Dear Sir/Madam

ACKNOWLEDGEMENT OF RECEIPT OF A NEW APPLICATION FOR ENVIRONMENTAL AUTHORISATION (SCOPING PROCESS) AND DRAFT SCOPING REPORT FOR THE PROPOSED DEVELOPMENT OF A 150 MW CONCENTRATED SOLAR POWER PLANT (PARABOLIC TROUGH) AND ASSOCIATED INFRASTRUCTURE ON REMAINING EXTENT OF THE FARM GROENWATER 453 AND REMAINING EXTENT OF PORTIONS 4 AND 5 OF THE FARM GROENWATER 453 WITHIN THE TSANTSABANE LOCAL MUNICIPALITY, KIMBERLEY REGISTRATION DIVISION, NORTHERN CAPE PROVINCE

The Department confirms having received the application for environmental authorisation and Draft Scoping Report for the above mentioned project on 04 April 2016. You have submitted these documents to comply with the Environmental Impact Assessment Regulations, 2014.

Further note that in terms of regulation 45 of the EIA Regulations, 2014 this application will lapse if the applicant fails to meet any of the time-frames prescribed in terms of these Regulations, unless an extension has been granted in terms of regulation 3(7).

You are hereby reminded of Section 24F of the National Environmental Management Act, Act No 107 of 1998, as amended, that no activity may commence prior to an environmental authorisation being granted by the Department.

Yours sincerely

Mr Sabelo Malaza

Chief Director: Integrated Environmental Authorisations

Department of Environmental Affairs

Letter signed by: Ms Senisha Soobramany

Designation: Control Environmental Officer (Grade A): Integrated Environmental Authorisations

Date: 5 April 2016

3.1 NEWSPAPER ADVERTISEMENTS

- An advertisement was placed in the Kalahari Bulletin on Thursday 31 March 2016. This is a free local newspaper in the Postmasburg area. The advertisement provided details on the project and an invitation for the public to register an interest in the project. The advertisement also indicated that the Public Participation Process for the proposed project would commence on 1 April 2016 and close on 3 May 2016 as well as all the other necessary information required. See proof of advertisement below:

Geklassifiseerd

Notice of Public Participation Process

THE PROPOSED DEVELOPMENT OF A 150 MW CONCENTRATED SOLAR POWER PLANT (PARABOLIC TROUGH) AND ASSOCIATED INFRASTRUCTURE ON REMAINING EXTENT OF THE FARM GROENWATER 453 AND REMAINING EXTENT OF PORTIONS 4 AND 5 OF THE FARM GROENWATER 453 WITHIN THE TSANTSABANE LOCAL MUNICIPALITY, KIMBERLEY REGISTRATION DIVISION, NORTHERN CAPE PROVINCE/RELEVANT PROPERTIES:

- REMAINING EXTENT OF THE FARM GROENWATER 453
- REMAINING EXTENT OF PORTIONS 4 AND 5 OF THE FARM GROENWATER 453

1. Notice is hereby given, in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) & A Regulation of 2014, that Metsimatala CSP Solar Energy (Pty) Ltd (the proponent) is proposing the above mentioned development.

2. The proposed development shall trigger the following listed activities in terms of the EIA Regulations, 2014:

- Activity 11 of Government Notice No. R 983 (Listing Notice 1);
- Activities 1 & 19 of Government Notice No. R 954 (Listing Notice 2);
- Activities 4, 12 & 18 of Government Notice No. R 885 (Listing Notice 3);

3. Opportunity to Participate: Interested and Affected Parties (I&APs) are hereby invited to register (see Scoping Report Appendix II) and/or comment on the proposed application and project. A 30 calendar day registration period, from 1 April 2016 until 3 May 2016 is now open to I&APs. Please submit your comments or registration in writing to the relevant address as indicated below. Also provide the project name as above, your name and contact details (postal address as well as preferred method of communication, e.g. email, fax, registered post, normal post, etc.), as well as an indication of any direct business, financial, personal or other interest you may have in the application. A Draft Scoping Report will be available for public comment from 1 April 2016 until 3 May 2016 or the website: <http://www.environment.gov.za/compjstkw/taats-phi>.

Comments regarding this matter must be referred to: Rikus Lamprecht at Tel: 051 438 0730, Fax: 051 438 0741 or Email: rikus@gawitworks.co.za.

Parties wishing to formally register as an I&AP are requested to complete Appendix I of the Scoping Report and forward their comments and contact details to the relevant address within 20 days of placement of this advertisement, when it is on or before 3 May 2016.

Tandartsbesoek pret

Anena Burger

DIE vrolike klein karnestjie van die Karlien en Kanderkieskool het op 10 Maart die tandarts besoek.

By die oproekkamer van dr. Jeannette Booysen het hulle somer haalwag oor die verorging van hul tande wyer gemaak. Marika Kriel, 'n stoelassistent, het hulle oor die werk van 'n tandarts vertel en vir hulle 'n liedjie met aksies geleer.

Daarna is die kleintjies in ouderdomsgroepies opgedeel en gewy hoe 'n tandartsstoel lyk.

Die groepies is ook blootgestel aan 'n klein inspeksie van die tandarts se besoek. Elkeen kon 'n beurt kry om in die ystlike stoel te sit.

Dr. Booysen het elke kind se tande ondersoek.

Elke maat het 'n gekonkspakkie van Aquasolweh gekry. Daarmee saam het almal ook 'n sertifikaat vir hul bywoning ontvang.

Enige laerskool of kleuterskool wat graag 'n opvoedkundige dag by die tandarts wil bywoon, kan dr. Booysen se oproekkamer by 054-232-2030 bel.

DR. JEANNETTE BOOYSEN laat Milah Nel (links) en Nina Hanekom (regs) 'n bietjie in die groot tandartsstoel lê voordat sy hul tande ondersoek. Foto: Verskat

TSANTSABANE MUNICIPALITY: TM014/2015/16 REQUEST FOR PROPOSALS

PREPARATION PROPOSAL FOR THE PROVIDING SOLID WASTE MANAGEMENT SERVICES, OPERATION AND MAINTENANCE OF THE MUNICIPAL LANDFILL SITE WITH ASSOCIATED SERVICES AND A FUNDING MODEL.

OPERATION: The Municipality is seeking proposals from interested and experienced private enterprises to make presentations and forward proposals for a Commercial Enterprise and related services with regards to Solid waste management.

Proposals to include the following:

- Daily operation and maintenance of the municipal landfill site
- Waste collection service from bulk customers
- Operating the Skip bin service (collecting, emptying, replacing, landfilling/ disposing) of all skip bins under municipality's service.
- Safe guarding and security on the landfill site
- Provision of site enclosure with one access control point
- Provision and installation of weigh pad/ scale to weigh loads
- Preparation of landfill structure for all waste streams arriving at landfill site
- Proposal of payment system for revenue collection
- Provision of all necessary plant and equipment to operate on the landfill site
- Provision of security office site office
- Proposals with regards to managing waste picking / recycling operation on landfill site
- Provision and installation of baling facility to bale recycled materials
- Proposed funding and costing model

ENQUIRIES: Questions are to be submitted in writing quoting the RFP number and name sent to email: drcromsen@tsantsabane.gov.za

Submitted proposals will be evaluated according to the following criteria:

- Quality of Bid
- Compliance of the bid.
- Financial viability of the proposal
- Operation Strategy of proposals and role of the Municipality
- Experience and exposure of the bidder in relevant work.
- Locality and the development of SMME's
- BBBEE Accredited Certificate
- Tax Clearance Certificate
- Local participation program prior , during and post development phases
- Development time frames
- Local Ownership Indicators of the Commercial Enterprise

The Bidders will be shortlisted and potential candidates will be invited to make presentations to the Bid Committee and its extended members. Proposal should be submitted in the tender box, in sealed envelope marked: BID No TM014/2015/16

"PREPARATION PROPOSAL FOR THE PROVIDING SOLID WASTE MANAGEMENT SERVICES, OPERATION AND MAINTENANCE OF THE MUNICIPAL LANDFILL SITE WITH ASSOCIATED SERVICES AND A FUNDING MODEL."

The tender will close on Friday 22 APRIL 2016 at 12:00.
Tsantsabane Local Municipality
13 Springbok Street
Postmasburg 8420
Faxed or e-mailed proposals will not be accepted
Municipal Manager, H Mathobela

Leerkragte van Laerskool Assmang

Die vië van Laerskool Assmang, Postmasburg, is om daarna te strem om die gemeenskap selfversekerde, betroubare en verantwoordelike leerders met 'n goeie selfbeeld en die nodige respek vir hulself en ander te lewer. Hierdie vië is nie net die verantwoordelikheid van die skoolhoof, ouers en leerders nie, maar die leerkragte het ook 'n groot rol om te speel.

De la Rey, Juf. Zondani, Juf. Kloppers, Juf. Pieterse; departementshoofde – Juf. Sidlang, Juf. Botha; adjunk prinsipale – Mnr. Oliphant, Juf. Sebegwe.

FOTO: Agter viër.: Mnr. Bentley, Mnr. Oliphant. Middel viër.: Juff. Sidlang, De la Rey, Zondani, Sebegwe. Voor viër.: Juff. Kloppers, Botha. (Aftreë: Juff. Pieterse wat op kraamverlof is.)

At Assmang Beeshoek Iron Ore Mine, situated approximately 7 kilometres west of Postmasburg in the Northern Cape (+/-200km west from Kimberley), requires the services of:

BOILERMAKER

Applications close on: 15 April 2016 (13:00)
Probation Period: 3 months

QUALIFICATIONS & REQUIREMENTS:

- Grade 12;
- Trade certificate as Boilermaker;
- Three (3) years post apprenticeship boilermaker experience in a heavy industrial, mining or plant environment;
- Valid code B driving licence.

KNOWLEDGE & SKILLS

- Candidate must possess problem solving, self-leadership, assertiveness, business acumen, communication, conflict management and financial management skills;
- System skiller: Microsoft Office;
- Technical competency in generic engineering and trackless mobile machine operations.

KEY PERFORMANCE AREAS INCLUDE, INTER ALIA:

- Perform asset care activities as required Electronic Asset Management System (EAMS);
- Maintain, install, do diagnostics and repair steel and metal structures;
- Comply with disciplinary and behavioural rules and procedures;
- Conduct risk assessment in own area of work and within your span of control;
- Complete daily inspections and maintain workshop and assets namely work areas, equipment, tools and toolboxes;
- Perform instructions as per work orders and job cards;
- Report problem and make recommendations to supervisor;
- Comply with SHEQ standards;
- Contribute to team performance;
- Participate in improvement and change initiatives;
- Participate in planning process and execution of plans in your section;

Appointment: Remuneration will be based on a competitive all-inclusive flexible package.
The above-mentioned position is C2 on the Patterson grading system. The successful candidate that conforms to all said requirements and experience will be appointed on this grading.

SUPERINTENDENT TRAINING

Applications close on: 15 April 2016 (13:00)
Probation Period: 3 months

QUALIFICATIONS & REQUIREMENTS:

- Grade 12;
- Registered Assessor / Moderator;
- Bachelor degree or 3 years National Diploma in Human Resources Development or relevant Human Resource qualification
- Minimum of three (3) years' experience in Human Resources operations in training and development in a mining environment
- Minimum of three (3) years facilitation, monitoring and reviewing experience
- Minimum of two (2) years management experience.
- Valid code B (06) driving licence

KNOWLEDGE & SKILLS

- Candidate must possess self-leadership, assertiveness, problem solving, communication, conflict management, business acumen and financial management skills; leading people; building relationships; results driven and leading change.
- Microsoft Office (Word, Excel, PowerPoint and Outlook)
- Site specific computer system skills;
- Knowledge of issue based risk assessment as per work process;
- Must have communication, facilitation and interpersonal skills.

KEY PERFORMANCE AREAS INCLUDE, INTER ALIA:

- Plan, implement, control and monitor approved change to area of responsibility to respond to change in the industry, legislation, and other related matters including transformation and optimisation;
- Assist with workplace readiness assessment;
- Data integrity controls, obtain, check and refine information as well Collate and submit reports;
- Identify recurring problems and derive creative solutions involving team members. Recognise and reward team member efforts;
- Implement compliance requirements and communicate compliance changes;
- Plan, direct and assess Quality Management within sub-function and recommend remedial actions where necessary to ensure adherence to TQM principles;
- Provide input into functional planning. Interpret functional plan and develop sub-functional plans;
- Ensure operational plan is implemented;
- Manage the efficient and effective utilisation of resources. Optimise systems and processes continuously to ensure production efficiency targets and operational plans are met;
- Optimise the core operational internal processes and internal supply chain and resolve operational conflicts;
- Control the determination of training needs and standards with legislative requirements, national and industry standards. Liaise with Line Management within a function to align operational requirements with training schedules;
- Act as custodian of the Operational Standards Committee and influence training and safety decisions;
- Assist with establishing a Human Resource Development service;
- Provide support in establishing a group wide standardised and accredited Human Resource Development function;
- Develop and conduct quality assurance audits at operations;
- Present training interventions and undertake administrative tasks;
- Provide relevant and specialised technical / professional support to relevant stakeholders to ensure achievement of objectives.
- Assess team relations and resolve problems. Maintain active, informative relations with all team members, peers, customers and suppliers.
- Ensure own and sub-ordinate IDPs are agreed and implemented. Coach team and create a pro-learning environment. Assess team development needs and close gaps.
- Manage people development initiatives (i.e. performance management, succession planning, talent management etc.) to ensure team meet required standards.
- Accountable for operational team performance through effective management within policies and procedures to ensure achievement of standards/objectives.
- Plan, organise, lead and control subordinate's activities to ensure sub-functional objectives are met or exceeded.
- Provide input into workforce planning and implement approved labour plans to ensure team is suitably staffed to meet sub-functional objectives.
- Contribute to annual functional budget planning by providing input into operational, capex and labour budgets for sub-function. Submit to line management for approval.
- Implement and effectively manage the approved budget (operational, capex and labour) for the sub-function. Report variances as required and implement remedial action within span of control to minimise variances.
- Develop, conduct, monitor and modify training courses for operators, apprentices, keep abreast of developments and trends in the field; and
- Ad hoc, any other reasonable duties as and when required from time to time.

Appointment: Remuneration will be based on a competitive all-inclusive flexible package.
The above-mentioned position is D1 on the Patterson grading system. The successful candidate that conforms to all said requirements and experience will be appointed on this grading.

The successful incumbent will be appointed subject to being certified medically fit as per the Mine Health and Safety Act 29/1986 and meeting the requirements of the Company's Code of Practice – Minimum Standards of Fitness to perform work at a Mine. He/she may also undergo a psychometric assessment.

Interested applicants are requested to submit their CV's, together with certified copies of qualifications, to: HR Central File, Assmang Limited, Beeshoek Iron Ore, P O Mancorp Mine 8423, fax to 086 731 6881, or e-mail to central@assmang.co.za

Please be advised that short listed candidates will be required to authenticate information provided in CV's. Please note that NO late applications will be entertained. NB: Internal applicants should clearly indicate their company number on their applications / CV.

If you have not been contacted by the Company within 21 days after the closing date, please consider your application to be unsuccessful. Correspondence will be limited to short listed candidates only. Assmang Limited reserves the right not to appoint.

3.2 SITE NOTICES

- Site notices were placed on Thursday 31 March 2016 at three places in and around the informal settlement of Metsimatala as well as three further places in the town of Postmasburg in order to inform the local community of the proposed project. The site notices provided details on the project and an invitation for the public to register an interest in the project. The site notices also indicated that the Public Participation Process for the proposed project would commence on 1 April 2016 and close on 3 May 2016 as well as all the other necessary information required. See proof of site notices below:

Figures 3 & 4: Site notice put up at the entrance gate to the farm of the proposed project
GPS coordinates: 28°17'55.5889"S 23°18'11.5945"E

Figures 4 & 5: Site notice put up at the entrance gate to the informal settlement of Metsimatala

Figure 10: Site notice put up on the notice board at the entrance of the local public library in the town of Postmasburg

GPS coordinates: 28°19'58.9928"S 23°4'0.8751"E

3.3 HARDCOPIES

- Two hardcopies of the draft Scoping Report were made available to the public for comment on Thursday 31 March 2016 in the town of Postmasburg.

Figure 11: Hardcopy of Draft Scoping Report made available at the local municipality building in the town of Postmasburg

GPS coordinates: 28°19'49.4826"S 23°3'51.4955"E

Figure 12: Hardcopy of Draft Scoping Report made available at the local public library in the town of Postmasburg

GPS coordinates: 28°19'54.5503"S 23°4'4.8989"E

- A hardcopy was couriered to the competent authority and received on 4 April 2016 (see acknowledgment of receipt at the commencement of heading 3).

3.4 STAKEHOLDER NOTIFICATIONS

- A notification email was sent to all the identified stakeholders and relevant organs of state on Thursday 31 March 2016. The email provided details on the project and an invitation for all to register an interest in the project. The email also indicated that the Public Participation Process for the proposed project would commence on 1 April 2016 and close on 3 May 2016 as well as all the other necessary information required. See proof of email and delivery receipts below:

Subject: 0071 Metsimatala - Notice of Public Participation Process for a proposed development

Good day

This serves as a notification email for the commencement of the Public Participation Process for the proposed project as indicated below:

Development of a 150 MW Concentrated Solar Power Plant (Parabolic Trough) and Associated Infrastructure on Remaining Extent of the Farm Groenwater 453 and Remaining Extent of Portions 4 and 5 of the Farm Groenwater 453 within the Tsantsabane Local Municipality, Kimberley Registration Division, Northern Cape Province

Relevant Properties:

- **REMAINING EXTENT OF THE FARM GROENWATER 453**
- **REMAINING EXTENT OF PORTIONS 4 AND 5 OF THE FARM GROENWATER 453**

1. Notice is hereby given, in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) EIA Regulations of 2014, that Metsimatala CSP Solar Energy (Pty) Ltd (the proponent) is proposing the above mentioned development.

2. The intended development shall trigger the following listed activities in terms of the EIA Regulations, 2014.

proponent) is proposing the above mentioned development.

2. The intended development shall trigger the following listed activities in terms of the EIA Regulations, 2014.

- **Activities 11 of Government Notice No. R 983 (Listing Notice 1);**
- **Activities 1 & 15 of Government Notice No. R 984 (Listing Notice 2);**
- **Activities 4, 12 & 18 of Government Notice No. R 985 (Listing Notice 3);**

3. Opportunity to Participate: Interested and Affected Parties (I&APs) are hereby invited to register (see Scoping Report Appendix G) and/or comment on the proposed application and project. A 30 calendar day registration period, from **1 April 2016 until 3 May 2016** is now open to I&APs. Please submit your comments or registration in writing to Enviroworks at the details provided below. Also provide the project name as above, your name and contact details (postal address as well as preferred method of communication, e.g. email, fax, registered post, normal post, etc.), as well as an indication of any direct business, financial, personal or other interest you may have in the application.

A Draft Scoping Report will be available for public comment from **1 April 2016 until 3 May 2016** on the website: <http://www.enviroworks.co.za/projectdownloads.php>.

Comments regarding this matter must be referred to: Rikus Lamprecht at Tel: 051 436 0793. Fax: 051 436 0791 or Email: rikus@enviroworks.co.za.

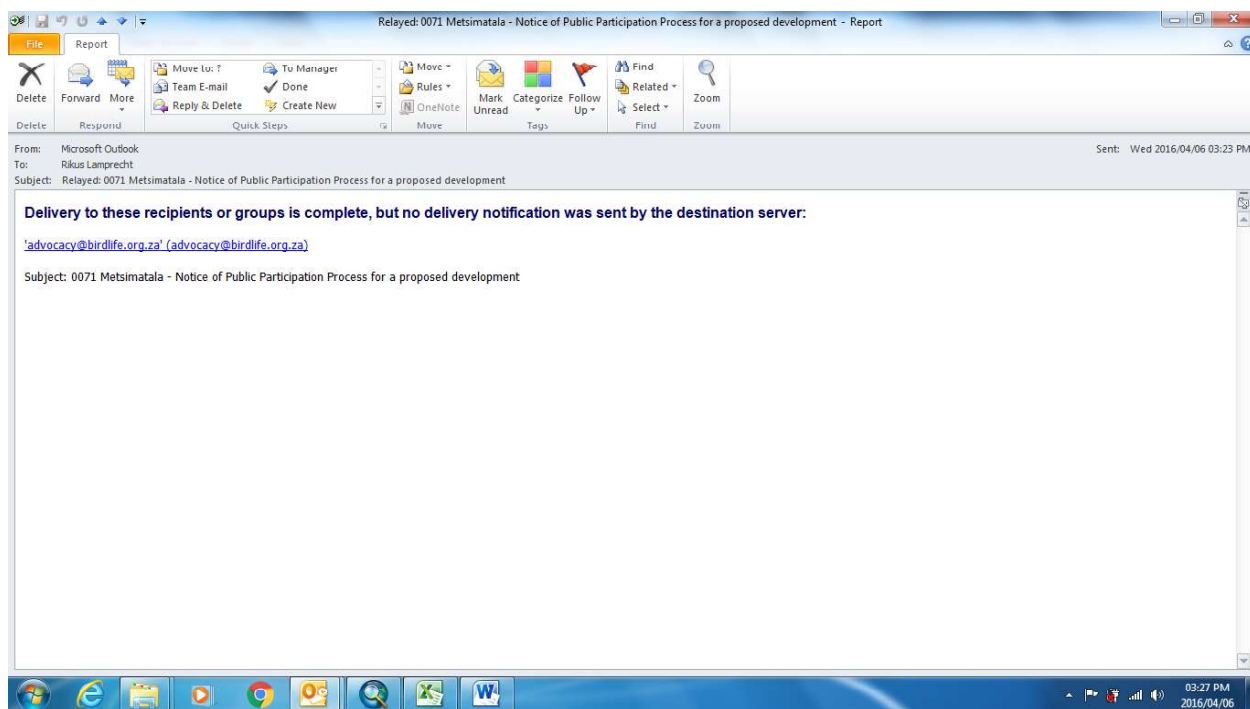

Figure 14: Proof of delivery of notification email sent to all identified stakeholders

3.5 COMMENTS AND RESPONSES ON DRAFT SCOPING REPORT

The table below summarises the comments received and responses provided during the Public Participation Process:

Table 2: Summary of comments received and responses provided

Commenting party	Comment received	Response provided
1. Northern Cape Occupational Health - Tidu van der Merwe	Requested a copy of Appendix G (The I & AP registration form) as well as access to the Draft coping Report (see proof of email correspondence under heading 2.5.1 below).	A copy of Appendix G was forwarded to the commenting party as well as a website link to the Draft coping Report (see proof of email correspondence under heading 2.5.1 below). The Appendix G form was completed and submitted by the commenting party (see completed form under heading 2.5.2 below).
2. Andre January	<p>Would like to arrange a meeting between EAP and community to discuss the application for prospecting rights which the community has submitted for the relevant project farms. Diamonds, tiger-eye, manganese, iron ore has been applied for.</p> <p>Amos Davids from Breeze Court Investments is managing the prospecting rights application on behalf of the community – 082 707 3239.</p> <p>Dan Mafusa is the community headman – 078 504 5764</p>	<p>Amos Davids was contacted telephonically on 19 April 2016 in order to obtain information regarding the application for prospecting rights. He then requested that a formal email be sent to him regarding the matter. The email request was sent on 19 April 2016 after which his feedback was received on 22 April 2016 containing the relevant documentation (see proof of email correspondence and documents received under heading 2.5.1 below).</p> <p>An email was sent to the DMR on 29 April 2016 requesting advice and clarification on the situation (see proof of email correspondence under heading 2.5.1 below).</p> <p>The telephonic feedback and recommendation from the DMR on 13 May 2016 was to firstly engage directly with the applicant representative of the prospecting permit.</p> <p>The applicant for this current project has therefore decided to engage directly with Amos Davids via email on 17 May 2016. Further feedback will be provided on the communications/negotiations</p>

		during the next project phase.
3. Rete Property Development and Roads – Tebogo Maake	Confirmed that the project will positively reduce unemployment and benefit the local community in terms of job and skills creation.	Acknowledgement email was sent to the commenting party to confirm that the comments will be included in the PPP report (see proof of email correspondence under heading 2.5.1 below).
4. Community member - Benjamin Kolberg	Contacted me telephonically on 25 April 2016 and informed me that a community meeting was held with the Counsellor of Ward 3 who has requested a community meeting with us to discuss future opportunities and job creation of the project.	<p>The member was telephonically contacted again on 29 April 2016 in order to obtain his email address which he had stated during the initial phone call on 25 April 2016 he would provide by sending an email to the listed email address (rikus@enviroworks.co.za).</p> <p>During the follow up conversation on 29 April 2016 he indicated that he would send an email during the course of the day.</p> <p>An email was received on 29 April 2016 (see proof of email correspondence under heading 2.5.1 below).</p> <p>An email reply was sent to the member on 29 April 2016 recommending that a community meeting rather be held during the full EIA phase once the Scoping phase has been accepted and more comprehensive information is available on the project (see proof of email correspondence under heading 2.5.1 below).</p> <p>The member sent an email reply on 29 April 2016 indicating that this recommendation is accepted (see proof of email correspondence under heading 2.5.1 below).</p> <p>The member however then sent an email on 3 May 2016 indicating that they are not satisfied with the response and would like a community meeting arranged or they would object to the EIA process (see proof of email correspondence under heading 2.5.1 below).</p> <p>After a telephonic discussion</p>

		with the member by the project applicant representative on 3 May 2016, it was concluded that the objection from the member could be disregarded. An email confirmation of this was sent to the member on 3 May 2016 upon which he also responded positively with an email (see proof of email correspondence under heading 2.5.1 below).
5. Competent authority (Department of Environmental Affairs) – Salome Mambane	Late feedback was received via email on 10 May 2016 after the PPP had concluded but is still included in this document (see proof of email correspondence and feedback letter under heading 2.5.1 below).	An email reminder was sent to the member on 3 May 2016 to reiterate the closure of the commenting period on 6 May 2016 (see proof of email correspondence under heading 2.5.1 below). The various comments as received in the feedback letter have been addressed (see proof of feedback letter under heading 2.5.1 below and comments addressed under heading 3).
6. South African Astronomical Observatory	The notice of Public Participation Process was sent to enquiries@saa0.co.za for comment on the Draft Scoping Report on 31 March 2016. Feedback was only received on 10 May 2016 confirming that the project would not have any impact on SALT (see proof of email correspondence under heading 2.5.1 below).	A follow up email was sent on 3 May 2016 in order to request comments on the relevance of the project to the Astronomy Geographic Advantage Act (No 21 of 2007) as well as the South African Large Telescope (see proof of email correspondence under heading 2.5.1 below). A follow up phone call was made on 5 May 2016. The email request was re-sent again on 6 March 2016 after which feedback was received on 10 May 2016 confirming that the project would not have any impact on SALT (see proof of email correspondence under heading 2.5.1 below). An email reply was then sent back to the member on 10 May 2016 to confirm receipt of information (see proof of email correspondence under heading 2.5.1 below).
7. South African Civil Aviation Authority	The notice of Public Participation Process was sent	An email reminder was sent to the member on 4 May 2016 to

	to robertsh@caa.co.za for comment on the Draft Scoping Report on 31 March 2016.	reiterate the closure of the commenting period (see proof of email correspondence under heading 2.5.1 below).
8. South African Heritage Resources Agency (SAHRA)	A case was submitted on the SAHRA website for the proposed project on 13 April 2016. Comments were received on 5 May 2016 (see Appendix E of the Final Scoping Report for the SAHRA interim feedback document). Feedback was received from the specialist on the SAHRA comments on 9 May 2016 (see Appendix E of the Final Scoping Report for the specialist interim feedback document).	The SAHRA interim feedback document was forwarded to the specialist on 5 May 2016 in order to attend to the comments and recommendations received in the document. Feedback was received from the specialist on the SAHRA comments on 9 May 2016 (see Appendix E of the Final Scoping Report for the specialist interim feedback document).
9. Birdlife South Africa	Late feedback was received via email on 9 May 2016 after the PPP had concluded but is still included in this document (see proof of email correspondence and feedback letter under heading 2.5.1 below).	An email reply was sent to the stakeholder on 10 May 2016 to confirm that their feedback letter would be included in the PPP report. The feedback letter was also sent to the avifaunal specialist for comment. The feedback letter received is included under heading 2.5.1 (see proof of email correspondence and feedback letter under heading 2.5.1 below)
10. Northern Cape Department of Environment and Nature Conservation	The notice of Public Participation Process was sent to tmakaudi@ncpg.gov.za for comment on the Draft Scoping Report on 31 March 2016.	A follow up email was sent on 5 May 2016 to request the Department to confirm whether the proposed project would potentially trigger any listed activities in Listing Notice 3 of the EIA Regulations 2014. No confirmation feedback was received (see proof of email correspondence under heading 2.5.1 below). Another follow up email was sent on 11 May 2016 (see proof of email correspondence under heading 2.5.1 below). No feedback yet been received but the EAP will continue to engage with the provincial authority.
11. DEA: Biodiversity and Conservation Directorate	A request for comments was sent to the Directorate via	The feedback/comments letter was received from the

Public Participation Report - 0071 Metsimatala 150 MW CSP Facility, Northern Cape Province

	email.	Directorate on 18 May 2016 (see proof of feedback letter under heading 2.5.1 below)
No other comments were received during the Public Participation Process.

Rikus,
Dankie vir die appendix – ek het nog niks gekry nie, maar ons sal die een invul en aanstuur. Ons kon nie die appendix op die website oop nie.
Lyk dit is nou onder beheer.
Groete,
T

Public Participation Report - 0071 Metsimatala 150 MW CSP Facility, Northern Cape Province

The screenshot shows an Outlook email window titled "RE: CSP en PV - Message (HTML)". The email header includes:

- From:** Rikus Lamprecht
- To:** 'Tidu vd Merwe'
- Subject:** RE: CSP en PV
- Attachment:** APPENDIX G.docx (19 KB)

The email body contains the following text:

Goeie more Mnr vd Merwe

Hoop dit gaan goed.

Vul asb die aangehegde Appendix G van die Scoping Report in en stuur terug vir my om julle te register as n I & AP.

Kon julle die Scoping Report met sy appendices darem access op die website soos aangedui.

Dit sal onder Metsimatala 150 MW CSP facility le.

Laat weet as daar nog enigiets is.

Groete

The email includes a business card for Rikus Lamprecht, Senior Environmental Consultant at enviroworks. The card features the enviroworks logo with the tagline "Today's Impact | Tomorrow's Legacy" and lists contact information: C +27(0)72 230 9598, E rikus@enviroworks.co.za, T +27(0)86 198 8895. It also mentions "Part of the ASHF" and "BRANCHES: Bloemfontein | Johannesburg | Cape Town".

At the bottom of the Outlook window, there are instructions: "Click on a photo to see social network updates and email messages from this person." and "Connect to social networks to show profile photos and activity updates of your colleagues in Outlook. Click here to add networks." The Windows taskbar at the bottom shows the time as 12:41 PM on 2016/04/04.

Subject: 0071 Metsimatala - Prospecting right/permit aansoek in die Groenwater area

Goeie dag Amos

Soos telefonies bespreek is ons tans besig met n publieke deelname proses vir n CSP solar plant wat op die Remaining Extenst sowel as Portions 4 en 5 van Plaas Groenwater 453 voorgestel word. Ek het vandag kommentaar van Andre January af ontvang dat Breeze Court namens die community moontlik besig is met aansoek vir prospecting rights/permits in dieselfde area. Kan jy asb vir my meer inligting en terugvoer rakende hierdie aansoek stuur sodat ons n beter idee rondom die situasie kan kry. Baie dankie.

Groete

Dear Sir/Madam

APPLICATION FOR A PROSPECTING RIGHT FOR DIAMOND (GENERAL), DOLOMITE, LIMESTONE, IRON ORE, MANGANESE ORE AND TIGER'S EYE IN TERMS OF SECTION 16 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (28 OF 2002): REMAINING EXTENT AND PORTIONS 03, 04 AND 05 OF THE FARM GROENWATER 453: SITAUTED WITHIN THE ADMINISTRATIVE DISTRICT OF HAY: GROENWATER COMMUNAL PROPERTY ASSOCIATION.

1. Receipt is hereby acknowledged of the abovementioned application for a prospecting right, dated 22nd August 2014.
2. As your application for a prospecting right over Remaining Extent and Portions 03, 04 and 05 of the farm Groenwater 453 for Diamond General, Dolomite, Limestone, Iron Ore, Manganese Ore and Tiger's Eye that forms the subject of existing application and

your application is **02nd** in line, therefore this application will be held in abeyance in terms of section 9(1) (b) of the Act until such time as the application preceding yours has been finalized.

3. Please note that you need to apply for an Exploration Right for **Petroleum and Gas** in terms of **PASA** as there is no authority under the MPRDA to issue such mineral; therefore Petroleum and Gas are excluded from this application. Further note that there is a Surface Usage application approved on Portion of the Remainder of Portion 05 of the farm Groenwater 453.

4. Should you decide to amend your application to exclude the minerals Manganese and Iron Ore of the preceding application, your application for a prospecting right over other minerals will be processed accordingly. The exclusion of the abovementioned minerals must be conveyed in writing to the Regional Manager within 30 days from the date of signature of this letter and you are to submit an amended **Prospecting Work Programme, Sketch Plan** and **Environmental Management Plan**.

5. Should you decide to withdraw your application, your decision must be conveyed in writing to the Regional Manager within 30 days from the date of signature of this letter.

Yours faithfully

AK Muthwani

Dear Sir/Madam

RE: APPLICATION FOR A PROSPECTING RIGHT

Name of Applicant	Groenwater Communal Property Association
Description of Property	The Remaining Extent and Portion 03, 04 and 05 of the farm Groenwater 453
District	Hay

1. This is to inform you that your abovementioned application for the prospecting of **Diamonds (General), Dolomite, Limestone and Tiger's Eye** in terms of section 16 of the Mineral and Petroleum Resources Development Act, 2002 (Act 28 of 2002) has been accepted.

1.2 Please note that the minerals **Manganese and Iron Ore** have been excluded and no longer forms part of this application as there is an application already accepted for the same minerals and land.

2. In terms of section 16(4) of the MPRDA you are therefore required:

Applicant: Groenwater Communal Property Association

Ref No: 11393 PR

- 2.1 to submit online a copy of an Environmental Management Plan as per the online template on or before **13th November 2015** but not before the date mentioned in (2.3) below; and
 - 2.2 to submit manually five copies of the uploaded Environment Management Plan to the office on or before the **13th November 2015**; and
 - 2.3 to notify in writing and consult with the landowner or lawful occupier and any other affected party and submit the result of such consultation to this office on or before the **02nd October 2015**,
3. You are further requested in terms of section **17 (4)** of the Act to give effect to the object referred to in section 2(d) of the Act. In this regard you are required to submit by no later than **02nd October 2015**, the following documents:
 - 3.1 duly signed shareholders' agreements;
 - 3.2 share certificates and shareholder's registers;
 - 3.3 articles and memorandum of association of the company;
 - 3.4 details relating to funding (all relevant agreements); and
 4. Any other agreement or documents relating to the:
 - 4.1 Joint Venture Agreements;
 - 4.2 Any other agreement relating to this transaction
 5. ***Kindly note that all the requested information in paragraphs 2.1, 2.3, 3 and 4 should be submitted online.***
 6. Failure and or delays in submitting all required or requested information within the prescribed timeframes could have negative impact on the aforementioned decision-date.

Yours faithfully

Dear Sir / Madam

REQUEST FOR ADDITIONAL INFORMATION IN TERMS OF SECTION 39 (5) OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT 28 OF 2002) REGARDING THE PROSPECTING RIGHT APPLICATION ON THE REMAINING EXTENT AND PORTION 03, 04 AND 05 OF THE FARM GROENWATER NO. 453, SITUATED IN THE MAGISTERIAL DISTRICT OF HAY, NORTHERN CAPE REGION, BY GROENWATER COMMUNAL PROPERTY ASSOCIATION.

1. Your EMP submitted to this office regarding the above application refers,
2. This letter serves to inform you that your EMP is being considered and that the quantum of financial provision for rehabilitation and/or management of negative environmental impacts as proposed by yourselves to the amount of **R34 709-62** has been assessed and considered insufficient.
3. The amount of financial provision for rehabilitation and/ or management of negative environmental impacts which the office arrived at is **R86 847-00** using current master rate.
4. You are therefore requested to address the following on/or before **21 December 2015**:

- a) Support your application with a financial provision to the amount of **R86 847-00** which is in line with your proposed prospecting activities for the rehabilitation and/or management of negative environmental impacts either in the form of **Cash deposit into DME Rehabilitation Trust account** or **Bank guarantee**. The requested amount must all be provided upfront prior the decision on your application is communicated to you as supported by Section 41(1) of the Act, which reads together with Regulation 53 (1) of the MPRDA. **However at this stage you are only required to indicate your preferred method of payment and demonstrate a proof of your ability to fund the required amount e.g. supporting letter from the bank, etc.**
 - b) Consult with South African Heritage Resources Agency with regard to the proposed prospecting activities on whether the company should conduct Phase 1 of Heritage Impact Assessment or not and proof must be submitted to the office. (Tel no: **021 462 4502**, website address www.sahra.org.za).
 - c) Proof of consultation with interested and affected parties including landowners must be submitted to the office.
5. Further note that your EMP have been consulted with the Departments of Water and Sanitation, Agriculture, Environment and Nature Conservation and the comments are expected on/or before **21 December 2015**.
 6. It is only after receiving comments from the consulted stake holders departments that we would then take a decision. However you may liaise with the consulted departments in an attempt to expedite the release of their comments regarding your EMP.
 7. Should you have any query regarding the contents of this letter, kindly contact the above mentioned Official.
 8. *Note: failure to abide by the above may jeopardize your application.
Hope that this letter will receive your utmost attention.*

Subject: RE: Community engagement meeting request on EIA

Good day Mr Kolberg

Hope you are well.

Your telephonic and email request for a community meeting regarding the proposed project is noted and has been forwarded to the project applicant. We are currently only in the initial Scoping phase of the project and significant information still needs to be gathered once the Scoping phase is accepted and the full Environmental Impact Assessment phase commences.

It is therefore recommended that should the Scoping phase be accepted by the competent authority (Department of Environmental Affairs) and we commence with the full Environmental Impact Assessment phase, a community meeting will be arranged in order to discuss the project and attend to any potential comments or concerns raised by the community. Therefore, once we reach this recommended stage of a community meeting, we will have significantly more comprehensive information available regarding the project and will therefore be able to have a more informed and comprehensive community meeting. I trust you will find this in order.

Please feel free to contact me with any queries/uncertainties.

Regards

Dear Mr Lamprecht

COMMENTS ON THE DRAFT SCOPING REPORT FOR THE PROPOSED 150 MW METSIMATALA CSP PARABOLIC TROUGH FACILITY AND ITS ASSOCIATED INFRASTRUCTURE WITHIN THE TSANTSABANE LOCAL MUNICIPALITY IN THE NORTHERN CAPE PROVINCE

The draft Scoping Report (SR) dated March 2016 and received by this Department on 04 April 2016 refers.

This Department has the following comments on the abovementioned application:

- i. Please ensure that all relevant listed activities are applied for, are specific and that it can be linked to the development activity or infrastructure as described in the project description.
- ii. If the activities applied for in the application form differ from those mentioned in the final SR, an amended application form must be submitted. Please note that the Department's application form template has been amended and can be downloaded from the following link <https://www.environment.gov.za/documents/forms>.
- iii. The draft SR indicates that an Environmental Authorisation was granted for a 50 MW CSP facility on the same site. Please verify the status of this environmental authorisation (if it has lapsed) as this Department will not consider an application on a site that already has an authorisation.
- iv. Please ensure that all issues raised and comments received during the circulation of the SR from registered I&APs and organs of state which have jurisdiction (including this Department's Biodiversity Section) in respect of the proposed activity are adequately addressed in the final SR. Proof of correspondence with the various stakeholders must be included in the final SR. Should you be unable to obtain comments, proof should be submitted to the Department of the attempts that were made to obtain comments. The Public Participation Process must be conducted in terms of Regulation 39, 40 41, 42, 43 & 44 of the EIA Regulations 2014.
- v. The final Scoping Report must include proof of newspaper adverts, a comment and responses report, proof of distribution of Draft SR after the application was lodged, correspondence with I&AP's and authorities as well as minutes of meeting (if any).

- vi. Approval from the Sedibeng Water Authority must be included in the final SR. Failing to provide approval from the Sedibeng Water Authority, alternative water source alternatives must be investigated and assessed in the final SR.
- vii. This Department requires a cumulative impact assessment to be undertaken in the final SR to determine potential fatal flaws.
- viii. This Department requests the EAP to familiarise themselves with the requirements of Appendix 2 of GNR 982 of the EIA Regulations, 2014 and ensure that the final SR submitted to this Department for consideration meets the requirements in terms of identifying, assessing and providing mitigation measures of the impacts on the alternative and preferred sites.
- ix. Please provide a description of any identified alternatives for the proposed activity that are feasible and reasonable, including the advantages and disadvantages that the proposed activity or alternatives will have on the environment and on the community that may be affected by the activity as per Appendix 2 of GN R.982 of 2014. Alternatively, you should submit written proof of an investigation and motivation if no reasonable or feasible alternatives exist in terms of Appendix 2.
- x. A significant amount of materials and equipment will be delivered to the site during the construction phase of the development. The EIAR must include a traffic assessment study. The study must determine the specific traffic needs during the different phases of implementation.
- xi. In accordance with Appendix 2 of the EIA Regulations 2014, the details of—
 - (i) *the EAP who prepared the report; and*
 - (ii) *the expertise of the EAP to carry out the Scoping and Environmental Impact assessment procedures;*must be submitted.
- xii. Please ensure that the final SR also includes the **undertaking under oath or affirmation** by the EAP that is required in terms of Appendix 2 of GN R. 982.
- xiii. You are further reminded that the final SR to be submitted to this Department must comply with all the requirements in terms of the scope of assessment and content of Scoping reports in accordance with Appendix 2 and Regulation 21(1) of the EIA Regulations, 2014.
- xiv. Further note that in terms of Regulation 45 of the EIA Regulations 2014, this application will lapse if the applicant fails to meet any of the timeframes prescribed in terms of these Regulations, unless an extension has been granted in terms of Regulation 3(7).

You are hereby reminded of Section 24F of the National Environmental Management Act, Act No 107 of 1998, as amended, that no activity may commence prior to an environmental authorisation being granted by the Department.

Yours faithfully

Mr Sabelo Malaza

Subject: FW: 0071 Metsimatala - Notice of Public Participation Process for a proposed development

Good day

Hope all is well.

I have unfortunately not received any feedback yet regarding the proposed project as per email (dated 30 March 2016) below.

Can you please provide feedback on the relevance of this project to the Astronomy Geographic Advantage Act No 21 of 2007 as well as any potential impact on the South African Large Telescope and SAAD.

Thank you for your assistance in this regard.

Regards

enviroworks

To: Samantha Fahley; yrs@saao.ac.za
CC: RE: 0071 Metsimatala - Notice of Public Participation Process for a proposed development
Subject: Metsimatala CSP solar facility.pdf (1 MB); Metsimatala CSP Power Plant.zip (5 KB)

Good morning

Thank you for the assistance in this regard. I would appreciate some feedback on the project as soon as possible as the Public Participation period has actually already closed on 3 May 2016 as per original email below. It is however important that I obtain input from your side regarding the project and I am therefore eagerly awaiting your response.

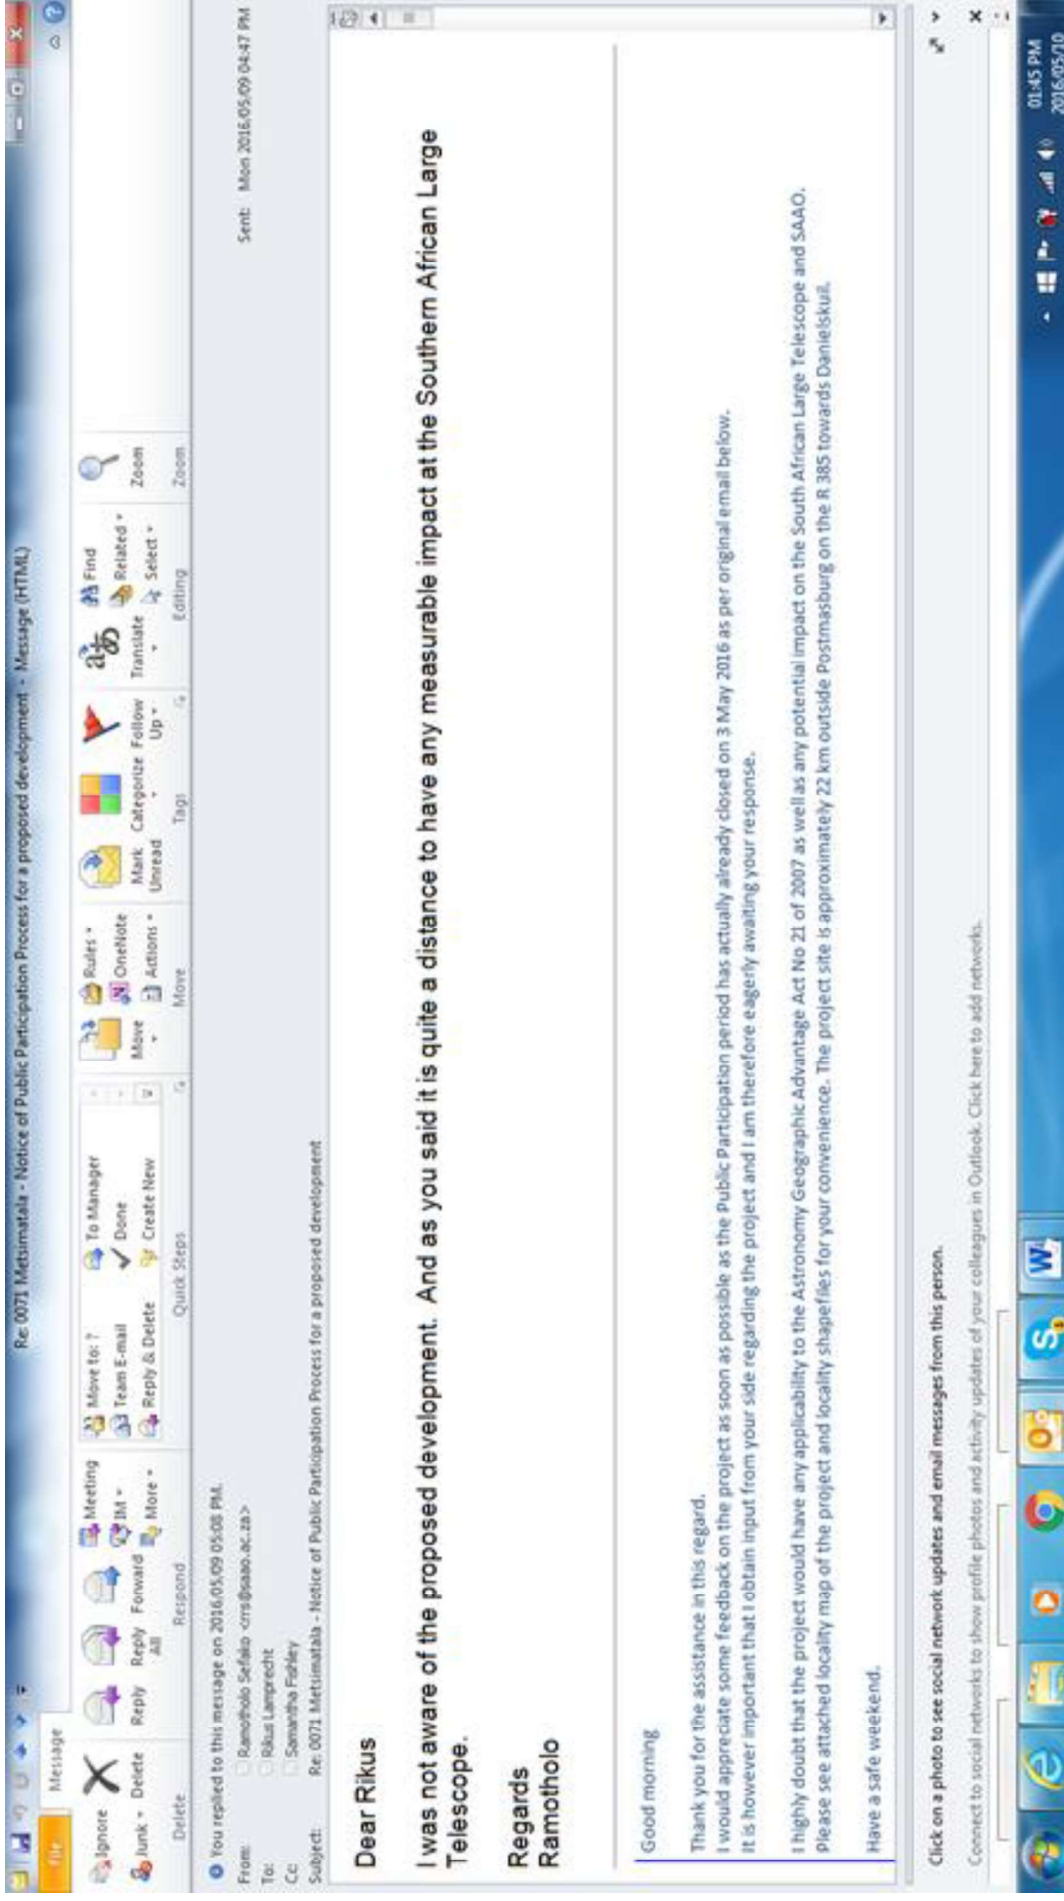

I highly doubt that the project would have any applicability to the Astronomy Geographic Advantage Act No 21 of 2007 as well as any potential impact on the South African Large Telescope and SAAO. Please see attached locality map of the project and locality shapefiles for your convenience. The project site is approximately 22 km outside Postmasburg on the R 385 towards Danielskuil.

Have a safe weekend.

Regards

Public Participation Report - 0071 Metsimatala 150 MW CSP Facility, Northern Cape Province

7. South African Civil Aviation Authority

The screenshot shows an Outlook email window with the following details:

- Subject:** FW: 0071 Metsimatala - Notice of Public Participation Process for a proposed development - Message (HTML)
- From:** Rikus Lamprecht (rikusl@caa.co.za)
- Subject:** FW: 0071 Metsimatala - Notice of Public Participation Process for a proposed development

The email body contains the following text:

Good day Mr Roberts

Hope you are well.

Just a reminder of the email below.

The initial Public Participation Process has actually now been closed.

I have not received any feedback from your side.

Have a safe day.

Regards

Good day Simon

Hope all is well.

Although the PPP has already concluded we will include your comments in the PPP report as this is important information required.

Thanks for your feedback.

Have a safe day.

Regards

Dear Rikus

Re: Draft Scoping Report for the proposed 150 MW Metsimatala Concentrated Solar Power Plant (Parabolic Trough) and Associated Infrastructure

BirdLife South Africa would like to thank you for the opportunity to comment on the above report. We apologise for missing the deadline for comment.

We have attached the latest version of our draft Guidelines for Birds and Solar Energy and we would be grateful if our recommendations were included in the impact assessment process, as far as possible. From what we can determine from the draft Scoping Report, many of our recommendations have already been taken into consideration. Thank you. We are pleased to note that a bird specialist has been appointed to undertake an avifaunal impact assessment, and that two site visits have been completed so far. We trust that further surveys will inform the final avifaunal impact assessment so that as much seasonal variation as possible is sampled. We are also pleased that the avifaunal assessment has included vantage point surveys, and that consideration will be given to how to manage evaporation ponds to minimise risk to birds.

At this stage it appears that the greatest risk would not be the CSP facility itself, but the associated powerlines. Powerlines may present a risk of collisions and electrocution for species including Critically Endangered White-backed Vulture, Greater Flamingo (Near Threatened), Kori Bustard and Black Korhaan. These impacts will need to be carefully assessed and mitigated.

Please do not hesitate to contact us if you require any further information or input.

Yours sincerely

Samantha Ralston

Subject: RE: Departmental feedback required on EIA regulation requirements

Message: Metsimatala CSP solar facility.pdf (1 MB) | MetsimatalaCSP Power Plant.zip (5 KB)

This message was sent with High importance.

Dag Elsabe

Hoop dit gaan goed.

Ek het ongelukkig nog geen terugvoer rakende die onderstaande versoek gekry nie.

Kan u asb so gou moontlik assisteer.

Baie dankie vir die hulp.

Groete

Dear Mr Rikus Lamprecht

REQUEST FOR COMMENTS ON THE THE DRAFT SCOPING REPORT (DSR) FOR THE PROPOSED DEVELOPMENT OF A 150MV CONCENTRATED SOLAR POWER PLANT AND ASSOCIATED INFRASTRUCTURE ON REMAINING EXTENT OF THE FARM GROENWATER 453 AND REMAINING EXTENT OF PORTIONS 4 AND 5 OF THE FARM GROENWATER 453 WITHIN THE TSANTSABANE LOCAL MUNICIPALITY, NORTHERN CAPE PROVINCE

- PURPOSE**

To provide you with comments on the Draft Scoping Report (DSR) for the above mentioned activity within Northern Cape Province
- COMMENTS ON THE BASIC ASSESSMENT REPORT (BAR)**

With reference to the DSR, Ecological and Avifaunal Specialist Reports, in respect of the above-mentioned application, please be advised that the Directorate: Biodiversity Conservation does not have any objection to the proposed development, however, the following recommendation must be submitted during the final Scoping Report for comments and the Directorate should be given opportunity to comments as prescribed in the NEMA: EIA Regulations 2014.
- RECOMMENDATIONS**
 - It is recommended that final Ecological and Avifaunal Specialist Reports be submitted together with a full layout plan overlaid with the development footprint and sensitive areas around for perusal, in order to allow the directorate to provide informed decision.

- All wetlands, riparian zones and buffer zones must be demarcated, these must be clearly marked as no-go areas to limit disturbances, and
- The Northern Cape Province must be consulted and their comments must be considered and submitted with the FSR.
- It is proposed that a site inspection be arranged between the Directorate: Integrated Environmental Authorisations and directorate: Biodiversity Conservation during the final scoping phase.

4. CONCLUSION

After careful evaluation of the submitted Ecological and Avifaunal Specialist Reports, the Directorate: Biodiversity Conservation request that the above mentioned recommendations must be adhered to during the final scoping phase.

Ms Wilma Lutsch

Department of Environmental Affairs

Designation: Director: Biodiversity Conservation

3.5.2 Completed I & AP registration forms

1. Northern Cape Occupational Health - Tidu van der Merwe

INTERESTED AND AFFECTED PARTY (I&AP) REGISTRATION FORM:

To participate in this public participation process, please complete the following information and **FAX** or **EMAIL** it back to the Environmental Assessment Practitioner using the **contact details at the bottom of the page.**

Name	Northern Cape Occupational Health		
Organization	Northern Cape Occupational Health		
Telephone	053 723 3213 / 053 723 3248 / 053 723 1592		
Fax	086 585 0628		
Cell	083 262 0096		
Postal Address	P.O Box 1586 Kathu, 8446		
Physical Address	13 Kokerboom Street Kathu, 8446		
Email	tidu@telkomsa.net / admin.kathu@nc-occhealth.co.za		
Comments:	Groenwater Development - CSP		
Preferred method of report receipt (Please tick)			
Email	<input checked="" type="checkbox"/>	Web	<input type="checkbox"/>
Electronic CD	<input type="checkbox"/>	Hard Copy	<input type="checkbox"/>

Upon submission of the registration form to Enviroworks, you will be registered as an I&AP, and be included on an I&APs database which will ensure that you receive all future project information.

Please quote the project name in your correspondence.

Please note that this participation period ends on 3 May 2016.

The project Environmental Assessment Practitioner (EAP) is Mr Rikus Lamprecht, he can be contacted on the following details:

Tel: +27 51 436 0793| Fax: +27 53 436 0791| E-mail: rikus@enviroworks.co.za

Postal Address: Suite 116, Private Bag X01, Brandhof, 9324 | Physical Address: 5 Walter Sisulu Street; Universitas; Bloemfontein; 9301

2. Andre January

INTERESTED AND AFFECTED PARTY (I&AP) REGISTRATION FORM:

To participate in this public participation process, please complete the following information and **FAX or EMAIL** it back to the Environmental Assessment Practitioner using the **contact details at the bottom of the page**.

Name	Andre January		
Organization	Prospecting rights application - Project coordinator on behalf of the community		
Telephone	None		
Fax	None		
Cell	082 978 5125		
Postal Address	Did not provide		
Physical Address	Did not provide		
Email	phumeleleja@gmail.com		
Comments: Would like to arrange a meeting between EAP and community to discuss the application for prospecting rights which the community has submitted for the relevant project farms. Diamonds, tiger-eye, manganese, iron ore has been applied for. Amos Davids from Breeze Court Investments and Geology is managing the prospecting rights application on behalf of the community. Dan Mafusa is the community headman – 078 504 5764			
Preferred method of report receipt (Please tick)			
Email	<input checked="" type="checkbox"/>	Web	<input type="checkbox"/>
