Dear Gregory Smith

RE: NOTICE OF ENVIRONMENTAL AUTHORISATION AND WATER USE LICENCE APPLICATION PROCESSES FOR THE PROPOSED DEVELOPMENT OF THE DISCARD DUMPFACILITY, PILLAR EXTRACTION MINING OF THE 4 SEAM AND CONSTRUCTION OF CONVEYOR BELT FROM DCM WEST TO DCM EAST AT EXXARO DORSTFONTEIN WEST WITHIN THE JURISDICTION OF EMALAHLENI LOCAL MUNICIPALITY IN MPUMALANGA PROVINCE.

Notice is hereby given in terms of Regulation 41 of the Environmental Impact Assessment (EIA) Regulation of December 2014 as amended, published in terms of Chapter 6 of the National Environmental Management Act, 1998, (Act No 107 of 1998) for the purpose of applying for an Integrated Environmental Authorisation (IEA) and in terms of Section 4 (2) of the National Water Act, 1998 (Act 36 of 1998) for the aforementioned project.

This letter serves to inform you that Exxaro Dorstfontein West proposes to undertake the following activities:

- Pillar extraction mining at 4-seam to extend the operational life of the mine and create an opportunity to derive value from resources that would have been sterilised;
- The development of the discard dump facility which has become necessary due to the life of the current discard dump coming to an end in 2022. The discard dump extension will accommodate both slurry and discard coal and is expected to cater for the life of mine; and
- The construction of a conveyor belt from DCM West which will be linked to the conveyor systems at DCM East to ensure that coal is transported from DCM West to DCM East where it will be loaded into trains and transported to Richards Bay Coal Terminal. Consequently, the proposed project will trigger the following listed activities under NEMA, NEMWA and NWA.

Accordingly, the proposed development will trigger the listed activities in the table below:

Legislation	Regulation /Section of the Act	Triggered Listed Activities
National Environmental Management Act, 1998 (Act No. 107 of 1998)	Government Notices R.983 of EIA Regulations as amended	Listing Notice 1: Activities 9, 12, 13, 19, 24 (ii) and 27.
