Subject: RE: Basic Assessment Process for the proposed 132kV Sol Invictus Overhead Powerline

Dear Jennifer

Thank you for the locality map and the short discussion.

Please note that the subject powerline does not have an impact on the N14 and falls outside SANRAL's jurisdiction, which is 60m measured from the road reserve fence line. The application therefore does not affect SANRAL.

Kind Regards

Subject: Basic Assessment Process for the proposed 132kV Sol Invictus Overhead Powerline

Dear SANRAL,

WSP Group Africa (Pty) Ltd has been appointed by Sol Invictus (Pty) Ltd to undertake a Basic Assessment process in terms of the National Environmental Management Act (Act 107 of 1998) for the establishment of a 132kV Overhead Powerline (OHPL) near Aggeneys, Northern Cape Province. The proposed OHPL is approximately 23km in length and will traverse the following properties:

- Portion 5 of Farm 66
- Portion 6 of Farm 66
- Portion 14 of Farm 66
- Portion 5 of Farm 62
- Portion 6 of Farm 62
- Portion 2 of Farm 62
- Portion 1 of Farm 56
- Portion 2 of Farm 56

As part of the stakeholder consultation process we are obliged (by the legislation) to not only notify the relevant landowners in the area but also the occupiers of the farms (i.e. anyone living on, leasing the land or managing it on your behalf) either directly affected by the OHPL or those farms neighbouring the OHPL.

Our records indicate that your farm is directly affected by the OHPL / that your farm is neighbouring the proposed OHPL. **Please could you confirm, in writing, whether there is anybody living on your farm. In the event that there are occupiers / tenants, please could you provide us with their contact details so that we can add them to our stakeholder database.**

Thank you for your assistance in this regard.

Please do not hesitate to contact either myself or my colleague, Robert Els (021 481 8722), for further information.

Kind regards,

Jennifer Green
