# Vakansie kry dag by

Dinsdag 27 Desember is tot 'n openbare vakansiedag verklaar omdat Kersdag vanjaar op 'n Sondag val.

Die bekendmaking is verlede week deur pres. Cyril Ramaphosa ingevolge die Wet op Openbare Vakansiedae gedoen.

Ingevolge die wet sal Maandag 'n openbare vakansiedag wees indien 'n vakansiedag op 'n Sondag val.

In dié geval is die Maandag ná Kersdag egter Welwillendheidsdag en dus ook 'n vakansiedag.

In 'n verklaring het die Suid-Afrikaanse Kamer van Koophandel en Nywerheid (Sacci) gesê dat die ekstra vakansiedag redelik ongesiens sal verbygaan by diegene wat reeds met verlof is.

Sacci sê dit het egter 'n invloed op die betaling van diegene wat daardie dag werk, en veral vir werkgewers wat werknemers op so 'n dag dubbeld moet betaal.

## SKOOLJAAR VIR '23 LYK SÓ

Die skoolkwartale vir 2023, soos deur die departement van basiese onderwys aangekondig, is soos volg:

- Al nege provinsies se kwartale is dieselfde, en begin en eindig nie soos voorheen op verskillende datums nie.
- Die eerste kwartaal vir 2023 begin op Woensdag 11 Januarie, en die skole sluit op Vrydag 24 Maart.
- Die tweede kwartaal duur van Woensdag 12 April tot Vrydag 23 Junie.
- Die derde kwartaal duur van Dinsdag 18 Julie tot Vrydag 29 September.
- Die vierde kwartaal begin op Dinsdag 10 Oktober en skole sluit op Woensdag 13 Desember.
