the PWV17?</p>	<p>Khotso Masia  <a href="mailto:kmasia@element79.co.za">kmasia@element79.co.za</a></p>	<p>Thank you for your response, we have registered you as an interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Please refer to the attached maps and Public Notice.</p> <p>We have noted your comments on our Issues and Comments Register and will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Ek hoop en vertrou dat u my van hulp kan wees in verband met die voorgenome PWV17 pad. Ek wil graag die volgende besonderhede met u deel:</p> <p>Gedurende November 2015 het ons 'n epos ontvang vanaf Tierpoort buurtweg met die dokumentasie van die voorgenome PWV17 pad. Op 2 September 2015, 'n maand voordat on bogenoemde kennis ontvang het het ons 'n koopaanbod aanvaar vir die verkoop van ons eiendom in Tiegerpoort. As gevolg van die inligting wat u kantoor verskaf het rakende die voorgenome pad, het die koper intussen die koop gekanselleer, aangesien dit nie meer vir hom sin maak om die eiendom te kop en 'n huis te bou as die plot onteien gaan word vir 'n pad. Ek wil graag weet of u dalk 'n vaste datum het waarop daar gaan begin word met die konstruksie van bogenoemde pad, en of ons met die paaiedepartement kan begin onderhandel oor die koop van die eiendom.</p>	<p>Jacques Malan  <a href="mailto:Jacques.malan@mwweb.co.za">Jacques.malan@mwweb.co.za</a></p>	<p>Julle sal met die paaiie departement kan onderhandel sodra die belyning vasgemaak is.</p> <p>Ons is nie seker of die nuwe belyning of die oorspronklike belyning julle eiendom raak nie.</p> <p>Verskaf sb. Meer inligting en bevestig hoe die belyning julle beïnvloed.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>

<p>Hi, I would like info on the planning/progress on proposed PWV17 road. Timeframe, specific final map etc. Any info will be appreciated. Thank you</p>	<p>Philip Greeff <a href="mailto:pgreeff@plotnet.net">pgreeff@plotnet.net</a></p>		
<p>Ons verwys na die telefoniese korrespondensie in November asook die e-pos ontvang vanaf Meneer van Wyk. Ons merk dat ons steeds nie geregistreer is op julle sisteem nie. I refer to our telephone conversation yesterday (15 February 2016) -

Please refer to the section below for further information on the PWV17 project. Background to the PWV17 project:

Bokamoso Environmental was appointed by the Gauteng Department of Roads and Transport to apply for environmental authorization for the Design and Construction of the PWV-17 Freeway located in the City of Tshwane and Ekurhuleni Metropolitan Municipality. The proposed road under consideration represents a section of the larger planned PWV17 freeway. The purpose of the proposed PWV 17 is to provide an urban freeway extending for 25 km and consisting of three (3) lanes in each direction as part of a freight route connecting Heidelberg with Limpopo Province.

The proposed freeway will join the future planned PWV 5 road at a point located south of Delmas Road and east of Elandsfontein Road on the Farm Elandsfontien 412 (Ptn 75). It will then extend northwards intersecting the following roads: Garsfontein Road either on the Farm Grootfontein 394 (Ptn 1) or the Farm Tiegerpoort 371 (Ptns 2, 28, 245 and 235); Graham Road on the Farm Zwavelpoort 373 (Ptn 299 and RE/250); and Boschkop Road on the Farm Zwavelpoort (Ptn 43 and 34). The section of the PWV17 road which forms part of this application terminates at a point east

of Silverlakes Drive and south of the N4 on the Farm Zwartkoppies 364. The sections of the proposed PWV17 freeway which extends northwards, intersecting the N4 and southwards, intersecting the R25 do not form part of this application. (Refer to Figure 1, 2 and 3)

Scoping/EIA Process:

The Gauteng Department of Roads and Transport, Department of Water Affairs and Sanitation (DWS), Provincial Government, various other authorities, environmental and technical specialists and stakeholders will work together in the EIA process. The EIA consists of two phases, the Scoping Phase and the EIA Phase. These phases will include:

- Early consultation with a broad range of stakeholders, landowners and communities in the vicinity of the proposed PWV17 freeway;
- Technical consultation with local experts and specialists;
- Consultation with provincial and local authorities on integrated planning and development strategies;
- Assessments by several specialists through the Impact Assessment Phase to assess the potential impacts of the project;
- Authority and stakeholder comment at each phase during the EIA process; and
- Authority decision-making.

Two reports will be produced through this process, the Scoping Report and the Environmental Impact Report (EIR)

		<p>accompanied by the Environmental Management Programme (EMPr). These reports will be made available to I&amp;APs for review and comment.</p> <p>Please refer to the attached diagram which indicates the process that will be followed - the next step will be step 4 "Draft Report made available for comment (30 days)"</p> <p>Public Participation process:</p> <p>A Public Participation Process was conducted for the Scoping Phase in terms of Chapter 6 of Regulation 982, published in Government Gazette No. 38282 of 4 December 2014, of the National Environmental Management Act, 1998 (Act No 107 of 1998). The Public Participation Guideline in the Integrated Environmental Management Guideline Series (Guideline 7) also applies, as published in Government Gazette No. 35769 on 10 October 2012.</p> <ol style="list-style-type: none"><li>1. Site notices were erected on 10 November 2015 at prominent points on and around the study area.</li><li>2. Flyers were distributed on 11 November 2015 to the directly affected properties as well as neighboring properties, estates and developments that may be affected by the proposed development within a 100 m radius.</li><li>3. Notices regarding the project was e-mailed to the councilors in the area and possible stakeholders (including local/provincial authorities, SANRAL, Eskom, etc.) in the area.</li></ol>
--	--	---

		<p>4. An advertisement was placed in the "Beeld" newspaper on the 13 November 2015.</p> <p>As part of the two phase EIA process, a draft Scoping Report will be compiled and made available to all registered I&amp;APs for a public comment period. All issues and comments received during the public participation process will be captured in an Issues and Response Report (IRR) and will be incorporated into the final Scoping Report. The IRR will form an appendix to the final Scoping Report that will be submitted to the Gauteng Department of Agriculture and Rural Development (GDARD) for approval. The Draft Scoping Report will be made available for comment at the end of February 2016 with registered I&amp;APs and Stakeholders afforded a period of 30 days to comment on the Report.</p> <p>A public meeting will be held on 8 March 2016 at the Maragon Private School in Fearie Glen from 18h30 to 20h00. All comments/concerns raised at this meeting will be included in the IRR mentioned above.</p> <p>The following specialist studies will be included in the EIA phase (the second phase):</p> <ul style="list-style-type: none"><li>- Fauna and Flora;</li><li>- Hydrology and Wetlands;</li><li>- Geology, Soils and Agricultural Potential;</li><li>- Social and Economic; and</li><li>- Cultural/Archaeological</li></ul> <p>Please note that in accordance with the</p>
--	--	--

		<p>EIA Regulations, Specialist studies must be conducted during the EIA Phase (second phase). We are currently in the process of appointing all the relevant qualified specialists.</p> <p>Once the Gauteng Department of Agriculture and Rural Development (GDARD) have issued their decision on whether to grant or reject the Environmental Impact Assessment, all registered Interested and Affected Parties (I&amp;AP's) will be notified of the decision and informed on the appeal procedure to be followed.</p> <p>Please do not hesitate to contact us if you require any further information.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Want to be registered as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p>	<p>Andre Hennop  <a href="mailto:ahp@me.com">ahp@me.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>

**After Draft Scoping Review Process**

<p>Thank you very much for the draft Scoping report. (Just a general remark: In paragraph, 2.3 and 2.5 reference is made to Gautrans. Please note that Gautrans and the Gauteng Province did not exist in the mid-seventies, and they did not compile the PWV Road Network). I am the owner of Plot 164 Mooiplaats and according to your figures 1 and 2 this property is being destroyed by the proposed diamond interchange. I bought this property some years ago with the purpose to subdivide it and to rezone it for business purposes. This application has been in the pipeline for several years already and has been delayed for years now because of its proximity to the proposed PWV17 My proposed development is also affected by the re-alignment of the K54 and will depend on access from that road. The plans for the interchange that I have differ from that in your report. I will appreciate more detailed plans and the time frame for this proposed interchange.</p>	<p>Wynand Fourie  <a href="mailto:wdfourie@gmail.com">wdfourie@gmail.com</a></p>	<p>Thank you for your response, we have noted your comments on our Issues and Comments Register.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Is it possible to give a better image or even a google map link to see exactly where the proposed road goes? I am particularly interested in the area Garsfontein Road. Is this new road also going over Garsfontein is there any plans of on and off ramps close to Garsfontein crossing?</p>	<p>Charl Schneider  <a href="mailto:Charl.schneider@gmail.com">Charl.schneider@gmail.com</a></p>	<p>Thank you for your response we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Your questions are more technical of nature and will be addressed in the EIA Phase.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Our telephonic conversation refers.</p>	<p>Surina Schneider  <a href="mailto:Surina.schneider@gmail.com">Surina.schneider@gmail.com</a></p>	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p>

<p>We want to be registered as an Interested and/or Affected Party for the proposed PWV17 Road Project. I am Surina Schneider and my husband is Charl Schneider. We just bought plot 104 Tierpoort Street, Tierpoort. Please send a map with the proposed road.</p>		<p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Want to be registered (Telephonically)</p>	<p>Ampie Rossouw <a href="mailto:ampie@exdev.co.za">ampie@exdev.co.za</a></p>	<p>Your telephonic conversation with Ané Agenbacht refers.</p> <p>We have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Thank you for the information, you going to take the road over the mountain?</p>	<p>Werner Ströh <a href="mailto:werner@cadcon.co.za">werner@cadcon.co.za</a></p>	<p>Two alternatives for this section of the PWV17 were investigated by the involved engineers (refer to Figure 1: Alternatives Identified).</p> <ul style="list-style-type: none"> <li>• Alternative 2: The section of road affecting the ridge will cross the ridge by means of deep cutting.</li> <li>• Alternative 3: The section of road affecting the ridge will “cross” the ridge by means of a tunnel.</li> </ul> <p>Please take note that the impacts associated with these alternatives will be investigated in the Environmental Impact Assessment Report and GDARD will then approve the alignment/construction method they see fit.</p>

<p>Please register Francois to keep us updated, we are directly affected. The road goes through our property.</p>	<p>Rene Jooste  <a href="mailto:admin@bts.co.za">admin@bts.co.za</a>  28 July 2016</p>	<p>Thank you for your response, we have registered you and Francois as an Interested and/or Affected Party for the proposed PWV17 Road Project.</p> <p>We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>I hope that you'd be able to assist. We own land in the Zwavelpoort area (Achilles Rd) and looking at purchasing another, but would dearly like to know exactly when and where the (proposed) PWV17 will be built.</p> <p>I had a look at this link, but the image is not of high quality, so if you would be able to provide me with a high/higher resolution map, I would be most grateful. If you are/were perhaps involved in the K40/K56? Road, especially with regards to where it comes over the Bronberg and crosses Achilles up to where it crosses Atterbury alongside Mookloof, and are able to provide a map for that road, that would also be highly appreciated.</p>	<p>Andre Wolfaardt  <a href="mailto:andre@enter.co.za">andre@enter.co.za</a>  9 August 2016</p>	<p>I would like to apologise for the delay in responding to your query sent to us on 9 August 2016. Please refer to the attached Google Maps (kml) file to view the proposed preliminary alignment for the PWV17.</p> <p>We have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project and we will keep you updated regarding the process in the future.</p> <p>Unfortunately, it is not possible to provide you with the timeframes for construction for this project, seeing that Bokamoso has been appointed to conduct the EIA Process as independent consultants.</p> <p>Should the Gauteng Department of Agriculture and Rural Development decide to grant Environmental Authorization the developer will have</p>

		<p>between 3 and 10 years to commence with construction. As we are currently in the first phase of the application for Environmental Authorization, we will keep you updated o the progress of this application.</p> <p>We were not involved in the K40 so unfortunately we do not have any information on that project. I have attached the Gauteng Network Plan which shows the K40 in relation to the PWV17. We were however the Consultants for the EIA for the K56. Please note that this project has been approved by GDARD. I've attached a Google Maps (kml) file of the section of road for which we applied for Environmental Authorization.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Telephonic conversation with the Project Consultant.</p>	<p>Werner Steenkamp  <a href="mailto:Werner.steenkamp@gmail.com">Werner.steenkamp@gmail.com</a></p>	<p>Please find herewith the Google Earth fiel which indicates the preliminary alignment of the proposed PWV17 road as discussed earlier today.</p> <p>Could you please provide us with your contact details as well as any queries you may have regarding this project.</p> <p>Please take note that that this issues and response report is annexed to the</p>

		Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.
<p>Thank you very much for the file, I will view it tonight at home. Like I mentioned, I would like to know:</p> <p>What effect, if any, the PWV17 and its interchanges will have on plot 170.</p> <p>How accurate the current publicized drawings are.</p> <p>The percentage likelihood of the road being built as per the current drawings vs the other alternative that you mentioned that is currently under investigation.</p> <p>An finally the time frame.</p> <p>I had an interesting conversation with one of the current residents. She informed me that the interchanges will affect plot 168 and not plot 170 that I am interested in. She also mentioned that Nkwe Road will become a cul de sac towards the end. I would like to take as much information into consideration before I make up my mind whether to make an offer or not.</p> <p>Any additional information would be most welcome. I will also let you know if I make an offer later this week.</p>	Werner Steenkamp	<p>Thank you for your response, we have registered you as an Interested and/or Affected Party for the proposed PWV17 Road Project. Please note that our Project Consultant will respond to you as soon as possible. We will keep you updated regarding the process in the future.</p> <p>Please take note that that this issues and response report is annexed to the Revised Draft Scoping Report and your comments regarding this report must be submitted on 31 January 2017.</p>
<p>Ons wil graag weet in watter stadium die PWV17 proses is en of julle vir ons die nuutse informasie kan gee oor waar die proses taans staan?</p> <p>Volgens die planne kruis K45 en PWV17 mekaar reg langs ons plot en die afrit loop oor ons plot</p> <p>Sou dit so plaasvind sou 7 (Sewe) gesinne plus 6 (ses) steengeboude enkel kwartiere en ons hele besigheid geaffekteer</p>	Louis van Dyk <a href="mailto:Louis@lkmr.co.za">Louis@lkmr.co.za</a> 25 August 2016	<p>Thank you for inquiring about the proposed PWV17 Road Project. Please note that we have registered you as an Interested and/or Affected Party for this Project.</p> <p>Please find attached a Google Map File which shows the preliminary alignment for the proposed PWV17. As previously</p>

<p>word.</p> <p>Sal julle my email adres asseblief registreer om die nuutse nuus te ontvang?</p> <p>Sal julle so spoedig as moontlik met my pa, Dirk van Dyk (082 376 0851) in verbinding kom.</p>		<p>discussed, this alignment was included in the first application for Environmental Authorisation which was withdrawn due to further engineering investigations that were required.</p> <p>A new Application for Environmental Authorisation will be submitted before the end of this year. This application will most likely include an alignment that differs slightly from the one attached.</p> <p>Seeing that you are now registered as an I &amp;AP you will be notified when the new application process commence and you will be afforded the opportunity to review and comment on all Reports that will be submitted to the Gauteng Department of Agriculture and Rural Development for approval.</p> <p>Please do not hesitate to contact us if you require any further information.</p>
<p>I would like to know if you could assist me please. We want to purchase a property in the Wilds and want to know if the PWV17 Road is going to have roads running through the servitude between Mookloof Estate and The Wilds estate (between Atterbury Road and Garsfontein Road)</p> <p>On the current map it shows from Delmas road through to the N4 – that does not run close to The Wilds but surely the PWV17 needs to be accessed from the surrounding suburbs – if I understand it correctly.</p> <p>If I don't make any sense please let me know and I will phone you.</p>	<p>Ina Verwey  <a href="mailto:Carolina.v@curro.co.za">Carolina.v@curro.co.za</a>  1 September 2016</p>	<p>Thank you for inquiring about the proposed PWV17 Road Project. Please note that we have registered you as an Interested and/or Affected Party for this Project.</p> <p>Please find attached a Google Map File which shows the preliminary alignment for the proposed PWV17. Take note that this alignment was included in the first application for Environmental Authorisation which was withdrawn due to further engineering investigations that were required.</p> <p>A new Application for Environmental</p>

<p>Thank you in anticipation</p>		<p>Authorisation will be submitted before the end of this year. This application will most likely include an alignment that differs slightly from the one attached.</p> <p>Seeing that you are now registered as an I &amp;AP you will be notified when the new application process commence and you will be afforded the opportunity to review and comment on all Reports that will be submitted to the Gauteng Department of Agriculture and Rural Development for approval.</p> <p>I've also attached the Gauteng Network Plan which shows all major roads planned for the area.</p> <p>Please do not hesitate to contact us if you require any further information.</p>
<p>We had a meeting with Mr Dirk van Dyk (plot 35) this morning. We are from Plot 42 just across the road from him and he had some interesting things to say to us. Could you kindly let us know the latest developments regarding the PWV17 and K54 as this will also affect us and our business.</p> <p>Attached is the last (outdated) information we have received regarding this matter.</p>	<p>Chris  <a href="mailto:twanaadventure@gmail.com">twanaadventure@gmail.com</a>  5 September 2016</p>	<p>Thank you for inquiring about the proposed PWV17 Road Project. Please note that we have registered you as an Interested and/or Affected Party for this Project.</p> <p>Please find attached a Google Map File which shows the preliminary alignment for the proposed PWV17, an image which shows the PWV17 and K54 alignment and its proximity to your property as well as the Gauteng Network Plan which shows the planned routes in this area.</p> <p>Take note that this alignment was included in the first application for Environmental Authorisation which was withdrawn due to further engineering investigations that were required.</p> <p>A new Application for Environmental Authorisation will be submitted before the end of this year. This application will most</p>

<p>I trust you are well.</p> <p>I was wondering if you have any news on the PWV17 road. Is it still in the pipeline and will it happen one day or have they shelved it totally?</p> <p>Looking forward to hearing from you.</p>	<p>Melissa  <a href="mailto:gdekock@telkomsa.net">gdekock@telkomsa.net</a>  6 September 2016</p>	<p>likely include an alignment that differs slightly from the one attached. Seeing that you are now registered as an I &amp;AP you will be notified when the new application process commence and afforded the opportunity to review and comment on all Reports that will be submitted to the Gauteng Department of Agriculture and Rural Development for approval.</p> <p>Please do not hesitate to contact us if you require any further information.</p>
<p>Our telephonic conversation refers.</p> <p>As I mentioned I need information from the proposed PWV17 Road. I specifically need the point where the road merge onto Lynnwood. My specific question is portion 251 of the Farm Zwavelpoort 373 JR directly affected on the proposed road?</p>	<p>JWJ VAN WYK Attorneys  <a href="mailto:lwj@vanwyk.legal">lwj@vanwyk.legal</a>  27 September 2016</p>	<p>No further progress has been made on the PWV17 project since the initial Application was withdrawn. Please note that you will be notified when the Application for Environmental Authorisation is submitted. This is envisioned before the end of 2016.</p> <p>Please do not hesitate to contact us if you require any further information.</p> <p>Our telephonic conversation yesterday refers.</p> <p>Please refer to the attached Google Earth file and a map of the PWV17 alignment and crossing of Lynnwood Road. Regarding my information it looks like the southern part of portion 251 will be directly affected.</p>
<p>Could you please provide me with a status updated on the PWV17.</p>	<p>Henry Flint  <a href="mailto:Henry.Flint@thebeststockbroking.co.za">Henry.Flint@thebeststockbroking.co.za</a></p>	<p>Please do not hesitate to contact me for more information.</p> <p>Please note due to numerous comments received from the public during the public meeting, it was decided to withdraw the</p>

	14 October 2016	<p>application in attempt to first address the comments of the public as efficient as possible.</p> <p>However we have obtain all the necessary information and mitigated and addressed the concerns as far and efficient as possible and we are now ready to commence with the process again. The public participation will also be carried out again and another application as well as a Draft Report will be made available soon. Please note that we will use the previous databases and all registered I&amp;APs will be informed once we are in the position to recommence with the process. We will notify you of the latter once commenced.</p>
<b>New Public Participation Process</b>

<p>Will you please register me as an Interested and Affected Party?</p> <p>Please let me know what information you require from me.</p>	<p>Karien Venter  <a href="mailto:kriekdp@gmail.com">kriekdp@gmail.com</a>  17 November 2017</p>	<p>Thank you for your response, Bokamoso Environmental already registered you as an Interested and/or Affected party for the proposed PWV17 Freeway Project.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>I, Dr J R Seeliger, ID 5702015028083, represent Willowdale Properties (Pty) Ltd, the registered owners of Farm Tiegerpoort 371 JR portions 60 and 57. I have seen that one the the proposed routes, crosses our neighbouring portions, and literally passes our entrance to portion 60. This seems to be highly unusual as a sudden alternative to the original route which crosses vacant farm land at Grootfontein Farm. There should be no discussion as to which route the Freeway nl. The one across vacant unaffected property compared to developed subdivided densely infrastructures properties, should take. Many thanks and please confirm my concerns in writing or send a reply to this email.</p>	<p>Jon Seeliger  <a href="mailto:jonseeliger@vodamail.co.za">jonseeliger@vodamail.co.za</a>  17 November 2016</p>	<p>Thank you for your response, Bokamoso Environmental already registered you as an Interested and/or Affected party for the proposed PWV17 Freeway Project.</p> <p>Please refer to the attached Public Notice regarding the abovementioned project.</p> <p>We have noted your comments on our Issues and Comments Register.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>I would like to register as an affected and very unhappy party.</p>	<p>Minka Janse van Rensburg  <a href="mailto:Minka.jvanrensburg@gmail.com">Minka.jvanrensburg@gmail.com</a>  17 November 2016</p>	<p>Thank you for your response, Bokamoso Environmental already registered you as an Interested and/or Affected party for the</p>

<p>Minka Janse van Rensburg  <a href="mailto:Minka.jvanrensburg@gmail.com">Minka.jvanrensburg@gmail.com</a>  083 383 2515  Plot 69, Tau Street, Tiegerpoort</p> <p>This road is not only going to have a devastating effect on the sensitive Bronberg environment, but it also going to destroy an amazing lifestyle. This road is going to destroy a environment with many species of frogs, hedgehogs, bush baby's hare, all kinds of small antelopes, mongoose, endangered moles (golden mole) and not to mention the birds (many owl species).</p> <p>Then there is the issue of noise pollution from such a road, you are going to destroy a beautiful landscape. Please move the road somewhere else.</p>		<p>proposed PWV17 Freeway Project.</p> <p>Please refer to the attached Public Notice regarding the abovementioned project.</p> <p>We have noted your comments on our Issues and Comments Register.</p> <p>We will keep you updated regarding the process in the future.</p>
<p>My husband (copied in this email) and I are property owners in Zwavelpoort on Graham Road. We are Ptn 900 (a ptn of ptn 261) of the Farm Zwavelpoort 373 JR.</p> <p>I would seem from the Notice of Application that the proposed freeway will be very close to our plot. Can we please have more detail information regarding the actual location of the on and off ramps on the intersection with Graham road. How will this affect our property and its value, as well as the sound impact in the area.</p> <p>We moved out of the city to get away from the noise of traffic and city life. Now it would seem that a highway will be built next to us?</p> <p>Our plot is registered in the name of the Casanna Trust. Our names are Casper and Annalize Steenkamp.</p> <p>Our cell numbers are 082 902 4525 (Casper) and 082 322 6404 (Annalize).</p>	<p>Annalize Steenkamp  <a href="mailto:AnnalizeS@officeobjects.co.za">AnnalizeS@officeobjects.co.za</a>  17 November 2016</p>	<p>Thank you for your response, Bokamoso Environmental already registered you as an Interested and/or Affected party for the proposed PWV17 Freeway Project.</p> <p>Please refer to the attached Public Notice regarding the abovementioned project.</p> <p>We have noted your comments on our Issues and Comments Register.</p> <p>We will keep you updated regarding the process in the future.</p>

<p>Please send google link for us to better understand the exact position. Will it link up with existing R25 from Bapsfontein to R21. ## PLAN OF STUDY FOR EIA: DESIGN AND CONSTRUCTION OF THE PWV17 FREEWAY

### 1. INTRODUCTION

**Bokamoso CC** was appointed by **Gauteng Department of Road and Transport** to submit a Scoping Report for the above mentioned project. The Scoping Report has been prepared to comply with the provisions of NEMA, 1998 (Act 107 of 1998). In addition, the report has been prepared to appropriately inform registered Interested and Affected parties and the relevant decision making authorities of the potential environmental impacts to inform a comprehensive Environmental Impact Assessment (EIA) Process. Please find below the Plan of Study for the EIA process for the above mentioned project.

### 2. PROJECT DESCRIPTION

**Project Title:** Design and Construction of the PWV17 Freeway located in the City of Tshwane and Ekurhuleni Metropolitan Municipality. Situated at a point located south of Delmas Road and east of Elandsfontein Road on the Farm Elandsfontien 412 (Ptn 75) northwards up to a point east of Silverlakes Drive and south of the N4 on the Farm Zwartkoppies 364.

**Name and Address of the applicant:**

Applicant: Gauteng Department of Road and Transport  
Contact Person: Mr. Zandile Mosia  
Physical Address: P O Box 1335,  
Pretoria  
0001  
Tel: 011 355 7247  
Cell: +27 063 253 1869  
Fax: 086 592 8688  
Email: [zandi.mosia@gauteng.gov.za](mailto:zandi.mosia@gauteng.gov.za)

**Name and Address of Consultants:**

Bokamoso Landscape Architects and Environmental Consultants  
P.O. Box 11375  
Maroelana  
0161  
Contact Person: Lizelle Gregory  
Tel: (012) 346 3810  
Fax: 086 570 5659  
Cell: 083 255 8384  
E-mail: reception@bokamoso.net

**Nature of Activity:** Design and Construction of the PWV17 Freeway

## **Project Location:**

The proposed freeway will join the future planned PWV 5 road at a point located south of Delmas Road and east of Elandsfontein Road on the Farm Elandsfontien 412 (Ptn 75). It will then extend northwards intersecting the following roads: Garsfontein Road either on the Farm Grootfontein 394 (Ptn 1) or the Farm Tiegerpoort 371 (Ptns 2, 28, 245 and 235); Graham Road on the Farm Zwavelpoort 373 (Ptn 299 and RE/250); and Boschkop Road on the Farm Zwavelpoort (Ptn 43 and 34). The section of the PWV17 road which forms part of this application terminates at a point east of Silverlakes Drive and south of the N4 on the Farm Zwartkoppies 364. The section of the proposed PWV17 road which extends northwards, intersecting the N4 does not form part of this application

**Size:** The involved section of the PWV17 is approximately **25 km** in extent.

## **Relevant Phases of the Development:**

### **Preparation Phase:**

- Geological, fauna & flora, wetland and other
- Environmental process including public participation
- Planning and Environmental Approvals

### **Construction Phase:**

- Installation and construction of the proposed route (Most Probably in Phases)

### **Operational Phase:**

- Operation of the proposed route

### **3. DESCRIPTION OF TASKS TO BE PERFORMED DURING THE EIA PROCESS:**

#### **Methodology:**

An investigative approach will be followed and the relevant physical, biological, social and economic and cultural aspects of the environmental aspects will be assessed in the EIA. A description of all environmental issues that were identified during the environmental impact assessment will be made, an assessment of the significance of each issue and an indication of the extent to which the issue could be addressed by the adoption of mitigation measures will be made.

An assessment of each identified potentially significant impact will be made including:

- i) Cumulative impacts;
- ii) The Nature of the impact;
- iii) The Extent and duration of the impact;
- iv) The Probability of the impact occurring;
- v) The Degree to which the impact can be reversed;
- vi) The Degree to which the impact may cause irreplaceable loss of resources; and
- vii) The Degree to which the impact can be mitigated

Furthermore, a description of any assumptions, uncertainties and gaps in knowledge must be made.

Information that would provide the reader with an objective view of the proposed development will be gathered in the following manner:

The EIA will be prepared in terms of the principles as set out in the EIA Regulations of 2014 and according to the National Environment Management Act, 1998 (Act No. 107 of 1998) as amended.

- The applicant must appoint several specialists in order to finalize the design and geo-technical report. It is therefore safe to assume that plentiful information will be available for the evaluation of the project.
- The written comments (if any) submitted by the I & APs always proves to be most helpful in order to identify the key issues to be mitigated.
- The socio-economic and biophysical environment will be investigated.
- Red data fauna and flora survey will be included as part of the EIA process.
- A wetland survey will be included as part of the EIA process.
- A detailed sensitivity/issues map, providing a clear indication of areas of high, medium and low sensitivity that will be compiled after the results of the specialist studies are available will also be included in the EIA report.
- The compilation of a storm water management plan as well as DWA comments in this regard.
- A cultural and historical study will be included in the EIA report and SAHRA comments on the report must be obtained and included as part of the EIA.
- A socio-economical study will be included in the EIA Report.
- A Noise Impact Assessment study will be included in the EIA Report.
- Details regarding properties and infrastructure that will be affected by the proposed route to be supplied during the EIA process. Must also include information regarding servitudes to be registered.

**Bokamoso's impact identification methods include:**

- Listing all possible issues under the headings of Physical, Biological, Socio-economic and Institutional.
- Besides professional experience in identifying impacts, the inputs given by the I & APs will be assessed and an explanation will be provided in the EIA as to why certain issues raised by I & APs were deemed as insignificant and others as significant. The key issues will be evaluated and prioritized with the help of the Project Team.

**Alternatives Identified:**

- **The No-Go Option**

A comparative assessment between the no-go option and the environmental costs of the proposed road (the preferred alternative) will be done after issues/sensitivities have been identified and investigated further and included as part of the EIA.

- **Alignment Alternatives**

Alignment alternatives for the proposed route will be addressed in the EIA.

**Priority Issues identified**

From the preliminary site visits, by attending some of the project meetings and by analyzing the available data on the study area, it was possible to identify certain issues that will have to be investigated in more detail. These issues are:

**1) Natural Environment**

- Geology and soils
- Fauna and Flora

- Wetlands
- Hydrology
- Topography
- Climate
- Agriculture

## **2) Social Environment**

- Existing services and infrastructure affected by the proposed route
- Properties / activities affected by the proposed route
- Social impact on residents
- Existing schools affected by the route
- Increase in Traffic
- Safety and security
- Public Participation
- Impact on Sense of Place
- Possible noise, visual, air pollution caused by proposed route on the surrounding environment

## **3) Economical Environment**

- Need for the proposed road
- Impact of proposed route on affected properties / activities
- Economic impact on businesses in the area
- Impact of the proposed development on the adjacent land values

### **Methods of Assessing the Significance of Impacts:**

- **Geotechnical Engineer**
  - Engineering Geological Investigation Geotechnical survey – must indicate sensitive/weak zones;

- Identification of geology and soils issues for the road design, etc.;
- Impact identification of proposed development on geology and soils of study area; and
- Mitigation measures and recommendations.

- **Hydrology/ Storm water specialist**

- Identification of most significant hydrological issues;
- Impact identification of proposed route on hydrology of study area and its surroundings; and
- Mitigation measures and recommendations.

- **Wetland**

- Wetland delineation;
- Impact identification of proposed route on wetlands of the study area; and
- Mitigation measures and recommendations.

- **Fauna Survey**

- General fauna and red data survey;
- Identification of possible issues;
- Impact identification of proposed development on fauna species of the study area; and
- Recommendations and mitigation measures.

- **Flora Survey**

- General flora and red data flora survey;
- Identification of possible issues;
- Impact identification of proposed development on the flora species of the study area; and

- Recommendations and mitigation measures.
- **Socio-Economic Survey**
  - Socio-Economic Survey on Equestrian Industry in the Kyalami area;
  - Impact identification of proposed road on the Equestrian Industry; and
  - Recommendations and mitigation measures.
- **Noise Impact Assessment**
  - Noise impact assessment to determine noise impact of proposed road on surrounding properties;
  - Impact identification of proposed road on the surrounding properties; and
  - Recommendation and mitigation measures.
- **Cultural/Historical Survey**
  - Cultural/ historical survey
  - Identification of possible issues;
  - Impact identification of proposed development on the flora species of the study area; and
  - Recommendations and mitigation measures.

#### **4. TIME SCHEDULE FOR TASKS AND ADVERTISING:**

##### **Compilation of Report**

- Assessment of physical, biological, social, cultural and economic environmental aspects: 4 weeks
- Discussion with provincial authorities, local authorities, other interested and affected parties: 2 weeks

- Site survey and photographic recording: 1 week
- Completion of report: 6-8 weeks

## **5. PUBLIC PARTICIPATION PROCESS**

A complete public participation process will be conducted during the EIA phase: an advertisement will be placed in a newspaper, site notices will be erected on the study area, notices will be delivered or sent by e-mail/fax/registered mail to I & APs, a public meeting will be held. Issues /comments received from I & APs will be addressed in the EIA report. The draft EIA Report will be available for review by I & APs for a period of 30 days and comments received will be addressed in the final EIA Report. The final EIA Report will be available for review by I & Aps for a period of 21 days.

The EIA Report and the Public Participation process will also aim to explain the Gauteng Road Planning stages to the affected parties. Roads are planned by the various authorities (local, provincial and national government). Some roads have a local function and other roads (such as freeways and provincial roads) have a regional function. Roads such as provincial and national road have restricted access intervals and often require the implementation of services roads for the provision of access. This will also be explained in the EIA and the service road alternatives will also be negotiated with the affected parties.

### **When Will Authorities Be Consulted?**

#### **Province:**

#### **The relevant authority will be consulted during the following stages:**

Once the Department has received the Scoping report for revision and they have given us permission to proceed with the EIA process.

- Accepting the plan of study for the EIA;

- Review compliance of EIA; and
- Consideration of application.

**City of Tshwane and Ekurhuleni Metropolitan Municipality:**

They will be provided with a copy of the draft EIA Report and final EIA Report and will provide their comments to GDARD.

**Department of Water and Sanitation**

The Department will be provided with a copy of the draft and Final EIA Report and will provide their comments to GDARD/ Bokamoso. Bokamoso will also arrange a discussion meeting with DWS during the EIA phase.

**6. PROPOSED METHOD OF IDENTIFYING ENVIRONMENTAL ISSUES AND ALTERNATIVES:**

The environmental issues and alternatives will be described and assessed in terms of criteria that have been defined as follows:

**Status:**

Whether the impact is positive (a benefit), negative (a cost) or neutral.

**Duration:**

Whether the lifespan of the impact will be short term, 0-5 years, medium term, 5-15 years or long term, greater than 15 years, with the impact ceasing after the operational life of the development, or considered permanent.

**Intensity:**

Whether the intensity (magnitude/size) of the impact is high, medium, low or negligible (no impact).

**Importance:**

The importance of the identified impacts on components of the affected environment shall be described as:

- Low** - Where the impact will not have an influence on or require significant accommodation in the project design.
- Medium** - Where it could have an influence on the environment which will require modification of the project design or alternative mitigation.
- High** - Where it could have a “no-go” implication on the project regardless of any possible mitigation.

**Probability of Occurrence:**

The probability of the impact actually occurring, as improbable (low likelihood); probable (distinct possibility); highly probable (most likely); or definite (impact will occur regardless of prevention measures).

**Extent:**

The scale on which the impact will occur i.e. whether it will be confined to the immediate areas of the development activity, limited to within 5 km of the development, will it affect the region as a whole, or will it occur on a national or international scale.

## **7. MAPS THAT WILL MOST PROBABLY BE INCLUDED AS FIGURES:**

- Figure 1: Locality map of site
- Figure 2: Aerial map of site
- Figure 3: Delineation of the Study Area
- Figure 4: Conceptual Illustration of the Study Area
- Figure 5: Conceptual Illustration of the Study Area – Surveys to be done
- Figure 6: Conceptual Illustration - Study Area terminates into existing roads
- Figure 7: Geotechnical Map
- Figure 8: Wetland Delineation Map
- Figure 9: Fauna and Flora Habitat Map
- Figure 10: Surrounding Land Use Map
- Figure 11: Surrounding Road Network
- Figure 12: Cultural Map
- Figure 13: Sensitive Issues Map

## **8. ANNEXURES THAT WILL MOST PROBABLY BE INCLUDED:**

- Annexure A: Lizelle Gregory's CV
- Annexure B: Final Alignment
- Annexure C: Soil, Geological and Stability Investigation
- Annexure D: Ecological Survey
- Annexure E: Public Participation
- Annexure F: Cultural Survey
- Annexure G: Environmental Management Plan
- Annexure H: Amended Plan of Study (if necessary)
- Annexure I: Photos taken on and around the site

We trust that you would find this Plan of Study for EIA in order. Please do not hesitate to contact us if there are any queries on this subject.

**Thank You.**

**Yours Sincerely,**

-----

**LIZELLE GREGORY**
