Dear Ms Masiteng

PERMIT APPLICATION: INTENDED RELOCATION OF THE REMAINS OF APPROX. 20 GRAVES FROM THE FARM MIDWAY 2631, FREE STATE PROVINCE

BACKGROUND INFORMATION

Our company has been appointed by Worley Parsons (Pty) Limited, to effect the relocation of approximately 20 graves from an informal farm cemetery situated within the area demarcated for the expansion of the National Route 8. We will be assisted on this project by Martins Funeral Undertakers. The public consultation process, the aim of which is to identify and consult with next of kin of the affected graves, commenced on 15 September 2014.

LOCATION AND DESCRIPTION OF GRAVES

The graves are situated in an informal cemetery on the Farm Midway 2631 (Appendix A, phase 2) and are located within the area earmarked for the expansion of National Route 8 (N8). The cemetery is located on the southern side of the road, at the following coordinates: -29.11463; 26.32346 and consists of 4 clearly marked graves that have been identified by the next-of-kin and an unknown number of possible graves. Due to the age of the cemetery, and the fact that the cemetery was during recent years continually flooded due to irrigation and then trampled by livestock, surface visibility of the graves are extremely poor. The exact number of graves is therefore unknown.

For the purpose of this application, it is assumed that there are approximately 20 graves present in this cemetery. This number can change when we start the physical relocation process. We will conduct a Ground Penetrating Radar (GPR) survey of the cemetery before the relocation to try and assess the extent of the cemetery and the number of graves. GPR results can however not be guaranteed due to various factors outside of our control.

PERMITS AND PERMISSIONS

We intend to apply for permits and permissions from the following institutions/compliance agencies:

- The South African Heritage Resources Agency (SAHRA) as required by Section 36 of Act 25 of 1999
 - Relocation Permit
- The Mangaung Metropolitan Municipality
 - Permission to exhume and rebury human remains as requested by the next of kin
- The Department of Cooperative Governance and Traditional affairs
 - Permission to relocate human remains as requested by the next of kin
- The SAPS Bloemspuit
 - No permission needed but must be notified of the process and must be present on site during the exhumation.

SOCIAL CONSULTATION

During April 2014, a social consultation process was initiated to relocate a cemetery containing 126 graves on the northern side of the N8 (Appendix B – D, phase 1), not far from the cemetery that is the subject of this application (phase 2). Three social consultation meetings were held with the next-of-kin of these graves before SANRAL decided to rather extend the road to the southern side in order to avoid relocating this large number of graves. Unfortunately, there is another cemetery located on the southern side of the N8 that now needs to be relocated (Appendix E).

During the last of the meetings mentioned above, the attendees were asked if they have any knowledge of the cemetery that is mentioned in this application. One of the attendees gave us the name of Mr. Piet Sebothelo (see below).

A new social consultation process commenced on, 15 September 2014 with the erection of bilingual (English and Setswana) site notices (Appendix E) and newspaper notices in the Daily Sun (11 November 2014) and the Mangaung Issue (12 November 2014) (Appendix F). A 30 second radio notice was aired on Lesedi FM 10 times between 11 March and 15 March 2015 (Appendix H). One person contacted PGS as a result of the radio broadcast but on investigation it turned out that this person's graves are located in another cemetery closer to the airport. To date no additional family members or affected parties, other than those stated in this application, have contacted PGS Heritage with further information relating to these graves in question.

On 14 November 2014 a site meeting was held with the Sebothelo family. Mr Piet Basoabile Sebothelo (331116 5133 081), the representative of the Sebothelo family, requested that their four relatives who are buried in this cemetery be relocated to a cemetery in Thaba Nchu, Zone 4 (Appendix I). The Sebothelo family did not have any additional information about other leads to additional affected families. Therefore only four (4) of the approximately twenty (20) graves were positively identified.

To clarify matters we have allocated the affected graves to the following categories:

Graves older than 100 years (Section 35 of Act 25 of 1999):	None
Graves older than 60 years (Section 36 of Act 25 of 1999):	None
Graves of victims of conflict (Section 36 of Act 25 of 1999):	None
Graves of individuals of royal decent (Section 36 of Act 25 of 1999):	None
Graves younger than 60 years that are located outside a registered cemetery (Ordinance 7 of 1925, Section 36 of Act 25 of 1999, Ordinance 12 of 1980):	4
Graves identified by the next of kin but of which the date of death is presently unknown	None
Presently unknown graves/possible graves(Section 36 of Act 25 of 1999):	±16
Total	±20

REBURIAL OF REMAINS

The Sebothelo family requested that their four relative be reinterred in Thaba Nchu Cemetery. The unknown graves will be buried in the closest municipal cemetery (South Park) with full details of how the graves were reburied in the same manner as previously found.

Name of Cemetery	Responsible Municipality / Tribal Authority	Number of Graves
South Park Cemetery	Mangaung Metropolitan Municipality	±16
Thaba Nchu, Zone 4	Mangaung Metropolitan Municipality	4

REQUEST

In light of the aforementioned information we hereby respectfully apply for permission to:

1. Exhume the remains in the ±20 affected graves;
2. Rebury the remains in the cemeteries as set out above.

Martins Funerals (Bloemfontein) will be responsible for the handling and reburial of the exhumed human remains.

Please do not hesitate to contact me should you need any additional information.

Yours sincerely,

Stephany van der Walt
Project Administrator

NOTICE: PROPOSED MITIGATION OF HUMAN REMAINS AS PART OF THE REHABILITATION OF NATIONAL ROUTE 8 SECTIONS 11 AND 12 BETWEEN SANNASPOS (KM 31.3) AND THABA NCHU NORTH (KM 1.9)

Notice is hereby given that:

PGS Heritage and a local funeral undertaker

intends applying in terms of Section 35 and 36 of the National Heritage Resources Act (Act 25 of 1999); and Regulations relating to the management of human remains as set-out by the National Health Act, 2003 (Act 61 of 2003), as well as the relevant local regulations;

to the:

Provincial Administration of the province in which the graves are located, the South African Heritage Resources Agency (SAHRA) or their legislated provincial agency and the relevant local municipality

for approval to exhume and re-inter in a local cemetery the remains currently buried at this location:

- 1) *The remaining portion of the farm Waterval 1291 at S29.115680 & 26.329400).*

The human remains will be exhumed from their current place of burial and reburied in a local municipal cemetery or at a new location *as per* the request of the deceased's families.

The proposed relocation of the remains is necessitated because of the planned rehabilitation of National Route 8 that will impact the property where they are currently located.

All persons and communities descendant from the buried individuals, all persons and communities by tradition concerned with the graves or any person or communities with an interest in the graves are invited to participate in the process and must forward their contact particulars to the address listed below **within 60 days of the date of publication of this notice:**

NOTICE: PROPOSED MITIGATION OF HUMAN REMAINS AS PART OF THE REHABILITATION OF NATIONAL ROUTE 8 SECTIONS 11 AND 12 BETWEEN SANNASPOS (KM 31.3) AND THABA NCHU NORTH (KM 1.9)

Notice is hereby given that:

PGS Heritage and a local funeral undertaker

intends applying in terms of Section 35 and 36 of the National Heritage Resources Act (Act 25 of 1999); and Regulations relating to the management of human remains as set-out by the National Health Act, 2003 (Act 61 of 2003), as well as the relevant local regulations;

to the:

Provincial Administration of the province in which the graves are located, the South African Heritage Resources Agency (SAHRA) or their legislated provincial agency and the relevant local municipality

for approval to exhume and re-inter in a local cemetery the remains currently buried at this location:

2) *Portion 4 of the farm Midway 2631 at S29.11463 & 26.32346.*

The human remains will be exhumed from their current place of burial and reburied in a local municipal cemetery or at a new location *as per* the request of the deceased's families.

The proposed relocation of the remains is necessitated because of the planned rehabilitation of National Route 8 that will impact the property where they are currently located.

All persons and communities descendant from the buried individuals, all persons and communities by tradition concerned with the graves or any person or communities with an interest in the graves are invited to participate in the process and must forward their contact particulars to the address listed below **within 60 days of the date of publication of this notice:**

Ms. Stephany van der Walt or Mr Henk Steyn

NOTICE: PROPOSED MITIGATION OF HUMAN REMAINS AS PART OF THE REHABILITATION OF NATIONAL ROUTE 8 SECTIONS 11 AND 12 BETWEEN SANNASPOS (KM 31.3) AND THABA NCHU NORTH (KM 1.9)

Notice is hereby given that:

PGS Heritage and a local funeral undertaker intends applying in terms of Section 35 and 36 of the National Heritage Resources Act (Act 25 of 1999); and Regulations relating to the management of human remains as set-out by the National Health Act, 2003 (Act 61 of 2003), as well as the relevant local regulations to the:

Provincial Administration of the province in which the graves are located, the South African Heritage Resources Agency (SAHRA) or their legislated provincial agency and the relevant local municipality for approval to exhume and re-inter in a local cemetery the remains currently buried at this location:

1) Portion 4 of the farm Midway at 2631 S29.11463 & 26.32346.

the human remains will be exhumed from their current place of burial and reburied in a local municipal cemetery or at a new location as per the request of the deceased's families.

The proposed relocation of the remains is necessitated because of the planned rehabilitation of National Route 8 that will impact the property where they are currently located.

All persons and communities descendant from the buried individuals, all persons and communities by tradition concerned with the graves or any person or communities with an interest in the graves are invited to participate in the process and must forward their contact particulars to the address listed below within 14 days of the date of publication of this notice:

Ms. Stephany van der Walt
