# NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

## PROPOSED DEVELOPMENT OF THE BUFFELSPOORT SOLAR PHOTOVOLTAIC (PV) ENERGY FACILITY AND ASSOCIATED INFRASTRUCTURE NEAR MOOINOOI, NORTH-WEST PROVINCE

**Applicant:** Buffelspoort Solar Project (Pty) Ltd.

**Proposed Activity:** The development of a Solar Photovoltaic (PV) Energy Facility and associated infrastructure with a proposed generation capacity of up to 40MWp to generate electricity for exclusive use by a private offtaker. Infrastructure associated with the Solar PV Energy Facility will include the following:

- » Solar PV arrays comprising PV panels and mounting structures.
- » Inverters and transformers.
- » Cabling between the arrays.
- » Onsite facility substation.
- » 88kV single circuit overhead power line for the distribution of the generated power, which will be connected to an existing 88kV Substation just north of the proposed project site.
- » Battery Energy Storage System (BESS) - to be initiated at a much later stage than the Solar PV Energy Facility.
- » Temporary laydown area.
- » Operations and Maintenance (O&M) building, which will include a site security office, warehouse, storage area and workshop.
- » Main access road (existing – to be upgraded with hard surface) and internal (new) gravel roads.
- » Fencing around the site, including an access gate.

**Project Location:** Portions 75 and 134 of the Farm Buffelspoort 343JQ, located approximately 6km west of Mooinooi, within the jurisdiction of the Rustenburg Local Municipality and the Bojanala Platinum District Municipality in the North-West Province.

**Scoping & Environmental Impact Assessment (S&EIA) Processes:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, a S&EIA process is required for the proposed Buffelspoort Solar PV Energy Facility. Savannah Environmental is undertaking the required S&EIA, and public participation processes for this Project.

**EIA Report Available for Review & Comment:** The EIA Report for the project will be available for download, review, and comment on the Savannah Environmental website (<https://savannahsa.com/public-documents/energy-generation/>). The 30-day review & comment period of the EIA Report is from **Friday, 04 November 2022** until **Monday, 05 December 2022**. The final day to submit a comment is **Monday, 05 December 2022**.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to the contact person below.

# You are the Crime Stopper

**RUSTENBURG HERALD - RUSTENBURG - Do not want to become a crime statistic? Then don't be gullible and don't be reckless.**

You might think it's so cool to walk away from your vehicle, clicking the remote over your shoulder to lock your vehicle - well, criminals count on you to do that! It's perfect for them to then prevent your vehicle from locking by using a remote

jamming device. Your vehicle's locking system will still make that reassuring sound, but in fact, it will be unlocked and your valuables - and Christmas shopping - will be easy pickings for criminals. Stand next to your vehicle, lock it, then try the door handle to make sure the vehicle is indeed locked. If you don't, then please don't cry because you became yet another victim.

A criminal with a remote jammer are just waiting to take advantage of your carelessness. (Visual: www)

Never put your handbag on the passenger seat, or even on the back seat. Put it between seats. If you leave it where a criminal can spot it, you only have yourself to blame if you become the victim of a smash & grab. (Visual: www)

**Here are some more valuable tips for the festive season:**

- Avoid carrying large amounts of money. Pay with your bank debit/credit card where possible.
- Don't leave valuable belongings, like your handbag or cell phone in the trolley.
- Keep wallet in your front pocket and not the back one.
- Don't let money be too visible, especially large amounts.
- Avoid secluded, dangerous areas. Park in a well-lit part of a centre and check what's going on around you before getting out. If you're on foot, keep away from dark, quiet areas.
- Know where you can find help; Check on where uniformed security staff members patrol in case you need them in a hurry.
- Have a safety plan for kids. When you arrive at the mall, point out the security staff and tell them to ask only these people for help if they lose you. Make sure they know your cell phone number so that security can call you.
- If your child need to go to a public bathroom, go with them.
- Handbag safety starts with you. Use a sling bag across your body and keep it zipped up, especially in a crowd where pick pockets thrive on careless shoppers.
- Cell phone security. Make sure your phone is fully charged and don't get distracted by messages and texting because this makes you an easy target. Be careful using wi-fi in public places because some hotspots don't encrypt wireless data and this could lead to identity theft.
- Be on your guard with friendly strangers. They could be scam artists taking advantage of your natural politeness. Bogus charity fund raisers multiply at this time of year, so check on their registration number before giving them anything.
- Take parcels back to the car regularly and put them in the boot. You'll have less to worry about and be less of a target. Don't leave anything visible inside the car as it might lead to a smash and grab.
- Have an emergency back-up plan. If you're shopping with other people or children, organise a meeting point in case things go wrong, like your cell phone being stolen and no way to contact them. It could be the mall's information desk, the car or a restaurant.

**THE BOTTOM LINE IS:**  
Your safety, and that of your loved ones, is your responsibility. Criminals take advantage of the opportunities you afford them.

## Man charged with multiple rapes

**RUSTENBURG HERALD - RUSTENBURG - A man who has apparently terrorized Mogwase and the surrounding villages will be back in court again next year.**

The suspect, arrested in 2020 and charged with more than 40 counts, appeared in court again last week.

He is charged with multiple counts of rape, as well as kidnapping and assault with the intention to do grievous bodily harm. According to Rustenburg Police spokesperson, the suspect was classified as a serial rapist.

After his appearance last week, the case was postponed to 23 January 2023.

### NOTICE OF A NEMA SECTION 24G RECTIFICATION PROCESS

In terms of the National Environmental Management Act (NEMA), 1998 (Act 107 of 1998) as amended and the Environmental Impact Assessment (EIA) Regulations of 2006, 2010 and 2014 as amended, a NEMA Section 24G rectification application for the illegal commencement and continuation of listed activities will be submitted to the North West Department of Economic Development, Environment, Conservation and Tourism (NW DEDECT). Notification is hereby given to all Interested and Affected Parties in terms of Sections 39 to 44 of GNR982 as amended in GNR326, that a **NEMA Section 24G rectification report** will be submitted to the competent authority (NW DEDECT) to apply for environmental authorization for the clearance of indigenous vegetation and for the establishment of a guest lodge on Portion 53 of the farm Naauwpoort 355JQ, Rustenburg Local Municipality, Bojanala Platinum District Municipality, North West Province.

**Application:** The NEMA Section 24G rectification application for the clearance of vegetation and establishment of a guest lodge on Portion 53 of the farm Naauwpoort 355JQ, Rustenburg Local Municipality, Bojanala Platinum District Municipality, North West Province.

**Applicant:** Mr Günther Erwin Würcher

**Nature:** Indigenous vegetation was cleared and a guest lodge comprising 10 guest accommodation units plus conference hall, entertainment lapa and ablution block were constructed by 2012 without environmental authorization. This process is therefore an application to legalise the clearance of vegetation and existing structures (GNR 544, Activity 23 and GNR 546, Activities 3, 6, 12 & 18)

To register as an Interested and Affected Party or to obtain further information regarding the project, contact HydroScience on or before 15 February 2023 via fax or email at:

**HydroScience**  
Person: Paulette Jacobs  
Tel: 082 850 5482  
Fax: 086 692 8820  
E-mail: paulette@hydroscience.co.za

Please submit any issues of concern or interest in the matter, in writing, on or before 15 February 2023 by fax or email to the contact person listed above. The report will be available for public review from 16 January – 15 February 2023 (30 days) at the Rustenburg Public Library in Heystek Street, Rustenburg, contactable on 014 590 3704 or electronically upon request from HydroScience.

#### PROPOSED DEVELOPMENT OF THE BUFFELSPOORT SOLAR PHOTOVOLTAIC (PV) ENERGY FACILITY AND ASSOCIATED INFRASTRUCTURE NEAR MOOINOOL, NORTH-WEST PROVINCE

**Applicant:** Buffelspoort Solar Project (Pty) Ltd.

**Proposed Activity:** The development of a Solar Photovoltaic (PV) Energy Facility and associated infrastructure with a proposed generation capacity of up to 40MWp to generate electricity for exclusive use by a private off-taker. Infrastructure associated with the Solar PV Energy Facility will include the following:

- » Solar PV arrays comprising PV panels and mounting structures.
- » Inverters and transformers.
- » Cabling between the arrays.
- » Onsite facility substation.
- » 88kV single circuit overhead power line for the distribution of the generated power, which will be connected to an existing 88kV Substation just north of the proposed project site.
- » Battery Energy Storage System (BESS) - to be initiated at a much later stage than the Solar PV Energy Facility.
- » Temporary laydown area.
- » Operations and Maintenance (O&M) building, which will include a site security office, warehouse, storage area and workshop.
- » Main access road (existing - to be upgraded with hard surface) and internal (new) gravel roads.
- » Fencing around the site, including an access gate.

**Project Location:** Portions 75 and 134 of the Farm Buffelspoort 343JQ, located approximately 6km west of Mooinool, within the jurisdiction of the Rustenburg Local Municipality and the Bojanala Platinum District Municipality in the North-West Province.

**Scoping and Environmental Impact Assessment (S&EIA) Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 - R327, as amended, a S&EIA process is required for the proposed Buffelspoort Solar PV Energy Facility. Savannah Environmental is undertaking the required S&EIA, and public participation processes for this Project.

**EIA Report Available for Review & Comment:** The EIA Report for the project will be available for download, review, and comment on the Savannah Environmental website (<https://savannahsa.com/public-documents/energy-generation/>). The 30-day review & comment period of the EIA Report is from **Friday, 04 November 2022** until **Monday, 05 December 2022**. The final day to submit a comment is **Monday, 05 December 2022**.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to the contact person below.

### NOTICE OF A WATER USE LICENSE APPLICATION IN TERMS OF THE NATIONAL WATER ACT, 1998 (ACT 36 OF 1998)

Notification is hereby given to all Interested and Affected Parties that a Water Use License Application will be submitted to the Department of Water and Sanitation in accordance with the National Water Act, 1998 (Act 36 of 1998) for Section 21(a) water use - Taking water from a water resource (groundwater abstraction).

**Application:** Water Use License for Kruidfontein Boerdery for the abstraction of groundwater (211 700m<sup>3</sup>/annum) from three (3) boreholes for irrigation of crops.

**Owner / Applicant:** Kruidfontein Boerdery CC

**Locality:** Portion 13 (a portion of portion 3) of the farm Kruidfontein 470JP and Remaining extent of Portion 2 (a portion of portion 1) of the farm Kruidfontein 470JP and Portion 7 of the farm Stinkhoutboom 468JP in North West Province

To register, raise any concerns or to obtain further information regarding the project, contact HydroScience via fax or email at:

**HydroScience**  
Person: Paulette Jacobs  
Tel: 082 850 5482  
Fax: 086 692 8820

## Om bewustelik te lewe

RUSTENBURG HERALD - RUSTENBURG - Om bewustelik te lewe: In gesprek met die skrywer en meditasie-instrukteur Johannes de Villiers.

Die meeste van ons het al die term "mindfulness" gehoor. In Afrikaans noem ons dit "bewustelikheid" – met ander woorde om bewustelik te lewe. Afrikaans.com het met die skrywer en meditasie-instrukteur Johannes de Villiers gesels. Johannes het reeds twee boeke spesifiek oor bewustelikheid geskryf. Sy jongste boek, Meer as jou seerky, is gebaseer op die insig wat hy verwerf het toe sy eie lewe uitmeekaar geval het. Hy gesels met "deskundiges en terapeute, maar ook gewone mense wat deur die lewe platgevee is". Hierdeur kom hy tot die slotsom dat groei wel kan plaasvind, al is 'n mens stukkend.

Johannes sê dat bewustelikheid verwy's na die stilwordpraktike wat oor eeue heen in baie wysheidstradisies onderrig is. "Die laaste 30 tot 40 jaar het daar toenemend onder Westerse sielkundiges en terapeute 'n belangstelling opgeduik in hoe dié tegnieke mense kan help om hul eie gevoelens, gedagtes en lewe beter te bestuur.

"Die kern van bewustelikheid is meditasie, die tegnieke waarmee mens bewustelikheid inoefen. Deur oefeninge te doen waarin jy jou vermoë slyp om jou aandag in die realiteit te fokus eerder as in die geraas in jou kop, kweek 'n mens 'n tipe rustigheid, deernis en later ook wysheid." Johannes sê dat hoewel hy reeds jare lank mediteer, boeke oor die onderwerp geskryf het, en so meer, dit hom nie immuun gemaak het teen emosionele swaarkry en pyn nie. Covid het hom genoodsaak om sy joga-ateljee en gastehuis te sluit en in 2021 het hy in 'n diepe hartseer verval oor sy lewe wat so anders uitgedraai het as wat hy dit wou hê. Hier was hy – 'n man in sy veertigs, werkloos, en sy drome aan skerwe. "Een van die vernaamste vereistes om te kan groei, is dat jy in 'n plek van aanvaarding van jou nuwe lewe moet kom. As teenspoed jou tref, beteken dit 'n ou lewe ('n ou huwelik of ou werk of ou gesondheid) het verlore gegaan. Jy gaan nooit weer terugbly na die mens wat jy voorheen was nie. En vir baie mense is dit moeilik om dit te aanvaar. Hulle lewe word oorheers deur die drang om weer na hul ou

lewe terug te keer. Hulle is bitter oor wat hulle nie meer het nie.

"Dis verstaanbaar. Maar bewustelikheid/mindfulness leer ons dat groei net kan plaasvind in die werklikheid waarin jy jou hier en nou bevind, nie in die verlore lewe wat nie meer bestaan nie. So jy moet rou, jy moet huil, jy moet indien nodig jou hare uit jou kop trek, maar op een of ander manier moet jy die realiteit in die gesig staar dat jou ou lewe verby is en nooit weer gaan terugkeer nie.

"Jy is nou in 'n nuwe lewe. Nie een wat jy gekies het nie. Nie een waarvoor jy aanvanklik weet hoe om dankbaar te wees nie. Maar hierdie lewe is die enigste plek waar jy kan groei en vir ander van diens kan wees." "Baie mense dink meditasie is om in 'n beswying te gaan of jouseif te hipnotiseer of iets. Maar meditasie is net 'n tegniek om tuis te kom in die lewe – die onvolmaakte lewe – wat jy het. In party meditasies fokus jy op jou asemhaling, in party fokus jy op jou lyf, maar in almal gebruik jy tegnieke wat jou leer om nie in jou gedagtes weg te dryf na die lewe waarvoor jy wens nie, maar eerder tuis te kom in die lewe wat jy hê."

"Ek sal almal aanmoedig om van tyd tot tyd stil te gaan staan as die lewe dol raak en net hul handpalm teen hul hart te hou. Voel die hitte van jou palm teen jou bors. Maak daik jou oë toe as jy kan. Herinner jouseif dat jy liefde nodig het in jou swaar tye en gee jouseif van daardie liefde. Sê: Dis normaal om te sukkel. Dis normaal om soms spyt te wees. Dis normaal dat jou lewe anders lyk as die een waarvoor jy gehoop het.

"Die lewe werk meestal op die ou einde wel uit. Dit werk net nie heeltemal uit soos wat jy wou gehad het nie. Dit verg moed en geduld om dit te aanvaar.

Maar as jy daarmee vrede kan maak, sal jy verstom wees oor die groeikrag wat daar in jou gebrokenheid skuil." Lees die volledige artikel hier: <https://bit.ly/raakstil>

## Driekuns vir Magalieskruin Voortrekkers

Bianca Cilliers.

RUSTENBURG HERALD - RUSTENBURG - Die Gebied Transvaal (bestaande uit Noordwes, Gauteng, Limpopo en Mpumalanga) kies elke jaar ses graad 11 Voortrekkers (Verkenners) om te dien op die Gebiedsjeugraad. Hierdie gebiedsjeugraad dien as spreekbuis vir die jeuglede (6500 tans in Transvaal) en is 'n skakel met die gebiedsbestuur. Hul word ontwikkel tot uitsonderlike leiers vir die toekoms binne die Voortrekkers asook vir ons land.

Op Saterdag 28 Mei is Bianca Cilliers vanuit Magalieskruin Voortrekkers gekies as een van die ses vir die termyn 2022/23. Bianca is in graad 11 en 'n leerder aan Rustenburg Hoërskool. Bianca is 'n toegewyde Voortrekker met 11 jaar diens aan die organisasie. Sy woon getrou gebiedskampe by en is betrokke by alle span- en kommando-aktiwiteite. Bianca is die dogter van Estelle Cilliers en die sussie van Martionette Booyse. "Ons wens haar voorspoed toe en weet sy sal 'n groot sukses maak van hierdie taak wat aan haar toevertrou word". Hou Koers!

Die ander twee Verkenners uit Magalieskruin wat ook hierdie prestasie behaal het, was Maryke Nelson in 2013/14 en Hanré Pretorius vir die termyn 2019/20.

### NOTICE OF APPLICATION: PROSPECTING RIGHT AND SUBSEQUENT ENVIRONMENTAL IMPACT ASSESSMENT

Notice is given in terms of Section 16 and 10 of the Mineral and Petroleum Resources Development Act (Act 28 of 2002) and Regulations 3, 5 and 51 of the Regulations published in Government Notice GN R527, & Notice is given in terms of the EIA regulations published in Government Notice No. R326 under Section 39-44 of the National Environmental Management Act (Act No. 107 of 1998) of the intent to carry out an Environmental Impact Assessment (i.t.o Listing Notice 1 of 2017 – GNR 327 in Gazette No. 40772 (Activity 19, 20 (Amended GNR 517: 2021) & 27), (i.t.o Listing Notice 2 of 2017 – GNR 325 in Gazette No. 40772 (Activity 19 (Amended GNR 517: 2021)), (i.t.o Listing Notice 3 of 2017 – GNR 324 in Gazette No. 40772 (Activity 12 (h) (iv) (vii)) and NEMWA 59 of 2008. Category A: (15) of the intent to carry out the above mentioned activity.

**PROJECT TITLE** Proposed Environmental Authorisation Application by RPR Resources (Pty) Ltd with Reference no NW/30/5/1/1/2/13414 combined with Waste License Application for the proposed Prospecting Right with bulk sampling for the prospecting of Manganese, Diamonds Alluvial (DA), Diamonds General (D) and Diamonds (DIA).

#### PROJECT DESCRIPTION

Proposed Environmental Authorisation Application combined with Waste License Application for the proposed Prospecting Right for the prospecting of Manganese, Diamonds Alluvial (DA), Diamonds General (D) and Diamonds (DIA) including associated infrastructure, structure and earthworks on the following property:

#### APPLICATION AREA

KAREELAAGTE 82JO

<b>PROPERTY'S LOCATION:</b>	The property is located approximately 24 kilometers north of Lichtenburg in Ditsobotla Local Municipality.
<b>APPLICANT:</b>	
<b>SIZE OF SITE:</b>	
<b>DMRE REF:</b>	

#### CO-ORDINATES OF APPLICATION AREA

Latitude	Longitude
-25.71255065	25.87144482
-25.72140225	25.90528075
-25.78493386	25.92898018
-25.77422628	25.88029641

Any inquiries/objections must be lodged in writing or verbally if unable to write to the below mentioned consultants:

<b>CONSULTANTS</b>	<b>Company:</b> GEOSTRAT MANAGEMENT CONSULTING
	<b>Contact person:</b> MUOFHE DEMANA
	<b>Tel:</b> 0723935260
	<b>Fax:</b> 0866501918
	<b>E-mail:</b> <a href="mailto:info@geostratconsulting.co.za">info@geostratconsulting.co.za</a>
	<b>Postal Address:</b> 4 Adelaide Street, Cashan, Rustenburg, 0299

The Environmental Impact Assessment application was submitted to the Department of Mineral Resources & Energy (DMRE). Stakeholders & I&AP are being notified of the circulation of the draft Scoping Report. Documents can be requested from the above-mentioned consultants. Comments can be submitted within 30 days of this advertisement.

### NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

#### PROPOSED DEVELOPMENT OF THE BUFFELSPOORT SOLAR PHOTOVOLTAIC (PV) ENERGY FACILITY AND ASSOCIATED INFRASTRUCTURE NEAR MOOINOOL, NORTH-WEST PROVINCE

**Applicant:** Buffelspoort Solar Project (Pty) Ltd.

**Proposed Activity:** The development of a Solar Photovoltaic (PV) Energy Facility and associated infrastructure with a proposed generation capacity of up to 40MWp to generate electricity for exclusive use by a private off-taker (the "Project"). Infrastructure associated with the Solar PV Energy Facility will include the following:

- » Solar PV arrays comprising PV panels and mounting structures.
- » Inverters and transformers.
- » Cabling between the arrays.
- » Onsite facility substation.
- » 88kV single circuit overhead power line for the distribution of the generated power, which will be connected to an existing 88kV Substation just north of the proposed project site.
- » Battery Energy Storage System (BESS) - to be initiated at a much later stage than the Solar PV Energy Facility.
- » Temporary laydown area.
- » Operations and Maintenance (O&M) building, which will include a site security office, warehouse, storage area and workshop.
- » Main access road (existing – to be upgraded with hard surface) and internal (new) gravel roads.
- » Fencing around the site, including an access gate.

**Project Location:** Portions 75 and 134 of the Farm Buffelspoort 343JQ, located approximately 6km west of Mooinool, within the jurisdiction of the Rustenburg Local Municipality and the Bojanala Platinum District Municipality in the North-West Province.

**Scoping and Environmental Impact Assessment (S&EIA) Process:** In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, a S&EIA process is required for the proposed Buffelspoort Solar PV Energy Facility. Savannah Environmental is undertaking the required S&EIA, and public participation processes for this Project.

**Scoping Report Available for Review & Comment:** The Scoping Report for the project is available for download, review, and comment on the Savannah Environmental website (<https://savannahsa.com/public-documents/energy-generation/>). The 30-day review & comment period of the Scoping Report is from **Tuesday, 14 June 2022** until **Friday, 15 July 2022**. The final day to submit a comment is **Friday, 15 July 2022**.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to the contact person below.
