Dear Mrs Venter,

**Re: Proposed Roma Solar Energy Facility at Daniëlskuil, Erf 753,  
Northern Cape Province**

Having reviewed the Archaeological Impact Assessment for the proposed Roma Solar Energy Facility at Daniëlskuil, SAHRA notes that the archaeologist surveyed the development area that has been disregarded in favour of the alternative site. As such, the information provided in the AIA is insufficient for SAHRA to make a comment on the potential heritage resources located the site and the risk of impact the development poses to them.

SAHRA therefore requests that an AIA of the proposed development location be compiled and submitted to our office. We will then issue a response to it so that it can be considered by the Department of Environmental Affairs prior to issuing Environmental Authorisation.

Yours sincerely

A handwritten signature in black ink, appearing to be 'A' with a long horizontal stroke extending to the right.

PP Mrs. Colette Scheermeyer
