Letter in Support of Modifying SAHRA Temporary Export Permits #80/12/05/004/52
and #80/12/05/005/52

Dear Dr. Galimberti,

This letter serves as my support as curator for the request by Dr. Justin W. Adams to modify his current Temporary Export Permits. Dr. Adams has discussed with me the change in academic affiliation from Grand Valley State University (USA) to Monash University (Australia) and how this impacts his ability to return his currently loaned fossil specimens to the Ditsong Museum collections by 01 June 2012.

Based on our conversation, I fully support adding Dr. Anthony D. T. Kegley, a colleague of Dr. Adams in the Department of Biomedical Sciences (Grand Valley State University), to the permits noted above and extending the loan date to 31 July 2012. This will allow Dr. Kegley the permission and sufficient time to hand-carry the loaned specimens from the United States and sufficient time to the Ditsong Museum collections.

Please feel free to contact me with any questions or concerns you may have about Dr. Adams' request.

Sincerely,
Stephany Potze | Collections Manager
