NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENTS AND PUBLIC PARTICIPATION PROCESSES

SBPM & SCSC SOLAR PHOTOVOLTAIC FACILITIES AND ASSOCIATED INFRASTRUCTURES, FOR THE BAGATLA MINE, WITHIN THE THABAZIMBI LOCAL MUNICIPALITY, LIMPOPO PROVINCE

Proposed Activity and Location: The development of two (2) separate solar photovoltaic (PV) facilities and associated infrastructure on sites located approximately 6.5km west of the town of Northam, in the Limpopo Province. The projects are located in the Thabazimbi Local Municipality within the Waterberg District Municipality on the following properties:

Applicant	Project Name	Affected Property
Main Street 1886 Proprietary Limited	SBPM Solar PV	Solar PV: <ul style="list-style-type: none">» Portion 4 of Farm Grootkuil 409 Grid connection: <ul style="list-style-type: none">» Portion 3 of Farm Grootkuil 409» Portion 4 of Farm Grootkuil 409» Portion 5 of Farm Grootkuil 409» Portion 0 of Farm Spitskop 410» Portion 0 of Farm Turfbult 404» Portion 1 of Farm Zwartklip 405» Portion 2 of Farm Zwartklip 405
Main Street 1887 Proprietary Limited	SCSC Solar PV	Solar PV: <ul style="list-style-type: none">» Portion 3 of Farm Grootkuil 409 Grid connection: <ul style="list-style-type: none">» Portion 3 of Farm Grootkuil 409» Portion 4 of Farm Grootkuil 409» Portion 5 of Farm Grootkuil 409» Portion 0 of Farm Spitskop 410» Portion 0 of Farm Turfbult 404» Portion 1 of Farm Zwartklip 405» Portion 2 of Farm Zwartklip 405

The following infrastructure will be developed for each of respective PV facilities:

- » 100MW Solar PV array comprising PV modules and mounting structures.
- » Inverters and transformers.
- » Cabling between the project components.
- » Battery Energy Storage System (BESS).
- » On-site facility substation and power lines between the solar PV facility and the Mine and Eskom substation.
- » Site offices, Security office, operations and control, and maintenance and storage laydown areas.
- » Access roads, internal distribution roads

Application for Environmental Authorisation: Separate applications for Environmental Authorisation (EA) in terms of the National Environmental Management Act (No. 107 of 1998) (NEMA) and the Environmental Assessment Regulations, 2014, as amended, (GNR 326) are to be submitted for the projects to the Limpopo Department of Economic Development, Environment and Tourism (LDEDET). Each application is being supported by a separate Scoping and Environmental Impact Assessment process. To obtain further information on the projects and to register on the projects' databases, please submit your name, contact information and interest in the projects, in writing, to Savannah Environmental:

Free, accredited online learning helps high schoolers improve grades

RUSTENBURG HERALD - RUSTENBURG - Worried the high school learners you know are being held back by all the teaching interruptions of the pandemic over the past two years? It's not too late for them to catch up and prepare themselves for better exam results. And it doesn't cost a cent.

A joint programme of the Western Cape Education Department (WCED) and Stellenbosch University, called the Telematics Schools Project (TSP), is extending online learning support for learners at Basic Education Department high schools in grades 10 to 12 countrywide, with content presented in English and Afrikaans. It's free to register and, what's more, requires no data.

To access course work in 18 subjects, from languages (English, Afrikaans and isiXhosa) to Mathematics, Physical Sciences, Accounting, History, Geography and more, all learners need to do is register with the zero-rated Telematics Schools Project website. Just a personal email address is required.

Once registered, learners will have instant access to live-streamed online teaching or, if more convenient, to recorded versions of the lessons, which they can work through in their own time and at their own pace. They can return to lessons as often as they need until they feel they are sufficiently familiar with the work.

They have access to all the lesson videos, workbooks, revision programmes and course content summaries, including other materials such as infographics, as well as practice exam papers to help them make up for all the teaching and learning time lost since 2020.

Content is quality assured by WCED senior curriculum planners. The system is open to all grade 10 to 12 high school goers across the country.

Online access is also available via Facebook, but then users need their own data.

Many high schools across the country have already signed up with the project, but in these cases content is viewed by the whole class at once, explains Zainab Suliman of Stellenbosch University's Centre for Learning Technologies. Ms Suliman is the deputy director of the

centre's operations, telematics services and projects, and manages the TSP. Dr Glynis Schreuder, chief education specialist: Curriculum FET (Further Education and Training) and project manager of the TSP at the WCED explains: "We are thrilled by the number of schools taking advantage of the facility and we are receiving excellent feedback about how much it is helping learners to master the curriculum and also to recover possible curriculum losses/deficits resulting from the rotational timetabling during the pandemic. In the classroom they can watch live-streamed content and participate interactively, or they can watch recorded sessions timed to suit the school programme. "We encourage all grade 10 to 12 learners to register individually to benefit further. Even if they are participating at school, if they register individually they can return to work covered in their own time and engage with the recorded broadcasts as often as they need to."

She adds that, in addition to the broadcasts of lessons covering specific topics, quarterly revision programmes are also provided. "The revision programme summarises each term's work to help learners further familiarise themselves with the syllabus. We understand the many life pressures learners face. We want them to be able to integrate the use of this condensed content into their daily realities as effectively as possible."

The TSP also gives registered users access to life skills workshops and videos, along with information on presentation skills, work readiness, preparing for job interviews, how to write a curriculum vitae, and even how to enhance personal mental health.

NOTICE OF BASIC ASSESSMENT PROCESSES AT PILANESBERG PLATINUM MINES: PUBLIC PARTICIPATION NOTIFICATION

Background: Pilanesberg Platinum Mines (Pty) Ltd (PPM), a subsidiary of Platinum Consortium (Pty) Ltd, proposes to secure a Prospecting Rights (PR) for Portion 5 of the Farm Ruighoek 169 JP in the North West Province. The area under consideration is located adjacent to an area where Mining Rights (320/2002, 228/2002, 321/2002 and 67/2002) have been granted to PPM by the Department of Mineral Resources and Energy (DMRE). SLR Consulting (South Africa) (Pty) Ltd (SLR) has been appointed by PPM as the Environmental Assessment Practitioner (EAP) to undertake the Basic Assessment (BA) process for the Prospecting Right Application. Managing Transformation Solutions (Pty) Ltd (MTS) have been commissioned by SLR Consulting (South Africa) (Pty) Ltd to manage the public participation process (PPP).

Basic Assessment Process:

The Basic Assessment processes will be undertaken as per the table below. Completion of all the activities outlined in the two phases will take approximately three years to complete.

Project overview	Activities to be conducted:
Phase 1: Soil Sampling and Initial Analysis	<ul style="list-style-type: none"> Phase 1 will consist of 9 boreholes that will be drilled, logged and sampled. The boreholes are planned to be between 20 and 150m deep. In addition to the boreholes, 5 trenches of around 100m long will be dug to establish the sub-outcrop position of the PGM reefs. The trenches will be around 1.5m deep and 1m wide.
Phase 2: Final Drilling and Investigation	<ul style="list-style-type: none"> Compile a geological/structural model to establish the dimensions and locality of the mineral resource. This will be followed by the compilation of a resource model. The geological and resource models will incorporate all the information from the adjacent properties, where a significant amount of drilling has been done. Geophysical techniques that will assist in geological mapping will be done after the initial mapping is completed.

PPM has made, or will make, applications for authorisation of the projects in terms of the following legislation:

PPM Project

NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENTS AND PUBLIC PARTICIPATION PROCESSES

SBPM & SCSC SOLAR PHOTOVOLTAIC FACILITIES AND ASSOCIATED INFRASTRUCTURES, FOR THE BAKGATLA MINE, WITHIN THE THABAZIMBI LOCAL MUNICIPALITY, LIMPOPO PROVINCE AND THE MOSES KOTANE LOCAL MUNICIPALITY, NORTH WEST PROVINCE

Proposed Activity and Location: The development of two (2) separate solar photovoltaic (PV) facilities and associated infrastructure on sites located approximately 6.5km west of the town of Northam, in the Limpopo Province. The projects are located in the Thabazimbi Local Municipality within the Waterberg District Municipality. The proposed grid connection routes for the PV developments for the Siyanda Bakgatla Platinum Mine extend to the North West Province within the Moses Kotane Local Municipality and the Bojanala Platinum District Municipality. The projects are proposed on the following properties:

Applicant	Project Name	Affected Property
Main Street 1886 Proprietary Limited	SBPM Solar PV	<u>Solar PV:</u> » Portion 4 of Farm Grootkuil 409 <u>Grid connection:</u> » Portion 3 of Farm Grootkuil 409 » Portion 4 of Farm Grootkuil 409 » Portion 5 of Farm Grootkuil 409 » Portion 0 of Farm Spitskop 410 » Portion 0 of Farm Turfbult 404 » Portion 1 of Farm Zwartklip 405 » Portion 2 of Farm Zwartklip 405
Main Street 1887 Proprietary Limited	SCSC Solar PV	<u>Solar PV:</u> » Portion 3 of Farm Grootkuil 409 <u>Grid connection:</u> » Portion 3 of Farm Grootkuil 409 » Portion 4 of Farm Grootkuil 409 » Portion 5 of Farm Grootkuil 409 » Portion 0 of Farm Spitskop 410 » Portion 0 of Farm Turfbult 404 » Portion 1 of Farm Zwartklip 405 » Portion 2 of Farm Zwartklip 405

The following infrastructure will be developed for each of respective PV facilities:

- » 100MW Solar PV array comprising PV modules and mounting structures.
- » Inverters and transformers.
- » Cabling between the project components.
- » Battery Energy Storage System (BESS).
- » On-site facility substation and power lines between the solar PV facility and the Mine and Eskom substation.
- » Site offices, Security office, operations and control, and maintenance and storage laydown areas.
- » Access roads, internal distribution roads

Application for Environmental Authorisation: Separate applications for Environmental Authorisation (EA) in terms of the National Environmental Management Act (No. 107 of 1998) (NEMA) and the Environmental Assessment Regulations, 2014, as amended, (GNR 326) are to be submitted for the projects to the Department of Forestry, Fishery and the Environment (DFFE).

Scoping Report available for public review and comment: A Scoping Report in support of the Application for Environmental Authorisation has been compiled and available for review and comment. Huweliks-klokke lui!

Thabazimbi – Richard Kruis en Leandra Kruis het op Saterdag 7 Mei bande gesme en trou aan mekaar belowe. Baie geluk!

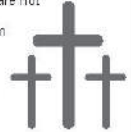

Die pragtige Kruis egpaar.

SOULFOOD

PSALM 21

Joy in the Salvation of the Lord To the Chief Musician. A Psalm of David.
 21 The King shall have joy in Your strength, O Lord, And in Your salvation how greatly shall he rejoice!
 2 You have given him his heart's desire, And have not withheld the request of his lips. Selah
 3 For You meet him with the blessings of goodness; You set a crown of pure gold upon his head.
 4 He asked life from You, and You gave it to him — Length of days forever and ever.
 5 His glory is great in Your salvation, Honor and majesty You have placed upon him.
 6 For You have made him most blessed forever; You have made him exceedingly glad with Your presence.
 7 For the King trusts in the Lord, And through the mercy of the Most High he shall not be moved.
 8 Your hand will find all Your enemies; Your right hand will find those who hate You.
 9 You shall make them as a fiery oven in the time of Your anger. The Lord shall swallow them up in His wrath, And the fire shall devour them.
 10 Their offspring You shall destroy from the earth, And their descendants from among the sons of men.
 11 For they intended evil against You; They devised a plot which they are not able to perform.
 12 Therefore You will make them turn their back; You will make ready Your arrows on Your string toward their faces.
 13 Be exalted, O Lord, in Your own strength! We will sing and praise Your power.

NEW KING JAMES VERSION (NKJV)

Congratulations Madibela family!

Thabazimbi – Samuel Madibela, a young Tswana man who grew up in Thabazimbi, completed his secondary education at Mabogopedi Secondary School and went on to work at the KFC in Lephalale where he worked for eight years as a shift supervisor. He came home shortly before the Covid-19 lockdown and was transferred to the Thabazimbi KFC. Then he got a position in Groblersdal as a sales representative at the British American Tobacco company but returned home again.

This is when his path crossed with Rorisang. They knew each other but one day, he shared his hardships with her, and she picked him up and helped him to hold his head up high. It wasn't long before the couple fell madly in love! "She has so much care and love!" said Samuel. Samuel regularly walks Rorisang to work, past the Koketso Funeral Parlour. One day, the manager took a smoke break outside when Rorisang convinced Samuel to ask if he could hand in his CV and come for an interview. "I got hired the very next week! She was my blessing!" Samuel added. The couple got married on Saturday 30 April at the groom's place in Lebotoane as well as on 1 May in Regorogile extension 8. The wedding was overseen by reverent Daniel Mashiane and Mrs Reverent Smakaleng Mashiane before the Main General Apostolic Church of God in Zion of SA, under Archbishop LI Mokwena.

The charming Samuel Madibela and the lovely Rorisang Magdelina Madibela on their wedding day. Front, from left, uncle Piet Poulos Madibela and uncle Sebusi Madibela

KOEDOEKAMP EIENDOMME

Huise te huur te Koedoeskop. 2 SJK R4300 p.m en 3 SJK R5100 p.m. Deposito dieselolie as een maand se huur. Prepaid krag, gratis water en tuindienste. Veiligheidsomheining, loopafstand van Laerskool Koedoeskop. Kontak 083 274 9787

Vacancy - Boilermaker

Our company has 5 x Boilermaker positions available at a local plant.
Minimum Requirements:
 • Boilermaking Trade Certificate Section 13 or 26.
 • MIE Verification Certificate.
 • No Criminal Record.
 • Must have 3 or more years of experience in mining industry – preferably in plants / concentrators.
 • Must be medical fit to work on plant.
 Suitable candidates can forward their CV to the following email address: vacancy.millserv@gmail.com
 Closing date: 03/06/2022

Placing an obituary

Announcing the death of a family member is a time-honoured tradition as life should be celebrated and never forgotten. To help you to celebrate the life of your loved one and share details about the upcoming funeral, place an obituary in our newspaper, free of charge. You can include the date of death, details about their life and surviving family members. You can also write a special message, a poem or a prayer. Please include a photo and the date, time and place of the memorial service.
 If you would like to place an obituary in *Platinum Weekly / Platinum Bushvelder*, send the information via WhatsApp to 072 482 6871 or email news@platinumbushvelder.co.za / news@platinumbushvelder.co.za.
