Suite 5 & 6, Block B, Hurlingham Office Park  
59 Woodlands Avenue, Hurlingham Manor

Dear Associated Commenting Authority

**AMENDMENT OF THE ENVIRONMENTAL ASSESSMENT PROCESS THAT INCLUDES: CONSTRUCTION OF A CORE SHED, ROAD AND ASSOCIATED INFRASTRUCTURE ON THE FARMS HEUNINGKRAANZ 364 AND LANGVERWACHT 342, POSTMASBURG, NORTHERN CAPE.**

You are hereby given notice of the following amendments to the Basic Assessment Process (BA) process for the proposed infrastructure development on the farms Heuningkraan 364 and Langverwacht 342. The following activities are no longer planned for the development and as such will be withdrawn from the application process: :

- **The Construction of a new access road the R385 across the Farms Langverwacht 342 (Portions 1 and 2) and Heuningkraan 364;**
- **The Construction of a reservoir on the Farm Langverwacht 342 (Portion1);**  
**The construction of a pipeline from the reservoir to the proposed infrastructure at Heuningkraan crossing the Farms Langverwacht 342 (Portions 1) and Heuningkraan 364.**

The proposed project will therefore only include the following activity:

- **Construction of a core shed and associated infrastructure within or adjacent to the existing infrastructure on the Farm Heuningkraan 364.**

Synergistics Environmental Services (Pty) Ltd has been appointed as the independent environmental assessment practitioners responsible for undertaking the processes required for the application for environmental authorisation of the proposed developments.

**To receive further information on the project please feel free to contact Synergistics Environmental services on the following contact information:**
