WASTE MANAGEMENT LICENCE FOR THE PROPOSED KWAGGASRAND RECYCLING FACILITY UPGRADE PROJECT FOR NEW GX ENVIRO SOLUTIONS AND LOGISTICS HOLDINGS (PTY) LTD

Your letter dated 27 October 2015 refers: We hereby acknowledge receipt of your final comments on the proposed Kwaggasrand Recycling Facility upgrade project.

Deep excavations are envisaged for the proposed project, up to approximately 6m below natural ground level. These excavations will be addressed in the Environmental Management Programme for the proposed project and a Mini Conservation Plan will be compiled, as requested by SAHRA. Once compiled, the Mini Conservation Plan will be uploaded onto SAHRIS and the case officer notified thereof.

If any evidence of archaeological sites or remains, fossils or other categories of heritage resources are found during the proposed activities, a professional archaeologist or palaeontologist, depending on the nature of the finds, will be contacted as soon as possible to inspect the findings.

Please do not hesitate to contact me should you have any further queries.

Regards,

Lizette Crous
