Proposed reconstruction of Fleet Street between Station Road and Pontoon Road, East London

Dear Mr Kriel,

we have assessed the Heritage Impact Assessment compiled by Dr Vernon regarding the abovementioned project.

Decision:

Since there is no archaeological material identified along the proposed route, SAHRA has no objections to the development from an archaeological and palaeontological perspective. However, since most of the structures affected by the development are older than 60 years, the Eastern Cape Provincial Heritage Resources Authority (ECPHRA) must be informed of the project and must be given the opportunity to comment on the Heritage Impact Assessment before any construction may start.

Please note that according to the National Heritage Resources Act (25, 1999), no structure or part of structure older than 60 years may be altered or demolished without a permit issued by the PHRA.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Mariagrazia Galimberti
