Dear Ms. Bodiba

Re: Permission to perform destructive analysis on ancient human bone material.

With reference to your letter dated 5th June 2012, Kruger National Park –People and Conservation Department acknowledge the Archaeological work conducted at Thulamela, Imbali Lodge and Nwanetsi. We therefore allow you to export and conduct destructive analysis of ancient human remains for the purpose of DNA extraction and analysis, in terms of the National Heritage Resources Act number 25 of 1999.

Should you require any info or assistance in this regard don't hesitate to call.

Regards

Thanyani Madzhuta

Heritage Officer

Kruger National Park
